

# CRISIS IN CUBA NOW EXISTS AND MAY END HISTORY AS REPUBLIC

Treasury Is Empty and Government Is at Its Wits' End.

Receipts From Customs and Lottery Have Reached Lowest Point.

Default Made on Accounts of Sewer and Paving Contractors.

Havana, Sept. 23.—It is felt generally here that Cuba is approaching a crisis in history as a republic. Two serious questions occupy the public mind:

Can Cuba survive the present state of her finances? Can she hold an honest and orderly election for the presidency with a loyal submission of the defeated party to the will of the majority?

The treasury is empty; that the last dollar of the \$15,000,000 Spanish loan has been spent, while the work of sewerage and paving Havana, the principal purpose for which the plan was authorized by the United States, is not only less than half finished, but in danger of interruption if not of abandonment; that the government is at its wits' end to find money to meet its vast expenditures, while receipts from customs and lottery have reached their lowest point—all this is asserted by the enemies of the government and most of it is frankly admitted by all.

Last month the government defaulted for the first time on accounts due the sewerage and paving contractors for work done in July amounting to about \$120,000.

The government found itself unable to meet the bills because it had no money. The contractors appealed to the American legation and sufficient pressure was brought to bear to compel payment.

## AUTO TIRES ARE MADE OF WHISKY

Emperor William Now Using Them on One of His Machines.

Chicago, Sept. 23.—Emperor William of Germany rides in an automobile, the tires of which are made from whisky, according to Dr. H. A. Bernson, head of the chemistry department of Heidelberg university, who, with 300 other scientists, is in Chicago to attend eighth annual congress of applied chemistry.

He declared that rubber has been made from whisky for several years at experimental laboratories in Germany, and that recently the tires of his own car, made from the alcoholic beverage, were presented to Emperor William, and that he is now using them on one of his private automobiles.

According to Bernson, the process of manufacture is quite intricate. By special process of fermentation the scientists increase the amount of fusel oil in whisky, then extract the oil and use it in place of the rubber that is tapped from rubber trees.

## ALL IS QUIET AT BINGHAM

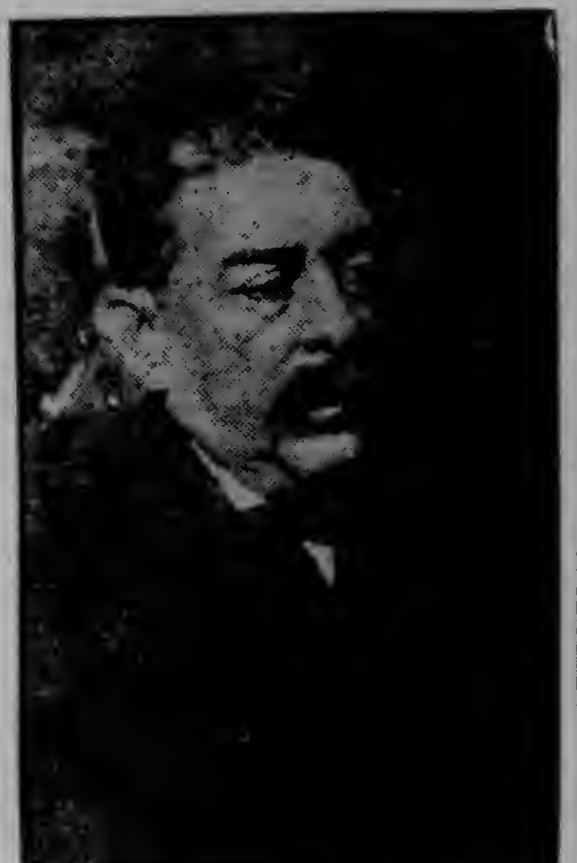

Miners Negotiating Again for Peaceful Settlement of Strike.

No Indication That Owners Will Even Consider a Compromise.

Bingham, Utah, Sept. 23.—Although yesterday was marked by outward calm at Bingham, the largest copper producing camp in the world, there was activity on the part of both the operators and of the union men who are on strike. The miners are negotiating again today for a peaceful settlement, but so far there is no indication of the owners even considering a compromise. At the headquarters of the local miners' union conferences were in progress most of the day. In the evening, Yanco Perlich, executive board member of the Western Federation of Miners, departed for Salt Lake City where he held a conference with President Charles H. Sawyer of the federation relative to action to be taken should the Utah Copper company attempt to resume operations with strike breakers.

While the Utah Copper company remains silent as to its plans, the preparations being made have led the union officers to the belief that matters may develop before the day is over. One of the chief concerns of the company officials is being able to assure their skilled laborers who are not on strike that they shall have complete protection when the resumption of operations is attempted.

## BIG HOAX AT LOS ANGELES

Story of Double Suicide in Automobile Is Given Denial.

Machine Said to Have Been Driven Over High Precipice.

Los Angeles, Cal., Sept. 23.—A remarkable hoax, complete in every detail and executed in such a way as to defy discovery at the time, was perpetrated upon the Los Angeles papers Saturday night when the double suicide of Nites C. Folsom, a Los Angeles attorney, and Thelma Bartee of San Diego, was announced. The perpetrators acted with malice, according to the authorities, and vigorous search is being made for them today.

The story said Folsom and Mrs. Bartee were in an automobile, which Folsom had driven over Topaningo pass in the Santa Monica mountains.

Folsom is alive and well in this city and Mrs. Bartee is said to be in San Francisco. Folsom declared he had no idea who the perpetrators of the hoax could be.

A man giving his name as K. Mason, member of the National Guard, first gave the report of finding the bodies, but the real K. Mason declared he was not in the mountains and knew nothing of the affair. The bogus Mason is now being sought by the police.

**Folsom's Statement.**

Folsom, who is living with his mother at 1114 Third street, Santa Monica, said:

"The published account of my supposed suicide must have been inspired by some person who wished to do me harm. I have no enemies that I know of and cannot believe that any one I know would cause such an article to be published.

"It is a fact that I knew the chorus girl and I also know the Mrs. Bartee woman mentioned. My relations with both these women were purely that of friendship, and neither of them considered me more than a friend.

"At the time I was supposed to be engaged in carrying out this suicide pact, I was at home in bed. It was said that I drove the machine at full speed over the cliff. This is dramatic, but it is not based on any fact. I cannot even drive an automobile."

## HIGHER RATES ARE SUSPENDED

Proposed Increases in Rates on Flaxseed to East Held Up.

Washington, Sept. 23.—The interstate commerce commission today suspended until March 28, 1913, proposed increases in the transportation rates on flaxseed from Minneapolis and other Northwestern points to Chicago and the East. The increase would have amounted to an average of about 10 per cent.

On complaint of Northwestern shippers, the interstate commerce commission today suspended until March 28 proposed advances in class freight rates from Eastern points to St. Paul, Minn., and similarly located destinations. The suspension applies to the freight traffic of practically all the Eastern lines.

Washington, Sept. 23.—Major Gen. Leonard Wood, chief of staff of the army, leaves tonight for a tour of inspection of the national defenses. The tour will take a month, spent mostly in the West and the Southwest.

**Killed His Brother.**

Danville, Ky., Sept. 23.—After a quarrel over a land trade this morning, Percy Hager killed his brother, William. The brothers were at breakfast when the dispute arose.

## OPENED BY PRESIDENT

Congress of Hygiene and Demography Starts Sessions at Washington.

President Talks on Work of United States in the Tropics.

Washington, Sept. 23.—Welcomed by President Taft and attended by some 3,000 delegates from all parts of the world, the fifteenth International Congress of Hygiene and Demography convened today. It was the first time in sixty years of existence the congress has met in the United States.

United to free the human race of disease, these warriors for a new and wider form of freedom gathered for the exchange of greetings in Memorial Continental hall, the marble home of the Daughters of the American Revolution.

President Taft, who arrived here from Beverly at 11 o'clock, formally opened the congress.

**The President Speaks.**

"We need to develop under governmental auspices a bureau or a department before it should have filled the place that the medical profession of this country has a right to expect the general government to create in the progress of hygiene and demography.

"Referring to the subject of tropical hygiene, President Taft said:

"Our responsibilities in Cuba, Porto

## HIS LONG WAIT FOR DECISION ENDS SOON

PORTER CHARLTON.

Washington, Sept. 23.—The long wait for Porter Charlton behind the bars of a New Jersey prison for the final word as to whether he must return to Italy to answer for the murder of his wife at Lake Como two years ago, is drawing to an end. The supreme court will take up Charlton's case during the coming term, which opens Oct. 14. The right of the American government to turn Charlton over to the Italian officers is challenged.

## MARTIAL LAW IS ATTACKED

Right of West Virginia Governor to Declare It Questioned.

Quiet Night Passed By the Striking Miners and Military.

Charleston, W. Va., Sept. 23.—Reports from the martial law district this morning indicated that striking miners and military had spent a quiet night but that more than the usual stir was created here by the report that the acts of Governor Glascock's military commission were to be tested before Judge B. F. Teller in the United States district court for the Southern district of West Virginia.

It was stated that suit would be filed late today by attorneys for the detective agency whose men, employed as mine guards, have been sent to prison by the commission and the defendants would be Col. C. F. Joffitt, Lieut. Col. R. L. Osborne, Maj. John C. Carnock, Maj. E. B. Scott, Maj. John E. Payne and Maj. C. Z. Kalbaugh, members of the commission, and Col. George F. Wallace, judge advocate.

The petition, it was stated, would question the right of Governor Glascock to declare martial law when a state of war did not exist.

## THE POLITICAL VENTRILOQUIST.

## GRANADA IS GIVEN RELIEF

Maj. Butler and American Marines Reach Town With Supplies.

Fight Between Admiral Southland's Forces and Rebels Not Probable.

Washington, Sept. 23.—A dispatch to the navy department today from Rear-Admiral Southland announced the arrival of Maj. Butler and a force of marines at Granada with Red Cross supplies for the citizens and pupils of the French college who had been isolated nearly fifty days.

Details of the progress of the relief expedition make it appear that the rebels generally have displayed a fair disposition towards the American naval force and that the incident at Manayoa last Thursday night, when three American marines were slightly wounded, was not inspired by any of the leaders. This encourages officials here to believe there is no longer any probability of a fight between Rear-Admiral Southland's forces and the rebels.

Advices by American Minister Langhorne at San Jose, Costa Rica, regarding the persons who signed the so-called protest of Central Americans against the landing of American marines at Nicaragua, doubtless will be completely disregarded that document. The minister reports that the moving spirits were part of the Zelaya administration which the United States drove out of Nicaragua because of its atrocities and misdeeds.

## SAYS HOME RULE IS ALMOST WON

Irish Member of British Parliament to Speak at Philadelphia.

Philadelphia, Sept. 23.—What is expected to be one of the most largely attended conventions of the United Irish League of America in years will open in Witherspoon hall here tomorrow to further the cause of home rule in Ireland.

Hundreds of Irish-Americans, delegates to the convention, arrived here today. The principal figure will be William H. Redmond, the Irish member of the British parliament, who has come here to plead the cause of the Irish at home.

Redmond is a brother of John E. Redmond, who will tell of conditions in Ireland and of the fight for home rule, which he says is almost won.

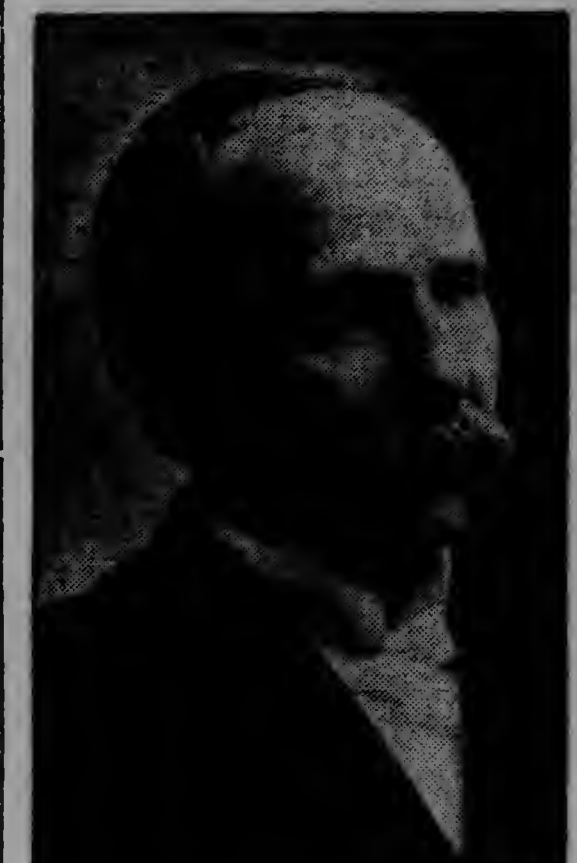

## RIOT CALL SOUNDED TO ARREST ONE MAN.

Chicago, Sept. 23.—It required a wagonload of policemen, summoned by a riot call, to arrest Fred Mitchell, tonight. The principal figure will be William H. Redmond, the Irish member of the British parliament, who has come here to plead the cause of the Irish at home.

Redmond is a brother of John E. Redmond, who will tell of conditions in Ireland and of the fight for home rule, which he says is almost won.

## ELECTION OF COMMITTEES

Candidates of All Parties to Meet at St. Paul on Thursday.

Warm Contest for Control of Republican Organization Is Expected.

St. Paul, Minn., Sept. 23.—(Special to The Herald.)—The next important step in the campaign is the election of new state and county committees.

Under the new primary law the candidates of all parties are required to meet at the state capitol here Thursday of this week to elect new state and congressional committees. Those eligible to vote in the meetings are the candidates for state offices, for congress and for representatives in the legislature, hold-over state officers and United States senators.

A warm contest for control of the Republican organization is expected. The candidates for the legislature will control the situation on account of numerical strength and there is a question whether the Progressives will give control. Governor Eberhart and others of the Old Guard favor the retention of E. Smith as head of the committee, but they have vigorous opposition.

**The Democratic Committee.**

## RUSH TO LISTEN TO ROOSEVELT

People Climb Trees and Telephone Poles at Pittsburgh, Kan.

Pittsburg, Kan., Sept. 23.—After his rest day in Emporia yesterday, Col. Roosevelt took up the campaign again today, making his first speech in Pittsburg. He arrived here early to remain for three hours. A brief stop at Arcadia was arranged and the rest of the day was to be spent in Missouri, with speeches at Liberal, Lamas, Ash Grove, Springfield, Aurora, Monett and Joplin.

Col. Roosevelt's transcontinental tour is nearing its close. From Missouri he will strike into the South, speaking in Oklahoma, Arkansas, Tennessee, Louisiana, Alabama, Georgia and North Carolina. Thence he will go to New York, reaching there Oct. 2, and after a short rest will leave on a week's trip into the Middle West.

The colonel said that he felt "bully," and was enjoying the trip. In spite of the strain of the campaign his throat is in better condition, his physician said, than when he left New York.

A large crowd gathered in the public square to hear Col. Roosevelt speak here. People who were unable to get close enough to the platform climbed trees and telephone poles, and a crowd of boys swarmed on top of a thrashing machine. In the crush one woman fainted and Col. Roosevelt sent a physician to care for her.

Col. Roosevelt defended the recall of judicial decisions. He also referred to his tilt last spring with Congressman Campbell of Kansas, after the congressman expressed the opinion that the colonel was "appealing to the bleachers."

"To invent language that has been given some fame in your own district," said Col. Roosevelt, "is not a profession, but that the people shall play the game, and we believe it should not be a game between two gangs of professionals, but that the people shall play the game as to who shall play."

Asks Secretary of State to Omit His Name From Ballot.

Unwilling to Make Campaign Against Judge Stanton for Election.

Probable That Justice Calvin L. Brown Will Enter the Race.

St. Paul, Minn., Sept. 23.—(Special to The Herald.)—After having won the nomination on the non-partisan ballot for chief justice of the supreme court, Charles M. Start, the venerable jurist now at the head of the state's supreme court, has announced his withdrawal from the race for election. In a letter to Julius A. Schmalz, secretary of state, the chief justice declines to attempt the campaign that apparently would be necessary to insure his return. His letter says:

"I am unofficially advised that I was selected at a primary election as nominee for chief justice. My candidacy for such nomination was announced on the assumption, based on the unanimity of my election in the past as judge and chief justice and unopposed assurance from all parts of the state, that my nomination and election would follow without serious opposition. It is now evident that my acceptance of the nomination would involve a campaign for election, which I am unwilling to make. I therefore hereby decline the nomination and request you to omit my name from the general ballot for the next election."

Withdrawal of the chief justice will leave only one name on the ticket for chief justice of the supreme court, according to the holding of Secretary of State Schmalz. The state canvassing board will meet tomorrow. It will canvass the returns, showing that Justice Start and Judge C. W. Stanton were nominated, they being the two receiving the highest number of votes on the non-partisan ballot. The name of F. A. Stewart of Minneapolis, the third candidate, will be dropped—he having been defeated. Withdrawal of Justice Start will not have an effect.

## BARELY MISSES JUGULAR VEIN

G. A. Keene of Brainerd Badly Wounded While Chicken Hunting.

Brainerd, Minn., Sept. 23.—(Special to The Herald.)—George A. Keene, a prominent real estate man of Brainerd, was badly wounded while hunting prairie chickens yesterday and missed death by the narrowest conceivable margin. He and some companions were hunting at Platte Lake.

Roy Sherlund, one of the party, while in the brush, fired at a bird which was in the brush with Keene and the No. 6 penetrated Keene's neck, shoulder and hand, also striking his gun and discharging it over his shoulder. The jugular vein was missed by a hair's breadth.

The wounded man was brought to a hospital at Columbus, Ohio, and died there no complications set in.

## ALEXANDER MILNE DIES

Former Pastor of Pilgrim Church Passes Away at Columbus.

Death Came After Long Struggle to Regain His Health.

Rev. Alexander Milne passed away today at a hospital in Columbus, Ohio. The news of Mr. Milne's death will come as a great shock to his countless friends in Duluth. For many years he was pastor of Pilgrim Congregational church here, but resigned last winter, on account of failing health and an affliction of the throat, which made it difficult for him to speak. On Jan. 1 last he left for Winter Park, Fla., in the hope that the Southern climate would be of benefit to him. From there he went to the winter home of Mr. and Mrs. J. L. Washburn at Tryon, N. C., and has been there for several months past. About a week ago his condition grew so serious that he was taken to a hospital at Columbus, Ohio, and died there this morning.

Mr. Milne was 50 years of age. He is survived by his widow and one daughter.

During his long residence in Duluth, his never failing kindness and good humor, and his earnest, self-sacrificing work as a pastor, made him innumerable friends.

## ADDITION TO LINCOLN PARK

**City Council Will Be Asked to Condemn Beautiful Tract.**

The council tonight will probably pass a resolution ordering the condemnation of a considerable tract of land for an addition to the upper end of Lincoln park.

of the boulevard on an easier grade than at present. The award of damages is made in such cases by the board of public works. Miller's creek runs through most of the tract which the city wishes to acquire. The whole is a decidedly picturesque and beautiful and will make a most attractive addition to the park system.

### FLAX CROP SAFE.

**Most of It in North Dakota Beyond Frost Damage.**

Fargo, N. D., Sept. 23.—(Special to The Herald.)—According to advices received here by Manager Cooper of the better farm movement, fully three-fourths of North Dakota's flax is matured beyond the stage where frost will damage it, and much of it is cut. Mr. Cooper also figures that about one-third of the North Dakota wheat crop has been thrashed or stacked. More stacking is advocated by him, and plans for that purpose for the future are being organized.

## MARINE GRAIN RUSH AT ITS HEIGHT

**Quick Dispatch and High Rates Attract the Vessel Owners.**

**Shipping Season Grows More Active as End Draws Near.**

With the rate at 2 1/2 cents and Duluth leading Minneapolis in number of cars received each day, the annual grain rush is now on in full force. Boats are being loaded and are leaving the harbor in record time. It is not only predicted, but admitted that the rate will go to from 3 1/2 cents to 3 3/4 cents next month.

Winter storage at Buffalo is bringing 4 cents flat and it is probable that this will be increased soon as there are more offers than there are takers. The latter part of last week the rate eased off to some extent and some boats were hired at 2 1/2 cents. The market was strong again today, however.

A small boat was chartered to take rye at Duluth Saturday. The contract was at 2 1/2 cents.

Boats have to be contracted for at a lively rate these days for the grain is coming into the local port at a smart clip. Charters are frequent and the boats are getting good dispatch, no time being lost at the Duluth elevators.

At present there seems to be a lull in the ore branch. There are plenty of boats looking for cargoes, but the ore is not coming in from the mines at the rate it should. The mines are behind and boats are losing some time at the docks. In view of the rush in other lines, this is not exactly pleasing to the owners. Some of the boats are trying to finish up their contracts so that they can carry grain when the rate is high at the end of the season and for this reason waits at the docks are not welcome.

Coal eased up last week, but this week it starts out strong. Five boats laden with coal arrived in the harbor this morning. The mines are commencing to ship to lower lake docks at a faster rate and this quickens matters throughout the process of loading and getting away. A great deal of coal is yet needed. Fear of a famine has made Western dealers do a good deal of ordering and coal is said to be going out as fast as it is coming in.

The fear of a shortage is not as great at present as it was some weeks ago. The commodity has been maintaining quite an even pace and it is now thought that but comparatively little will be needed by rail. Rail coal would cost the consumer about 50 cents a ton more than that shipped by water.

The package freight business is at its height. The package-passenger boats are now carrying nothing but freight. This will be continued until the windup this fall. The business commenced falling off the latter part of August and is now practically over.

Lumber is active. More boats could be used. It is a question in the minds of some shippers whether all the lumber sold this season can be shipped with the limited number of boats by the time navigation closes.

There is a rush in all lines and vessel men predict the busiest finish in the history of the lakes with many boat owners taking chances and making from one to two trips after the insurance runs out early in December.

### PRESAGES DISASTROUS FALL.

**Lightkeeper Corgan of Copper Harbor Looks for Marine Disasters.**

Houghton, Mich., Sept. 23.—Henry Corgan, lightkeeper at Copper Harbor, was in Houghton yesterday as the guest of his nephew, Attorney Harry Corgan. Mr. Corgan is one of the veterans of the lighthouse service on Lake Superior and is a close observer and he thinks conditions are forming for a disastrous season on the big lake.

Mr. Corgan has been in the business largely upon the unusual activity in marine affairs this fall. He says there are so many steamers in commission now that they form an almost continuous procession past his light. The Duluth dock strike had much to do with bringing old boats back into commission and Mr. Corgan says he senses this fall steamers that have been laid up all season, old boats that are ready for their last berth. He considers that with all of these old vessels in commission a stormy fall will result in many marine disasters as he does not believe the old fellows can stand much weather.

## ELMQUIST IS AHEAD

**Believed to Have Safe Lead for Railroad Commissioner.**

**Hallam Increases Vote Over Bunn for the Supreme Court.**

St. Paul, Minn., Sept. 23.—(Special to The Herald.)—With returns from 61 of the 86 counties complete, Charles Elmquist apparently has a safe lead over J. F. Rosenwald for railroad and warehouse commissioner and as other returns come in is making slight gains. Of 2,161 precincts out of 2,900 reported, Elmquist has 50,225 votes, Rosenwald 47,495. Judge Ira B. Mills, candidate for the four-year term of railroad and warehouse commissioner, has 2,941 and Canfield 45,068.

Itasca, Rosenwald and Jackson counties reported this morning, but results in none of them will materially affect the situation as it stood. In all three, Governor Eberhart increased his lead. Itasca gave him 540 votes, and Jackson gave him 440 to 245 for Lee and Jackson 521 to 340 for Lee.

The returns from Hennepin county are not included in the returns tabulated at the capital.

Hallam increases lead. For associate justice of the supreme court, Hallam has increased his lead over Bunn. A total of 1,286 precincts gave him 33,416 as against 25,482 for

Bunn. For chief justice, 1,429 precincts gave Stant 23,360, Stanton 26,238 and Stewart 20,585.

For United States senator 1,670 precincts gave Nelson 49,229 and Peterson 35,901. For lieutenant governor, 1,515 precincts gave Burnquist 33,813 and Bell 22,725.

The race between Manahan and Eddy is close, but when the Hennepin returns are in, Manahan is expected to have a substantial plurality. As the vote now stands, 2,327 precincts give Manahan 29,048; Eddy 25,545; Deibel, 8,337; Evans, 15,878 and Thorpe, 22,785.

The state canvassing board meets tomorrow and starts checking up the official returns. James A. Larson, assistant secretary of state, expects all counties to be heard from by tomorrow evening, and but few were missing today.

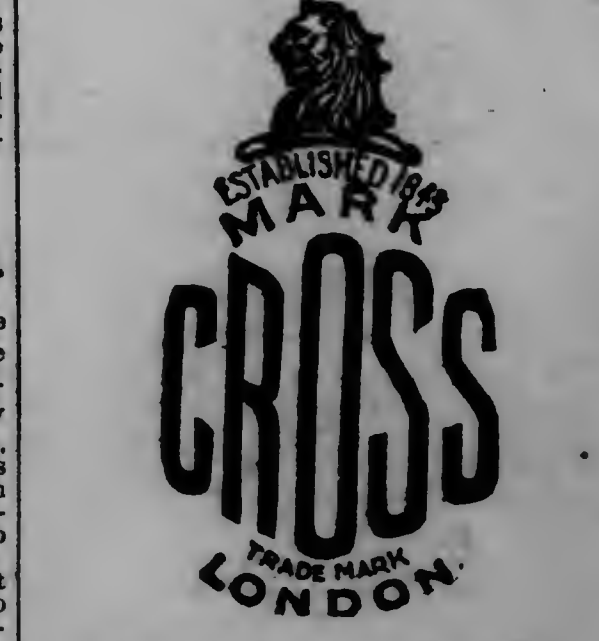

**COSTA RICANS WANT TROOPS WITHDRAWN.**

Washington, Sept. 23.—Immediate withdrawal of the armed forces of the United States now in Nicaragua is demanded in a circular drawn up by residents of San Jose, Costa Rica, copies of which have reached this city. A copy of the circular has been handed the American minister to Costa Rica, but as yet he has made no report to the state department.

Officials at the department said that no importance is to be attached to the circular. The policy of the United States in dealing with the uprising in Nicaragua, set forth in a note recently made public by the state department, has met with the unqualified approval of representatives of Costa Rica and the other Central American republic here.

The members in charge of the affair are: Mesdames E. P. Swangle, David Adams, Leila Gunther, George Little and T. P. Owen.

### Donaldson-Brotherhood.

Mrs. Ida Donaldson and John Brotherton, both of West Duluth, were quietly married Saturday afternoon at the Presbyterian church. News of the affair was kept quiet up to yesterday, when it was learned by relatives of the groom. Mr. and Mrs. Brotherton will make their home in West Duluth.

### Quarterly Conference.

The Assembly M. E. church, Sixtieth avenue west and Raleigh street, will hold its last quarterly conference Friday evening. Rev. E. Cooper, superintendent of the Duluth district of the Methodist Episcopal church, will have charge of the meeting. Reports will be made by the various societies and officers of the church.

## WANT SOO TO BUILD DEPOT

### West Duluth Will Renew Fight to Enforce Franchise Provisions.

Nothing has been done by the city authorities in regard to the proposed Soo station in West Duluth since the special hearing over two years ago, according to the railroad committee of the West Duluth Commercial club. The members are now planning to renew their campaign for a passenger and freight station in this end of the city and to again ask the city officials to take a hand in the matter.

The original charter was granted to the Wisconsin Central road, which was later taken over by the Minneapolis, St. Paul & Sault Ste. Marie railroad. The franchise provided for the maintenance of a passenger and freight station west of Fond du Lac avenue west. A hearing was held by the city council early in 1910, when the company put up the plea that it had no lines in this end of the city and was therefore not breaking any contract made with the city.

The city attorney at that time was requested to look into the matter and see if the road could not be compelled to construct a station. The railroad committee of the club, headed by J. J. Frey, chairman, has also appeared before the present city attorney. Nothing has been done as yet, said Mr. Frey this morning, and he is now up to the city to force the road to build its station.

Business men in this end of the city claim that a station is absolutely necessary for the freight traffic. The Northern Pacific, they say, controls all the transfer business and opposition would go far in reducing the rates now charged by the road. The matter will be taken up at the meeting Friday and the West Duluth aldermen will be requested to assist in the campaign.

### Annual Rally.

The Merritt Memorial church, Forty-sixth avenue west and Halifax street, will hold its annual fall rally in the church parlors this evening. A program of musical and literary numbers will be featured during the evening, after which the women will serve refreshments.

### Masonic Dance.

Euclid Chapter, U. D. Eastern Star, will entertain at a dancing party next Friday evening at the West Duluth Masonic hall. The affair was to have been held last week, but was postponed on account of the strike. The dance is the first of the regular fall and winter season.

### Preparing a Rink.

Boys living at Smithville are already preparing for the winter. A hockey rink is now being prepared on Grand avenue, which is to be leveled and made ready for flooding. The boys plan to have the ground ready before the cold weather sets in, and not have the difficulty experienced last winter.

### West Duluth Briefs.

Miss Lottie Krueger of Marquette, Mich., is a guest this week at the home of the Misses Luella and Della, 115 North Fifty-sixth avenue west. Mrs. J. D. Clow of Fond du Lac entertained at an afternoon coffee at her home Saturday afternoon. The guests were: Mesdames M. E. Chambers, Fred Lauer, T. Hallenbeck, D. Haynes and E. Weber. The women of the Plymouth Congregational church will meet tomorrow afternoon at the home of Mrs. E. Lee, 618 North Fifty-seventh avenue west, for the purpose of organizing a Ladies' Aid society. Mrs. C. E. King of 705 North Fifty-seventh avenue west returned this morning from St. Paul, after attending the convention last week of the Federation of Women's Clubs at Dodge Center. Miss Catherine Martin of 5517 West Sixth street is reported ill at her home. Edward Hughes, of East Fork, Minn., who was in the city to attend the wedding of his niece, Miss Nellie Danesvay to Norris E. Easley last week, left yesterday for his home. St. Margaret's Guild of St. Catholic church will be entertained Wednesday afternoon at the home of Mrs. F. J. Lynch, 1107 North Fifty-seventh avenue west. George W. Vasaenen of Fond du Lac returned Saturday from Schenectady, N. Y., where he spent two weeks on business. A campers' shack about five miles from West Duluth was totally destroyed by fire Saturday evening. The origin of the fire is unknown. The Young People's Society of Our Savior's Norwegian Lutheran church, Fifty-seventh avenue west and Bristol street, will meet in the church parlors Tuesday evening. John Mattson of 5212 Wadena street returned yesterday from a three months' visit at Vinton, Minn. James Ryan of 4104 West Third street returned from a three weeks' stay at St. Paul and Fairbault. Miss Elizabeth Kemmer of St. Cloud left yesterday for her home after spending the past week at the home of Miss Hilda Hanson, 464 Central avenue. Watch repairing, Hurst, West Duluth.

### ANNUAL MEETING OF SOUTH SHORE ROAD.

At the annual meeting of the Duluth, South Shore & Atlantic Railway company, held Saturday at Marquette, Mich., the directorate was re-elected with but one exception. F. W. Stevens was named to succeed Allen Cameron, resigned. The year's operation of the South Shore was the largest, with the exception of 1910. In the last five year period, the total revenue, \$1,162,476.02, showing a slight increase over last year and equaling with \$1,302,147.03 in 1910. But the operating expenses were the largest in the five year period, having been \$2,109,160.75, compared with \$2,269,274.84 in 1910. The net revenue was \$1,041,480.02, and the net corporate loss only \$81,822.34, compared with a net operating revenue of \$760,617 for the year ending June 30 last, and a net corporate loss, or deficit, of \$361,647.01.

### EMILIO CAMPA, MEXICAN REBEL LEADER, CAPTURED.

Tucson, Ariz., Sept. 23.—One of the ten rebel captured by deputy sheriffs on American soil thirty miles south of Tucson yesterday, was today positively identified as Emilio Campa, the rebel leader, by Dr. Ruffo, a friend of Campa. The Mexican general admitted his identity. "I am tired of fighting," he said.

### MAJ. EVA IN WASHINGTON FOR COMMERCIAL CLUB.

(From The Herald Washington Bureau.) Washington, Sept. 23.—Major H. V. Eva and wife of Duluth are in Washington for several days. Mr. Eva is identified as Emilio Campa, the rebel leader, at the meeting of the association of executives of commercial organizations which began its sessions today.

## ARE AIDING STRIKERS

### Strike-Breakers Contribute Daily to Fund and "Hold Out" Receipts.

### Vile Smelling Drugs Will Be Used More Freely in Cars.

Strike-breakers are aiding the union street car men in their fight with the company to the extent of \$2 per day. Every strike-breaker is in hearty sympathy with the strikers and it was decided some days ago to give \$2 a day to the union men, although the matter became known only this morning. The strike-breakers are among the best friends we have," said a striking motorman this morning. They come across every day with a donation, keep the company from making any money and insure us each day a better chance of winning the strike.

A stink ball campaign may be planned against the street car company if the strike is not soon settled. The stink ball campaign was not of no violence but that they will keep the public from using the cars until there is such a howl of indignation that the company will be forced to take the old men back and arbitrate the differences. "We can fix every street car so that people simply will not ride in them," said a striker this morning. "Heretofore we have simply fixed a few cars so that the company would know that the stunt can be turned. We may cut loose in a few days and plant the valerian in every street car. This cannot be called violence, can it?"

The situation this morning was no different from the last days of the week. Street cars were running quite regularly and no attempt was made to interfere with the service. Max Hall, president of the local union and Treasurer Orr of the International association, were more optimistic than ever today. "The meeting yesterday was a dandy," said Mr. Orr, "and it showed plainly where the people stand in the controversy. It helped us a good deal and there was no violence." The strike-breakers are getting tired of working, and some of them are leaving every day, it is said. "We came up here for some excitement, a little 'junk' and a trip," said one this morning. "We didn't come up here to work. This steady grind is ceasing to be a joke." The union claims to be losing no men, in spite of the fact that the company claims they are coming steadily back every day. Officials of the company claim that a fair service is being maintained and that it is improving all the time. Union men still claim that the service is a joke. "I can't help but have some admiration for that man Warren," said a striker this morning. "He is out at the car barns from 4 a. m. on until late at night. He stands picket duty with us union men, and while we take

it in shifts, he is on the job all the while."

### DIVORCES DECIDE TO MARRY AGAIN.

John A. McPhee and Augusta McPhee, divorcees, secured a license to remarry Saturday. They told the clerk who issued the license that they had been married once before, but had been divorced in 1904. Both are residents of Koochiching county. After the divorce decree was entered they decided to bury the hatchet and yesterday their relations as man and wife were legally renewed.

### CUT THE ROPE.

Company Was Getting Too Much Money on a Woodland Car. Friday evening the passengers on a Woodland street car took it upon themselves to ring up the fares as the conductor collected them. The car got pretty angry, but finally thought of a remedy. He took a knife out of his pocket and cut the bell cord at a point near the register.

Morris Rosenberg, alias M. Blume, alias M. Fenner, alias Abraham Fineberg, under arrest at Minneapolis, is wanted in Duluth for a swindling game which he pulled off in the fall of 1907.

good appearance and with a ready flow of language he has been successful in becoming acquainted with the better class of Jewish people in the city. He adds to the impression by stating that he is the son of a rabbi of Brooklyn, N. Y.

As soon as he can ingratiate himself sufficiently he becomes engaged to the daughter of one of the better known families. Then he tries to meet some jeweler of the same race, preferably having the introduction come from the folks of the young woman whom he is about to marry. He then visits the jeweler at his place of business, agreeing to return the ring if it does not please the fiancée or to pay for it immediately if she decides to keep it.

## ADVANCE IN FOOD COSTS

Upward Trend of Cost of Living During the Past Decade.

Price of Potatoes Changed Most and Sugar the Least.

Washington, Sept. 23.—The most marked upward trend of the cost of living is disclosed in the federal bureau of labor's report of an investigation of prices for the last ten years conducted in the important industrial centers of thirty-two states. Fifteen most important articles of food, as well as coal, comprising two-thirds of a workman's needs, were investigated.

On June 15, 1912, the report shows fourteen of the fifteen article of food were higher than a year before and ten had advanced in the past ten years more than fifty per cent over the average retail price for the ten-year period, 1899-1909.

# Great Purchase of 100 Women's High Grade Pony Coats

Manufacturers of furs have had a hard row to hoe this season. The great fur strike made the season late in starting and besides the advance in labor has raised the price of garments. This great purchase was made previous to the great strike and the prices we offer them at are lower than the manufacturers can duplicate them for future delivery. Every garment made of finest French dyed skins, very soft and lustrous, beautifully marked.

Just 100 coats in the lot. In a large variety of styles—50, 52 and 54 inches long. Ladies' sizes, 34 to 46; Misses', 16 and 18. The fact that you may choose from such large assortment and the great savings will be sufficient to justify you to make your selections now.

**LOT ONE Pony Coats at \$39.50**  
Regular values from \$50 to \$55

Just 30 coats in this lot. Made of fine selected soft skins, finest French dye, beautifully dabble marked. Lined throughout with finest quality brocaded satin, 52 to 54 inches long. Coats worth regularly from \$50.00 to \$55.00, during this week at \$39.50

**LOT TWO Pony Coats at \$59.50**  
Regular values up to \$75

There are twenty-four in this collection, in several smart models. Made of handsome soft skins, French dyed, beautifully marked. Exquisite linings, 50, 52 and 54 inches long. Half fitted, loose and close fitting skirt coats, all sizes. These coats are extremely fine, values up to \$75.00, special at \$59.50.

**Handsome Pony Coats \$65, \$75 and \$85**  
In this collection are Coat values up to \$115.00. Distinctive models, each different in style, but each new and popular. Half-fitted garments for large figures; straight front, loose back and large, swagger, loose garments for evening and dress wear; sizes 34 to 46.

Made of finest French imported skins, exquisitely marked and very lustrous; beautifully lined throughout.

The sale continues for one week. After that the garments will be marked at regular market prices.

## NO SHORTAGE OF CARS YET

But There Is Still a Chance That It Will Come.

Grain Rush Provides Many Empties for Coal Shipments.

With the increase in the general movement of freight there is not as yet anything approaching what might be called a real shortage of cars.

At the same time some of the shippers have already been advised that it will not do any one any harm for them to get as much business out of the way as early as possible.

With coal moving as heavily as it is at the present time, the country dealers are nevertheless showing the same old tardiness in ordering the early supply.

## UNIQUE GAME LAW QUESTION

Indian Attorney Appeals Conviction on Grounds of Old Treaty.

Wadena, Minn., Sept. 23.—(Special to The Herald.)—John W. Carl, a well known Indian attorney of Mahanomen, took his aged mother, now over 80 years old, back to Battle Lake and Otter Tail Lake recently. The old woman is very feeble, but she longed for her death to recall the old home of her Indian band before the white man came. Her wish was gratified, and she and her son camped on Battle Lake and set out their nets as she used to do many years ago.

## FIRST GUN IN CAMPAIGN

Former Governor Folk of Missouri Will Speak in Duluth.

Famous Southern Reformer Campaigning for Wilson and Marshall.

The first gun in the presidential campaign at the head of the Lakes will be fired Wednesday, Oct. 2, when Governor Joseph Folk of Missouri will visit Duluth and Superior. Governor Folk, who is campaigning for Wilson and Marshall, will speak at Superior in the afternoon of that day, and will come to Duluth for an address in the evening.

Duluth Democrats have been notified of Governor Folk's coming and are making arrangements for a big meeting. Democratic spirit is strong in Duluth and the Missouri man will be given a rousing reception.

A national figure, a powerful speaker, himself prominently mentioned for the presidential nomination in the early stages of the pre-convention campaign, Governor Folk should attract a crowd that will pack any hall that may be obtained in Duluth and Superior.

Duluth and Superior were both Wilson strongholds before the Baltimore convention, and are Wilson strongholds now. Democrats and members of other parties are taking a keen interest in Governor Folk's campaign. The issues are well defined, and members of all political parties will take the opportunity to get in touch with them from the Wilson side through Governor Folk.

Governor Folk will leave early on the morning of Oct. 3 for Crookston, where he will speak that evening.

### MEN OF ULSTER UNITE.

Will Sign Covenant Against Accepting Home Rule Bill.

London, Sept. 23.—Unionists of the northern counties of Ireland propose to register on Sept. 23 their formal defiance of home rule. Gathering in halls and marked places, even in churches, the men of Ulster will sign a covenant pledging themselves never to submit to any government from Dublin which may be imposed upon the country by the Asquith-Reed home rule bill passed in the house of commons.

NEW DOUBTS RAISED AS TO AHMANN'S CITIZENSHIP.

Richmond, Minn., Sept. 23.—(Special to The Herald.)—Senator J. J. Ahmann, whose election was contested two years ago on the ground that he was not a citizen of the United States, but who was finally seated after the contestants had failed to prove his alien parentage and foreign birth, gave rise to new doubts as to his citizenship, at the primary election here.

When Mr. Ahmann came to the polls to cast his vote, he was challenged by judges to show his naturalization papers or to affirm under oath that he was a citizen of the United States. He refused to comply with the request and was not allowed to cast his vote.

Washington County Fair. (Special to The Herald.)—Exhibits and promises of attendance at the Washington county fair, which will open tomorrow for three days, indicate that the fair will be the most successful in the history of the county. Addresses will be made by Congressman A. L. Lenroot and others. There will be a tournament to decide the baseball championship of the county, and there will be races. Many other amusements will be furnished.

## JUDGMENT IS NEEDED

Florida Not All Sunshine and Idleness, Says Former Duluthian.

Good Land There But Would-be Purchasers Should Investigate.

"There are good lands in Florida and there are worthless lands there, just as in any other state," said Captain A. Paul, former Duluthian, and now special land agent for the federal government with headquarters at Gainesville, Fla.

Captain Paul is in Duluth on his annual visit. For twenty-five years he has visited the lakes, and made his home in Duluth, later being superintendent of the county poor farm. In 1908 he went to Florida to become special land agent, but two of his children, George W. Paul and Mrs. Mary L. Walker still reside here.

"There has been a tremendous influx of northern people into Florida," he said when asked regarding land conditions there. "Some of these people are the victims of unscrupulous land agents and others find good homes there. There is much desirable land left, but much worthless land is being sold at exorbitant prices. The only safe course for a person to pursue in buying Florida lands, is to personally inspect the property before buying, unless he has a thoroughly reliable friend who can do it for him."

"There are some drawbacks to Florida, but on the whole life is easier there than in the North. It is not so difficult to make a living, for one's wants are fewer. You do not need such an expensive house or so many clothes as you do in the North. You also need less food in the warmer climate. The climate I find delightful, but many people do not like it. Then to get cheap land in Florida you must go out pretty well into the wilds, and you do not get much social life. Florida is settling up fast and I am glad to see it, but I do not like to see people go in there under false impressions and expecting to find all sunshine and idleness. If people would exercise the same judgment in buying lands in Florida that they do in buying other things, there would be fewer victims of the land sharks."

LARGE CROWD LISTENS TO CARDINAL GIBBONS.

Kansas City, Mo., Sept. 23.—Cardinal Gibbons of Baltimore preached in the Kansas City cathedral yesterday morning to a congregation that jammed the building.

"When it comes to the relief of human suffering," said the cardinal, "we should not be stopped by difference of color, of race, of nationality, or of religion. We urged the co-operation of capital and labor, saying: 'Let brain and brawn, mind and physical forces, capital and labor, be one and inseparable.'"

A luncheon in honor of the cardinal was given by the Catholic clergy and prominent laymen of the city in the afternoon, and later he addressed the children of the parochial schools at the residence of Bishop Lillis. He will return to Baltimore this afternoon.

Laying Out Townsite. Barnum, Minn., Sept. 23.—(Special to The Herald.)—County Surveyor Jackson has begun surveying and laying out a townsite at Mahtowa in section 17-18 on property owned by J. M. Thompson. The site for the new village lays south and west of Mr. Thompson's home and is nicely situated on a gradual slope. In all about ten acres will be platted at present.

## TO BE DENIED IN FUTURE

President Taft Makes Order on Teachers Wearing Religious Garb.

Those Now Employed in Indian Schools May Have Privilege.

Washington, Sept. 23.—Secretary Fisher's action last January in revoking the order of Former Indian Commissioner Valentine, barring religious garb or insignia from government Indian schools, was upheld by President Taft, in an order made public yesterday.

The decision of the president is that teachers now employed in Indian schools may continue to wear the garb of their religious orders; but the privilege is denied to any persons hereafter entering a service. This ruling will enable the government to fulfill its obligation to the teachers who were taken into the government service when religious schools were taken over by the government.

The president's ruling is the final step in a controversy that has engaged the interior department with religious bodies more than a year. Commissioner Valentine's order would have prohibited only teachers from wearing religious garb in the Indian schools after the end of the last school year.

President Taft's order and a letter from Secretary Fisher to Mr. Valentine, which accompanies it, lay stress on the fact that Commissioner Valentine issued his ruling without consulting the secretary or the president, and while the entire subject was under investigation. Mr. Fisher's revocation of the order now is made final.

Secretary Fisher's formal letter states that the government had long left the decision of the Indians to religious missionaries; and that when it finally began a systematic handling of the educational problem, it took over the religious schools, and many of the religious schools, and brought them into the government service. The transfers of these schools have been effected by the government's renting denominational schools and taking over the whole plant and the teachers, well," said President Taft.

It appears that out of 2,000 teachers in the Indian schools there are fifty-one who wear a religious garb and who are regularly employed in the government civil service. To direct them to give up their religious garb would necessarily cause their leaving the service because of their vows under religious vows.

Statement by Valentine. Valentine, March 23.—Religious question is or should be involved in this matter, said Former Indian Commissioner Valentine. When informed that President Taft had upheld Secretary Fisher's action in revoking the order of Mr. Valentine barring religious garb or insignia from government Indian schools, he said in a statement, the former commissioner said:

"The schools to which my religious garb order applies are not private schools. They are public schools which should be allowed in them which would not be allowed in any public school in the country."

This principle the president and secretary of the interior have followed in their order. They say that on this ground they will forbid the extension of the practice of wearing religious garb in public schools.

In the next line they say they will permit those fifty-one teachers who now wear garb in Indian schools to continue to do so.

"No religious matter is or should be involved in this matter," he said, "in doing so and because I wish to save my superiors from any possible political embarrassment by keeping the question in non-political administration bureau of the government."

"My conduct in the Indian bureau included full recognition of the assistance of the Catholic church and of all the other religious denominations on Indian reservations and I expect and have every reason to believe that Catholics will join with all American citizens in support of an administration of the Indian bureau which is devoted to fulfill its legal obligations to all the people."

### SAILORS TO SEE THE PANAMA CANAL

Sailors in the American navy will have an unusual opportunity to see the Panama canal just before completion, according to the plans of Secretary of the Navy George Von L. Meyer, which are announced in a communication to the Duluth recruiting station. It is planned to take time from the winter maneuvers in the Caribbean sea to send the entire fleet to the isthmus to give the sailors every opportunity to see the wonderful work which has been accomplished.

According to the reports received over 81 per cent of the concrete construction work on the great locks has been completed and the big Gatun locks are nearly 95 per cent done. While the official date for the opening of the canal is Jan. 1, 1915, it is now believed that the canal will be ready to take ships through in the fall of 1913.

### SUFFRAGETTE MEETING AT DUBLIN DISORDERLY.

Dublin, Sept. 23.—Phoenix park was the scene yesterday of a disorderly suffragette meeting. A letter was read from Mrs. Mary Leigh, who was recently released from Mount Joy prison on account of ill health, declaring that unless women were given the vote in a sentence of five years for an attempt to burn a theater, was liberated within a few days, she would lead a march

from various parts of the United States ending in the city of New York. During the four days' duration of the conference, matters relating to the poor and to social outcasts will be discussed. Particular attention will be given to the problem of the colored people. The conference was organized two years ago to afford opportunity for experienced Catholic charity workers to exchange views on the manifold problems confronting them.

### CANNOT GET SPEAKERS FOR POLITICAL BANQUET.

Des Moines, Iowa, Sept. 23.—The banquet and political meeting which always has been held by the Iowa Tippecanoe club at the beginning of a Republican campaign, has been postponed this year, according to an announcement made by Secretary J. H. Crawford.

"Speakers are needed for such an occasion, and we have been unable to get them," he said.

Mr. Crawford said that both Senator Kenyon and George W. Clark, Republican candidate for governor, have expressed themselves as unwilling to address the meeting.

"It is right, then, that Lincoln should be held up in history as the man chiefly responsible for the freedom of the negro."

### LINCOLN'S FREEDING OF THE NEGROES

Beverly, Mass., Sept. 23.—White House officials made public last night a letter that President Taft wrote to John W. Thompson, president of the Western New York League of Republican clubs, Rochester, N. Y., giving his comments on emancipation day and the courage of President Lincoln. The letter says:

"Mr. Lincoln suffered greatly by the criticism and abuse of those who thought he did not act quickly enough in issuing the emancipation proclamation, and later from the attack of those who thought the act was a great mistake. Now as we look back upon it, we realize that his selection of the time was most fortunate. He delayed action until he could take it as a war measure under the Constitution and could defend what he did as within his lawful power as commander in chief of the army and navy in the prosecution of the war. The emancipation did not free all the slaves. It could not free those

on the prison to effect her release. The issue, she added, would only be decided by victory or defeat.

## BIG CONTRACTS FOR STEEL RAILS

New York, Sept. 23.—The important development in the steel situation last week was the placing of contracts for 200,000 tons of rails, mainly for 1913 shipment.

The New York Central is the first of the large Eastern systems to cover its next year's requirements, having just distributed orders for 150,000 tons of standard sections. Other rail contracts placed included 50,000 tons additional for the Santa Fe, 40,000 for the Great Northern, 10,000 for the M. & T., 22,000 for the Lackawanna, 10,000 for the Harriman lines, 5,000 for the Wabash and 4,000 tons additional for export to China.

The principal feature of interest in the structural trade was the placing of a contract for 35,000 tons of fabricated

shapes for the Equitable building with the American Bridge company.

All the large steel companies are now quoting \$1.35 for bars and \$1.40 for structural plates, c. o. b. Pittsburgh, for shipment for the first quarter of next year, but it is believed that the United States Steel corporation has determined to check any further advance in prices on this movement.

In line with such a policy, the American Sheet & Tin Plate company is now accepting business for the plate for 1913 shipment on the basis of \$3.50 per box, but blue annealed sheets were advanced \$1 per ton.

Heavy sales of pig iron were followed by a further advance of 25 to 30 cents each, but buyers are now holding off.

## PICKETING PASSED ON

Judge Cant Gave Decision in Restaurant Case in 1904.

Many Points Similar to Present Street Railway Strike.

Judge W. A. Cant in a decision handed down in 1904 in district court held picketing in strikes and boycotts to be permissible, under certain restrictions.

The case is an interesting one in that it involves practically the same questions as will be raised in the present attempt of the street railway company to secure an injunction against leaders in the street carmen's strike from picketing or interfering with present employees of the company.

The action was one in which four Chinamen, Hor Ting, Hor Kee, Charlie Pank and Hui Yung, joint proprietors of the St. Paul restaurant, asked the court for a restraining order and injunction prohibiting the Cooks & Waiters Union No. 62 from conducting a boycott against them.

The Chinamen claimed that the union men were persuading people from patronizing their restaurant to "get even" with them, because they had refused to recognize the union.

The court did issue an injunction but it was very limited in its application. It enjoined the union only from picketing in front of the restaurant or within twenty-five feet from either side of it.

The court in its memorandum said: "At the outset, this rule should be understood: All men whether members of organized labor or not, have a right to refuse to work or quit work either singly or in a body for any reason or for no reason, whenever they please. And all employers have a right to hire whoever is willing to work, and they have a right to refuse employment to such as they please, and to discharge from service for any reason or for no reason, whenever they please. ## FOND DU LAC Y. M. C. A. GETS LEGACY OF \$3,278.

Fond du Lac, Wis., Sept. 23.—Settlement by stipulation between attorneys of the Anglo-American Nursing home of Rome, Italy, and the Fond du Lac Young Men's Christian association today stopped all litigation over the will of Miss Lillian Flint and gives the Y. M. C. A. \$3,278 from her estate.

The institution at Rome was made residuary legatee, and disputes arose over whether the Y. M. C. A. should receive \$1,000 or \$1,500, the contention being over what construction the court would make of the word "sold."

## GLEANN ALONG THE POLICE RUN

Home surroundings were not added Ida Erickson, 15 years old, to become a good girl.

Her mother, Mrs. Anna Erickson, visited her daughter at the woman's department at headquarters this morning. Both burst into tears when they caught sight of each other.

While they were there Humane Officer E. B. McKercher went in to speak to the girl. Seeing the mother weeping he turned to her. "If you hadn't rushed the car so often when your daughter was home she might not be here now," said the humane agent to Mrs. Erickson.

Officer McKercher states that he has had occasion during the last year or so to visit the Erickson home near Twenty-fourth avenue west and Superior street several times. He asserts that the conditions under which the girl has been reared are far from what they should have been, although scarcely so bad that it would have been possible to place the girl in an institution.

Ida was arrested last night in the west end with William W. Montgomery, 40 years of age. The girl had been drinking whiskey and was almost in a maudlin condition. She was sent to the state training school for girls, Montgomery was charged with attempted indecent assault. He waived examination when brought into police court and was bound over to the grand jury.

Cornelius Scanlon, who has been a

police character for years, was arrested in a St. Croix avenue rooming house Saturday afternoon, on a charge of assault with intent to kill.

It is alleged that he tried to brain his wife, an inmate of the place, because she has started proceedings to get a divorce from him.

The woman dodged the jug when he threw it at her head and it crashed through the large window in the front of the room. As it went through the glass Sergeant John Robey and Patrolman John Link rushed into the room, placing him under arrest before he could make any further attempt on the woman.

Scanlon was released but a short time ago from the county jail, where he was being held on a white slave charge. He had been arrested for drunkenness and sent to the jail, who was in the same room to furnish bail. The police waited until the money had been advanced and then lodged the white slave allegation.

The grand jury did not find a true bill against Scanlon and he was given his liberty.

Peter Burnett was arraigned in police court this morning on a charge of having stolen \$70 from Arthur Murray Saturday morning. The two men are iron workers and Murray says he went to Burnett's room to sleep on Burnett's invitation.

After he had gone to bed he says Burnett took his money. He accused him of it and says a fight started in which Burnett struck him over the head with a beer bottle. Murray ran for a policeman without waiting to dress. The police say the money doctored by Murray was found on Burnett and a quarter in addition. Burnett denied his guilt and his trial was set for tomorrow afternoon. Bail was fixed at \$100. The alleged robbery took place in a West Duluth boarding house.

Thomas Allen was arrested Saturday night on complaint of his wife. He was arraigned in court this morning on a charge of having become voluntarily intoxicated. He pleaded guilty, but sentence was suspended after Allen had been given a word of advice by the court.

Rubie Krim, a chauffeur, was arrested Saturday afternoon on a charge of reckless driving. The police assert that last Thursday he knocked down

Eva Norman of 731 Garfield avenue at the corner of First avenue west and Superior street while driving an automobile. He pleaded not guilty and his trial was set for Friday morning.

Frank Price pleaded guilty to disorderly conduct when brought into police court this morning. The police said that he was riding with a street car motorman and grossly insulted a woman passenger, calling her many vile names. Price denied that he saw any woman on the car, but admitted that he had gotten angry because the bell used to signal the car to stop was being rung frequently. The court set the case over until this afternoon for disposition.

Edwin Herr and William Jackson didn't have the price of a bed last night and sought a downy couch in an empty box car. They were rudely aroused from their slumbers by a policeman who had seen them go into the railroad yards. Both pleaded guilty to trespass, but were given suspended sentences.

Otto Johnson, charged with disorderly conduct, pleaded not guilty when arraigned in police court this morning. His trial was set for this afternoon. A conductor on the incline railway asserts that he stole some transmitters, but nothing resembling a transfer was found on him at the station.

Andrew Johnson, West Duluth barber, was arraigned this morning on a charge of hurling missiles at a street car. The alleged offense was committed at West Duluth Sept. 13, the day on which most of the rioting occurred at that end of the city. He waived examination and was bound over to the grand jury.

Jerome P. Hanson, strike-breaker working as a motorman, was arrested yesterday on a charge of being drunk. The police stated that he was running his car through Superior street in a most reckless manner. Hanson pleaded guilty to drunkenness, but the court set the matter over until this afternoon for disposition.

Oswald Ellison persisted in hanging around the Bovey and refusing to do any work except to swab about saloons for drinks until he was arrested on a charge of vagrancy. When brought into court this morning he pleaded guilty but begged for a chance to go to work. The court handed him thirty days in the county jail.

Mike Costello, arrested at West Duluth on a charge of disorderly conduct, forfeited \$15 bail when his name was called in police court this morning. It is stated that he threatened to thrash his landlord and that the latter summoned the police.

## SURVEY FOR HUDSON BAY RAILROAD IS STARTED.

Edmonton, Alta., Sept. 23.—Engineers and surveyors in the employ of the Albert-Peace River Railway company, which purposes building a new transcontinental line from Hudson bay to the Pacific coast, by way of Edmonton, have started on ponies

## MISSING MONEY HAS BEEN FOUND

Package of \$55,000 Found at Rear of Pensacola Bank.

Pensacola, Fla., Sept. 23.—The package containing \$55,000 in currency, which was mysteriously extracted from an express shipment from the First National bank here to the Louisville & Nashville paycar at Plomaton, Ala., was found today at the rear of the bank by the negro janitor of the building.

## IS HELD UP ON STREET AND ROBBED OF \$1,800.

New York, Sept. 23.—Two highwaymen in a red touring car held up John Poppers, cheese manufacturer, on the street opposite his place of business on West Seventeenth street today and robbed him of a valise containing \$800 and \$1,000 in checks. Half a hundred pedestrians and a policeman who witnessed the holdup pursued the automobile, and were fired upon three times by the highwaymen. No one got the license number. Poppers was on his way to a bank.

Charged With Fraud.  
Chicago, Sept. 23.—Nathan Fisher, charged with having used the mails to defraud fishermen in Michigan, Wisconsin and Minnesota, was placed on trial in the federal court today. The government alleges that Fisher induced persons to send him consignments of fish for which he paid them with worthless checks.

## INJUNCTION ASKED FOR

Street Railway Wants Strikers Ordered to Quit Picketing.

Claims That Men Are Prevented From Entering Its Employ.

Injunction proceedings against the striking street car men have been instituted in the district court by the Duluth Street Railway company.

The street railway company asks for an order restraining nine strikers from interfering with the employees of the company.

Late Saturday afternoon Judge Dill signed an order requiring the nine strikers to appear before him at 5 o'clock this evening and show cause why they should not be restrained from interfering with employees of the Duluth Street railway.

The street railway asks the court to enjoin the strikers from in any way molesting the conductors and motor-men now in its employ.

The right to picket or use persuasion to keep strike-breakers away during strikes is involved. Labor leaders all

over the country will probably await with interest the outcome.

The company claims that picketing is now being done among the strike-breakers and those who would otherwise enter the employ of the street railway.

The company also sets up the complaint that Jacob Johnson, one of its conductors, was assaulted by strikers, after he had refused to listen to their demands to quit the employ of the company.

The men who are ordered to appear in court this evening are: Axel Peterson, Edward Gorton, Carl Staberg, Max Hall, James J. King, John Olson, Max Severance, Martin G. Brew and Oscar Hagman.

Yesterday at a mass meeting of the strikers and their sympathizers \$250 was raised for attorneys to defend the injunction suit.

## IS VICTIM OF APOPLEXY

M. H. Stanford, Prominent Duluth Attorney, Dies Suddenly at Home.

M. H. Stanford, 64 years of age, a pioneer resident and attorney of Duluth, died suddenly at 11:15 o'clock last night at his home, 1415 East Superior street, of apoplexy.

Mr. Stanford had practiced law here for the last twenty years and was recognized as a most able lawyer. He was about to retire for the night when he was stricken in the presence of his wife.

He was a member of the Masonic fraternity and of the A. O. U. W. and a veteran of the Civil war.

Besides his widow he is survived by two children, Mortimer and Marion, both of whom are graduates of the central high school. Mortimer was about to leave today for Madison, Wis., to take up his law studies in that university of that city.

Mr. Stanford was born in Midland, N. Y., and graduated from Michigan law school. He practiced law in Michigan before coming to Duluth.

vince the government that payment was being made.

The following day the money was forthcoming.

**May Meet Obligations.**

There has been much speculation as to whether the government will be able to satisfy claims of the contractors due toward the end of this month, but there are indications that President Gomez, realizing fully the peril of another default, has made an extraordinary effort to secure the money.

The press continues to be filled with pessimistic articles bawling the financial and political situation of the republic. Careful estimates show that the Gomez administration has spent during its two and a half years of power at least \$140,000,000.

Expenditures have been made in the case of Cuba in cutting down her expenses at least \$50 per cent.

The present aspect of the political situation appears to justify reasonable expectations that the republic will carry the election, especially as he has just formed an alliance with the wing of the liberal party under the leadership of Gen. Ernesto Asbert, governor of Havana.

Asbert's election as vice president of the republic is expected to be a final blow to the administration of President Zayas, although his following is strong.

**Bids for Negro Vote.**

Both Conservative generals are making strong bids for the negro vote, the former endeavoring to excite the animosity of the negroes against the liberals on account of the fatalities to men of color in the hands of the latter in the insurrection in Oriente, and the latter endeavoring to placate them by promises of unconditional pardon to thousands of negro prisoners now confined in jails.

The Association of Veterans, under the leadership of Gen. Emilio Nunez, which has heretofore stood solidly for non-partisan control of the government, and the Cuban league of the civil service, now seems to be in a way of being divided.

Lines, but whether to the advantage of one side or the other, does not yet appear. The election is to be held May 1 and the new president will be inaugurated May 20.

**ELECTION OF COMMITTEES**

(Continued from page 1.)

is not expected to be so warm. There will probably be a contest for chairman of the committee, but it will not be an acrimonious one. Three names are mentioned: Carlos Ayer of Hutchinson, D. B. Daly of Minneapolis, and Fred Wheaton of Minneapolis.

Daly is the present chairman of the committee. As chairman of the executive committee he was acting head of the central committee for some months until last March, when he was regularly chosen as chairman, to succeed Frank A. Day.

Mr. Avery was formerly state game and fish commissioner and has been active among Democratic candidates for state office and Democratic senators who will have a say in the election Thursday.

Mr. Wheaton has been active in Democratic circles for years and has probably as good an acquaintance throughout the state as any member within the party.

Progressive leaders say the selection of any one of the three would be acceptable to members of the party generally. Any one of the three would make an energetic leader for the party this year, and hopes of Democratic success are high.

**OPENED BY PRESIDENT**

(Continued from page 1.)

Rico and the Philippines, and now on the isthmus of Panama, have so enlarged our knowledge of the possibilities of successful sanitation under the most burdensome conditions.

So impressed both professional men and the laymen at all familiar with the conditions with the necessity for rigid and comprehensive health laws, and a stricter enforcement of them for the general public good, that if the Spanish war resulted in nothing else, it was worth greatly in the knowledge of the modern government has to discharge, as well as in making clear the need of an additional branch of general education in the matter of hygiene of the home and the individual.

**Making Tropical Races Strong.**

"When we first went into the tropics, our purpose was to make that region habitable for white people. We have demonstrated that as a possibility. Now we have gone beyond the mere provision for those who come from the temperate zone, and are engaged in developing the tropical races into a strength of body and freedom from disease that they have never had before.

"I consider it a proud record of the American army that through its medical corps engaged in hygienic work in the tropics, so many important discoveries as to the transmission of disease and the methods of stopping its spread have been given to the world, and all of this is due chiefly from the time of the Spanish war.

"It is very certain that but for those discoveries the construction of Panama canal, which now since 1904 has been going on with a giant stride, and which will be completed within a year, would have been impossible. The possibilities of improvement of tropical countries are so great that it makes one who has any conception of what they are grow enthusiastic in the contemplation of what centuries may bring forth in this regard."

**Brief Responses Made.**

To President Taft's greeting, brief responses were made by the delegates from each of the thirty-three countries represented. This was followed by an address by Dr. J. H. Henshaw, of the Emperor Frederick William university, Berlin, president of the permanent international commission of the congress, on "An Explanation of the meaning of the word 'hygiene' as used in the Sanitary Administration

of Nations. With 'Special Emphasis' Upon Co-Operative International Work and a Historical Review of What Has Been Accomplished to Date."

Immediately after the morning session the congress was prepared to start in on the long series of lectures and discussions which will continue throughout the week.

Scheduled for today in the various sections into which the congress has been divided, were discussions on public health organization and administration in England and Germany, the hygiene of infancy and childhood, the physiology and pathology of work and fatigue, bacillus carriers and the importance of flies and other insects as carriers of infection, the importance of shellfish, particularly oysters, in regard to infectious diseases, the control of diseases in the army, the use of hospital ships and the development of vital statistics in the United States since 1890 and measures needed for the immediate future.

**Garden Party at White House.**

A garden party at the White House scheduled for the afternoon was expected to be the first of a series of entertainments arranged for the social side of the congress.

In addition to the 3,000 delegates, many of whom have wives and daughters accompanying them, visitors attracted to Washington by the congress have brought the total number of guests here up to probably 10,000.

The exhibition hall, in which are displays showing what the nation, according to the program of the congress, is doing to improve the health of the people, was thronged all day with visitors.

## A CREDIT TO THE CAUSE.

Yesterday the striking street railway employees paraded two miles along Superior street to the Army, where two thousand people gathered.

Not a rock was thrown, and there was not even a word from the ranks of the strikers and their sympathizers when cars manned by strike-breakers passed, as they did every few minutes.

No stronger evidence of the earnestness and good sense of the strikers could be given, and no finer tribute to the good faith of those who sympathize with them. Sympathy was shown far more conclusively than when violence was its means of expression.

Throughout, the temper of the strikers has been in pleasing contrast to the attitude of their employers. There has been violence, but it did not come from them nor did it have their approval. They are standing out for what they believe to be the right and just thing, and they are fighting their battle with dignity and in the spirit of good citizenship.

Yesterday's display shows that it would be wrong to blame them for the disturbances that have occurred or for the effect the strike has had upon the customary processes of city life. One word—the agreement to submit the matters at issue to a fair tribunal for arbitration—would send every man back to work and restore the car service on which the social and business life of the community depends. That word the street railway management has refused to give, and it is this refusal alone which stands in the way of the prompt and complete restoration of the conditions that prevailed before Monday, Sept. 9.

Public sympathy with these men will be stronger than ever after yesterday's display of their good citizenship.

## FRANK IS FRANK, ANYWAY.

One of the most ardent advocates of the third term ambition, ranking in that respect with Perkins and Contract Bill Flinn, is Frank A. Munsey, who publishes numerous newspapers and magazines and owns large bundles of stock in the steel, harvester and other highly solvent trusts.

Mr. Munsey has just bought the Press of New York, and added it to his collection, which now rivals those of News and Harmsworth of London, who got knighted for owning so many publications.

In making his bow Mr. Munsey takes the public into his confidence as to his purposes, and he is admirably frank about it. Before considering what he has to say, please to remember that the progressive movement, which Roosevelt has swallowed, was first and fundamentally a revolt against the shame of the Republican tariff.

"I have no political or personal ambitions to serve," says Mr. Munsey in his new paper. His principal aim, he adds, is the election of Theodore Roosevelt to a third term. Incidentally, he wishes to preserve "a tariff that makes it possible for our industries to compete with large foreign industries." Only incidentally, of course, no large holder of trust stocks would put his desire for a continuation of present tariff favors to rest, for his ambition to procure a third term for Col. Roosevelt.

We never have heard that Mr. Perkins, or any of the steel, harvester and other trusts, expressed any ideas on the tariff, though it is that while he also wishes to "preserve the tariff" that wish is only incidental to his warm desire to help Theodore Roosevelt get a third term in the interests of the "common people."

Says the New York World, in cordially welcoming this newest addition to the New York newspaper field: "There may be differences of opinion as to the wisdom of a third term, but, like Mr. Munsey, if we were called upon to prescribe an untimely death for tariff reform, we should say that two or three more administrations by Mr. Roosevelt would do the business. By recognizing in the ex-president and his new party the most powerful champions of the system which creates steel trusts and harvester trusts, Mr. Munsey proves that he is sagacious as well as honest and intrepid."

"The welcome which we extend to him is the more cordial because he does not afflict us with any persiflage about the rule of the people, social justice or Armageddon and the Lord. Rural topics, social philosophers and doctrinaires exhibiting the peculiar traits of the crook and the jackass do not trouble him. He goes straight to the point."

The insurgent revolt in the Republican party was against the tariff methods of that party. Its most effective work was done in battling for the people against tariff brigandage, and if its fight availed nothing else, it tore aside the cloak of hypocrisy and exposed the naked machinery of the Republican tariff system.

That movement, first called "insurgent" and later "progressive," was one of the most promising things in American life. Its influence was all out of proportion to its size. What has become of it?

Roosevelt, who ignored the tariff and shut his ears to the rising storm of public resentment while he was president, who now all but ignores the subject and only proposes a "commission" to study it carefully for a few years—Roosevelt has swallowed the insurgent movement, has stolen its name and its cloak, and with Perkins, Munsey and Flinn under that cloak with him, seeks a third term as president.

No wonder those who wish the tariff preserved in all its iniquities are well content with him, and are anxious that his third term ambition should be satisfied. If he were elected, and served them as well in his third

term as he did in his first and second, doubtless they would be eager for a fourth term, and a fifth. Why shouldn't they be?

## THE REPUBLICAN PROGRESSIVE'S DUTY.

What should a Republican progressive do in the coming election? What is his logical alignment in the pending campaign?

Shall he follow Roosevelt and foster his personal ambition, when Roosevelt has swallowed the insurgent movement and wears the progressive cloak to disguise the dangerous innovation of a third term as president? Shall he follow Taft, whose face has been set against the progressive movement from the beginning? Or shall he vote for Wilson, who though a Democrat has been consistently and effectively progressive throughout his public career, and whose progressivism is inspired by warm humanity, good common sense and ardent public spirit?

The attitude of thousands of progressive Republicans who were progressive with La Follette and Dolliver when these men were receiving no encouragement from the White House, in which Roosevelt dwelt, is typified by the action of Rudolph Spreckels, one of the nation's leaders in the progressive movement, who has become president of the "Wilson National Progressive Republican League." In a telegram to Governor Wilson Mr. Spreckels thus discloses the real situation of the progressive cause—which is a movement that has gained more ground by disregarding party lines than it ever could have gained by keeping with them—in the face of the Roosevelt third term movement:

"Our league was founded by progressive Republicans who hope to save the progressive movement that was started some years ago in the Republican party but which is now being betrayed by the organization of Col. Roosevelt's third-term party.

"Under these conditions you alone deserve the support of true progressives who place principles above partisanship. Our membership is wholly Republican, but we feel justified in voting and working for your election since the candidate of the Republican party does not represent the progressive majority in that party and Roosevelt's candidacy is hopeless and ONLY SERVES TO DIVIDE OUR PROGRESSIVE FORCES."

Mr. Spreckels points here to one melancholy fact to which this newspaper has already called attention. The excuse for the Roosevelt party was that the progressive forces of the nation had been divided between the two old parties, and that they ought to be gotten together in one party. The Herald said, as Mr. Spreckels now says, that the only effect to divide the progressive forces, nomination was further to divide the progressive forces. There are honest Republican progressives with Roosevelt, many of them. There are as many other Republicans, who are sure, just as honest and as patriotic as these, who cannot follow Roosevelt because they do not believe in him, because they fear him, and because they realize that he has all but throttled the Republican progressive movement by leading many of its followers into a strange new camp with Perkins, Munsey, Flinn, McCormick and many other votaries of the tariff special privilege against which all real progressives have fought nobly.

La Follette himself, chief of all progressives, is not for Roosevelt and won't be; and there are many others. What these men should do is to rebuke both Old Guard Republicanism and Rooseveltism by joining Rudolph Spreckels in the Wilson National Progressive Republican League.

It is worth while considering, in this connection, Wilson's reply to Spreckels: "The action you and your associates are taking seems to me truly patriotic. The progressive forces of the nation OUGHT NOT TO BE DIVIDED. No mere attachment to a party name should now separate men whose purposes and convictions are united for a common object. The formation of the league seems to be one of the most reassuring indications of the temper of thoughtful men."

# MINNESOTA OPINIONS

Hard on the Women.  
Preston Times: Of course the women in Minnesota are not to be considered as a class, but in states where the women have decided to go to the polls, the Minnesota party has been considering a discussion as to whether they should be designated as La Follette or plain Cow Moose. The result of the contest may not be fully known till after the November election, when it is more than likely that the Bull Moose will only be an unpleasant memory.

No Reasonable Excuse.  
Fairmont Sentinel: We might excuse an old line hide-bound Republican for voting for Taft, but no man can offer a reasonable excuse for voting for Jim Sherman for vice president.

Looks Good for Wilson.  
Cass Lake Times: The political situation in almost all of the Northern states is hardly in condition to gamble on. If Roosevelt is nearly as strongly entrenched as he claims to be he will carry several states, and his vote will come mainly from the ranks of the Republican party. The Democrats seem really to realize their position, and if we except the heads of the corporations and trusts, because he is one of them in thought and preference, behind Wilson and Marshall in solid phalanx.

In the Same Old Way.  
Austin Transcript: Minnesota cap-

tured practically all of the prizes at the Central states butter contest held at Mason City, Ia., last week, Minnesota taking the first and second prizes in the whole milk class and third prize in the hand separator class. Same old story.

Everybody for It.  
Princeton Union: Now for the one-mill road tax amendment. Talk about it, write about it, preach about it, teach about it and everybody vote for it on the fifth day of next November.

Perhaps.  
Cambridge Independent-Press: Now that the primary election is over the successful candidates for nomination can get down to business and beat the fellow on the opposing ticket. After all, the defeated candidate that the primary may have received a blessing in disguise.

Leading Members Fast.  
Winona Independent: Expected to expel several of its regularly elected members from the Minnesota Republican party will soon consist solely of the national committee, President Taft, Mr. Taft's brother and his brother's wife folks.

Greedy Where Due.  
Albert Lea Standard: Mr. Taft is depending largely on the good crops to save him, a main reliance of his party in the past, but the voters somehow have come to realize that Dame Nature, instead of the tariff, is the only thing entitled to the credit.

My like to have your husband away long hours and if that's the point, why Mr. Warren can certainly gratify you. People like to do no more than to better their conditions in this short life. You cannot be looking for promotion for your husband as far as that is concerned, stockholder or farmer, in the different departments as that is filled with men who have been promised life jobs for themselves and their children as they grow up. So sister give up your ideas and have your husband join the men who are striving to better their conditions as well as your husband's, and have him attend their meetings, which will find when there are and union, there is strength. Yours respectfully, M. J. McULLOUGH, Duluth, Sept. 22.

WHO CAN ANSWER THIS?  
To the Editor of The Herald: I see you are publishing some poetry from John Hay. Will you not publish "Jim Bludso" by Hay, which is a boat on the Mississippi at Warsaw, Ill. Yours truly, K. McCULLOUGH, Duluth, Sept. 22.

Success After Forty.  
Portland Oregonian: A New York architect who killed himself because he was a failure at 45, lacked staying power. He had the sense of a man, topped his reason into the chaos of his own mind, and he was destroyed. He might eventually have developed into the greatest of successes. Much has been said in recent years about the difficulty of attaining success, and the 40 mark has been set. It is a mark of misunderstanding in this respect. While it is true that the average man hardly hopes to pick up with a new vocation and succeed in it after the age of 40, the mark is really the golden age when ripe experience begins to blossom into worth and success. The man of 40 has matured, has laid the foundation for a career, and provided he has a capacity, his success should be ripe for the day. This fact has been proved over and over again in the lives of men and women who have succeeded in their chosen work. It is not a matter of age, but of the quality of the man or woman who is to succeed. The man of 40 is not a failure, but a man who has laid the foundation for a career, and provided he has a capacity, his success should be ripe for the day. # Time's Return

"The woman's work has always been constructive and as in the home it is constructive and elevating, so in public life the woman should do the constructive work," said Edward J. Ward, who was the guest of honor at a reception Saturday afternoon at the Commercial club given by the Duluth Women's Suffrage association.

"The city, the state and the nation are but larger households and should be run on the same basis as a home. In early days the idea of the home was with the mother inside facing the child, caring for its needs and growth and with the father with his back to the child and face to the enemy ready to do the destructive work in time of danger. But the age now is a constructive age and the woman has her place in public life on the same basis as in the home.

"I am so firm a believer in the desirability for equal suffrage that I can no more get excited over it than I can over the fact that two and two make four. What I do get excited over is what will follow suffrage, the union of men and women in preparation for voting intelligently and wisely.

"Women are, I think, as fitted for voting as men, and perhaps more so for they are usually more unselfish, more inclined, but neither men or women are really prepared to vote until they have carefully studied situations and have come together for common deliberation. This is the only way that good sound voting will be obtained. Both men and women need the wisdom and judgment of the other sex to for a well rounded and sound opinion and this I feel will be a result of the social center which will give a common meeting ground for such deliberations."

Dr. Mary M. Coy, president of the Duluth association, introduced Mr. Ward and following his talk Mrs. Mary Scott Johnson, president of the Superior Women's Suffrage association, spoke on the campaign work being done by the women of her city for the cause which is to come before the voters of the state this winter.

Mrs. E. A. Shores, who is a strong suffragist, gave a delightful talk, saying that she felt she had never heard a stronger or more sincere speech for the cause and she told of the campaign work which she had been doing for suffrage in Ashland this summer and with what success she had met there.

## BACK FROM ABROAD.

**Hibbings' Return From Trip Around the World.**

Mrs. Barbara Hibbings, Miss Marie Hibbings and Mrs. Hibbings' mother and uncle, Mrs. Barbara Lutz and Jacob Lutz of 1830 East Superior street, returned this morning from Germany, where they have been since last May. Mrs. Hibbings and Miss Hibbings left the first of the year and have traveled around the world, starting at Honolulu, then having visited Japan and China, India, Egypt, Switzerland, France and Germany. Their stay in

## Duluth's Own Prima Donna Will Be Heard in Light Opera

"It seems to me," said Miss Rena Smith, known to the theatrical world as Miss Rena Vivienne, one of the first singers to win fame as a "Madam Butterfly," this morning in an interview, "it seems to me that Duluth ought to have a symphony orchestra of its own. It is big enough, progressive enough and rich enough and it would be a big thing for the city."

Miss Smith is a Duluth girl and Duluth is proud of its prima donna who has made good. Her idea on this subject coincides with that of musicians of the city who have been working on the plan. "The Minneapolis orchestra has been successful," she said, "and there is no reason why an orchestra here should not be successful. The Minneapolis orchestra made a most favorable impression in New York last season. Everyone who heard it was enthusiastic about its work and it would be a splendid thing for Duluth if it had such an organization."

Miss Smith is here as prima donna with the "Chocolate Soldier" company which will play at the Lyceum theater this evening and tomorrow and her friends here are interested in the chance to hear her in an active operatic role. "I was never more disappointed in my life," she said, "than at the time I was prevented by illness from singing Madam Butterfly in Duluth several years ago. It was a big chance to give up but I suppose it must have been for the best. I am a firm believer in fate."

Miss Smith arrived in the city yesterday and has been resting and visiting friends during the two days. "I love Duluth," she said, "and it always seems good to get back again. I am going to spend the night at the Lyceum and see the changes and call on some old friends and Wednesday I am going to spend with friends at Superior for we play there Wednesday night."

"I love my role in the 'Chocolate Soldier,' as it is the best musical comedy on the stage today. I believe, and I am glad of an opportunity to sing here, professionally in a really good role."

## MISS RENA SMITH.

John Olsen as a special feature. Another special feature of the evening's program will be the playing of a lullaby and "Adagio," two compositions of Mr. Erdman's, by Miss Gunderson on the violin, accompanied by Miss Olsen at the piano.

The concert will be a benefit for Mr. Erdman to enable him to secure funds to study music abroad.

**Japanese Party.**

Mrs. P. J. Whelan of 419 Twenty-first avenue west entertained Saturday afternoon at a Japanese tea party.

## Cabin Party.

A party, including the following young people, spent yesterday at the cabin of Tom Quinn on the St. Louis river: Misses Florence McClure, Edna Ross, Edna McMichael, Mollie Doyle, and Messrs. Thom Quinn, Marcus Schommar, Edna Ross and Bert McMichael of Chisholm.

## Johnson-Johnson.

The wedding of Miss Theodore Mabel Johnson to Arthur H. Johnson took place Saturday morning at the home of the bride's parents, North Fifth and sixth avenue west, at 10:30 o'clock. Rev. W. L. Smith, pastor of the Westminster Presbyterian church officiating. The bride was attended by Miss Florence Devine of Minneapolis and Earl Johnson, brother of the bride, was best man. Misses Vivian Johnson and Marie Fries of Superior were the flower girls.

Miss Kenyon of Superior played the Lohengrin wedding march, preceding the ceremony and little flower girls strewn rose petals in front of the bride as she entered the living room. The bride wore a white gown with a canopy of evergreens with white and gold trim.

During the ceremony, the bride and groom played "The Simple Confession" by Thome and Mendelssohn, and followed with the "Ave Maria." The ring ceremony was used. The bride and groom were then effectively arranged about the room. A wedding dinner was served to the guests and Mr. and Mrs. Johnson left on the Soo for a week's stay in Minneapolis, after which they will reside at First avenue west and Fourth street.

## Church Meetings.

Trinity Guild will meet tomorrow for an all day session in the guild room of Trinity pro-cathedral.

The Union of Elementary Sunday School Workers will meet tomorrow evening at the Swedish Lutheran church, Twentieth avenue and Superior street. J. Glover will lead the devotions, exercises and songs. Marvin will talk on "Music in the Sunday School." The subject of discussion of special work in the different

## OBSERVATIONS

By PEGGY PEABODY

### On the Desirability of Having a Hobby to Ride.

Although I have seen the hobby of some description for every man and woman living, if you can't have a sensible one, have a foolish and harmless one out of which you can derive a certain amount of pleasure and satisfaction.

Human beings in any considerable number would probably fall to take either pleasure or interest in collecting women's hair pins—the common garb variety made of bone and wire such as before us as we think of the device commonly used to confine a woman's hair. Yet a man of some consequence in Indianapolis has a collection of more than 300,000 hair pins picked up in the streets of Europe. Each is labelled with a minute history of its discovery and the owner is credited with having the largest collection in the United States, which may or may not be an honor, according to one's viewpoint.

While this assemblage may be ordinary enough as a whole, it must contain some unique examples in the shape of hair pins and it may include some beautiful and valuable contrivances of this nature, because precious metals and jewels are fashioned into pins for the hair. These are not

ordinarily picked up on the streets, and yet such hair ornaments are frequently lost and found. Therefore a collection of hair pins need not be promisc after all.

A hobby of this kind will seem idiotic on the face of it to many whose minds do not run in such channels. Yet it is readily shown it can be both interesting and valuable from many standpoints. And it is thus apparent to any kind can become a source of education to the one who gathers it, and from all points procurable, and to others who will take the trouble to examine it.

Sneer if you will at those who ride a hobby. It often presents only a ridiculous side, but often, when investigated, it will prove itself beneficial in more ways than one.

I once poked much fun at a friend who had a penchant for small pitchers. At first anything in the shape of a small pitcher different in design from any in her collection attracted her. The closet and cabinet reserved for them soon became crowded, and then there was a wedding out of the now the collection is a precious one, beautiful and valuable and a source of great pleasure to its owner. It has taken her far afield, brought her in contact with people and things she might never have known of, and in a famed lot of little pitchers resulted their weight in gold.

There are far worse things than riding a hobby. If not carried to the extreme it is often pleasant. When it serves as a means of mental recreation and physical relaxation it may be profitable.

ent departments and all interested in Sunday school work will be welcome at this meeting, which will commence at 8 o'clock.

The Young Matrons' Club of the First Baptist church will meet tomorrow afternoon at 2 o'clock sharp at the home of Mrs. Clyde W. Kelly, Adams flats. A cordial invitation is extended to all members and non-members to attend. Mrs. Charles E. Reed will be the assisting hostess.

## Personal Mention.

Mr. and Mrs. J. S. Moore and daughter, Carolyn, of 220 North Twenty-third avenue east have left for Boston, where Mrs. Moore will enter Lasell seminary for the year. Mr. and Mrs. Moore will visit in New York and Baltimore before returning.

Mrs. W. A. McGonagle and her mother, Mrs. Sargent, who has been her guest, have left for the latter's home at Methuen, Mass., where Mrs. McGonagle will spend a fortnight.

## Display of Paris Styles.

Mme. Jeanne Savarie, with a dozen trunks of Paris-made garments and with a staff of young women who act as models, will give a display of Paris styles tomorrow afternoon on "Leading Styles for Fall and Winter."

Mme. Savarie was for many years the head of the "A. B. Modest" and is now the head of a great Paris fashion bureau. Her advice to women on what to wear to avoid is not only a sensible and valuable, but is given in a most interesting and entertaining way. Her lecture promises to fill the ready-to-wear department to its capacity.

Tickets are being issued complimentary at the Geo. A. Gray store, 5611 East Superior street, where the ceremony will be held.

What Makes Life Commonplace?

You are sick and tired of the old things. That ingrained carpet, those crude pictures on the wall of the sitting room, those faded and worned-out daily skipping and saving, the eternal grind of your work, they are all so much a part of your life, so much a part of your brain and conscience to get you crazy, writes Dr. Frank Crane in the Woman's World.

Now let us get down and talk seriously about it. What do you want? Oh, I want something different. I want to get away to see the world. I want my share of life's fullness and richness. Other people have good times; why not I? Some people have automobiles and go to theaters and travel and—Oh! if I just had money I hate this old town anyway. I wish I could go to Chicago or New York, or any where where there is something going on. It's so stupid here.

You have heard a deal of that kind of talk; perhaps you have yourself sometimes indulged in it. Now, what is the matter. Something is wrong. Let us see what it is.

Take one of these dissatisfied people out of the "stupid old town" and put him in a lively city, giving him money and excitement and all the other things he has dreamed of, and he will be happy, and what is the result? In a little while he is miserable as he was before!

I have seen it tried over and over. Where there is a restless, cheap vulgar spirit, that craves constant change and novelty, it will create unrest and wretchedness wherever it is placed. We discover, therefore, that the trouble lies in the person himself, and not in his surroundings.

Anything is commonplace, it is you.

## A Woman Who Woke Up Our Country Schools

## Let the Perfection Vacuum Clothes Washer

at \$2.50

Do Your Washing For You.

Takes Only 20 Minutes

It will save you the tiresome labor of rubbing and scrubbing and carrying wet clothes back and forth. It will save your clothes from the wear and tear of the wash board. Place this simple but entirely new device in your wash boiler along with water and soap (or powder). Place on stove to boil. The water will be automatically drawn from bottom of boiler and discharged at fountain head. This will form a continuous, swift stream of hot, soapy water, pouring through your clothes at the rate of 5 gals. per minute, that will make them cleaner and whiter than you could by hand.

A Money-Back Guarantee

The Perfection Vacuum clothes washer is guaranteed to do all that is claimed for it if used according to instructions.

Pin Money From Tomatoes.

Any one having a garden may have her share of pin money, says a writer in Today's Magazine. Let me briefly give you my experience with two rows of tomatoes, about fifty yards long. Last summer, while on a shopping trip to our nearest town, ten miles away, I carried six quart jars of tomatoes, called on my friends, and lived chiefly on "tin cans and paper sacks," told each I wanted to make her a present of a jar of canned food that would excel anything from the stores, and promised to call for the jar later. A week after I went and gathered up my jars, asking each one if she would like to furnish me with a jar of tomatoes, and let me fill them for 10 cents a quart. "This proved an

other happy surprise, and each one seemed eager to give me an order. Almost any one can succeed in canning tomatoes. My method is simple. Gather fruit in the morning, scald, peel, and core them, fill each jar with tomatoes and juice; if there is not enough juice, I finish filling with cold water.

My large wooden crate that is just made to fit my big wash pot will hold thirty-two quart jars. I now fill the pot with cold water to the top of jars, start fire and cook until tender. Set the crate out, put on lids and seal at once. I've never lost a jar in five years' trial.

## FORMAL OPENING OF NEW MUSIC STORE

The Smith & Allen company, successors to the music department of French & Bisset held its formal opening Saturday afternoon at the new store, in the Elks building, and hundreds of visitors enjoyed a delightful program of music played by the Spalding trio and piano and vocal duets and solos played by D. F. Cordingly of the Acacia company and Mr. Allen of the Smith & Allen company.

Palms and cut flowers were arranged effectively in the handsome display room and the small rooms to be used for various instruments and other things were given to the women visitors.

## BENEFIT TO THE INURED

Mining Companies on Upper Peninsula Adopting the Compensation Law.

Cleveland-Cliffs Only Company That Has Worked Out Schedule.

Islepeimig, Mich., Sept. 23.—Although there is some difference of opinion as to the way the new workmen's compensation law is to work out, the various mining companies are gradually falling in line and there is little doubt that with scarcely an exception all the companies will give the law a thorough tryout.

In the local district, the Oliver Iron Mining company has elected to come under the provisions of the law, and notices have been posted in the general offices in Ishpeming and throughout the company's mines to the effect that unless the company is otherwise notified all of its employees will be deemed subject to the provisions of the law. Whether the company will pay the benefits in accident cases from its own funds or elect one of the other forms of payment has not yet been definitely decided, although Capt. W. H. Johnston, general superintendent of the company, stated that he thought the company would adopt the first named plan.

The Jones & Laughlin Ore company has likewise elected to come under the provisions of the law, but as is the case with the other company the full details of the plan have not yet been worked out.

**Schedule's Benefits.**  
The Cleveland-Cliffs Iron company, which was one of the first mining companies in the district to come under the law, has worked out a scheme for its administration and has notified the state insurance commissioner that it will pay all the benefits from its own treasury. The old system of pensions, established by the company some years ago, will still continue in force, the injuries to the company's workmen being governed by the provisions of the new law. A booklet, containing the features of the law as applicable to the mining company has been issued to the employees. The provisions governing the benefits in the case of an employee are as follows:

If an employee leaves a widow, child or children under the age of 16, or grandchild, or a mother, father, sister or brother wholly dependent upon him, there shall be made a weekly payment of one-half his average weekly wages, but not more than ten dollars less than four dollars a week, for a period of one hundred weeks from date of injury.

If an employee leaves dependents only partly dependent, the weekly compensation shall be in such proportion as the amount paid to the deceased contributed to their support bears to his average weekly wages.

If weekly payments have been made to an injured employee and his death occurs within the period of such payments, but shall not continue for more than three hundred weeks from date of injury.

**Accident Benefits.**  
The benefits for accidents range from ten dollars to ten dollars a week and are as follows:

For loss of thumb, one-half of average weekly wages during sixty weeks.

For loss of a first finger, one-half average weekly wages during thirty-five weeks.

For loss of a second finger, one-half average weekly wages during thirty-five weeks.

For loss of a third finger, one-half average weekly wages during twenty-five weeks.

For loss of a fourth finger, one-half average weekly wages during fifteen weeks.

For loss of the first phalanx of the thumb or of any finger, one-half the amount for whole thumb or finger.

The loss of more than one phalanx shall be considered as loss of an entire thumb or finger but the amount paid for the loss of more than one finger shall not be more than for the loss of a hand.

For loss of a great toe, one-half average weekly wages during thirty weeks.

For loss of any other toe, one-half average weekly wages during ten weeks.

The loss of the first phalanx of any toe shall be considered to be equal to the loss of one-half of such toe.

The loss of more than one phalanx shall be considered as loss of entire toe.

For loss of a hand, one-half the average weekly wages during 150 weeks.

For loss of an arm, one-half average weekly wages during 200 weeks.

For loss of a foot, one-half average weekly wages during 125 weeks.

For loss of a leg, one-half average weekly wages during 175 weeks.

For loss of an eye, one-half average weekly wages during 100 weeks.

The loss of both hands, or both arms, or both feet, or both eyes, or of any two thereof, shall constitute total and permanent disability and shall be compensated accordingly.

## NO DISORDER IS REPORTED

Armory Filled for Mass Meeting of Striking Street Car Men.

Much Enthusiasm, But No Violence as Result of Gathering.

A mass meeting, attended by about 2,000 people, was held in the interest of the cause of the striking street car conductors and motormen at the Armory hall yesterday afternoon. The gathering displayed great enthusiasm, yet was perfectly orderly throughout. A fund of about \$225 was collected to help defray the cost of defending the nine men, who were cited to appear this afternoon before Judge Dibel and show cause why they should not be restrained from picketing and otherwise interfering with the strike-breakers.

Before the meeting the strikers assembled at Bricklayers' hall, Nineteenth avenue west and First street, and marched from that place to the Armory hall. The parade was joined on the way by a large number of citizens, who had no interest in the strike, aside from their sympathy for the cause of the strikers. The procession passed by several cars, which were operated by strike-breakers, yet there was no display of anger or even resentment towards the men who had been secured by the company to substitute the strikers.

Nearly all who spoke at the meeting did so with emphasis on the point that the men who were employed by the company had fully as good a right to the system that was used in the state as the strikers. C. J. Kinzel, who presided over the meeting, asked from time to time, whether there were any representatives of the Duluth Street Railway company in the hall, and if they were invited to address the meeting and present their side of the case. It seemed, however, that none of the company's men attended. If any such were there, they did not declare themselves.

**In a Good Cause.**  
Rev. J. A. McGaughey said: "I wish to congratulate these men for the good stand they have taken. It was indeed a proud moment of my life when I saw those men marching down the street, and half the crowd standing on the sidewalks watching them and street cars passed. But not a man even shouted at the men on the cars. When the rioting was in the West Duluth and the West end, the men walked among the rioters and told them to stop the violence, that it hurt the cause. They realized that such tactics would only injure them—not help them."

These men are out in a good cause. Their employers seem to think they have a right to do what they want with them. But they haven't. You own it, true enough, but you can't do what you please. You can't put a nuisance on that land you would be stopped by the law. If you said you were going to build a frame building on the land, the law would stop you. You would have to build a brick or stone building if any at all.

Now, if you can't do whatever you like with your own land—how can the corporation do whatever it likes with its employees—and that is what the Duluth Street Railway company is doing.

"They are in the wrong, or they are not, but they are afraid to risk that. When they are afraid to risk that, they must be in the wrong."

Dr. H. H. Day said the citizens of Duluth should help the men who were simply asking for the right to organize and combine for their own benefit and protection. He said in part:

It is absurd to say that the Duluth Street Railway company is not organized, for without an organization they would have been no existence. And we must grant that they have a perfectly legal and moral right to so organize.

But neither they, nor any other corporation, has the right to say to its employees: 'You shall not organize for your own benefit and protection. That is a right which belongs solely to us. We also have the right to organize.'

## All Sores Are Not Cancerous

While all Old Sores are not cancerous in their nature, very slow healing ulcer shows a degenerated condition of the blood. Virulent impurities in the circulation produce angry, discharging ulcers, while milder and more inert germs are usually manifested in the form of indolent sores or dry, scabby places. Efforts to heal an old sore with external applications always result in failure because such treatment does not reach the blood. It goes to the fountain-head of the trouble and drives out the germ-producing poisons and morbid impurities which prevent the place from healing. Then a stream of rich, nourishing blood, which S. S. S. creates, causes a perfect and natural knitting together of all flesh fibres, making a thorough and permanent cure. S. S. S. heals old sores that "come back" when S. S. S. has made a cure, because its source has been destroyed. Book on sores and ulcers and medical advice free.

## Resinol clears bad complexions

THE regular use of Resinol Soap, with an occasional light application of Resinol Ointment, stimulates the skin, permits natural, healthy action, and rids the complexion of pimples, blackheads, redness and roughness, quickly, easily and at little cost.

New York, July 11, 1912.—"For about four years my face has been affected with pimples and blackheads. My face broke out so badly that I thought I would never get cured. After trying all sorts of remedies which claimed to heal my face, I could not get any good results, so I sent for a sample of Resinol Soap and Ointment, and after using them for about three weeks they healed my face so that it is clear and smooth again. I still use the Resinol Soap, as it keeps the pores clear and free from dirt." (Signed) Allan Jones, 3221 Third Ave.

### "THE SIGNS OF THE TIMES"

Rev. J. A. McGaughey Talks on Prevailing Social Unrest.

"The Signs of the Times" was the subject of the sermon given last evening by Rev. J. A. McGaughey of the Second Presbyterian church. The pastor took his text from Matthew, 24:3, in which Christ gives the signs of the end of this age.

"The failure to properly appreciate the past," said the pastor, "is the cause of the great difficulties in acquiring the knowledge of events. To appreciate God and His forward movement, one must study His actions of the past. Before properly understanding the present or the future, the following four fundamental principles are well worth learning: First, God is second; God's sovereignty; third, nothing can thwart God's plan; and fourth, God's kingdom will ultimately be established.

"The signs of the end of this age, which were told by Christ, are that the world will be growing under oppression, that the Jews will suffer great persecution in Palestine, that the anti-Christ will be exerting a great influence throughout the world, that the love of many will grow cold because of iniquity and that the gospel will be preached to all the nations.

"We can see now that the world is going through an unrest, which is one sign of the end of times. The Jews are already gathering at Palestine and with many movements now on foot, the entire race will be settled in a short time. The people today are turning away from the church and are constantly turning cold to the teachings of God. The missionaries throughout the world are attempting to teach the gospel to all nations.

"These existing conditions all show that what Christ once said would show the end of times are gradually getting into and preparing the world for the finish."

### WILL ORGANIZE AN ASSOCIATION

Farmers Using West End Market Place Plan to Co-operate.

Farmers visiting the West end public market at Twenty-first avenue west and Superior street will organize a Market Gardeners' association within the next week. The plan has met with the approval of those selling produce in this end of the city and the members of the West End Commercial club. A definite date for the meeting of the farmers has not been decided upon as yet, but it will be held following one of the market days, when Commercial club members will be able to attend. A constitution and set of by-laws will be drawn up and officers elected for the year.

Should the plan succeed the association will branch out and include all the farmers coming into the city. In this way the three stands could work together and in case one market place is filled, the extra farmers could go over to one of the other stands.

The market days this week have been changed from Wednesday and Saturday to Tuesday, Thursday and Saturday. The new plan will be followed for the remainder of the market season this year.

### IS KILLED IN COLLISION

Former West End Man Meets Sudden Death in Minneapolis.

John W. Bahr, 33 years old, formerly of the West end, was instantly killed in a rear-end collision of two freight trains at the Kenwood yards of the Minneapolis & St. Louis railroad at Minneapolis early Saturday morning.

News of the accident reached here last Saturday evening by Fred C. Bahr of 2127 West First street, brother of the dead man, who brought the body to Duluth yesterday afternoon. Mrs. Bahr, wife of the deceased, arrived from Cass Lake, Minn., this morning and arrangements for the funeral will be made today. The funeral will be tomorrow or Wednesday and interment will be at Park Hill cemetery.

The accident happened at 3 o'clock Saturday morning, when fast freight No. 27, eastbound, crashed through a box car chained behind the caboose of an extra freight bound east, just as the extra was getting into the clear to let the freight go by. The box car and caboose were demolished, killing Mr. Bahr, rear brakeman on the extra, and seriously injuring A. W. Jamison, conductor of the extra freight. Both men were in the caboose at the time of the accident.

J. Arest, engineer, and C. A. Borgen, fireman, on train No. 27, stuck to their post and were not injured. The pilot and headlight of the locomotive were demolished, while the main line traffic was delayed for an hour following the collision. The body of Brakeman Bahr was taken to the city morgue, where it

was found by the deceased's brother, Conductor Jamison was taken to his home, where it is reported he will recover.

A car with a pulled drawbar had been chained to the rear of the extra freight and it is believed by the officials of the road that it hindered the view of the red lights to the engineer of the fast freight. The rear signals of the train were all properly placed on the caboose ahead of the box car.

Mr. Bahr was a former employee of the Northern Pacific railroad and ran out of Duluth for a number of years. He resided with his brother at 2127 West First street up to three years ago, when he moved with his family to Cass Lake. He is survived by three children, besides his wife, and another brother, George Bahr, of Hubbell, Mich.

"California," an American comic operetta, features an excellent new vaudeville bill, which opened yesterday at the Orpheum theater.

In stage settings, costumes, ensemble work and cast, this little operetta compares very favorably with the average traveling musical show. It is the most pretentious musical act yet presented at the Orpheum and that it was appreciated by the overhous house last evening was evidenced by the tumultuous greeting accorded it.

Featured in the act is Miss Leslie Leigh, who has been seen in Duluth before as prima donna in such musical shows as "The Isle of Spies" and "King Dodo." She has some able assistants, notable among whom are Austin Stuart as the English railroad owner, and Harry L. Griffith as the American mining engineer.

### NAVAL RESERVES

TO NEW YORK

Will Participate in Review of North Atlantic Fleet There.

Most of the Minnesota naval reserves, accompanied by Commander Guy Eaton of Duluth, will soon leave for New York to attend the mobilization of the North Atlantic fleet.

This mobilization will begin Oct. 6. It will be the largest gathering of warships in battle array that New York has ever seen. There will be 122 ships in line, including thirty-four first-class battleships. The vessels will be manned by 27,000 sailors under the command of 1,000 commissioned officers and 300 warrant officers.

The sailors will celebrate Columbus day, Oct. 12. There will be a land parade, in which only sea-faring men will be allowed to participate. It is expected that about 7,000 sailors will be here. The officers will hold a smoker on the evening of the same day in the Astor hotel.

Grand Forks, N. D., Sept. 23.—(Special to The Herald.)—George F. Flaah of Grand Forks, whose sensational charges against Ontario and Minnesota authorities over treatment of the insane created considerable of a stir, was yesterday placed in the North Dakota asylum at Jamestown, committed from Pembina county. Flaah has had experience in an Ontario asylum and in the Rochester, Minn., asylum, and in both instances, on his release, he has made declarations that the method of handling patients has been cruel and inhuman.

## LOSES LIFE AT EVELETH

Gregory Zadia Crushed By Heavy Timber Falling From Wagon.

Was Gathering Discarded Timbers at Adams Mine for Fuel.

Eveleth, Minn., Sept. 23.—(Special to The Herald.)—Gregory Zadia, employed in the Adams mine here, was killed yesterday while gathering wood for private use. The mine officials permit employees to take cast-off timbers to use for fuel.

## HUNTS TROUBLE AND FINDS IT

Eveleth Man Starts Garnishment and Is Convicted of Liquor Violation.

Eveleth, Minn., Sept. 23.—(Special to The Herald.)—Garnishment proceedings brought by Frederick Schaefer against John A. H. to recover on a bill of liquid goods, caused the arrest of H. today on a charge of selling liquor without a license, and his conviction followed. He paid a fine of \$50 and costs this morning.

Schaefer has been doing a wholesale liquor business in the basement of his building here for some time, but recently his government license expired. Since then, it is claimed, he continued to sell liquor in half-gallon packages, which he sold from his building and was not touched upon this morning.

## AFTER CRADLE-ROBBERS.

Campaign in Virginia Against Giving Liquor to Young Girls.

Virginia, Minn., Sept. 23.—(Special to The Herald.)—For a long time the police department has been keeping a close surveillance on young girls about the city who have been showing the tendencies of incorrigibility. The girls have been warned and also the parents. Now an arrest has been made and it is said others will follow. Fred Strobel has been convicted in the municipal court of furnishing intoxicating liquor to Hazel Buckley and is sentenced to pay a fine of \$50 and costs or spend sixty days in jail.

## HANDSOMELY REMEMBERED.

Friends of Mrs. Eric Hagstrom of Virginia Celebrate Birthday.

Virginia, Minn., Sept. 23.—(Special to The Herald.)—A few friends tendered a surprise on Mrs. Eric Hagstrom of 524 Larch street at her home, the occasion being a birthday anniversary. Presently, refreshments were served, and Mrs. Hagstrom was the guest of honor. The guests were: Mrs. Hagstrom, Mrs. J. D. Slattery, Theodore Berg, Theodore Hanson, C. West, H. Fleming, H. Welley, J. Cheneard, B. Swanson, J. Lundgren, Nels.

## WANT INTERPRETION LIGHTS.

Virginia, Minn., Sept. 23.—(Special to The Herald.)—In the case of Joe Teller, charged with defrauding an innkeeper, the defendant was found guilty and in police court Saturday afternoon was sentenced to pay a fine of \$100 and costs or to spend 90 days in the county jail. He will probably have to take the jail sentence although he is being given time to make an effort to raise the money. He was arrested recently in Duluth.

## YOUTH HAVE WONDERFUL.

Grand Rapids, Minn., Sept. 23.—(Special to The Herald.)—Alton Roberts, age 18, both of St. Paul, were arrested here by Grand Northern officers.

## RECEPTION ATTRACTS MANY.

Virginia, Minn., Sept. 23.—(Special to The Herald.)—Fully 4,000 people attended the reception to the Doan's Kidney Pills in Duluth. The reception was a very successful one and the Doan's Kidney Pills were the subject of much discussion.

## DOAN'S KIDNEY PILLS.

Nothing uncertain about the work of Doan's Kidney Pills in Duluth. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Thomas G. Thompson, 624 W. Second St., Duluth, Minn., says: "I do not wish to withdraw anything from the statement I gave some years ago in which I told how effectively Doan's Kidney Pills had rid me of kidney complaint. For some months I was bothered by pain and soreness in my back. I had other troubles and they all showed that there was much wrong in my system. When I was feeling poorly, I learned of Doan's Kidney Pills. I immediately got a box and they were just what I required. In a short time they cured me and about a year ago they quickly drove away the spell of backache that had come on me. My high opinion of this remedy has been formed by the way in which it has helped me."

For sale by all dealers. Price 50 cents. Foster-McClellan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## TRACTION COMPANY PEREMPTORILY ORDERED BY COURT TO RESTORE NORMAL CAR SERVICE

### BRILLIANT DIPLOMAT PASSES AWAY AFTER VERY SHORT ILLNESS

Baron Marschall Von Bieberstein, Known as Germany's "Strong Man."

Was Endeavoring to Bring About Anglo-German Understanding.

Count Von Bernstorff May Succeed as Ambassador in London.

Badenweiler, Baden, Germany, Sept. 24.—Germany's most brilliant diplomat, Baron Adolf Marschall Von Bieberstein, died here today after a short illness. The baron, who had occupied the position of German ambassador in London only since May this year, had come here to take a course of alkaline water treatment and was in comparatively good health until a week ago. Then he suddenly fell ill and rapidly became worse until he died today. The baron had suffered from an attack of influenza earlier in the year and his death is attributed to the after-effects of that malady and to his strenuous work in London since his appointment to the embassy there. The baron, who was a native of Baden, was 70 years old. Baron Marschall von Bieberstein was regarded as one of the most accomplished diplomats of his time and since the death of Bismarck he had been considered Germany's "strong man."

### PRESIDENT URGES BANKING REFORM

Says Question Must Be Solved and Discusses Budget System.

Washington, Sept. 24.—"One of the troubles with us, inherent in the character of our government, is that congress and public men are prone to deal with those things which attract most easily and favorably—in short to headline the attention of the general public," declared President Taft today, addressing the American Association of Commercial Executives, in convention here. Mr. Taft recited the delegates at the White House just before leaving for New York. "It's pretty hard to get the people to pay attention to the banking system, but it must be solved. I think the money we have ought to be in circulation in a system which invites it and doesn't drive it into stockpiles and safety deposit vaults where no one is going to let it out," said Mr. Taft. Mr. Taft also discussed the budget system of government finance, which favors, but which congress, at its last session, declined to adopt.

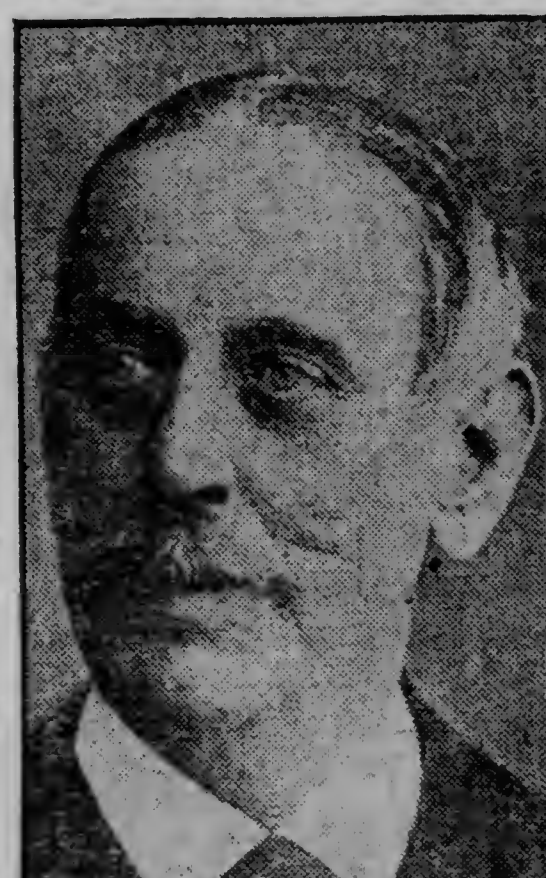

### LAST STAGE OF HIS TOUR

Roosevelt Will Spend Week in Southern and South-eastern States.

Will Not Reach New York Until Day Later Than Planned.

Chandler, Okla., Sept. 24.—With his arrival in Oklahoma today Col. Roosevelt began the last stage of his transcontinental tour which will take him through the South. He will spend a week in the Southern and Southeastern states. Col. Roosevelt spent two hours in Chandler on his way here today before starting for Oklahoma City, where he was to remain until midnight, leaving then for Arkansas. The colonel will not reach New York until a day later than was planned. He received word today that instead of going on to New York from North Carolina, where he is to speak on Monday of next week, arrangements had been made for a trip to Tennessee. ### VOTES NOT SUFFICIENT

Socialist-Labor Party May Have to Name Ticket By Petition.

Some Doubt as to Where the Public Ownership Party Landed.

St. Paul, Minn., Sept. 24.—(Special to The Herald.)—Unless returns from Ramsey, Hennepin and St. Louis counties largely increase the vote, it is possible that the Socialist-Labor party in Minnesota did not record sufficient strength in the recent primaries to entitle it to have the names of its candidates placed upon the general election ticket. This became apparent this morning, when a rough calculation of results was made from official returns received at the state capital. If this is true, the candidates can get on the ballot only by petition. According to state law, a party must poll at least 10 per cent of the vote cast at the last general election for governor, lieutenant governor, secretary of state, attorney general and judges of the supreme court. ### MAY CUT DOWN MILITARY FORCE

Plan to Reduce Number of Soldiers in Strike District.

Charleston, W. Va., Sept. 24.—Orders were issued from the office of Adj. Gen. Elliott this morning summoning all commissioned officers commanding military companies in the martial law zone to Charleston for a conference today with the adjutant general and Governor Glascock with a view to devising some plan by which the number of soldiers in the field may be reduced. The refusal of the federal court yesterday to entertain proceedings looking to the release of mine guards imprisoned by order of the military commission, it was predicted, would result in the army's for the guards applying to the supreme court for appeals of West Virginia for a writ of mandamus releasing the men until such time as the case, to be filed in that court, can be tried on its merits.

### ALLEGED MURDERER OF TWO CAUGHT IN CHICAGO.

Chicago, Sept. 24.—Dominick Modesta, who is alleged to have killed a fellow soldier in Motta Santa Lucia, Calabria, Italy, and afterward shot a fellow workman at Johnsonburg, Pa., was arrested today on a street corner in the Italian quarter here by two Italian detectives of the Chicago police department. The information which led to Modesta's arrest was given by a woman, said to be a relative of the prisoner.

### DOUGHERTY INDICTED

Fifteen More Charges of Forgery Returned By Peoria Grand Jury.

Result of His Suit to Recover Land Given in Trust.

Peoria, Ill., Sept. 24.—The grand jury has returned fifteen indictments for forgery, embodying 665 counts against Newton C. Dougherty, former head of the Peoria schools, now living under a parole to a Chicago publisher, immediately after the report of the grand jury had been read to Sheriff Grant Minor, a deputy sheriff started for Chicago to arrest the former educator. The indictments are based on evidence heretofore unknown to the state's attorney. They are based on script found in old records and for the years 1888 and 1889. The script was found by Prosecutor Scholes and Sheriff Minor. (Continued on page 6, fourth column)

### SNOW STORM IN THE RED RIVER VALLEY

Four Inches of Snow Covered the Ground at Argyle.

Crookston, Minn., Sept. 24.—(Special to The Herald.)—The steady rain which has been falling over this part of the state for thirty-six hours this morning turned into a blinding snow storm in the North Red river valley. At Argyle four inches of snow covered the ground and the train from Grand Forks was covered with snow on its arrival here. No snow has yet fallen here, but the weather is rapidly growing colder. During the last twenty-four hours, 1.96 inches of rain has fallen in Crookston.

### CORDOVA IS ARRESTED

Colonel of Mexican Rebel Army Now Held at El Paso, Tex.

Strong Protest Against Gen. Orozco's Treatment By American Officials.

El Paso, Tex., Sept. 24.—Jose Cordova, a colonel of the rebel army and chief adviser of Gen. Orozco, was arrested here last night, as he stepped from an arriving train. He had been freed at Marfa, Tex., where he was first held on a neutrality violation charge after being captured with Col. Pasquel Orozco, Sr., by United States officers. The local charges preferred by Mexican Consul Liorente, with intent to extradite, are murder and a statutory offense. A strong protest by press and public was raised here yesterday regarding the treatment of Col. Pasquel Orozco, father of the leader of the Mexican revolution, at the hands of a United States deputy marshal and a customs guard, who marched the aged revolutionist through the streets from the station to the jail, nearly causing a riot among the hooting Mexicans who followed the prisoner. Professional men and police have (Continued on page 6, fifth column)

### MCGOVERN TO BE OPPOSED

Progressives to Put State Ticket in the Field in Wisconsin.

Milwaukee, Wis., Sept. 24.—Failure on the part of Governor F. E. McGovern, Republican, to state his views as to his preference regarding presidential electors as between Taft and Roosevelt, probably will today result in the state Progressive party of Wisconsin, through its state central committee, putting a state ticket in the field. When the state convention met on Sept. 11 and selected presidential electors, the matter of a state ticket was left with the state central committee to come up at a meeting today. Prior to the meeting it was generally believed a complete state ticket would be named, but that it was hardly likely any provision would be made for congressional candidates.

### PANAMA CANAL MAY WORK HARDSHIP ON MISSISSIPPI VALLEY

Lakes-to-Gulf Waterway Is Needed to Give People Its Benefits.

Address By President Kavanaugh at the Little Rock Convention.

Little Rock, Ark., Sept. 24.—The opening of the Panama canal will work hardships on the people of the Mississippi valley unless the lakes-to-the-gulf deep waterway project is carried through, according to President William K. Kavanaugh of the Lakes-to-the-Gulf Deep Waterway association, whose speech was read today before the annual convention. "This association has evolved the slogan that river regulation is rate regulation for transportation. Another truth, self-evident, then naturally follows, that river regulation is price regulation. Thus we reach the very depths of the problem, the cost of living. Our leading engineers have already told us that it is easily possible to secure a preliminary depth from the lakes to the gulf of at least fourteen feet, and our consulting engineer, Lyman E. Cooley, says that a 24-foot channel can be had from the Gulf of (Continued on page 14, fifth column)

### VOTE BEING CANVASSED

State Board Meets at Capitol With Many Returns Missing.

Chief Interest Now Centers in Selection of State Committees.

St. Paul, Minn., Sept. 24.—(Special to The Herald.)—The state canvassing board convened this morning at 10 o'clock in the house chamber. Twenty-six counties of the eighty-six have so far failed to report the election returns. The committee is composed of Mr. Schmah, Justice C. L. Brown, Justice P. E. Brown, Judge J. H. Quinn of Fairmont and Judge Booth of Minneapolis. Mr. Schmah says he will not notify any candidates regarding the outcome of the primary election until the canvassing board has officially acted. Neither will he announce any meeting of the candidates. The law provides for that and those who assemble will come on their own initiative and on the conviction from newspaper reports that they have been nominated. A lively time is anticipated if the question of credentials is raised in the meetings. As a matter of law the only persons legally entitled to a seat in the gatherings will be the hold-over senators. It is not anticipated, however, that the reported returns will be questioned. Chief interest now centers, politically, in the method that shall be employed in the selection of a chairman and a secretary of the state central (Continued on page 6, fifth column)

### NO DEFINITE MOVE IS MADE

By Either Side to Force the Issue in Bingham Strike.

Bingham, Utah, Sept. 24.—At the beginning of the second week of the Bingham copper strike today no definite move has been made by either operators or strikers to force the issue. Renewed efforts are being made to obtain through Governor Spry a conference with D. C. Jackling, general manager of the Utah Copper company. Secretary E. C. Locke of the local miners union announced this morning that applicants for membership to the union received since the strike was declared number nearly 1,000. The applicants include, says Mr. Locke, practically all the non-union miners in Bingham. Many laborers with their families are leaving Bingham. Trains leaving here last night and this morning were crowded with those departing for other camps.

### CITY WINS MANDAMUS PROCEEDINGS

Company Must Resume Service in Effect Before Sept. 9.

Failure to Run Needed Cars Not Now Due to Riots.

Any Further Riots Will Be Ground for Reopening Case.

Under an order of the district court, the Duluth Street Railway company must resume full and adequate street car service. Judge Homer B. Dibel at noon today filed his decision in the city's mandamus suit against the street railway to force a resumption of the old service such as was offered prior to the strike. He orders that "a peremptory writ of mandamus issue commanding the respondent (street railway) to furnish and run a sufficient number of cars to accommodate the traveling public on all of the streets of the city of Duluth used and occupied by it for railroad purposes and to resume the service which it furnished prior to Sept. 9, 1912."

The writ which will follow will be directed only to the furnishing and operation of sufficient cars. And by sufficient, the court has indicated that it means the same service that was being furnished prior to the street railway strike on Sept. 8. The court will hear the attorneys on the exact wording of the writ. The company, the court holds, cannot be compelled to reinstate the strikers. Neither can the strikers be compelled to go to work for the company again. May Be Reopened. If serious disorder breaks out again, Judge Dibel intimates the street railway or the city has the right to reopen the proceedings. Judge Dibel holds that under the franchise under which the street railway is operating it is obliged to maintain a sufficient and proper service. At the trial he found that there was evidence of disorder and rioting between Monday and Friday of the first week of the strike. The street railway, he holds, was justified in abandoning and interrupting (Continued on page 6, third column)

### MORE MONEY WANTED FOR RIVER LEVEE WORK.

Memphis, Tenn., Sept. 24.—A campaign aimed at obtaining more liberal federal contributions for river levee construction was inaugurated by delegates to the Interstate Levee Association which began a three days' session here today. Planners whose interests are affected by the overflow of the Mississippi river and its tributaries, members of congress and of the Mississippi river commission and state and levee board officials took part in the discussions. Col. Roosevelt will address the convention Thursday.

### PRIMARY IN NEW JERSEY

Contest Over Democratic Nomination for Senator of Chief Interest.

Bay State Republicans and Democrats Also Selecting Candidates.

Newark, N. J., Sept. 24.—Governor Wilson's hold on his party in New Jersey will be tested in today's primary contest for the Democratic nomination for United States senator to succeed Frank O. Briggs, Republican, whose term expires next March. The governor's choice, Congressman William Hughes of Paterson, is opposed by Former Senator James Smith, of Newark, whose candidacy for the office met defeat less than two years ago because of Governor Wilson's opposition. This year Governor Wilson has opposed Mr. Smith in speeches and in statements addressed to the Democratic voters. Two other names appear on the primary ballot as candidates for the senatorship, viz: Former Judge Wescott (Continued on page 14, seventh column)

## APPEAL MANDAMUS CASE TO THE SUPREME COURT

Harris & Pearson, of counsel for the Duluth Street Railway company, will at once appeal to the supreme court from the opinion and decision of Judge Dittell. A copy of the record in the case has been already ordered from the court reporter.

The effect of the appeal will be to stay all proceedings in the trial court and no writ as ordered by the trial court will be effective, it is claimed.

until after the supreme court has finally passed upon the case.

Mr. Warren says: "While the appeal is pending, the Duluth Street Railway company will, as it always has done in the past, use every possible effort to give the people of Duluth good street car service and no effort will be spared to restore the equipment damaged during the past two weeks to serviceable condition. This case will come up at the April, 1913 term."

## ROTARY CLUB BOOSTS TWO HARBORS FAIR.

At the meeting of the Rotary club last night members were urged to go to the Harbors Fair. Saturday is Duluth day at the Lake county fair. The residents of Two Harbors, expecting a large number of Duluthians, have arranged a fine program of entertainment. It was announced.

It was also announced that the road between Duluth and Two Harbors is in excellent condition and that the trip would be most enjoyable provided the weather is fine. Further plans were made for the exposition of home manufactured goods which will take place at the home dinner at the Auditorium on Oct. 21, were also discussed.

## EFFECTIVE CANADIAN LAW.

Gives Adequate Relief to Moorhead Widow.

Moorhead, Minn., Sept. 24.—(Special to The Herald.)—How the Canadian law protects a widow is shown in the case of Mrs. H. P. Hanson of Moorhead, whose husband was fatally injured in the Port Rouge yards of the C. P. R. in Winnipeg. The widow, Mrs. Hanson, says that under the Canadian law Mrs. Hanson, the widow, will receive per month, for three years, the amount of her husband's last pay. This is a great relief, as her husband's last pay was only \$40. She had been receiving only \$20 per month, and she feared the amount of her monthly compensation for three years.

## PETITIONS FOR COLLINS ARE BEING CIRCULATED.

St. Paul, Minn., Sept. 24.—(Special to The Herald.)—The name of E. V. Collins of Minneapolis has been placed on the general election list for governor and is being circulated by the Progressive party. Collins is a resident of St. Paul and is a member of the Minnesota legislature.

## MOUNTAIN IRON AFFAIRS.

Mountain Iron, Mich., Sept. 24.—(Special to The Herald.)—A concert given by the Mount Iron school alumni in the high school auditorium, which was almost filled to capacity, was a pleasant affair of last Sunday evening. The songs rendered by the girls club and the enthusiasm manifested by the audience well proved, it is believed, a source of pleasure and encouragement to the participants for future arrangements of a similar nature.

The women of the Presbyterian church recently organized a Ladies' Aid society and will from now on have their regular meetings on the first Monday of each month for the church and for the social welfare of the village.

## MRS. HELEN GRAY'S CASE IS AGAIN POSTPONED

Washington, Sept. 24.—Mrs. Helen Gray of St. Paul, Minn., an investigator of Crow Indian affairs, and charged with concealing public records, was arraigned before a United States commissioner today and her trial was postponed until tomorrow. Mrs. Gray was alleged to have taken the allotment roll of the Crow tribe from the Indian office. It was found in the department of justice after her arrest.

## GOVERNOR JOHNSON IN MASSACHUSETTS.

Springfield, Mass., Sept. 24.—Governor Johnson of Minnesota, who spent last night here, planned to make his first speech in New England at Worcester today. From there he was to go to Boston for a night meeting.

Thus far the governor's schedule calls for only three days' campaigning in New England. He hopes, however, to return later and make more addresses. Progressing centers have applied for dates and he intends to accept these invitations first.

## ALGOT JOHNSON WANTS PARDON

Algot Johnson, the 17-year-old boy sentenced to Stillwater for the murder of a Duluth policeman two years ago, is working hard to secure a pardon.

Relatives and friends of the young man have asked the pardon board to release the boy, claiming that he is afflicted with tuberculosis and can live but a short time anyway.

Young Johnson has written to the county attorney here asking him if he can do anything in the matter. County Attorney Norton will probably make no recommendations to the pardon board.

90 Years Old—Strong and Vigorous

Mr. C. W. Rutland, who is nearing the century mark, wishes to add his words of praise to that of the thousands who extol the virtue of this great tonic stimulant and renewer of youth.

"I am 89 years of age, near 90, and am strong and vigorous. I had a severe attack of grip and catarrh 12 years ago, and began using Duffy's Pure Malt Whiskey. It did me a world of good, and now, when I feel the need of medicine, I use it. I know it has prolonged my life. I can honestly recommend Duffy's Pure Malt Whiskey for general debility, and as the best tonic and stimulant for aged people. I have had twelve children—C. W. Rutland, Mattie, L. I.

Duffy's Pure Malt Whiskey is a gentle, invigorating stimulant and tonic that influences for good every important organ of the body. It brings into action all the vital forces, and makes digestion perfect.

Its rare purity and honest richness have won the friendship of the civilized world. It is more than a medicine—it will keep you well.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the government as a medicine during the Spanish-American War.

### SAM SCHEPPS TALKED FREELY

Hot Springs, Ark., Sept. 24.—"My evidence will send Becker to the chair, don't I know it?" This, in effect, was one of the declarations of Samuel Schepps, Rosenthal murder case witness, to Postmaster Fred E. Johnson of Hot Springs, according to the testimony of Mr. Johnson last night before Special Commissioner Huff.

Another declaration of Schepps, according to the postmaster, was in substance: "If Rosenthal had not been such a 'poacher' he would not have got himself in so bad. I don't want you fellows to think we killed a man of some account. Rosenthal deserved to be killed."

Johnson, who arrested Schepps here, said he talked to him almost five hours on Aug. 10. Schepps, he said, first begged not to be delivered to the New York police; then discussed graft, public officials, the causes leading up

to the killing of Rosenthal. Becker, Johnson testified, was described by Schepps as a "grafter," one who was always urging an increased donation if a gambler showed prosperity.

C. H. Mosier corroborated the testimony of previous witnesses as to Schepps' alleged assertion crediting to Becker a threat to kill Rosenthal if the "gang" did not, and Rosenthal's connection with women and girls. The hearing was finally adjourned late last night.

### SECOND TRIAL OF DR. FRITCH IS BEGUN.

Detroit, Mich., Sept. 24.—A jury to try George A. Fritch for the second time for manslaughter in connection with the death of Maybelle Millman, was secured in circuit court yesterday, and the taking of testimony started today.

The dismembered body of Miss Millman was found in a creek near Detroit during the fall of 1909. Dr. Fritch was arrested shortly afterward, convicted of manslaughter after a sensational trial and sentenced to fifteen years at the Jackson penitentiary.

After Fritch served two years and four months of his sentence, the supreme court allowed him a new trial on a ground of errors in the first proceedings.

## "TAG DAY" FOR STRIKERS

Citizens Will Be Asked to Contribute to Car Men's Fund.

Little Change in Strike Situation Reported During Day.

Saturday will be tag day. A meeting held this morning the striking street car men decided to give everybody a chance to donate to their cause on the last day of the week.

Tags are being printed. They will be sold for whatever they will bring. Ten cents, 25 cents or even smaller sums will be accepted with thanks.

One hundred young women will do the hustling. They are being recruited from the families of the strikers. They will visit the offices and canvass the downtown district from early Saturday morning until late at night.

From 9 to 10 o'clock Saturday morning the young women will take their places on the street corners and others, assigned to office buildings will begin going through them.

The motto is "Everybody in Duluth wear a tag." Every one will be asked to buy a tag. They may pay anywhere from 10 cents to \$10 for it.

The Mors & Sampson candy store on West Superior street will be headquarters for those who work on the streets Saturday.

It is expected that with the money raised from the dances given and that to be raised Saturday, the strikers will be in shape to continue the strike indefinitely.

The street car situation was unchanged again today. Cars were running pretty well up to the noon hour, but it was noticed at that time that many of those who had planned to go home to lunch were not at their homes. Public time on the street corners waiting for cars.

**Hall Returning.**  
E. G. Hall, president of the Minnesota State Federation of Labor, will arrive in Duluth tonight. Mr. Hall has been on duty in Duluth almost continually since the strike began, but was called away Sunday night on a business trip to Minneapolis, his home city.

Treasurer Orr of the International Association of Street Car Men is still in the city and will remain here until the strike is settled.

The strikers are holding daily meetings at Bricklayers' hall, Nineteenth avenue west and First street. They are determined that they will not "settle" until there is some hope of settling the trouble without humbling themselves.

They are ready to go back to work and submit the matter of the nine discharged men to a committee whose duty it would be to arbitrate matters.

The company claims that the public is getting a good service at present, but it will grow gradually better each day. It was reported that several men were taken back last night and that others showed up for work this morning. These reports are strenuously denied by the strikers, who state that they have not yet lost a man.

Laborers are still complaining about the service to that suburb as are Woodland people and West Duluth. They don't know how much worse the service is to Lakeside than it is to Duluth, but it is worse than ours. It is going some.

Details for tag day will be worked out at the meeting this afternoon.

## MONTANA TO THE FRONT

Eastern Part of State Is Very Prosperous, Says T. F. Cole.

Railroad Extensions Aid Development of Farm and Mineral Lands.

That the eastern part of Montana is forging rapidly to the front, and is undergoing a very rapid development, is the statement of Thomas F. Cole, who has just returned to Duluth from a Western tour, taken in company with John D. Ryan of Butte.

"I went West to inspect the properties in which I am interested at Great Falls and Butte," said Mr. Cole this morning. "At Great Falls we have developed water power and are transmitting electricity to the mines at Butte and concentrators and smelters on every hand. The men employed in the eastern part of Montana in an exceedingly prosperous condition. The crops are excellent, the grade of wheat No. 1 and the yield per acre very high. Large areas of land have been plowed and sown to winter wheat and promise good crops next year. The soil seems well adapted to the growth of winter wheat, and the increase in acreage that will be plowed for growing this cereal during the next five years, will be very large."

"Railroad development in the entire eastern part of Montana is not only planned on a large scale, but extensions are being rapidly constructed by transcontinental lines."

"In Butte city conditions are good, and evidences of prosperity are shown on every hand. The men employed at the mines and on exploration work are receiving good pay, and the merchants are enjoying excellent trade. The dismantling of many smelter plants formerly operated near the city is enabling people to grow trees and beautify the surroundings of their homes, public buildings and parks, by growing grass on their lawns which now compare favorably with beautiful lawns in the city of Duluth."

"I look for a continued increase in the development of the state both in its mineral lands and its farm lands. Its citizens are active and alert in this development, which is aided to a marked degree by the extensions of the railroad lines referred to."

**OLD CASE IS BEING RETRIED**  
In district court before Judge Dibell, the Harwood-De La Motte case is being retried. The case involves a claim of \$2,152.82 brought by A. L. Harwood against his former employer, J. De La Motte for services. The case was tried at the last term of court but was never submitted to the jury, the court dismissing it on a technicality. Harwood claims that he was engaged in securing evidence for the White Iron Lake fire cases which were being handled by attorney De La Motte were never paid for, although he worked for more than a year and advanced considerable money of his own.

Susie Knapp of West Duluth in Judge Dancers' court this morning is suing the city for \$5,130 for injuries which she claims to have sustained through a fall on a defective sidewalk on Sixty-second avenue west on May 2. The jury in the case of the S. L. Routh Fish company against the Duluth Machinery company returned a verdict in favor of the defendant.

## LATEST STYLES ON DISPLAY

Fall Opening Held at the Miller-Albenberg Store.

An assembly of the season's best and most fashionable modes in both fall and winter wear is on display today and tomorrow at the Miller-Albenberg company store. The building is filled with the latest styles in ladies' and girls' wear, including also a most complete display of furs and winter coats.

Among the more interesting styles and which undoubtedly prove popular to shoppers are those imported from Paris and others modeled after the famous creations of the French capital. The fall and winter modes are in style, while the evening gowns show the latest styles to be worn this coming winter.

A sealskin coat with a sable collar and an ermine coat are two interesting fall coat models being shown in one of the large shop windows. A plush coat, an admirable imitation of ermine, is also being displayed.

Among the wraps and gowns shown for the 1912-1913 season are a blue velvet brocade wrap, maribou sets, a white afternoon frock with a black chiffon overdrape, and evening gown of white satin, gold spangled and with a black chiffon drape and lace waist. The last is a novel mode and shows the ingenuity of the American and European creators of fashion.

## TRY TO SUPPRESS BETTING AT TRACK

Baltimore, Md., Sept. 24.—Tentative preparations were made at police headquarters this morning to again send a detachment of policemen to the Havre de Grace race track to support the state authorities in their attempts to suppress betting at the track.

The plan, it is understood, is that Deputy Marshal Manning, if it is decided to send the police again today, would serve personally warrants for the arrest of certain bookmakers. If the sheriff of Harford county decided to act.

Counsel for the association conducting the races was expected to go before Judge Harlan at Belair this afternoon and apply for an injunction restraining the sheriff or any other person from interfering with racing, bookmaking and the general conduct of affairs at the tracks.

### NORTH DAKOTA W. C. T. U. MEETS

Four-Day Session About to  
Open at Devils Lake—  
Equal Suffrage.

Devils Lake, N. D., Sept. 24.—(Special to The Herald.)—The program for the state convention of the North Dakota W. C. T. U., to be held in this city Friday, Saturday, Sunday and Monday, is arranged and extensive preparations are being made by the local union and commercial club for the entertainment of the delegates. The convention will unite with the W. C. T. U. at the Grand theater and be addressed by Dr. C. C. Cresson, president of Fargo college, in the evening, and Rev. E. L. Watkins, secretary of the North Dakota Enforcement league, in the morning.

The first day will be given over to routine business and in the evening the welcoming address will be made by the various municipal organizations and Mrs. Neola Buck will deliver her annual address as acting president. An informal reception in honor of the delegates will follow.

A dominant note in the convention will be equal suffrage. Saturday afternoon the delegates will be addressed by Miss Camille Nelson of Valley City, state superintendent of this department, on "Home and the Ballot," and Mrs. R. M. Pollock of Fargo, on "The Legal Status of Women." Saturday evening will be young people's night and an L. L. L. demonstration will be conducted by Miss George M. Chambers of Churches Ferry, state secretary. The Young People's branch will be represented by Miss Mary A. Cosgrove of Wheatland, who will make an address on equal suffrage, and Miss Ethel E. Halcrow of Grand Forks, who

will speak on "What Prohibition Has Done for North Dakota."

Monday evening, Mrs. Almira Parker McDonald will give an illustrated lecture. Another representative from the national headquarters, who will be present, will be Miss Addie A. Austin, state superintendent, will present their work in short addresses.

**COUNTY WILL  
SHOW GROWTH**

Forthcoming Directory of Marquette County, Mich., Will Show Increase.

Ishpeming, Mich., Sept. 24.—(Special to The Herald.)—Marquette county has gained greatly in population during the last three years, said J. J. Houston of Detroit, who is superintending canvassing for the R. L. Polk & Co., which issues a county directory once in every three years.

The principal gain has been made in the three large towns of the county, according to Mr. Houston. The complete figures are expected to show that Marquette has gained 300 or 400, Negaunee in proportionate increase. The farming districts also show a goodly increase.

It was not expected here that the returns of the canvassers would show that Ishpeming had made any marked increase, as the last three years have not formed a boom period for this district by any means and the number who have left town for the West and the Copper country is said to be remarkably large. By those who have kept track of the shifting of the population since 1909, the date when the last directory was issued. Those who have left are for the most part skilled miners who were lured away from the

local mines by promises of big pay in the mining camps of the West.

The new directory will be on the market by the middle of November at the latest as the canvassers have but a few more days' work left in the county.

**DISTRICTS MUST  
SHIFT FOR SELVES**

Change in Republican Campaign Methods Adopted in North Dakota.

Fargo, N. D., Sept. 24.—(Special to The Herald.)—The Republican campaign in North Dakota this fall will be largely different from former years. In other campaigns the state Republican central committee have borne the brunt of the entire fight. They have been the target of the attacks of the national and state tickets and also made the congressional fight.

The state this year has been divided into three congressional districts, so instead of conducting the campaign for members of congress the committee decided that each district should have separate personal friends and workers and that the state committee should not be burdened with those fights.

Attention was made that each nominee for congress could surround himself with personal friends and workers and by co-operation with the national congressional committee do more effectively than could be done through the central committee.

**DRY PARTY MEETS  
IN NORTH DAKOTA**

Prohibitionists in Conference Get Ready for Fall Campaign.

Grand Forks, N. D., Sept. 24.—(Special to The Herald.)—The Prohibition party of North Dakota at a conference here today selected candidates for presidential electors, adopted a platform and made arrangements to conduct a vigorous campaign. The following electors were chosen: George Lippman, Grandville; John Little, Gladstone; R. N. Calderwood, Williston; E. E. Saunders, Hutton.

The resolutions favored the prosecution of prohibition laws in North Dakota and the enactment of a federal law forbidding the shipment of liquor into prohibition states.

**Factional War On.**  
Bowman, N. D., Sept. 24.—(Special to The Herald.)—What with the prosecution of Rev. George A. Totten, editor of the Bowman Citizen, on a charge of criminal libel, and the launching of several criminal actions against county officials, Bowman is in the midst of an interesting factional war, with the J. E. Phelan forces lined up on one side, and his opponents in matters political manning the opposing fleet. Mr. Totten is a brother of the state's attorney, E. P. Totten. Justice Crawford's order that Attorney A. W. F. Burnett handle the prosecution has brought from the state's attorney a demand that the case be placed in charge of the attorney general.

**Another Suit for Libel.**  
Goodrich, N. D., Sept. 24.—(Special to The Herald.)—Political differences between W. J. Burt, Sheridan county, have resulted in the launching of a newspaper man. The suit grows out of an editorial published prior to the primary election last June, and the county officer accuses the editor of slander and defamation of character.

**Two Killings at Beloit.**  
Beloit, Wis., Sept. 24.—Vito Riccio, 45 years old, was killed on a street here tonight by a bullet from a shotgun. The murderer ran under a building and when the police attempted to arrest him, he began firing at them. The officers returned the fire and fatally wounded him. No cause is given for the murder.

### BIG CROWDS WEAR WILSON

Rain Does Not Prevent the Pennsylvania People Turning Out.

Says Business Enterprise Is Not Endangered By Democratic Policies.

Scranton, Pa., Sept. 24.—Through rainy Pennsylvania, Governor Woodrow Wilson rode yesterday, campaigning as he went, and addressing thousands of people who crowded the wayside stations to see him. He arrived here at 6 o'clock last night, and participated in an umbrella parade to the army, where a big mass meeting was held as a sequel to the official notification ceremony, earlier in the day, to the state ticket.

From the moment the Democratic candidate crossed the state line at Philadelphia, N. J., and stopped at Easton, Delaware, Woodrow Wilson and Stroudsburg, there were umbrella-covered crowds to greet him. At Stroudsburg, the home of Representative Albert J. Palmer, national committee member from Pennsylvania, the biggest crowd turned out. A band played and the governor was given a lively demonstration.

It was getting along toward dusk when the governor reached Stroudsburg, and as he leaned from the rail of the observation platform, the brakeman removed a rear light.

"They know we don't need any artificial light," said the candidate amid laughter, and that there is no danger on the part of the Democratic candidate of a rear-end collision, because nobody is in the same running class with us, so that we are not afraid of any other train catching up with us. The interesting thing to the whole country is that the great state of Pennsylvania, that has so long seemed entirely devoted to the interests of one party and suspicious of the Democratic party—as if the Democrats did not understand the financial and business interests—is now showing a marked inclination to turn away from the party which has not satisfied the people and entrust its confidence to the party which is now showing a new set of policies, in order that the country as a whole may be benefited.

Not a New Program.  
"But evidently there are some family trouble and some part of the family has a tender conscience than the other, and the part that has a tender conscience doesn't exactly know what it wants to do with it. But those of us who have for sixteen years seen exactly what was coming in the year 1912, have no doubt where we are bound for. Because I want to call you to attention that the Democratic party has had substantially its present program of returning the government to the people for more than sixteen years. We aren't doing anything new in the year 1912. What has happened is that the people are beginning to see that after all we were willing to stay out of power on the conviction that the day was coming when our own platform would serve the interests of the people of the United States."

Not a New Program.  
"I don't believe that there isn't any part of the country where business interests are better understood than in the state of Pennsylvania. But I want to remind you of this—about one-half of the voters in the United States are Democrats, and you don't suppose that inasmuch as Democrats are engaged in every kind of enterprise, they are going to cut their own throats."

**CHILDREN LOVE  
SYRUP OF FIGS**

Gently Cleanses the Stomach, Liver and Waste-Clogged Bowels.

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and bowels so thoroughly and so promptly, besides they dearly love its delicious fig taste.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics; it cannot be harmful. Mothers should always keep Syrup of Figs handy for their children's stomach and bowel cleanser and regulator needed—a little given to-day will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package.

For your child's full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co., this is the delicious taste, genuine old reliable. Refuse anything else offered.

It has the brilliancy of a headlight, the power of a Mogul engine. Nothing since "Frenzied Finance" has touched it. But where "Frenzied Finance" tore down, "The Remedy" builds up.

**Mr. Lawson** will describe the Stock Exchange device by means of which the masses are regularly separated from their share of national prosperity.

He will show how the device works; how the bare-faced robbery is pulled off. Having shown it in words as cold as steel, he will illustrate and drive home his points with true tales as glittering as the Arabian Nights.

Then he will show you the simple, sane, legal way to stop it.

We believe this wonderful man from Boston has his finger on the sore spot in our community life.

### TRIAL OF DAMAGE SUIT RESTRAINED

Supreme Court of Washington Issues Injunction in Moore Case.

Olympia, Wash., Sept. 24.—Acting Chief Justice Wallace Mount of the state supreme court, issued an injunction yesterday restraining the superior court of King county from proceeding with the trial of the \$1,000,000 damage suit of James A. Moore against the Metropolitan Trust Company of New York, until the entire supreme court can pass upon Moore's application for a permanent restraining order.

This is the case in which the Metropolitan company accuses Leslie M. Shaw, former secretary of the treasury, and allegedly misrepresenting the condition of the Western Steel corporation, and afterward went into bankruptcy. The suit was brought by Moore in Jefferson county, Wash., but the King county court assumed jurisdiction because the officers of the Western Steel corporation were in Seattle. Moore seeks to have the case tried at Seattle, where he has a large business interest. The case is now in the hands of the supreme court.

**BRYAN ON TRUSTS  
AND ROOSEVELT**

Says Colonel Should Mark the Date on His Issues.

Los Angeles, Cal., Sept. 24.—William J. Bryan delivered a dozen addresses in Los Angeles yesterday, although only four had been scheduled. For twelve hours the Nebraska was kept on the go. He first spoke to women Democrats at a breakfast tendered him. An immense crowd heard him later in the auditorium and in the afternoon he spoke to a large gathering at Fleet street. Before reaching the park he delivered a series of addresses from a motor car.

Discussing Col. Roosevelt and the trusts, Mr. Bryan said that the trusts have come to stay and he denounces the Democrats for wanting to make it impossible for a private monopoly to exist. Mr. Roosevelt says: "You must not let it grow and grow; let it be forced to merge; let it consolidate, but watch it! My friends, he watched it for seven and a half years and it merged and merged, when it got to a doubtful point, when it did not know whether it could merge or not,

## OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Luster to Faded  
and Gray Hair--Dandruff  
Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

## THE EUROPEAN MINERAL & VAPOR BATHS

### ARE A CREDIT TO OUR CITY

A Herald reporter made a visit to the European Mineral and Vapor Bath Parlors at 17 and 19 East Superior street and was shown through the "House of Health" and was surprised to see what equipment and facilities the institution has for treating all kinds of diseases at a very small cost to the patient.

The baths and parlors, which are divided separately for ladies and gentlemen, are furnished elegantly and the patient, after taking the treatment, can enjoy the comforts of a real home-like place. Private rooms are reserved for those who live in or outside of the city, so that in case patients desiring to remain at the Sanatorium can do so at very moderate rates.

The reporter was also shown hundreds of testimonials, which are not "faked up" ones but with the genuine signatures of those who have been cured of Rheumatism, Colds, Lumbago, Skin and Blood Diseases, Liver and Kidney Troubles, etc., and was informed by the Professional Masseuse in charge, that there is no necessity of any one suffering with the above ailments to leave the city and pay an enormous price, when they can be cured right here in Duluth. They have professional masseurs in attendance night and day, for both ladies and gentlemen, and the office is open all day to give free consultation.

Don't forget the place and number. The European Mineral and Vapor Bath Parlors, 17 and 19 East Superior Street, Second Floor. Call, write or phone for appointments. Melrose 3153.

## SAYS ALDERMEN ACCEPTED BRIBES

Former Clerk Schreiter Testi-  
fies in the Detroit  
Graft Cases.

Detroit, Mich., Sept. 24.—Former Councilman Clerk Edward R. Schreiter, testifying for the prosecution at the hearing of himself and seventeen aldermen charged with conspiracy to defraud the city, admitted that he was the first of the eighteen to suggest the acceptance of money from the Wabash railroad in return for municipal favors.

During his cross-examination Schreiter said that he discussed the so-called Wabash graft deal with each of the seventeen aldermen under indictment as well as with others not accused of bribery. In every instance, he said, he was the first to suggest that they agree to accept money for their vote to close a street for the benefit of the railroad company. He also testified that after that and prior to the arrest of the councilmen and aldermen he received alleged bribe money or had promised to take it.

Charges of promising to accept a bribe on which Aldermen Merritt, Zoeller and Skrzewski were arrested some time ago were dismissed in justice court yesterday. Merritt and Zoeller have still to answer to the conspiracy charge.

## DENOUNCE THE ANTI-TRUST LAW

Attorneys for "Bathub Trust"  
File Brief With Su-  
preme Court.

Washington, Sept. 24.—The venom of anarchy could not elaborate a more enervating, paralyzing prescription than the Sherman anti-trust law, translated literally, declared attorneys for the so-called "bathub trust" in a defense of that organization filed with the supreme court of the United States. Their brief constituted the opening of the fight before the highest tribunal over the finding of the federal courts in Maryland that the enameled ware manufacturers were violating the Sherman anti-trust law.

Richard Noble, Henry D. Estabrook and Hartwell P. Heath, whose names appear as counsel for the defendants, argued in the brief that the alleged illegal combination had been a benefit instead of an evil to the public.

## SEARCHING FOR BANK ROBBERS

Who Flooded Chicago Under-  
world With Stolen  
Canadian Bills.

Chicago, Sept. 24.—The United States authorities, the English government and the police department of Greece have joined in the effort to run down the missing members of the band of safe robbers who looted the Bank of Montreal at New Westminster, B. C., of \$727,000, and after making their way to Chicago, flooded the underworld of the city with Canadian bills. The escape of the men created one of the greatest police scandals in the history of the Chicago department.

The Greek government was brought into the search by the disappearance of Louis Colovos, who is said to have been in the possession of secrets concerning the robbers' escape after they had worked here three weeks disposing of the stolen bills. Colovos is described as an interpreter for Miles J. Devine, attorney for James Sillas, the Greek saloon keeper in whose place Police Lieutenant Burns was knocked unconscious in the single-handed attempt to arrest two robbers, the failure of which made their presence public.

## FALSELY ACCUSED HIMSELF

Of Murder to Help Another Man to  
Obtain Pardon.

Denver, Colo., Sept. 24.—Joseph Krasno, a Russian, living in Jasper county, Iowa, was arrested here last night and confessed that on a promise of a reward of \$10,000 he had falsely accused himself of murdering Mrs. Mathilda Hermansmeyer of Newton, Iowa. The reward, he told the police, was promised him by Simon Krampe, father of Leo Krampe, who was convicted of the crime and sentenced to life imprisonment. The motive of the alleged deception, he said, was the hope of obtaining a pardon for Krampe, Mrs. Hermansmeyer, a rich reclusive, living on a farm near Newton, Iowa, was found murdered on Feb. 25, 1911.

## TAFT ELECTORS FOR WISCONSIN ARE NAMED.

Milwaukee, Wis., Sept. 24.—At a meeting of the Republican state central committee last night vacancies on the electoral ticket were filled as follows:

Electors-at-large in place of John Hicks, Oshkosh, Sol Levitan, Madison, was chosen in place of C. C. Giddings, Racine, Dr. M. V. Dewbre was chosen, and George Weatherbee of Eau Claire was selected to succeed A. C. Anderson in the Tenth district.

## CHICAGO SLUMS AMONG WORST IN THE WORLD.

Chicago, Sept. 24.—Chicago slums were described as among the worst in the world by Henry Vivian of London, chairman of the British co-partnership housing council, in an address here yesterday. Mr. Vivian said it was a wonder that human beings could live in some of the Chicago tenement districts. He extended his condemnation to include the apartment houses of well-to-do people as being merely expensive slums.

**Knows of No Treaty.**  
London, Sept. 24.—The Greek minister in London declared in an interview that he had no information regarding a formal treaty of alliance between Greece, Bulgaria and Serbia. Nevertheless, the minister added, "we have obligations toward our brethren who are still under Turkish rule which cannot be disregarded or evaded."

**Murder Suspected.**  
Chicago, Sept. 24.—Clothing worn by a 6-year-old child was found on the wharf in front of the Chicago Yacht club in Grant park yesterday, and police are working on the theory that a murder may have been committed. The clothing is of fine quality, several of the garments were torn into strips,

The Wilson campaign fund showed a revival of interest today when subscriptions amounting to \$12 were received. Two of them were for \$1 each.

These are the kind of subscriptions that are wanted. Not that subscriptions of \$10 and above are tabooed, far from it. They are welcome, but the fund is one to which anyone interested in the campaign may contribute his mite, whether it be 25 cents or \$25.

The fund was inactive for a few days during the close of the primary campaign, but the full now seems to be over and contributions are coming in much more freely.

The following letter from a Duluth man in North Dakota should furnish some inspiration to those who have been putting off an important duty:

"To the Editor of The Herald:

"Enclosed you will find my check for \$10 for the Woodrow Wilson Campaign Fund. I cannot un-

derstand how the rank and file of American voters can support President Taft with his tariff record and appointments to the United States supreme court, or how one can support ex-President Roosevelt when his position on the tariff and on trusts is carefully considered. Therefore Governor Wilson is the only candidate whose policies promise real relief from the tariff graft and the sag methods of the trusts, so that to support him is not only a privilege but a duty that I owe to ourselves and our posterity.

"If I find it impossible to devote some time to the campaign next month I shall contribute more to the campaign fund. Very truly yours,

"GEO. A. YELCH

### LODGE FUNDS ARE STOLEN

Sneak Thief Enters Home of Treasurer of Railroad Union.

Nearly \$200 belonging to the Duluth lodge of Locomotive Engineers and Firemen was stolen in broad daylight yesterday afternoon from the home of J. E. Bergstrom, 130 North Twentieth

avenue west. Mr. Bergstrom is the secretary-treasurer of the local organization.

Mr. Bergstrom was out of the city yesterday on his engine, and his wife had left the home about 3 o'clock to attend to her shopping. Upon her return Mrs. Bergstrom found that the house had been entered and that the money taken from the lodge fund was \$185. A drawer of the desk had been left open by the thieves, said Mrs. Bergstrom, and when she went over to push back the drawer, she learned of the theft.

Mrs. Bergstrom reported the matter to the police who immediately began an investigation. Mr. Bergstrom returned late in the afternoon and he was able to give the police a complete record of the checks taken by the thieves. The checks run from \$25 to \$10 and total exactly \$185. The cash amounted to \$125. The money belonged to the lodge, having been paid to Mr. Bergstrom by the members.

Nothing of any value in the house was taken or disturbed by the thieves. A diamond ring on top of the desk was not taken by the thieves, and it is believed that the thieves had planned by some one acquainted with the Bergstrom home.

### TO PARTICIPATE IN CELEBRATION

Normanna Male Chorus Members Preparing to Visit Norway.

Preparations are being made by the Normanna Male chorus for its annual fall festival to be held the latter part of next month at Woodmen hall, Twenty-first avenue west and First street. The affair is in the hands of a committee of seven, which is now working on the features to be introduced at the festival. The hall will be decorated with Norwegian scenes, and with a myriad of Norwegian flags, pennants and streamers. The large hall will be arranged with a stage for the singers and a row of bazzos on each side.

The women in charge of the bazzos will all be dressed in Norwegian costumes, and will those serving refreshments during the festival, which is expected to last an entire week. The entire chorus will take part in the festivities and arrangements are now being made for a program of addresses each evening, besides the musical concert.

The bazar is to be given for the benefit of the fund to enable the boys to go to Norway with the grand chorus of Norwegian singers representing the United States at the celebration of the Fourth of July, 1914. A grand affair will be held at Christiania. This day will be called the Norwegian-American day. The chorus from this country will have charge of the day's program and will entertain the royal visitors at an evening concert.

### PLAYGROUND FOR ADAMS SCHOOL

Agitation Started to Have the City Purchase a Site.

Advocates of a playground for children attending the Adams school are again taking up the question, and an effort is now being made to have the city buy the property opposite the school on Superior street.

The children are in constant danger from passing automobiles and street cars on Superior street, and it is for this reason that a suitable playground is desired by local residents. The school is located above the street level and affords a playground for very few children, while the others are compelled to play on the sidewalks and street.

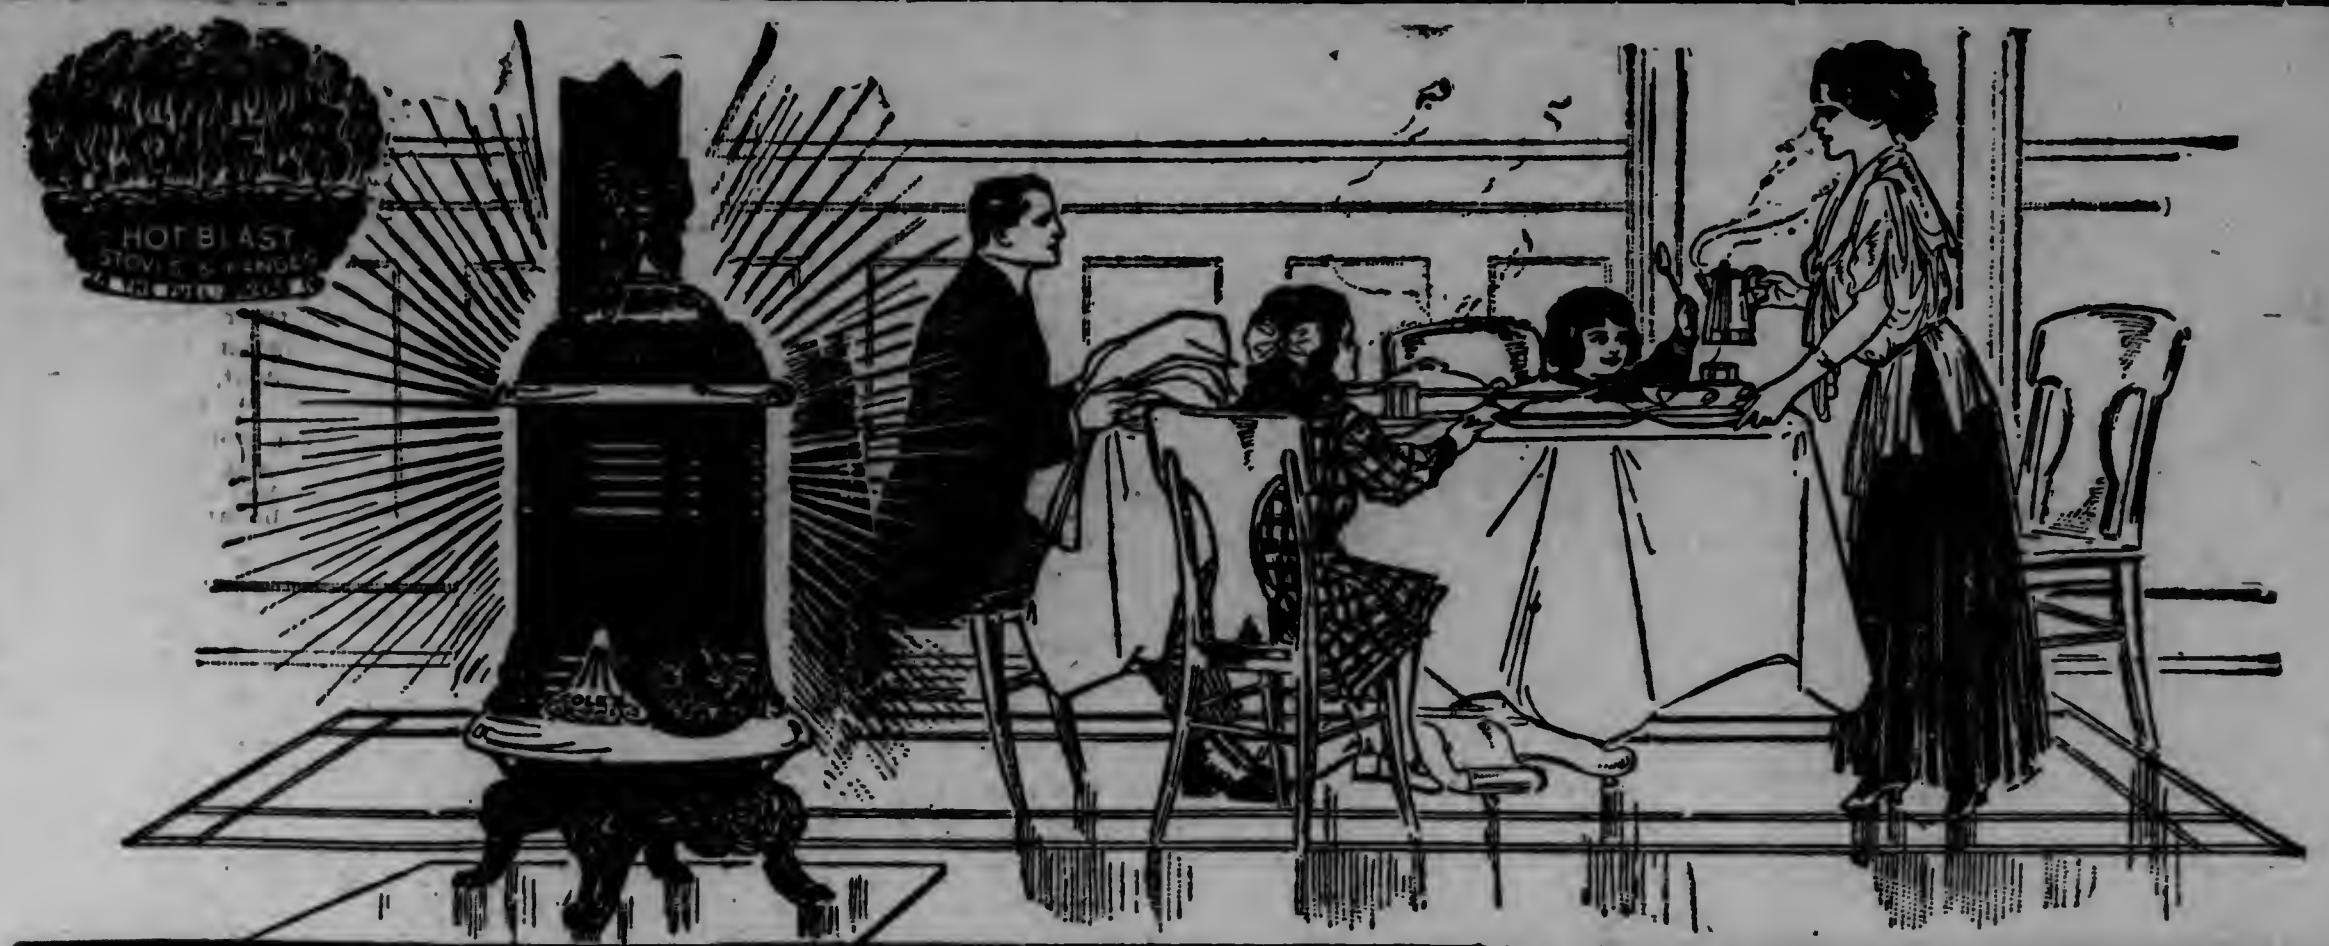

It is also impossible, say those behind the movement, to secure a suitable location next to the school, the structure is on a hill. The Superior would easily fill the requirements of a playground. The ground is level and large enough to accommodate 200 children at one time. The place was formerly used for playground purposes, but was given up over two years ago and nothing done with it since.

The desire of local residents is that the park board either lease or purchase the property and arrange the grounds for the children. Gymnastics apparatus could be fitted up for the summer and spring seasons, while the location would make an admirable skating rink in the winter.

It is planned now to circulate a petition among the business men. This will be sent to the park board as soon as sufficient names are obtained.

### Pastor Returning.

Rev. Edward Erickson, pastor of the First Norwegian-Banish M. E. church, Twenty-fourth avenue west and Third street, will return this evening from

## Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions connected with a good fuel.

## POSTMASTERS TO BE PUT IN CLASSIFIED SERVICE

President Taft Reaches Decision as to Fourth Class Offices.

Wants Congress to Place Other Classes Under Civil Service Rules.

have not been worked out, it is expected that the covering into classified service of this great number of officials will be accomplished by the designation of the postmasters of groups of states successively.

Both the president and the postmaster general have recommended to congress that all postmasters be covered into the classified service, and that, as far as possible, the entire personnel of the postal service be removed from political influence. As to the first, second and third classes of postmasters, legislation by the congress would be required to place them under civil service regulations, but the president now has authority under certain designated limitations of competency and efficiency to put postmasters of the fourth class under protection of civil service rules.

### WILL STUDY ROAD BUILDING BY PRISONERS.

Des Moines, Iowa, Sept. 24.—Governor B. F. Carroll has started on a two weeks' trip through Colorado, Arkansas, Mississippi and Georgia, for the purpose of studying road building by prisoners and the operation of farms in connection with prisons. Governor Carroll said he was making the trip in the hope that he might be able to present to the next legislature plans for changes in the Iowa penal system, which was reported inadequate by a commission.

### Just Half in Bed

Clyde, Ky.—Mrs. I. A. Decker, writes from Clyde: "I recommend Cardui, the woman's tonic, to any woman in need of a remedy. For five years, I was unable to do my own work. Half my time was spent in bed. At last I tried Cardui. Now I am well and happy, and can do my own work." Don't suffer pain, headache, backache, and other womanly miseries, when your own druggist has on his shelf a bottle for your relief. As a general tonic, for weak women, nothing has been found for 50 years that would take its place. Try it. It will help you.

## STALWARTS FOR WILSON

**South Dakota Anti-Roosevelt Republicans So Declare Themselves.**  
**Claim to Control Enough Votes to Block Third Party Ticket.**

Sioux Falls, S. D., Sept. 24.—(Special to The Herald.)—All steps looking toward a truce between the two Republican factions in South Dakota have been abandoned, and it will be a fight to a finish between the factions, with control of the five presidential electors and congressional and state offices as the bones of contention.

Because the Roosevelt men who are in control of the party machinery in the state have placed on the Republican ballot five electors who are supporters of Roosevelt, all Republicans who favor the election of President Taft will make a choice between what they regard as the lesser of two evils and cast their ballots for Woodrow Wilson and endeavor to keep Roosevelt from capturing the five electors. The fight between the factions will extend to the state offices, with the office of governor as one of the most important involved. Every nominee on the Republican state ticket, who is an outspoken supporter of Roosevelt, has been repudiated by the Taft Republicans, who will make a state-wide fight for the election of the Democratic opponents of the Roosevelt partisans. It will mean a warfare such as South Dakota has not witnessed for years, but the two factions do not propose to take or give quarter and are preparing for a bitter and aggressive fight for supremacy.

For a time the Taft men considered having a Taft list of electors placed on the ballots, but inasmuch as they would have to appear under an independent head, with Roosevelt men occupying the space for electors under the Republican head, the Taft men realized that a fight for an independent list in the election of the Roosevelt electors. Therefore, they have decided to make their votes count against Roosevelt by voting for the Democratic nominees. So enthusiastic are the anti-Roosevelt men that claims already are made that Woodrow Wilson can carry South Dakota in the column of states which will support him in the electoral college.

The anti-Roosevelt Republicans will place checkers in the field and the fight made by them will be of the most aggressive character. The Taft men, who have about 50,000 votes, and that this vote with the normal Democratic vote of the state will be sufficient to keep Roosevelt from capturing South Dakota, and also cause the overwhelming defeat of every nominee on the Republican state ticket who has espoused the cause of Roosevelt.

The United States senatorship also will be involved in the struggle. Thomas Sterling, who at the June primary election was declared the Republican nominee, has since declared he would support Roosevelt for president, and therefore has been placed under the ban by the anti-Roosevelt Republicans. In order to bring about his defeat, the anti-Roosevelt Republicans may combine with the Democrats in capturing a majority of the members of the state legislature and thus prevent the election of Mr. Sterling.

The Republican nominees on the congressional and state ticket who are supporters of President Taft, and therefore will have the support of the anti-Roosevelt men, are: Congressman Burk and Martin E. L. Anderson, candidate for state auditor, and Frank P. Glassner, candidate for secretary of state.

The Roosevelt men who are in control of the party machinery, declare they can whip the combination of anti-Roosevelt Republicans and Democrats at the election in November. They say South Dakota is a Roosevelt state, and point to the vote cast for Roosevelt at the June primary election in support of this. The Republican vote at that time lining up as follows: Roosevelt, 37,420; La Follette, 13,770; Taft, 10,839. Thus Roosevelt secured a majority of 7,125 over both La Follette and Taft.

The anti-Roosevelt Republicans point out that in June Roosevelt was a Republican, whereas he now is the head of a third party which seeks to put the Republican party out of existence and therefore will not receive the votes of many thousands of Republicans who voted for him in South Dakota in June.

## CLOQUET DAY AT BARNUM FAIR

### Thursday Promises to Be Red Letter Day at Carlton County Exhibition.

Cloquet, Minn., Sept. 24.—(Special to The Herald.)—"Cloquet Day" at the county fair at Barnum is set for next Thursday, and a special train will be provided, leaving Cloquet at the regular time in the morning, 9:30, and leaving Barnum at 2 in the evening for the return to Cloquet, Duluth and intermediate points. This will be the second day of the fair and will undoubtedly be the best day.

All kinds of games are planned. At 1:30 there will be a one-mile free-for-all race, or trot, in 5 for a \$150 purse, followed by the half-mile running race, 2 in 3, for a purse of \$50, and there will be a 230 yard trot for Carlton county horses, half-mile, 3 in 5, with a \$100 purse. There will be a fall game between two teams from Cloquet, the big team and the blue, and this will be an interesting affair, as each team has won one game on the local diamond, and there will be a hot fight for the final and the settlement of a mooted question of several years' standing as to which is the better team.

Congressman Clarence B. Miller is expected to be present and deliver an address in the afternoon.

**News From Cloquet.**  
Cloquet, Minn., Sept. 24.—(Special to The Herald.)—The semi-annual meeting of the Women's Missionary Society of the Duluth Presbytery will be held in Cloquet at the First Presbyterian church next Friday and an excellent program is in process of preparation. The Y. M. C. night school has resumed for the fall and winter months and thus far twenty-five are enrolled and more interest than ever before is displayed by those taking advantage of the educational privileges thus offered.

The semi-annual meeting of the Women's Friday club was held Friday afternoon at the home of Mrs. Albert Cox on Chestnut street, with Mrs. C. B. Watkins as leader. The following program was given: Roll call, "Prominent Women," "Outline of the Year's Work," Mrs. Fred Vibert, "Club Work," Mrs. E. L. Foster, "Social Station," Mrs. G. W. Havens.

John was born to Mr. and Mrs. Herman Beaster, Sept. 13, a son to Mr. and Mrs. Frank Wykorak, Sept. 17, a daughter to Mr. and Mrs. John Oswald, Sept. 15, a daughter to Mr. and Mrs. Erick Novotzinski, Sept. 12, a son to Mr. and Mrs. George A. Arthur, Sept. 14, a daughter to Mr. and Mrs. Andrew Olson, a son to Mr. and Mrs. Harvey Oert, Sept. 15.

The Women's Aid Society of the Presbyterian church at Carlton gave a concert for the benefit of the church last night and secured the Metropolitan Ladies' Orchestra of Chicago for the occasion.

## UPPER MICHIGAN LACKS LABORERS

### Many Sawmills Will Work Only Single Shift for Dearth of Men.

Marquette, Mich., Sept. 24.—(Special to The Herald.)—Driven to the wall through a shortage in the labor market, it is reported that industries in the Upper Peninsula have adopted a new move which is expected to relieve conditions somewhat. Leonard Meola, the local employment agent, returned this week from Baraga county, where he went in search of laborers, only to learn that conditions in that district were similar to those of the Copper country.

Meola says some of the sawmills in Baraga county have decided to operate only one shift the rest of the season and will cease work in November. This will throw many

## VALUE OF A LIFE EQUATION PROBLEM

### State Legislature May Have to Determine Standing of "X" Next Session.

St. Paul, Minn., Sept. 24.—(Special to The Herald.)—A proposition that will confront the state legislature next winter when it takes up consideration of the proposed workmen's compensation bill is: What is the value of a life?

Whether this state will establish the record of making Minnesota a life worth more than that of any other state in the union will be determined by the legislature. To show what other states have done in the way of fixing the maximum amount that can be recovered under workmen's compensation for death, the Minnesota state department of labor has been compiling statistics. These have been completed and show that the greatest value in dollars and cents allowed for life varies from \$1,500 in Maryland to \$5,000 in California.

Most of the states that have adopted such laws for workmen's compensation well as a maximum amount that may be allowed. These follow:

State	Maximum
Wisconsin	\$1,400
Rhode Island	1,200
New York	1,000
New Hampshire	1,500
Kansas	1,500
Illinois	1,500
California	5,000
Nevada	2,000
Ohio	1,500
Nicholas	2,000
Massachusetts	1,200
Maryland	1,500
Montana	2,000

Other similar statistics are also being gathered and will be presented for presentation to the legislature.

## FOUR ACCIDENTS IN FOG

### Mist Plays Havoc in Winona Railroad Yards—Two Hurt.

Winona, Minn., Sept. 24.—(Special to The Herald.)—The heavy fog, which overhung the city early Saturday morning, played a peculiar prank in the North Western yards when, within a period of a few minutes, four accidents were put out of commission for the day. A road engine, two head on "bumps," because the engines were moving slowly through the fog, only two men were slightly injured.

Fireman Wahl, on a switch engine, was struck by a freight car, and the rear of another locomotive, were badly bruised. Wahl's head was slightly bruised, while the freight car was coming forcibly in contact with the rear of the engine. The injuries were of a minor nature.

## N. D. MUNICIPAL LEAGUE.

### First Gathering of Kind in North Dakota at Grand Forks.

Grand Forks, N. D., Sept. 24.—(Special to The Herald.)—With the first North Dakota municipal league meeting but three days away, final preparations are being made for the gathering. It will be held in the city of Grand Forks, and will be the first of its kind in the state. A Wisconsin university faculty member has been invited to speak during the meeting, and Mr. Murphy has not received definite assurance that he will be invited to address the speakers and it is expected that he will be invited to address the speakers.

Replies from about fifteen towns, and they have all promised to send delegates. He expects to receive favorable word from a number of other places.

## BOOZE MAKES BATTLE.

### New England, N. D., Scene of Brawl Which Ends in Stabbing.

New England, N. D., Sept. 24.—(Special to The Herald.)—This town was the scene of the most disgraceful street brawl that has ever occurred in this section of the state. Joe Nazen, who was well filled with pig booze, went into the hotel and engaged in a quarrel with the clerk over an old alleged dispute. Nazen struck the clerk, Harry Gardner, and among those interfering were Flem Norcross, Ralf Gross and a stranger. The affair resulted in a general street battle, in which Norcross was severely stabbed in the stomach, and Hal Gross was badly beaten, as were several others engaged in the affair. The matter was aired in justice court when Nazen was bound over to the district court and Norcross was fined \$100 for disturbing the peace.

The state's attorney and the sheriff have been here and have served notice on all suspected blind pigs to close up.

## ESTIMATES OF CROP YIELD IN NORTH DAKOTA.

### Grand Forks, N. D., Sept. 24.—(Special to The Herald.)—In view of the interest that is being taken in the probable yield of North Dakota's big crop, this year's statistics compiled by the development bureau at Grand Forks are of special interest.

The greatest wheat crop in North Dakota—prior to this year—was 97,000,000 bushels. This year the lowest estimate of authorities is 110,000,000 and it is probable that 125,000,000 bushels will be nearer the correct figure.

Last year the government reported that North Dakota had 1,050,000 acres of wheat. Regarding the acreage of this year there is quite a difference of opinion. Conservatively estimated, however, it is believed that the government report will show a wheat acreage of close to 9,000,000 acres. The estimate of 125,000,000-bushel yield is based on an average of 13 bushels, which is conservative.

In any event, North Dakota has raised 25,000,000 and over more than any year in the history of the state.

## MOULDERS IN SESSION.

### International Body in Milwaukee for Two Weeks' Meeting.

Milwaukee, Sept. 24.—Routine business and welcome addresses marked the opening of the International Moulders convention attended by nearly 500 delegates today. The convention will hold executive sessions, covering a period of two weeks.

**Killed in Machinery.**  
Rolette, N. D., Sept. 24.—Lyman Horner was killed at Perth while digging a well, using drilling machinery in the operation. Horner had reached over the gasoline engine to get some parts of it when his clothing became caught in a set screw on a revolving shaft. He was thrown in the air, in a manner as to strike his head against the fly wheel, and he died within a short time.

### Northfield—Carlton college progressives have organized Woodrow Wilson club. This is the first political club organized this year at Carlton, but Roosevelt and Taft clubs will be organized soon. A thorough canvass of the school will be made by the club members. The officers elected were: Edward Brown, president; W. Park Dougherty, vice president; and Park Carpenter, secretary.

The Julian flour and grist mill near the Aitkin creamery was set on fire by the proprietor, John Julin, for a term of one or more years to N. H. Kellogg of Morrison township, who will not take any engine repairs and changes at once and announces that he will open the mill by Nov. 1.

**Winnipeg—**At a public meeting held at Malmoe and attended by citizens and taxpayers of the town of Glen, Malmoe and Lakeside, it was decided to take the necessary steps to place before the voters of the city a petition for the question of issuing the bonds of the city for the purpose of securing the location of the line of the proposed North and South railroad through the city.

**Luverne—**This city will hold a special election for Oct. 1 to carry the proposition of issuing and selling bonds to the state to the amount of \$10,000. The proceeds will be used to install an all-day electric light service. At a recent town meeting the proposition to issue the bonds, but owing to an error in the wording of the ballots the state voters failed to vote on the proposition.

**Detroit—**An unidentified man was charged with the murder of a woman, Westly Friday. He was apparently asleep when seen by the engine men and he was brought to Detroit, but died while en route to the hospital. There is no clue to his identity.

**Ada—**Fire started in some shavings in the rear of a sawmill, and the fire department was called. The fire was extinguished by the fire department. The loss was light and covered by insurance.

## Why do Brewers of Germany and England use only Brown Bottles?

Sunlight grows the hops, but spoils the brew. Light starts decay even in pure beer. Dark glass gives best protection against light.

In England and Germany the brewers won't use light glass bottles.

"Beer should not be exposed to the light, especially direct sunlight, as it will thereby be detrimentally affected, the light having an influence upon the albuminoids in the beer, causing the latter to become hazy,"

## SELF-LOADING SHOTGUN

Absolutely positive action; divided recoil; ability to shoot light or heavy loads without adjustment of mechanism; no clothing or brush or injury hands; absence of screws and pins to collect rust or dirt or work loose; two-part, simple take down and no loose parts—these are some of the valuable features that make the Winchester Self-Loading Shotgun superior to others of similar type. It is a 12 gauge, and weighs only about 7½ pounds. Can be used as a repeater or single loader at will. All metal parts are made of nickel steel, which has about double the strength of the steel used in shotguns of other makes. Investigate.

## GOSSIP AND COMMENT ON SPORTS AND PASTIMES OF ARENA, FIELD AND TRACK.

By BRUCE

**JACK JOHNSON** has sprung a pugilistic paradox. He wants to fight the greatest of the great, but he will not fight the greatest of the great. Most men fight because Kid Trouble has encouraged them to the battle mood. There are some uncharitable enough to say that the event of his opponent being Sam Langford the troubles of Johnson will be multiplied as the plagues of job grew in succeeding Biblical chapters.

In a battle with Langford one can imagine Johnson being about as cautious as a plump lady is with the vivid pink shades in frocks. One stormy night in Pittsburgh, so the story goes, when colored gents, craps and high power-proof booze became promiscuously prosperous, Sam chased Lil' Artha out from the clubrooms with anger turning handspins across his broad and ebony countenance.

They do say that upon another occasion the stately one grew petulant and offered to fight Artha in an alley or in any secluded spot where the cops would not be liable to break up the soiree and leave the decision to the police magistrate.

Be that as it may, the weather, politics, and other forms of social talk have often engaged the attention of the champion's mind when anxious promoters have essayed to talk business with a view of having the two blacks mingle. It does seem strange that one, even so talented and versatile as Mistah Johnson, should try to forget trouble by courting disaster.

A St. Louis man wiped his shoes on his lady friend's hair. Perhaps they were sole mates.

**FROM** Cadillac, which became identified outside of the regulation Rand & McNally black dog after the victory of Wolf-gast over Nelson, comes the word that the boxer will be ready to meet any of the boys of his popular brigade around about the time the strutting turkey loses his season.

Rivers, Ritchie and Mandat are employing chipping bureaus to keep them acquainted with the news that emanates from the Michigan home of the czar of the lightweight division. With an appendix, which is regarded as quite useless in man and most works of reference, this Dutchman was a bear; without this superfluous attachment, which is either carried under the

hide or in a bottle of alcohol on your bureau, there is some doubt of the proper pugilistic classification of little Adolph.

If the doctors haven't taken his class from him by the cutting bee, then he will whip any of the boys in his division. But if he has slipped down a couple of rungs within the past nine months, the motive for the eagerness of the three boys in question is easy to discover without the aid of one of the Lick looking glasses.

The blind men of Macon, Ga., have formed a progressive club. They were probably led to it.

**IT** WAS the great and burning ambition of Frank Leroy Chance to win the pennant during his last year in the heat and turmoil of the great national game. Chance has repeatedly stated that the present season is the last that he will figure in. While the Peerless Leader of the clubbing Cubs did not fulfil his long cherished desire, he has made a fight that stamps him as one of the greatest of all leaders, if anything were needed to establish this name.

With a pitching staff that has been a guess all of the season, the P. L. has got the fight out of his men and has been up there during the latter part of the season. At one time he had the Giants on the run. With one pitcher that could have been depended upon week in and week out, the great ambition of this great and game fellow would have been realized.

All fans and all ball players hope that the operation that Chance has just gone through with will be entirely successful and that he may leave the white walls of the hospital a well man. One of the game's greatest players his leaving will be a loss that the national pastime can ill afford.

A Mokena, Ill., man was killed by falling off a water wagon. Political plunder for anti-Prohibitionists.

**IT** IS a very peculiar condition of affairs that would permit of the loss of Jim Walker to the University of Minnesota team. One of the greatest players in the country, placed on Camp's All-American team, Walker failed to come out at all for the team last year and has now left the college for some smaller school in the South. Walker would have proven an Eiffel tower of strength to the old gold and maroon bunch this semester of fall and nearly winter sports. Jim is a full fledged tower of strength, all right, for there was never any of that leaning tower of Pisa stuff about him. But now he is lost and the glorious memories of the past will be the dark blue regrets of the present.

A Portsmouth, N. H., man has been discovered who has never heard of Col. Roosevelt. It is to be hoped that the colonel never learns of this.

Barney Dreyfus Spends Real Money for Columbus Southpaw.

Pittsburgh, Pa., Sept. 24.—It leaked out yesterday that the Pittsburgh club didn't get the young left handed pitcher, Cooper, for a song. Barney Dreyfus, it was learned, bought Cooper from the Columbus American club recently for \$10,000 cash. Cooper pitched for Marion in the Ohio State league last year, winning seventeen games and losing eleven. With Columbus this year, he made a fine record and attracted the attention of Scout Billy Murray, who recommended his immediate purchase. Cooper pitched against the Brooklyn last Saturday and showed plenty of quality. He will receive a regular turn in the box for the rest of the season and looks like a fixture. Murray, by the way, seems to be digging up sterling material for the Pirates. He recommended Robinson, the pitcher, Butler, the second baseman, Warner, the southpaw from Brown university, Blackburn, a promising young catcher, Smith, another left handed pitcher from Springfield in the Ohio State league, Neuser, a capable outfielder, and Viox, an infielder, not forgetting O'Toole and Kelly, the \$25,000 catchers.

## BALANCE ON WRONG SIDE

### Baseball Backers Find Themselves Facing a Heavy Deficit.

According to the statement of the officers of the Duluth Baseball association, the newly organized association that took hold of the game here last spring with the hope that baseball could be placed on a paying basis in this city, the club is in the red. The neighborhood of \$2,300 as the result of the disastrous season that came to an end on Labor day.

Neither the day set aside as a joint benefit for the Associated Charities cause, the booster day program or the festive affair of the last night, which was the last of the season, was a success. The club, it is said, lost money on the season, and as the result of the loss, the club is in the red. Those who stand as financial sponsors of the club will find a yawning deficit to meet.

The merry schedule makers slipped one over on the local managers in the drafting of the playing dates. Superior drew about all the best ends of the club, and as a consequence drew many times the attendance of the club while the local club looked on. The club is in the red, however, because of the loss of the season.

The club is in the red, however, because of the loss of the season. The club is in the red, however, because of the loss of the season. The club is in the red, however, because of the loss of the season.

**ASSOCIATION CLOSES SEASON**

Chicago, Sept. 24.—The American association yesterday closed its regular playing season with a game between the St. Paul and Milwaukee. Minneapolis, champions of the last two seasons, clinched this year's pennant several days ago.

President Thomas Chivington said local conditions at St. Paul and Minneapolis were not so favorable as in former years, due, he said, to the poor start of those two teams. He also said that the loss of O'Toole and Cheney from the St. Paul and Louisville clubs, respectively, probably might have carried the St. Paul club down to the powers of the other clubs around the circuit more than offset conditions at St. Paul and Louisville.

Seven of the association players will be major league players next season as a result of the annual draft of players, the eighth member, Russell Blackburn of Milwaukee, who was drawn by the Chicago National league club, has hit his head.

Mr. Chivington said that notwithstanding the draft which drew away some of the players, prospects for the ensuing year looked bright. He declared the players would undoubtedly produce several more stars for the next year.

As to the possibility of expansion of the league during the coming year, Mr. Chivington said he was not sure.

"We are entirely satisfied with the circuit, and have no intention of invading Chicago or any other city. However, if the major leagues extend an invitation to us, we will gladly consider it. The matter, but there seems to be no likelihood of this being done."

**BOSTON IS FAVORITE.**

Odds Favor the Red Sox for the World's Series.

New York, Sept. 24.—Heavy wagering on the result of the coming world's series between the New York Giants and the Boston Red Sox has begun in earnest. The odds on the Red Sox are 7 to 1, while the odds on the Giants are 1 to 1.

Prominent layers of odds, book-makers on the racetracks, in former years, also have made the Red Sox odds-on favorites. A week ago they were laying 5 to 4 against Boston, but they got such a big play it was said that 7 to 1 and possibly 3 to 5 would be the price this week.

**PLAYERS TO BE TURNED BACK**

Cincinnati, Ohio, Sept. 24.—The following list of minor league players drafted by major league clubs, the drafts for whom have been cancelled under the rule allowing major league clubs to cancel drafts within five days after the opening of the drafting season, has been received by the national commission. The list also includes the players who have been awarded to clubs under secondary draft agreements and drafts set aside for other reasons. The list:

**National league:**  
By Cincinnati—From Kewanee, Robertson, cancelled; Minneapolis (Kansas), Reynolds, (set aside); release of player by Minneapolis to Pottsville, held to be valid.  
By Chicago—From South Bend, Karsling, cancelled; Danville, Ill., Graham, cancelled; Milwaukee, Blackburn, cancelled; Birmingham, Yantz, (awarded on a second redraft).  
By Boston—From St. Paul, McKee, \$1,500 of draft money forwarded to Washington club to settle claim of that club against St. Paul club.  
By Philadelphia—From Tacoma, Malone, (second draft money to be held for claims against club).  
By Brooklyn—From Toronto, Asher (subject to investigation as to title of Toronto club; draft afterward allowed; time held to be valid).  
By New York—From Indianapolis, McKee, (assigned to Detroit); Newark, N. J., Dent, (assigned to Washington); Nashville, Welchone, (assigned to Washington).  
By Philadelphia—From San Francisco, Gifford, (assigned to Washington).  
By Washington—From Jersey City, Rondau, (assigned to Detroit); Dayton, Dobard, cancelled.  
By Detroit—From Baltimore, Derick, (assigned to New York); Roanoke, Darden, cancelled; Waco, Jost, cancelled.  
By Chicago—From Oshkosh, Watson, (set aside, title to phone vested in Milwaukee club); Madison, Johnson, cancelled; Birmingham, Yantz, (awarded on a second redraft).

## JACK HARRISON IS KNOCKED OUT

### New York, Sept. 24.—Eddie McGoorty of Oshkosh, Wis., who claims to be the topnotcher among the middleweights, added strength to his argument last night when he made short work of Jack Harrison, champion of England.

Knocking out Dave Smith, the Australian champion, in the first round at Madison square garden, three weeks ago, Harrison last night sent Harrison knocking out the British champion in 2 minutes and 55 seconds.

The men weighed in at 160 pounds, but at the ringside, McGoorty weighed 165 and Harrison 163. McGoorty opened with a right and left to the face, then staggered the Englishman with a left hook on the jaw. Keeping his man continually on the defensive, he sent Harrison down with his left, after smashing right to the face and a right uppercut under the chin, he knocked Harrison down with his left, sending him down for a count of nine.

The Englishman got up groggy and McGoorty, after landing three rights and three lefts on the head, with another left blow to the head, sent Harrison down for the third time, when he was counted out.

**ASSOCIATION CLOSES SEASON**

Chicago, Sept. 24.—The American association yesterday closed its regular playing season with a game between the St. Paul and Milwaukee. Minneapolis, champions of the last two seasons, clinched this year's pennant several days ago.

President Thomas Chivington said local conditions at St. Paul and Minneapolis were not so favorable as in former years, due, he said, to the poor start of those two teams. He also said that the loss of O'Toole and Cheney from the St. Paul and Louisville clubs, respectively, probably might have carried the St. Paul club down to the powers of the other clubs around the circuit more than offset conditions at St. Paul and Louisville.

Seven of the association players will be major league players next season as a result of the annual draft of players, the eighth member, Russell Blackburn of Milwaukee, who was drawn by the Chicago National league club, has hit his head.

## SECRET WORK FOR GOPHERS

### Coach Williams Preparing His Team to Meet South Dakota Saturday.

Chicago, Sept. 24.—With six holes in the lineup to fill with new material, Coach Alonzo Stange of the University of Chicago nevertheless expressed the opinion that he had a championship team in the candidates that turned out for practice. He has enough uniformed men to fill two elevens and the fight for places on the varsity will be lively. One dardennes last year's freshman center, is likely to hold that position this year on the varsity team. Paine, last year's quarter, is needed at end, and M. E. Smith or Lawler probably will handle the full on Oct. 5, when at Marshall field the first game will be played with the Indiana team as opponents.

**Football Prospects at Chicago, Iowa and Other State Universities.**

Minneapolis, Minn., Sept. 24.—Semi-secret practice was inaugurated on Northrup field by Dr. H. L. Williams, coach of the University of Minnesota football team, in preparation for the first game of the season next Saturday with South Dakota. "Tom" Shelly, multi-millionaire lumberman, and former famous Yale player, was present as an assistant coach, and will aid Dr. Williams during the entire season.

About sixty candidates reported for practice, a much larger squad than on the first day, with Tobin, a regular of last year in the back field for the first time this year. Students were barred from the field and newspaper men admitted but for a short time.

Signal practice was the principal work of the candidates.

Vermillion, S. D., Sept. 24.—More than thirty men have been in active practice on the South Dakota football field during the past week and Coach Henderson announced that his team will be stronger and in better condition this season than ever before. All of last year's members are back except Coffey and Thackberry. Their places have been filled by Meeter and Adler, new men, but both with much experience in football. Coach Henderson says, Capt. Patrick Coffey will hold his old position at quarterback. Both Capt. Coffey and Coach Henderson say they are confident of winning the coming game with Minnesota.

Lincoln, Neb., Sept. 25.—Forty athletes in addition to a like number already here, are expected before the end of next week to arrive at Head Coach Stehm for gridiron practice on the Nebraska field. Among those who have already been practicing in the initial workout are Halligan, full-back, Meier, 220-pound mauler; Mastin, end; Allen, center, and the Fouts brothers, both of whom are candidates as guards, and Hawkins, Towle and

**AMATEUR PLAYERS—WHAT?**

Harold Hilton and Miss Dorothy Campbell Employ Peculiar Methods.

Harold Hilton of England has no expectation of revisiting this country next fall to make a third bid for the amateur golf title of the United States he lost thirteen days ago at Chicago, and it is therefore doubtful if the American event next year will have an international aspect.

Hilton's friends must declare he will not come again unless his tour is financed, a far harder statement to make if he wished to retain his title. Hilton's friends must declare he will not come again unless his tour is financed, a far harder statement to make if he wished to retain his title.

On her first American visit, when she captured the United States title, Miss Dorothy Campbell of Scotland played with a certain English ball and had no hesitation after she won at Philadelphia, about asking the reporters several times if they would kindly mention by name the ball that she used. She was surprised upon being told that such an innovation would no more run the gauntlet of the business office than a load of clover hay would be expected to remain intact when wedged in front of a horse in a ferryboat.

# REPUBLICANS OF NEW YORK ASSEMBLED TO NAME STATE TICKET

May Not Be Until Friday That Candidates Are Selected.

Woman Suffrage Plank Giving Trouble to the Platform Committee.

Chairman Guthrie Attacks Roosevelt and Progressive Party's Policies.

Saratoga, N. Y., Sept. 25.—The thousand and fifteen delegates and their alternates to the Republican state convention that assembled here today to select a state ticket and draft a platform were late reaching the hall, and consequently it was twenty minutes after the scheduled time when William Burrows, Jr., chairman of the state committee, called the convention to order. W. D. Guthrie was named for temporary chairman. He was given a rousing cheer as he took the platform and began his speech. Only two of the questions to be determined by the convention seemed settled this morning and these were the names of the temporary and permanent chairmen. Candidates and the platform remained to be discussed and it may not be until Friday that the ticket is determined. The leaders today made no effort to disguise this situation. In fact, most of them called attention to it with pride, as evidence that the convention was to be "unbiased" and that the delegates themselves would select their nominees. It was expected that the platform committee would be in session until late tonight in order to have the platform ready for presentation tomorrow. (Continued on page 6, fourth column.)

Education of Girls Is Solution, Says New York Doctor.

Efforts Must Be Turned to Inculcation of Right Thinking.

Washington, Sept. 25.—The activities of various agencies in disseminating infectious diseases and the relative importance of flies, shellfish and other carriers of bacteria in transferring typhoid fever, diphtheria, cholera and influenza were among the topics for discussion on the program of today's session of the fifteenth annual congress of hygiene and demography, meeting here. Experts from Germany, France, England and the United States talked. Among those who spoke were Dr. L. O. Howard, chief of the United States bureau of entomology, and probably the greatest authority in this country on the fly as a carrier of disease. Prof. H. Conrad of the University of Halle, Germany; Dr. J. C. G. Ledingham, Lecturer in Hygiene, London; Prof. G. S. F. (Continued on page 6, fifth column.)

## HEAVY SNOW AT CROOKSTON

Crookston, Minn., Sept. 25.—(Special to The Herald.)—Passengers from the South got off the train here this morning to snowfall each other. Three inches of snow is on the ground at Crookston. Snow has been falling all night, but ceased for a while. The weather is still threatening, however. The wet snow breaks tree branches and laid shrimps flat. In the country hereabouts, shocks are covered with snow and no wheat will be fit to thrash for a week or ten days, even with the best of weather following. The potato supply is short, and the farmers have to dig in the earth. The entire valley is covered with snow, and no grain will be shipped for two weeks, at least.

## GOVERNOR JOHNSON IS NOW IN CONNECTICUT.

Boston, Mass., Sept. 25.—An afternoon speech at New Haven, Conn., and a night address at Hartford comprised the schedule of Governor Hiram W. Johnson, the Progressive vice presidential candidate for today. He left Boston at 9:15 o'clock for New Haven. Hereafter the governor will not make more than three speeches, and if he can avoid it, his voice is in good shape for the campaign and he believes that with no more than three assignments a day it will give him little trouble.

## ARE SEEKING CONFERENCE

Leaders of Striking Bingham Copper Miners Would Meet Jackling.

Bingham, Utah, Sept. 25.—The leaders of the 4,500 Bingham copper miners who are on strike for higher wages continued today their efforts to bring about a conference with D. C. Jackling, general manager of the Utah Copper company. They admit that so far they have met with little encouragement, but say that they will continue these overtures, so that if an amicable adjustment fails the fault will not be theirs. Last night a squad of fifty sharpshooters, practically all of them former soldiers, were selected from the force of deputy sheriffs here to be stationed on the hilltop commanding the main workings of the Utah Copper company. This is taken by the deputies to mean that the company intends to break the strike without more delay. To Destroy Breastworks. As a result of a visit of the county commissioners, orders were issued last night to the deputy sheriffs to destroy all breastworks improvised by the Greek miners. Every man found carrying weapons will be arrested. Strike leaders admit they have little control over the Greek miners and clashes are feared. John C. Mackay, one of the commissioners, said he felt confident the deputies had the situation well in hand. "We are going to restore peace if we have to increase the number of deputies here to 1,000 men," said he.

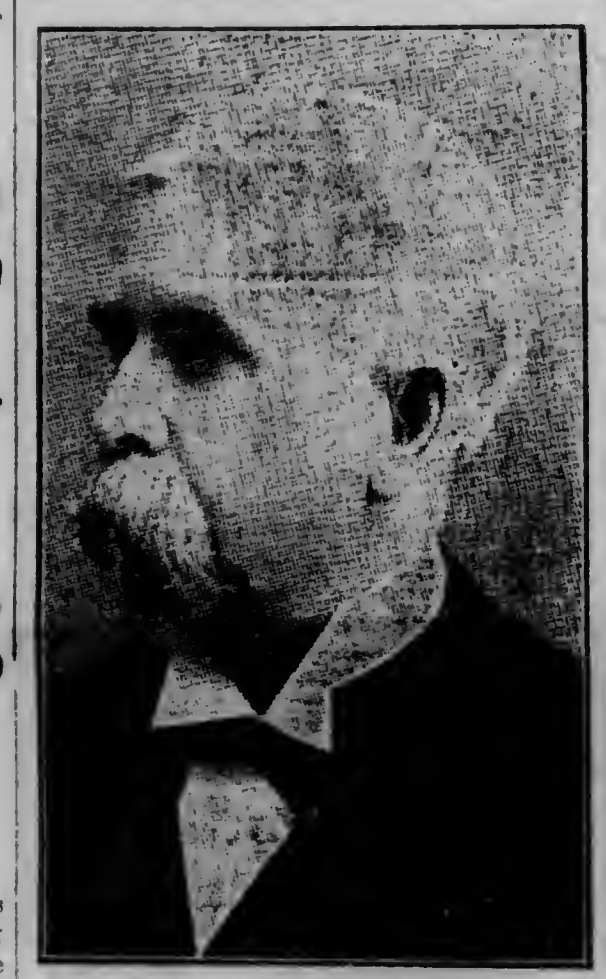

## FEELS AS IF IN CRUSADE

Roosevelt Says at the Bottom Progressive Movement Is Religious.

Repeats Old Claim That Bosses Dictated Nomination of Wilson.

Little Rock, Ark., Sept. 25.—"I feel as if I had been in a crusade," said Col. Roosevelt today. Coming into the old South, with his trip through the West at an end, he said he felt that he had been well repaid for his Western campaign. At the bottom, Col. Roosevelt continued, the Progressive movement was a religious one. He said that one of the things which had impressed him most was the singing of "Onward, Christian Soldier," at meetings which he had addressed. "It is pretty hard to improve on the Bible," he said. "All we are trying to do in this twentieth century is to apply the old injunction to do unto others as you would have them do unto you." Roosevelt reached Little Rock after a night's run from McAlester, Okla. He was to spend most of the (Continued on page 6, fourth column.)

## CRITICALLY ILL AT MINNEAPOLIS HOME

LOREN W. COLLINS.

## MOUNT WRANGELL AGAIN ERUPTING

Seattle, Wash., Sept. 25.—Mail advices from Valdez, Alaska, say Mount Wrangell, the most widely known of the smoking volcanoes of Alaska, again is in eruption. Lieut. Prosser of the signal corps, who has returned from Valdez, reported that Mount Wrangell was throwing out large volumes of smoke and lava. Instead of one crater there are now at least seven vents, he said, and with the aid of field glasses lava can be seen issuing from the openings and flowing down across the glaciers. From Kotlina it is reported that the sulphurous fumes are so strong that prospectors working near Kotlina glacier have been driven out.

## INQUIRING INTO AVIATOR'S DEATH

Chicago, Sept. 25.—Investigation of the death of Howard Gill, the aviator killed in a collision of aeroplanes during the Cicero aviation meet, was resumed today. At the opening of the inquest begun last Friday, the officials of the meet were criticized for permitting flying after dark and for allowing two races with machines of different types at the same time. George Mestach, whose monoplane collided with Gill's biplane, is recovering slowly from his injuries. Physicians today said that Mestach never would regain use of his right arm.

## LIVELY TIMES IN PROSPECT

Sacramento, Cal., Sept. 25.—A lively session of the Republican state convention was in prospect today. Last night the committee on platform and resolutions by a vote of 11 to 2 defeated a resolution endorsing the Taft administration and pledging the convention to the nomination of Taft electors. This action prevented the resolution being brought before the convention and compelled the Taft supporters to bingle their fight to increase the number of deputies on the nomination of presidential electors.

## FOSS AGAIN VICTORIOUS

Bay State Governor Is Renominated by Majority of 26,000.

Boston, Mass., Sept. 25.—As a result of yesterday's primaries Eugene N. Foss will be the Democratic candidate for a third time as governor of Massachusetts. Governor Foss' majority over District Attorney Pelletier was 26,614. On the Republican side Joseph Walker of Brookline, former speaker of the house, had a majority of 10,302 over Col. Everett C. Benton. The Socialist's candidate is Robert D. Sawyer. Progressive and Prohibition candidates for the several state offices and for representative in congress, it is expected, will be nominated by petition. Following are the Republicans and (Continued on page 6, third column.)

## REBELS ACCEDE TO ALL DEMANDS

Washington, Sept. 25.—Admiral Southland reported to the navy department yesterday that all demands of Maj. Butler have been acceded to by the rebels. The revolutionists have relinquished all the property of the national railroad, including all the steamers except the Victoria, which is not home from the national G. A. R. encampment at Los Angeles.

## TAFT TALKS ON ISSUES

President Promises Revision of the Tariff on Scientific Basis.

New York, Sept. 25.—The Evening World today publishes an interview with President Taft in which the president goes at length into some of the current issues of the campaign. The president promises a revision of the tariff on a scientific basis, so far as may be necessary to keep prices from being exorbitant. This may be done by the continuance of the tariff board's investigation into the facts, the president is quoted as saying. The president then hinted at an extra tariff revision session in case the Republicans should be in control of the next congress. High Cost of Living. Referring to the high cost of living, the president expressed the opinion that the American workmen were very much better off than the workmen of Europe; not only were they able to pay the high cost of living, he said, but they could also put something aside for a rainy day. The Payne tariff law had no more to do with advancing the high cost of living than the latest Atlantic cable tariff, he declared. Referring to woman suffrage, the president said that this issue would have to be decided by the various states, and that he believed women to be as capable of wise use of the ballot as men. In the matter of recall of judges, the president said he regarded the maintenance of an independent judiciary as a supreme issue and that the recall applied to judges would tend to deprive the public of judges of ability, character and a high sense of duty. The Republican national headquarters declared today that this interview was authentic.

# GOVERNOR WILSON IS WINNER OVER SMITH IN JERSEY PRIMARIES

## DIES FROM ATTACK OF APPENDICITIS

COL. HENRY CASSON.

Madison, Wis., Sept. 25.—Col. Henry Casson, until two years ago sergeant-at-arms of the national house of representatives, died late last night at a local hospital after an attack of appendicitis. He was 69 years old.

## PLEASING TO WILSON

Governor Gratiified With Sweeping Victory of Hughes Over Smith.

New York, Sept. 25.—Governor Woodrow Wilson was keenly pleased to learn today that early returns indicated a victory by William Hughes, whom he supported against James Smith, Jr., in the New Jersey primaries for United States senator. He left New York early today for Hartford, where he was scheduled to make an afternoon address. This evening he goes to New Haven for a meeting. He planned to spend the night in New Haven, and tomorrow he will go to Springfield, Harre and Fall River, Mass. On Friday he will visit Boston and Bridgeport. While in Connecticut and Massachusetts, Governor Wilson will be greeted by Governors Baldwin and Foss, respectively. On some of the occasions the New England governors (Continued on page 6, fourth column.)

## Hughes Gets Democratic Nomination for United States Senator.

Former Boss Buried Under Plurality of 20,000 to 30,000.

Representative Gardner Probably Renominated in the Second District.

Newark, N. J., Sept. 25.—Governor Woodrow Wilson won a sweeping victory in the New Jersey primaries yesterday, his candidate for United States senator, Representative William Hughes, having defeated Former United States Senator James Smith, Jr. The total Democratic vote cast at the primaries was estimated today at about 70,000. Complete returns were slow in being tabulated but the plurality for Hughes was estimated as running anywhere between 20,000 and 30,000. In the fourth congressional district Former Assemblyman Walsh won the Democratic nomination over a field of nine. In the second congressional district there were three Republican candidates, and indications early today were that Representative John F. Gardner had secured a renomination. The following are the nominees for congress that are definitely settled by the returns: First district—John T. Wright, Democrat; W. J. Browning, Republican, renominated. Third district—Thomas J. Scully, Democrat, renominated; Benjamin F. S. Brown, Republican. Fifth district—William F. Tuttle, Democrat, renominated; William E. Runyon, Republican. Ninth district—Walter McCoy, Democrat, renominated; Richard W. Wainwright, Republican. Tenth district—Edward W. Townsend, Democrat, renominated; W. L. Adams, Republican.

## MYSTERY AS TO GIRL'S DEATH

Chicago, Sept. 25.—The coroner's office today started an investigation into the mysterious death of Miss Rice, who expired at the residence of an Edgewater physician after two days of wandering about Chicago. Detectives have traced Miss Rice's movements for several days prior to her death, with the exception of one 24-hour period which cannot be accounted for by the police. Miss Rice, who had been employed as a domestic in a South Side house, applied for shelter and medical aid at the Edgewater house where she died. The physician who cared for her there said she was ill of pneumonia and in an extremely emaciated condition. Miss Rice's body was discovered in a West side undertaking establishment by Coroner's Physician Henry W. Reinhardt, who ordered the inquiry into her death. Dr. Reinhardt said the girl's body had been mutilated.

## FORWARDING OF MARINES

To Protect Customs Houses of Santo Domingo Being Rushed.

Believed That the Rebels Will Not Offer Any Resistance.

Washington, Sept. 25.—Early dispatches to the state department today contained no advice of the revolution in the Dominican republic. Preparations for sending 750 marines to protect the customs houses on the Haytian border were pushed forward and some time today the movement of marines from posts along the Atlantic seaboard is expected to begin. They are to be concentrated at Philadelphia and rushed south on the transport Prairie on Friday. With the American marines will go Brig. Gen. Frank McIntyre, chief of the army insular bureau, and Mr. Doyle as special commissioners to investigate conditions in Santo Domingo, particularly on the border between that country and Haiti, where revolutionists have been most active. The Prairie will arrive at the island about Oct. 3. Under the Dawson treaty of 1907, between the United States and the Dominican republic, the United States is responsible for the collection and distribution of Santo Domingo's customs duties. Heretofore this has been accomplished peacefully, but rebels operating from Haiti have now closed all four of the border customs posts. Whatever force that may be necessary will be used by the marines to reopen the posts and continue their operations. No Resistance Expected. Officials here believe, however, that (Continued on page 6, fourth column.)

## MARTIAL LAW TO BE TESTED

Charleston, W. Va., Sept. 25.—Judges Robinson and Williams of the supreme court of appeals of West Virginia yesterday afternoon granted an alternative writ of habeas corpus to test the constitutionality of the acts of the military commission in declaring martial law in the strike zone. The writ is returnable before the full court in this city Oct. 3. ADJ. Gen. Charles D. Elliott, accompanied by a number of other military officers, left here today for an inspection of the country surrounding the martial law zone. It is stated the military authorities fear large quantities of arms and ammunition have been shipped into Montgomery and other towns where striking miners have been holding meetings. While the plans of Governor Glasscock have not been divulged, it was reported here today that he is quietly arranging to withdraw the military from the strike country and restore the task of maintaining order to the civil authorities. This move, it is stated, will be resisted by the coal operators.

## CLERK CONFESSED ROBBERY OF BANK

Pensacola, Fla., Sept. 25.—William S. Bell, a 26-year-old bank clerk, has confessed that he robbed the local First National bank Tuesday of last week on a package containing \$500 of the Louisville & Nashville payroll and substituted a worthless package in its place. Fear that the officers would suspect his brother caused Bell to confess. The young man had been in the employ of the bank for two years. In his confession he declared he had planned to get the money a week before the payroll was made up.

## CLEANED ALONG THE POLICE RUN

LEAVES FROM A REPORTER'S NOTE BOOK BY X

Arkl E. Peterson, the striker arrested on a charge of assaulting Jacob Johnson, a strike-breaker, as the latter was on his way to work last Friday morning, was convicted after a trial in police court this morning. Judge Windom imposed a fine of \$10 and costs, amounting to \$17.12, with the alternative of ten days in the county jail. The fine was paid immediately.

Ed Gordon, another striker, accused of having encouraged the assault by holding Johnson while Peterson punched him in the nose, was found not guilty and discharged. Gordon admitted that he had called Johnson a sneak but denied that he had laid a hand on him. Peterson and three other witnesses supported him in his contention.

Peterson has been in the limelight probably as much as any other man during the present street car controversy. It was in his home in the West end that the present street car controversy was held. Peterson was held during the present street car controversy. It was in his home in the West end that the present street car controversy was held.

Benedict Vall, proprietor of the saloon at 134 West Superior, was found not guilty of keeping his saloon open on Sunday after a trial in police court yesterday afternoon. Vall was charged with keeping his saloon open on Sunday after a trial in police court yesterday afternoon.

The judge said: "Ten dollars and costs or ten days in the county jail," stated Ed Jenkins out of his lethargy when he was brought into police court this morning. With eyes half shut he admitted his guilt. The court's words brought him up with a jerk. He wasn't half asleep when he asked to be given another chance. "I was pretty sick on the job."

## TWO MILLIONS AID TO SCHOOLS

State Treasurer Calling in Funds for October Apportionment.

St. Paul, Minn., Sept. 25.—(Special to The Herald.)—State Treasurer Smith today sent notice to all banks in the state calling in the state funds on deposit in order to meet the annual October school fund apportionment to counties, which will be the largest in the history of the state. The apportionment to be made this month at this time totals \$1,333,000 or about \$2.30 per capita of school children in the state. Later will be made the annual state aid apportionment which will amount to \$500,000. This means that Minnesota as a state is this year giving aid to the public schools amounting to \$2,833,000, which is the largest amount yet paid in this department.

The call of the state treasurer asks that all deposits and the accrued interest be in the hands of the state treasurer by Oct. 24. The apportionment will be made Oct. 25.

## POLITICS IS LAID ASIDE

Col. Roosevelt's Address at Little Rock on Deep Waterways.

Little Rock, Ark., Sept. 25.—Issues of the political campaign were temporarily laid aside by Theodore Roosevelt when he spoke here before the convention of the Lakes-to-the-Gulf Deep Waterways association. There was no hint of partisan politics in Little Rock's reception to Col. Roosevelt. Democratic officials joined with progressives in the welcome. On Col. Roosevelt's arrival he was driven through the city, escorted by a band, three companies of United States troops from Fort Logan Heights and a number of citizens in automobiles. Then he went to his hotel and had a reception for an hour.

Before the colonel reached the Auditorium, where he was to talk, it was crowded and the former president was cheered for several minutes when he appeared on the platform. His address was devoted to the main to the subject of deep waterways, although he referred to some of the broader issues of his campaign. After his address Col. Roosevelt was the guest of the deep waterways association at luncheon.

Paroled a Second Time. Stillwater, Minn., Sept. 25.—Charles Price, known as "Sinbad the Sailor," was paroled yesterday from state's prison for a second time. He was given a life sentence in 1890 for murdering a companion in North St. Paul. His sentence was commuted to thirty years and he was paroled the first time two years ago. He will work outside for the Northwest Thrasher company until his parole expires in 1917.

## DOES NOT CARE IF CHAIRMAN IS A ROOSEVELT FOLLOWER.

St. Paul, Minn., Sept. 25.—(Special to The Herald.)—No effort will be made by Governor Eberhart or his friends at the meeting of candidates tomorrow to select a state central committee to force the selection of a Taft adherent as chairman. National issues are to be tabooed, so far as possible.

"Personally I do not care if the man selected as chairman of the state central committee is a Roosevelt follower or a Taft follower," Governor Eberhart said today. "My plurality of 25,000—the largest received by any candidate in the primaries—shows the number of friends I have among the Roosevelt supporters in the state, and a clean record will receive my endorsement. It is time for us to get together—time for the Republicans to unite and select a central committee that will work for the success of the Republican ticket. This does not necessarily drag the national issues into our state campaign."

"Personally favoring the Republican offices, the nominees for congress, together with the holdover senators from the legislature, will meet at the state capitol tomorrow to choose the state committee and its chairman. Several of the candidates for state offices are known to be Taft Republicans. Senator Nelson may be classed as one, but the politics of the Republican members-elect to the legislature is not known. It is probable that a majority are Roosevelt supporters, although favoring the Republican ticket outside of the national head. There is just a bare possibility that E. E. Smith of Minneapolis may again be chosen state chairman, irrespective of his Taft alignment, because of his ability as a campaign manager. J. O. Preus, secretary of the state committee, has repeatedly refused to be considered a candidate for the honor."

Tom Stack didn't want to prosecute John Kosi when the latter was brought into police court this morning to answer a charge of having stolen a package of cigars. Kosi was arrested at the time he was peddling the timepiece for a quarter and Stack was arrested at the same time for being drunk. Both were turned loose.

J. Schaefer of Ely was arraigned in police court yesterday afternoon on a charge of slander preferred by Sam Hapson. The latter claims that Schaefer wrote a letter to Thomas Owens of Two Harbors in which he made assertions derogatory to Owens' character and ability. Schaefer entered a plea of not guilty and his trial was set for Oct. 8.

Jens Jensen, a strike-breaker, accumulated a lovely package last night. It wasn't a package of transfers, all right, but it was a bundle of them, too. He admitted in police court this morning he had been drunk and got \$25. He had sense enough to do his own work part of the time besides on the car which he was hired to operate.

## ORANGEMEN IN STRONG PROTEST

State Treasurer Calling in Funds for October Apportionment.

Portadown, Ireland, Sept. 25.—Determination to submit to home rule was expressed today by 20,000 Orangemen and Unionists, residents of the county of Armagh, Ulster. They had assembled in the birthplace of Orangemen to welcome Sir Edward Carson and other Unionist leaders.

Polities were carried by some of the battalions into which the members of the Unionist clubs were formed when they took part in great procession in the afternoon. Two large cannons also were dragged along on gun carriages, while an ambulance in charge of Sisters moved with the procession and carried a large supply of splints and bandages.

## EXTRADITION PAPERS FOR BORELLO SIGNED.

Madison, Wis., Sept. 25.—(Special to The Herald.)—Governor McGovern today signed extradition papers for Antonio Borello, who is in prison in Italy, and is wanted here for the murder of John Sexton, known as "the hermit of Sheboygan county." The crime was committed on June 28, 1911, and since that time there has been a constant search for Borello.

#### File Expense Estimates.

A total of \$137,444 is asked in the estimate of expenses for the coming year in the four of the city departments. The list was filed yesterday by City Comptroller W. J. Patterson and will be passed on by the commission next week.

#### Mayor Escapes Injury.

Mayor J. S. Konkell had a narrow escape from injury late yesterday afternoon, when his automobile skidded, throwing the machine against the curb. The accident happened at Twelfth

street and John avenue, while the mayor was on his way home. Serious injury to the occupants was averted by the quick work of Mayor Konkell in throwing on the brakes and bringing the machine to a stop.

#### Demurrer Hearing.

Judge Wickham of the circuit court at Eau Claire will sit at the hearing of the demurrer of the Duluth Street Railway company to the writ of mandamus issued Saturday directing the company to give adequate street car service. The hearing has been set for tomorrow.

#### Oppose Consolidation.

Members of the Superior Commercial club at a special session yesterday afternoon voted to oppose the plan of consolidating social and civic center work with that of the Lake Superior Mission. Congressman Lenroot and Prof. E. J. Ward both spoke on the subject.

### OBITUARY

Mr. Richard Cartwright died at Kingston, Ont., Sept. 24, following a surgical operation. Sir Richard was born in Kingston in 1838 and devoted the greater part of his life to the service of his country politically. He was a firm friend of the United States and as minister of trade and commerce in the Laurier cabinet urged commercial reciprocity with the neighboring republic. He represented Canada on the Anglo-American joint high commission at Quebec in 1898 and at Washington in 1898-99.

Rev. William Nicholson, president and theological professor at the Methodist college at Belfast, Ireland, died there Sept. 24. Mr. Nicholson took a very active part in the home rule controversy. He was a delegate to the ecumenical council held in Washington.

## IS DYING OF STARVATION

Child May Succumb to Malnutrition and Neglect By Mother.

Humane Society May Prosecute Parent for Her Second Offense.

Out on the French location near Hibbing, health authorities and R. D. McKercher, agent of the Duluth Humane society, are investigating a revolting case of parental neglect which may result in steps being taken to prosecute a mother.

With this woman it is a second offense. Her husband is dead, a victim of tuberculosis. The mother claims, however, that with the assistance that has been offered her that this is no excuse for what appears to be an almost absolute disregard for her children's welfare. Not long ago the health authorities found her youngest child, suffering from malnutrition and neglect. Later they found it hidden in her home. It was quickly removed to the county hospital, where it afterwards died. Experience taught her nothing. This week a 2-year-old boy in the same family was found to be suffering from malnutrition, eczema and trachoma. The child, say the health authorities, has only a fighting chance for life. If he does live he will probably be blind. The visiting nurse at Hibbing has been sent to the family on several occasions to instruct the woman in the care of the child. The nurse claims that the woman is entirely devoid of a mother's love, maintains an indifference that is hard to understand and pays no attention to the cleanliness and general care of her infant child. The case is now in the hands of Mr. McKercher and Dr. B. S. Adams, chairman of the Hibbing board of health.

## STATE TAX LEVY TO BE LOWERED

Decrease Is Due to the Increase of Taxable Valuations.

St. Paul, Minn., Sept. 25.—(Special to The Herald.)—Minnesota's state tax levy this year will be three-tenths of a mill less than last year, owing to the increase of taxable valuations from \$1,212,000,000 in 1911 to \$1,322,000,000 this year, an increase of \$110,000,000 made by the state tax commission. Auditor of State Alverson today certified to the various county auditors the new state tax levy of two and thirty-five one-hundredths mills as against two and sixty-five one-hundredths mills last year. Under this reduced levy the revenue fund levy will amount to about \$2,400,000, the same as last year. The reduction in levies are made in the general revenue fund, the university campus fund and the prison building fund.

## SPEAKERS FOR PROGRESSIVES

All Parts of Minnesota Will Be Invaded Next Week.

St. Paul, Minn., Sept. 25.—(Special to The Herald.)—The Progressive party will have speakers in all parts of Minnesota next week. Bourke Cockran is billed for Duluth Oct. 5. George D. McClellan of Lead, S. D., will speak at Gilbert Tuesday night at Duluth. Wednesday, Chisholm Thursday night and Hibbing. Friday will come the latter part of the week, but his schedule of addresses has not been prepared. An effort will be made to have Albert J. Beveridge of Indiana to Minnesota the middle of October. Mr. Beveridge has been stumping his home state in the interest of Col. Roosevelt.

## WORLD'S SERIES WILL OPEN IN NEW YORK OCT. 8.

New York, Sept. 25.—The opening game of the world's baseball series will be held in this city on Tuesday, Oct. 8. The games will alternate between here and Boston, one game in each city, until the series is concluded. The Boston club will control the sale of tickets in that city. This is a victory for Ban Johnson in the American league. Selected were: National league—Klem and Rigler; American league—Loughlin and Evans.

## TESREAU GOING SOME.

McGraw's Big Recruit Is Making Fine Record. Jeff Tesreau, of the Giants, who has won five of his seven straight victories within the last ten days, is just beginning to hit his stride. He has beaten every team in the league, with the exception of the Boston, in which he has averaged a trifle less than five hits a game, while of a little more than one run in each encounter. Two of his games have been shut-outs.

## CLEAN YOUR LIVER AND THIRTY FEET OF BOWELS WITH "SYRUP OF FIGS"

More Effective Than Calomel, Castor Oil or Salts; Gently Cleanses the Stomach, Liver and Bowels Without Nausea or Griping. Children Dearly Love It.

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache. Your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something to-night."

Most people shrink from a physician, they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs to-night and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, with-

out gripe, nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it can not cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Before any other fig syrup substitute with contempt.

## PRESIDENT CONFIDENT

Taft Believes That His Election in November Is Certainly.

Expects to Carry Solid East and Most of the West.

New York, Sept. 25.—President Taft in a prepared interview issued last night declared that his recent claims of strength were entitled to respect. He repeated that he believed he would be elected and gave his reasons for denying that he had been over-estimated. He analyzed the political situation as he saw it, maintaining that the regular Republicans would carry the solid East and hold enough of the Central and Western states to elect him. The president made these statements at the home of his brother, Henry W. Taft, where he went on his arrival from Washington. The president's interview follows:

"When I declared a few weeks ago that I felt reasonably sure of my own election in November, and the success of the Republican party, I was regarded by some as entirely over-estimated and unwarranted. This day, however, after a number of indications that the Republican party is still the dominant party, and that the expected growth of Democratic strength has failed to materialize, my only declaration is shown to be entitled to respect."

"I have reduced majority will have a reduced majority over 1908 because of the presence of three tickets in the field, but the Democratic party will suffer also. The combined strength of the third term party will not be enough to change the ultimate result."

"Five or six weeks ago, I was assured generally that the Republican party would secure the vote of the solid East, including all of the New England states, with the exception of Maine and Vermont; that the Democratic party would maintain its hold on the solid South, and that the third term party would secure the solid West, leaving only the Middle West as a debatable. Today, with the election still one month away, the Republican party finds itself with a strengthened hold on the solid East, having routed the third term party in Vermont and the Democratic party in Maine. The third term leaders recently conceded that we would pick the state of Utah out of the solid West, and after conferring with Chairman Hilges and others recently in the West, there is every reason to believe that the Republican party will carry Michigan, Washington, Idaho and Wyoming. Moreover, if the proper campaign is waged, we will carry Oregon, Kansas and Minnesota, where the third term strength has rapidly waned since the recent tour through that section by the party's candidate."

"No Solid West for Teddy. I am not familiar with the developments in other Western states, although many good reports have come to me at Beverly concerning them, but even with the states already mentioned, it can be seen that the new party, but more nearly, a solid West re-united in support of the Republican ticket. This strength, added to the indisputable Republican hold on the Eastern states, constitutes, in itself, a sufficient strength to give success to the party."

"It is scarcely necessary for me to point to the necessity of establishing a Republican majority in the house of representatives. If this is done, I feel confident that I will be able to have placed on the statute books the workmen's compensation law, which I urged upon the last session, but which was sent to oblivion by the Democratic house. If the country will give the Republican party a complete victory in its congressional campaign, as well as its presidential ticket, a proper tariff revision will be speedily effected, with knowledge of the facts as found by a tariff commission, which will harm no one and remove its present defects."

## GRIEF HASTENS WOMAN'S DEATH

Oldest Women in Extent of Service By City of Chicago.

Chicago, Sept. 25.—Miss Mary H. Russell, who during twenty-five years service in the city controller's office is said to have written checks totalling more than a billion dollars, died yesterday in a North side drug store. Miss Russell was seized with a heart attack while on the way to her home. Miss

Russell had been given a two months' leave of absence and had prepared to go to Kenosha, Wis.

Grief was said to have played a part in the death of Miss Russell, who was the oldest woman in extent of service employed by the city. Two of her sisters died within the year and last week her oldest and most intimate friend in the controller's office died.

## INQUIRY INTO WOOL TARIFF

Had Campaign Contributions Any Effect on Action of Congress?

Washington, Sept. 25.—An investigation to determine whether campaign contributions had anything to do with the refusal of congress to revise the woolen tariff in the special session of 1909, has been started by Chairman Clapp of the senate committee investigating campaign expenditures.

It is understood he is preparing to submit to the full committee a list of witnesses, including the names of Former Speaker Cannon, Representative McKinley of Illinois and Representative Weeks of Massachusetts and representatives of various branches of the woolen industry, with the recommendation that they be questioned as to any knowledge they may have of campaign funds furnished in the congressional fight of 1908.

## WENT BACK TO PRISON CELL

Chicago Youth, When Released, Lost Courage to Face Friends.

Chicago, Sept. 25.—Harold Hoopes, son of a Chicago manufacturer, who was serving a 12-day sentence in the house of correction, and who was released by his father yesterday, lost courage to face his friends and family and hurried back to his cell after a few hours liberty.

Hoopes was sentenced for fighting with a young woman. He had figured in a number of escapades and his father this time refused to pay his fine. But after twenty-six days had passed, the father paid the balance of the \$26 fine, and told his son to come home.

Hoopes went home where he found welcoming preparations under way. He stayed but a short time and before night was back at the Bridewell "demanding his prison suit and his room." His father said: "I'm learning my lesson here and I'm going to finish my sentence," was Hoopes' statement.

## BEDE SCORES ROOSEVELT

Says That "Lying Is a Gift" With the Colonel.

Springfield, Mo., Sept. 25.—Congressman Phil Campbell of Kansas, Justice J. M. Harlan of Chicago and J. Adam Bede, who are on "Roosevelt's trail," spoke here yesterday.

Congressman Campbell declared Roosevelt was attempting political burglary in Kansas and trying to "strong-arm" the Republican voters of Kansas.

"With Roosevelt, lying is not a habit, it is a gift," declared J. Adam Bede. "He has been fooling the people for a year and now he is trying to fool God. He says he's standing at Armageddon battling for the Lord and at the same time he's trying to steal Kansas elections."

Cancellation Still Subject to Appeal. Juneau, Alaska, Sept. 25.—The statement that the cancellation of the Lippy-Davis coal land claims in the Koyuk river had been ordered by Commissioner Fred Bennett of the general land office, proved to be incorrect. The cancellation was ordered by the Juneau land office and is subject to appeal to Commissioner Bennett, who has not passed upon the ruling.

Excess Loans Reduced. Washington, Sept. 25.—Reports of national banks in the reserve cities made in response to the last call of the controller of the currency, it is announced, show a 40 per cent reduction of excess loans as compared with the call of August 1. The aggregate of the excess portion of the loans now equal only \$999,000 as against \$1,785,000.

## TICKET IS NOMINATED

Michigan Republicans Fill Offices Not Voted on at Primaries.

Harmony Prevails and Administration of President Taft Is Indorsed.

Detroit, Mich., Sept. 25.—The Republicans of Michigan in state convention here yesterday adopted resolutions declaring their indorsement of the administration of President Taft and pledging him the electoral vote of Michigan. The convention was notable for the harmony that prevailed throughout, despite several contests on the state ticket. Nominations were made to fill those offices not voted on in the primaries and they resulted as follows:

Secretary of state, Frederick T. Martindale, Detroit. State treasurer, John W. Hawser, the present deputy state treasurer. Auditor general, Dr. J. H. Warren Meyer as administrator, was postponed until Oct. 2. Wheeler registered under the name of "James Woodrow" and his identity did not become known until yesterday. He was accompanied by his attorney, Emil Schnallock, also of Halls, who registered as "Emil Sheridan." Schnallock is under the care of a physician. According to physicians Wheeler died of uraemic convulsions.

Elects New Officers. Hancock, Mich., Sept. 25.—(Special to The Herald.) The Home Guard Society of the Fawcett M. B. church has elected its officers for the coming year. The officers are as follows: Directress, Nellie Willis; president, Lillian Russell; first vice president, Laura Trudgen; second vice president, Blanche Harris; third vice president, Fannie Greer; fourth vice president, Lucy Trembath; recording secretary, May Kendall; treasurer, Oneta Trembath; mite box secretary, Doris Paul; organist, Edith Verran; assistant organist, Flora Hobbs.

Previous to the convention there had been many rumors that a contest would come up between Governor Osborn, who was a delegate from Chippewa county, and the "old guard" Republicans, who have criticized him recently because of his statements in reference to the presidential candidates. The expected trouble, however, did not occur. Governor Osborn was present when the meeting opened and he sat on the platform with the speakers. He made no speech and left before the convention adjourned.

The resolutions deal with recent legislation enacted by the party, favor a comprehensive investigation of all state institutions to expose the employment of prison labor on private contract, favor the initiative and referendum on legislative questions, urge a more vigorous policy in the improvement of state highways, and submit a proposal that automobile license fees be paid to the credit of highway funds.

## McGOVERN GETS ENDORSEMENT

Wisconsin Progressives Decide Not to Oppose President Governor.

Milwaukee, Wis., Sept. 25.—Governor Francis E. McGovern, Republican, was last night indorsed by the state central committee of the state Progressive party, in a resolution, which was adopted by an unanimous vote. The resolution reads as follows:

"Resolved, That the committee after fully considering the welfare of the Progressive movement in this state and in the national convention, and conscious of the difficulties confronting the Progressive candidates in Wisconsin, indorse the nomination of Francis E. McGovern for governor."

Another resolution was adopted empowering the executive committee to fill all vacancies and place in nomination any other officers which they may see fit.

State Chairman of the Progressive party, Norman L. Baker, after the meeting said: "We feel that in indorsing Governor McGovern we will be supporting a candidate who stands absolutely for the principles adopted by the Progressives of the state and nation, and that the interests of the party will be better served by not placing another candidate in the field."

Chairman Baker will shortly appoint the executive committee to fill the vacancies of the Progressive party in the way of the districts in Wisconsin.

Stockyards Railway Fight. Washington, Sept. 25.—The fight before the supreme court of the United States by the railroads within the stockyards, to escape regulation by the

interstate commerce commission, was begun yesterday when attorneys for the railroads filed a brief in support of their contention that the interstate commerce laws do not apply to stockyards railroads.

## MYSTERY IN HIS DEATH.

Father of Girl Who Was Drowned Expires Suddenly.

Denver, Colo., Sept. 25.—James Cooper Wheeler of Halls, Long Island, father of Miss Candace Wheeler, who was drowned in Bowles lake near Denver, June 23, died here Monday night under circumstances which the authorities consider mysterious. Wheeler with a suit involving his daughter's will, his suit to have set aside the will, which named Dr. J. H. Warren Meyer as administrator, was postponed until Oct. 2.

Wheeler registered under the name of "James Woodrow" and his identity did not become known until yesterday. He was accompanied by his attorney, Emil Schnallock, also of Halls, who registered as "Emil Sheridan." Schnallock is under the care of a physician. According to physicians Wheeler died of uraemic convulsions.

Justice supreme court to fill vacancy, short term, Joseph B. Steere, Sault Ste. Marie. Justice supreme court, regular term, Frank C. Kahn, Mt. Clemens. Presidential electors to fill vacancies, Elliot G. Slocum, Wayne county; F. M. Coon, Grand Rapids; W. P. Culver, Mason.

Alex J. Grosbeck of Detroit was re-elected chairman of the state central committee.

Previous to the convention there had been many rumors that a contest would come up between Governor Osborn, who was a delegate from Chippewa county, and the "old guard" Republicans, who have criticized him recently because of his statements in reference to the presidential candidates. The expected trouble, however, did not occur. Governor Osborn was present when the meeting opened and he sat on the platform with the speakers. He made no speech and left before the convention adjourned.

We Do Steam Pleating in All Widths

Women's Suits Tailored to Measure \$35 Up

## Jaunty New Tailored Suits at 19.50

—The widest range of choosing that is offered in Duluth in popular priced suits is here. Thursday we will show between 75 and 100 suits to sell at \$19.50.

—No better suits were ever made to sell at \$19.50—we doubt if better suits were ever made to sell at \$25. The tailoring that has been put into these is as good as ordinarily goes into \$25 suits—and so are materials.

—In one week's time we have sold as many of these suits this season as we have in a month in previous years.

—Why—

- Because they are superbly tailored—
- Because they are the smartest styles—
- Because they're made of pre-shrunk materials—
- Because they have hand-made collars and lapels—
- Because they have guaranteed satin linings—
- Because the sleeves are finished with dress shields.

—And then there are many other reasons why women who try these suits on are convinced they are the best values to be had in town at the price.

—The selection of 2, 3 and 4-button straight or modified Norfolk styles is so good that immediate sales follow first inspection. Materials are serges, diagonals, chevrons and Bedford cords, \$19.50.

## The Best Suits We Know to Sell at \$25

—Are here awaiting your inspection and comparison. We make great claims for these \$25 suits because we have already had big sales on them and mostly from people who have "looked about" before choosing these.

—They tell us there never was so much hand tailoring in \$25 suits as in ours. They say they have never seen such splendid materials in popular-priced garments before. They say that suits of better style are nowhere to be found.

—Thursday there will be 150 of them to choose from, including the desirable colors and all the best materials. We shall be very pleased to try some of the various models on you.

## Crisp New Lingerie Waists

—Fresh from their tissue wrappings for Thursday's selling are these smart new models. Inexpensive ones they are though one would not judge them such from their appearance.

—A number of models for choosing, all with long sleeves and high collars, with tucked fronts, some hand embroidered, some trimmed with lace insertions and others with Irish lace yokes. Prices, \$1.49 to \$2.75.

## Tailored Dress Skirts \$5 to \$10

## Valska Suratts Answers to Correspondents

THERE are thousands of women today who are taking a great deal of time to be taken from the ranks of the flat-chested, hollow-necked, and charmingly only the right means are employed. Even women who have become mothers and who are taking reason peculiarly unsuitable to either lack or loss of the charm they seek. In a half-pint of cold water dissolve two ounces of Valska Suratts and half a cup of sugar, all well mixed together. Of this take two teaspoonfuls three or four times a day in a wine-glass of water after your meals. The Valska Suratts will cost you one dollar at any drug store. Some cases are obstinate but in any case a faithful use of it will bring success.

PRUDENCE.—Yes, a shampoo is absolutely necessary. The following shampoo will find to have a remarkable effect. Dissolve in a half-pint of water one ounce of Valska Suratts and half a cup of sugar, all well mixed together. Of this take two teaspoonfuls three or four times a day in a wine-glass of water after your meals. The Valska Suratts will cost you one dollar at any drug store. Some cases are obstinate but in any case a faithful use of it will bring success.

MISS FALLING HAIR.—Any woman may absolutely stop this bad condition. The hair roots need nourishment. Hair falls because the hair follicles are dying. Ordinary hair tonics merely stimulate a trifling, many do not offer the nourishment that the hair needs. Here is a remarkable hair grower and I would advise using no other treatment than this:

With a half pint of water mix half pint of alcohol. Add one ounce of Valska Suratts thoroughly, and it will then be ready for use. If you prefer, you can use imported day run instead of water and alcohol. The Valska Suratts you can get at almost any drug store for not more than fifty cents.

This formula should be applied very freely on the scalp after brushing it thoroughly for a few minutes. Rub the tonic thoroughly into the scalp with the finger tips.

AMANDA.—I received a letter some time ago from a mother who stated that since using the formula I gave a while ago in these columns, she had been taken for a trip to Europe. Her year-old son's crown's foot, wrinkles in forehead, above the mouth and cheeks may be removed. There is but one thing that I know of that does it.

In a large bowl, pour half a pint of hot but not boiling water. Add a few drops of Valska Suratts. In a few minutes add two ounces of Valska Suratts and continue stirring until all is dissolved. At first it will look like jelly, then it will turn to cream. When this is ready, add a few drops of Valska Suratts. Keep in an air-tight jar. You should be able to get about a quart of cream. It should not cost you more than fifty cents. Rub in well until cream disappears. This will not grow hair.

B. O. H.—You will have no excuse for pimples or skin eruptions if you will use faithfully the following:

Dissolve two ounces of granulated sugar in one-half pint of water, and add one ounce of Valska Suratts. The whole together to make a pint. Sarsaparilla is a liquid which you can get at the drug store. It will cost you one dollar in the original package. Take one or two teaspoonfuls of this mixture three or four times a day with a little water if desired.

## THE EUROPEAN MINERAL & VAPOR BATHS

### ARE A CREDIT TO OUR CITY

A Herald reporter made a visit to the European Mineral and Vapor Bath Parlors at 17 and 19 East Superior street and was shown through the "House of Health" and was surprised to see what equipment and facilities the institution provides for treating all kinds of diseases at a very small cost to the patient.

The baths and parlors, which are divided separately for ladies and gentlemen, are furnished elegantly and the patient, after taking the treatment, can enjoy the comforts of a real home-like place. Private rooms are reserved for those who live in or outside of the city, so that in case of patients desiring to remain at the Sanitarium can do so at very moderate rates.

The reporter was also shown hundreds of testimonials, which are not "faked up" ones but with the genuine signatures of those who have been cured of Rheumatism, Colds, Lumbago, Skin and Blood Diseases, Liver and Kidney Troubles, etc., and are informed by the Professional Masseuse in charge, that there is no necessity of any one suffering with the above ailments to leave the city and pay an enormous price, when they can be cured right here in Duluth. They have professional masseuses in attendance night and day, for both ladies and gentlemen, and the office is open all day to give free consultation.

Don't forget the place and number, The European Mineral and Vapor Bath Parlors, 17 and 19 East Superior Street, Second Floor. Call, write or phone for appointments, Melrose 3153.

## NOT BLAMED BY PATTISON

Fisher's Father-in-Law Does  
Not Hold Arebach Responsible for Murder.

Prisoner Issues Statement  
From Jail Where He  
Is Confined.

Martin Pattison, father-in-law of Harry W. Fisher, who was shot and killed while hunting on his fruit farm near Grand Rapids, Mich., stated in an interview at Chicago yesterday that he did not consider O. M. Arebach, business partner of Fisher, responsible for the latter's death. Mr. Pattison declared that he entertained no suspicion that Arebach or that the latter was in any way to blame.

A dispatch from Grand Rapids, Mich., quotes Sheriff George W. Bates, who is holding Arebach in the Lake county jail, pending an investigation of the shooting, as saying that he fully believes Arebach's story concerning the affair. The sheriff said Mrs. Fisher took the same view.

Arebach, who was hunting with Fisher when the shooting happened, has given out the following statement in regard to it:

"Harry Fisher was accidentally killed. God knows I am not responsible for his death. We took his rifle and three shells, all he had, and went to look for partridges. I carried the gun because Harry only had one arm. We came to a little clearing. I sat down and leaned the gun against a stump. I turned to light my pipe. I heard the report and looked around and saw Harry falling. An unbuttoned shirt flew. The bullet had gone clear through him.

"When I told Mrs. Fisher she was hysterical. She wanted to take him to independence to be buried and as the train left that night, I thought it was best. When the coroner's jury held me responsible, I consented to be taken in custody. I will remain here until the matter is cleared up unless I am liberated."

The same Grand Rapids dispatch states that the shooting occurred just a few hours after Arebach had been told by Fisher that he and his wife would soon leave on a trip to Europe. Arebach was surprised and remarked that he would be very lonely in the little farmhouse on the Fisher farm after Fisher and his wife were gone.

It is stated that no warrant has yet been obtained for Arebach's arrest. Sheriff Bates has several times spoken of obtaining a warrant but Arebach has requested him not to do this, saying that he would voluntarily remain in jail awaiting developments.

Arebach, however, has had a warrant drawn up, charging murder, and will be held in custody in case any attempt is made to obtain the release of Arebach on habeas corpus proceedings.

It was rumored that some wealthy Chicago friends of Arebach's wife had been contemplating such a move.

The accident that cost Fisher his arm occurred about two years ago when he was on a shooting trip. He had been insured against accident for \$45,000 by the insurance company had contested the claim, and the matter is still in litigation.

Fisher's life was insured for \$250,000 in his wife's favor, as follows: Northwestern Mutual of Milwaukee, \$100,000; Prudential of New Jersey, \$100,000; Mutual Benefit of Newark, \$50,000.

The marriage of Harry W. Fisher and Ethel Pattison took place on Oct. 8, 1902, at Superior, Wis. They had first met at St. Paul, where both were studying music. Fisher afterwards engaged in the mining business with his father-in-law, toward a Pattison. The Fishers made their home at Ely, Minn.

## AUTO STRIKES TELEPHONE POLE

Occupants Have Narrow Escape and Machine Wrecked.

John T. Kieley, his 5-year-old son, Walter, and Fred Hovahl fortunately escaped dangerous or fatal injury last night when the automobile in which they were riding became unmanageable and crashed into a telephone pole on East Superior street between Twelfth and Thirteenth avenues.

The older Kieley was at the wheel of the machine, which is owned by Edwin Johnson, 1324 E. Second street, and used for delivery purposes. He was driving westward at a moderate speed, and the car was struck by a car driven by Frank Maxon he struck the rear end of the auto ahead. This is thought to have caused the accident, and the machine started for the curb.

Two wheels slipped over the curb, and the machine started for the curb. In his excitement, throw on more power, and the car started for the curb. A fire hydrant was missed by only a few inches and the machine was struck heavily. The entire front of the car was wrecked and the car was thrown to a garage.

The three occupants were picked up by passers-by who were attracted by the accident. Kieley carried his son to his home at 607 East Third street and Hovahl was taken the balance of his trip by another automobile.

Superfluous Hair Removers Are Mostly Frauds.

A Simple Test Will Prove Which Superfluous Hair Removers Are Harmful and Worthless.

The really important problem confronting women is not how to remove superfluous hair. What concerns them is how to prevent a more vigorous growth after each removal. This brings us to the point. The test which leads to right doing. The education of girls is the crux of the problem. For they can most effectively train the boys.

Do you suppose that chamber of horrors has a moral, reforming or even an educational effect? I do not believe that fear is a high ethical concept to appeal to. I do not believe that a lowered dragging the young to do right, but toward the incalculable. That is why I think which leads to right doing. The education of girls is the crux of the problem. For they can most effectively train the boys.

How to make the test—First, remove a little hair from any part of the body with any of the questionable depilatories, then remove the same amount of hair from another spot close to it with DeMitracle, wait a week and notice the difference. You will observe that the hair which was removed with the questionable depilatory grows out again coarser, thicker, whereas it is just the opposite with DeMitracle. It will be plainly seen that there is barely a trace of hair, which may be accounted for by the fact that DeMitracle contains no caustic ingredients which not only dissolve hair, but actually take the vitality out of it, thereby retarding and preventing an increased growth.

It is because other depilatories lack these special ingredients that it is impossible for them to accomplish the

## Mild and Enjoyable, Cool and Soothing—That is Tuxedo.

If you are a Tuxedo smoker you understand why famous men in every walk of life smoke Tuxedo—because it is the one pipe tobacco that affords complete enjoyment and satisfaction. Tuxedo cannot sting, bite or irritate the delicate membranes of the mouth or throat—as every Tuxedo smoker knows.

Only the mild, tender, lower leaves of Burley tobacco are used in Tuxedo. Under the famous "Tuxedo process," this high-grade tobacco is made to burn slowly, and the result is a cool, healthful, enjoyable pipe-smoke that soothes and rests, and refreshes the tired business or professional man.

Tuxedo Tobacco is widely imitated, but no other manufacturer has succeeded in discovering the "Tuxedo process." Your first pipeful of Tuxedo will prove this statement.

## SOME STRANGE CUSTOMS OF JEWISH FEAST OF SUCCOTH

Succoth or the Feast of Tabernacles, observance of which will begin this evening, is one of the most interesting holidays of the Hebrew race, on account of its many customs and historical features.

Succoth is in reality a Thanksgiving festival, in which the Lord is thanked for the large harvest and bountiful stores for the winter. The offering on

the altar, of several animals, by each farmer, was a necessity during the Hebrew regime and was closely adhered to by the people. Services were held during the entire week, the first two days and the last two days being especially observed in the churches. The intermediate days are known as Chelmoned, which is today observed by the more devout and Orthodox Jews. The

## EAT WITHOUT FEAR! NO SICK, SOUR, GASSY STOMACH OR INDIGESTION

Do some foods you eat hit back—taste good, but work badly, ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, let this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear. Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

### COAL SHORTAGE IN TWIN CITIES

Purchasers Are Allowed to Order Only a Limited Supply.

There is a pronounced coal shortage in the Twin Cities. This is due to the slowness of coal shipments to the port of Duluth earlier in the season and the slowness was the direct result of the coal miners' strike early in the spring and which was not settled until after navigation was well under way.

No hard coal was received in Duluth until June 15 this season. Usually the first boats to make the Head of the Lakes, bring coal.

Coal has been coming freely lately, but it cannot be loaded, unloaded and finally shipped out of Duluth fast enough.

In Minneapolis and St. Paul, coal dealers are selling only a limited supply of coal to each individual that everybody can get a small supply. It is figured that after a time the shortage will be relieved to some extent. Those who have been in the habit of putting in their winter's supply of coal are not being allowed to do so this fall.

## INCREASED ATTENDANCE

Normal Schools of State Have More Pupils This Year.

Growth Believed to Be Due to the Bumper Crops.

An increase in the attendance at the Duluth normal school this year was last reported by President W. G. Bohannon.

The present enrollment is 225. Last year it was slightly over 200. The present attendance may be increased later by delayed enrollments.

Throughout the state there has been an increased attendance at normal schools. The present enrollment figures have been given out as follows:

St. Cloud ..... 577  
Mankato ..... 475  
Winona ..... 434  
Morhead ..... 225  
Duluth ..... 225

Total ..... 2,071  
The Morhead school will have a large number of delayed enrollments which will bring its figure up to about 450 by the first of the year.

The increase in the total enrollment at the state normal schools is attributed largely to the excellent and abundant crops throughout the state according to President George E. Maxwell of the Winona school.

The Duluth normal is the smallest and youngest of the state group of normal schools.

## "INTENDED" TOO BUSY TO COME FOR LICENSE

Annie Dougherty of Superior told the marriage license clerk at the court house yesterday that her intended couldn't spare the time to come to Duluth to get a license—so she thought she would take it out herself.

A license was granted to her permitting her to contract marriage with Wilhelm Marquardt, also of Superior. Her signature to the application for the license was witnessed by Miss Edna Hantz of this city.

## FREE LECTURE ON CALIFORNIA

Free passage for an imaginary journey through the white sea and by the sunset sea, as California is called, will be given to anyone who cares to visit the assembly hall of the Central high school on Monday evening, Sept. 24. The lecture will be given by a representative of the affiliated transcontinental roads, will deliver a lecture on that state and other parts of the great West, profusely illustrated with colored lantern slides and moving picture films.

Mr. Cline's topic will be "See America First." He will call the attention of his audience to the fact that American tourists spend \$200,000,000 annually in Europe and that many of them go to Europe before they have really seen their own country. He will show that America has a vast number of attractions of its own unsurpassed by those of any other country on earth. His lecture will be a plea to those who have money to spend in traveling to spend it in America, if they have not seen America's own beauty spots.

## COMPANY IS REORGANIZED

About 125 stockholders of the Lake Superior & Nevada Development company, at a meeting held in Knights of Columbus hall, reorganized the company and made the shares, heretofore inconvertible, assessable. The purpose of this was to meet the expense of the installation of the new mine at the Arizona Mascot gold mine in Arizona, near Crown King. The old company had a capital of 1,000,000 shares of a par value of \$1 each. It was estimated that the present worth was 25 cents a share, and it was decided to issue a share of new stock for each share of the old stock plus 5 cents. This action was taken unanimously. Stockholders that were not present were represented by their proxies. Many of them were Duluth people, but others were from Wisconsin and Michigan.

It is hoped that it will not be necessary to assess the stock, for the output

## TONIGHT! TAKE A "CASCARET" SURE

No Headache, Sour Stomach, Biliousness or Constipation by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.

of the gold mine is good and it is hoped that in the future its profits will run from \$600 to \$1,000 a day. C. M. Christensen, superintendent of the mine was present, and exhibited two gold bricks that had been made at the mine and were ready for the mint.

The officers of the old company will hold the same offices in the new. They are as follows: President, A. Hagberg, Duluth; secretary-treasurer, Albert Johnson, Duluth; vice president, Andrew Bjorkman, Iron Mountain, Minn.; directors, the three officers above-named and the following: John Peterson, Hibbing; Albert Kolstad, Ely, Minn.; Edward Falk, Coleraine, Minn.; Aug. R. Norman, Carlton, Minn.; Magnus Olson, Ironwood, Mich.; and Felix Durochee, South St. Paul, Minn.

In addition to the Arizona Mascot mine property, which consists of a tract of 240 acres, the company owns two other gold mine tracts, one of 240 acres, called the U. S. Grant mine in California, near the town of Sonora, and the other a 20-acre tract known as the Nevada Mascot, in Nevada near the Goldfield Consolidated property. The company is owner also of a copper mine called the Big Blue, embracing 10 acres near Pigeon Springs, Nevada.

## BURGLARS MUCH MORE HONORABLE

Than Roosevelt Men in Kansas, Says John Maynard Harlan.

Pittsburg, Kan., Sept. 25.—"Gentlemen burglars or highwaymen," were declared to be "much more honorable than the Roosevelt men in Kansas," by John Maynard Harlan, who, with Adam Bede, spoke here yesterday. Both men, who are trailing Col. Roosevelt across the country, were bitter in their denunciation of the Progressive party and its leader.

Harlan especially denounced William Allen White for his threat to keep the Roosevelt election on the Republican ticket, if the Taft men attempted to harass the Progressives.

Australia and the Pacific ocean and in part to the eastern and central portions of Asia.

## FIGHTING IMPROVEMENT.

Citizens of Fergus Falls Blocking Project to Increase Water Power.

Fergus Falls, Minn., Sept. 24.—(Special to The Herald.)—Another effort is being made to block the so-called Hoot lake project, whereby it is proposed to develop about three times as much power as is now being secured from the river here. The plan is to cut a tunnel through a hill about three miles above this city, and so change the course of the river that the water will then flow over another hill with a sheer drop of seventy feet. To do this, the water will have to be diverted from a horseshoe bend, and its course shortened by about ten miles.

The city's dam, which went out three years ago, was in this horseshoe bend and had a head of twenty-five feet. To carry through the project, the company proposing it had to induce the city to consent to abandon its damsite and agree to take power from it, offering advantageous terms as an inducement. The city accepted the offer and voted to abandon its dam last spring. It was supposed the work would then begin, but several property owners have refused to accept the amount offered them by the company for the diversion of the river from their land, and the company finally decided to condemn the water rights.

The application for appraisers came up for hearing and the objectors are now being given the ground that the river here is a navigable stream for the reason that rowboats are sometimes used upon it and consequently that the company has no right to divert it or change its channel. They also contended that it was valuable for swimming and that fish were sometimes caught in it. Judge Nye overruled them, and appointed appraisers to determine the value of the water rights, but it is expected an appeal will be taken and that a big fight will follow.

## WARNING TO MILLINERS.

South Dakota Strict About What Plumage Is Used.

Pierre, S. D., Sept. 24.—(Special to The Herald.)—The sale of plumage of any non-game bird is prohibited by law in South Dakota and any person violating this law is guilty of a misdemeanor and subject to a fine upon conviction.

The English or European house sparrow, black birds, great horned owl, sharp skinned hawk, Cooper's hawk, crow, magpie, camp robber and blue crow are not included among the birds protected.

It is not the intention of the department of game and fish to cause any hardship upon millinery dealers throughout the state by making prosecutions without giving a reasonable notice as to the time when such action will be taken, and accordingly notice is now being given that all plumage of birds mentioned in the new act must be withdrawn from sale after Nov. 30, or prosecutions and confiscations will follow.

Federal officers are inspecting millinery stores for the plumage of birds, the killing of which is illegal, as well as the violation of the federal law requiring packages containing dead birds, or the plumage of dead birds, to be plainly marked. All the plumage of the birds and animals prohibited by law to be killed will, after Dec. 1, 1912, be confiscated, and the persons having in possession birds or plumage will be prosecuted.

## MYSTERIOUS DISEASES.

South Dakota Sheep and Horses Attacked—Thought to Be Weed.

Wheeler, S. D., Sept. 24.—(Special to The Herald.)—Sheepmen of Gregory county are greatly alarmed by the death of many of their sheep, the cause appearing to be a weed of mysterious character which the animals devour.

A. E. Pike was the first to discover it. Twenty-seven of his sheep were found dead in a pasture, and in a few hours the epidemic had spread. A veterinarian who examined the spinal columns and brains of the dead sheep discovered a deadly disease. When an animal showed symptoms of the poison it would droop, stagger backward a few steps and fall dead.

Yankton, S. D.—The outbreak of cerebro meningitis among horses of this county called Dr. S. M. Smith's attention to the disease. It is the same that appeared in Nebraska and is believed to be caused by fungus in pastures that frost or heavy rain will check. Fifteen cases have been reported in this county. The mortality in Bon Homme county has been heavy. From towns west for seventy-five

# THOMAS W. LAWSON cuts loose

EVERYBODY'S MAGAZINE pledges itself to its readers, to its readers yet to be, and to Mr. Lawson—seriously, earnestly, pledges itself—to fight the stock exchanges of all the big and little Wall Streets in America until—until they shut down their gambling and until they agree to conduct business as legitimate stock-exchange business should be conducted.

This is a stronger pledge than we gave Mr. Lawson in "THE REMEDY," in the current issue of EVERYBODY'S—and different.

We gave him the one he asked for. This no one asked for.

We give it, or take it, or whatever is the surest way to bind ourselves by it, because we have come to the conclusion, after years of crusading, and after a long study of every big evil that besets the body, mind, or soul of Columbia, that no evil approaches, either in present harm or in future menace, the Monster of the Street with his myriad tentacles.

We are pledged to Mr. Lawson to hurl every barbed shaft of his into the body of the Beast. He knows the vulnerable spots and how to make the shafts. But they must be big shafts. EVERYBODY'S is to be the huge shaft-hurler.

More than that, we mean to cut and haul big timber for his shafts, and to aid him in every possible way.

And more again, we mean to do what we can to persuade other monster-hunters to hunt and harry this Beast.

It is risky business. It isn't comfortable having tentacles feeling round one's throat.

And when the Beast is hurt and lashes his tail and roars in panics and threatens to wreck everything, it's scary.

But EVERYBODY'S is going in with Lawson, knowing that hurling shafts is risky business, knowing the power of the Monster, hoping to dodge tentacles and tail; and, above all, hoping if it does meet up with a husky side-swipe of the Monster's tail or is too fondly embraced by a fat tentacle, it will have the courage to put up a good fight.

An expert financial man on a big New York daily says that of every ten men who speculate in Wall Street nine lose every cent, while the tenth dies before he has lost quite all. His widow is able to save a little from the wreck.

Now what possible excuse can there be for perpetuating a game where the wheel is "fixed" and the player has absolutely no chance?

The sporting answer is "You can't legislate to protect fools."

But that is just what legislation is for—to take care of the weak and foolish. The wise man takes care of himself.

However, we are not going to tell Mr. Lawson's story.

It is fair to say that for years EVERYBODY'S has believed that the government, either state or national, ought to find a way to prevent legal crooks' taking advantage of the greediness of the weak and foolish by tempting them with worthless securities promising quick riches.

EVERYBODY'S for years has refused financial advertising about which there might be any question.

EVERYBODY'S for years has attacked bucket-shops and fake mines and Wall Street jobbery and cajolery.

P. S. Some "interests" won't like this. If your newsdealer can't get you a copy of EVERYBODY'S, tell him to write direct to the Publishers News Company, New York

THE RIDGWAY COMPANY, NEW YORK.

miles to thirty miles east the disease has been found. Only horses in pastures are affected; town horses, on dry feed, have not been attacked. Dr. Smith advocated the removal of all horses from pasture to barn.

## RAIN HAS VIRTUE.

May Hurt 1912 Crops But Will Help Those of 1913.

Fargo, N. D., Sept. 24.—(Special to The Herald.)—Although the heavy rains will cause some damage to the crops this fall they are not an untimely evil, according to the opinion of President J. H. Worst of the North Dakota Agricultural college. President Worst declared yesterday that bumper crops for 1913 are now practically assured.

"While we would have preferred to have this rain come next June," said President Worst yesterday, "in this country we must take the moisture as it comes. It is the total amount of rain that falls during the year that counts."

"The ground is already wet to the depth of several feet. The moisture has been coming steadily and slowly and has penetrated deeply. It will keep the soil in good condition until the crops next year get a fine start."

## KEEP GIRLS IN SCHOOL AND OFF THE STREETS.

Madison, Wis., Sept. 25.—State Superintendent C. P. Cary, in a letter to the city board of industrial education, urged them to exercise all possible means to keep children between 14 and

16 years of age in school. The letter is directed particularly toward girls of this age in continuing their school duties. "Often these girls are running the streets, spending their time at the railway stations, visiting nickel shows and otherwise developing unfortunate and not vicious habits," the letter states.

## MOTORIST ADVISES "SEE AMERICA FIRST"

That American tourists should see their own country before they spend their money visiting Europe was a sentiment that was expressed in the most enthusiastic manner today by A. C. Bentley of Pittsburg, who is making a brief sojourn in Duluth, accompanied by his wife and two children.

They have been traveling over this country and Canada by automobile during the last five months and have gone more than 10,000 miles during that time. The visits have included all the famous sights of the American and Canadian Rockies. The tourists have spent much time in the ranges of Minnesota. Mr. Bentley declared he saw evidences of prosperity all through the West and the Western people seemed jubilant over the bumper crops.

## HADLEY WILL REPLY TO ROOSEVELT ON SATURDAY.

Jefferson City, Mo., Sept. 25.—Governor Hadley will reply to a speech in St. Louis next Saturday to Col. Roosevelt's statement in Joplin that he believed the governor would yet join the

Progressives in the national campaign. Governor Hadley announced this intention in refusing a statement regarding Col. Roosevelt's predictions, "My position will be made perfectly clear Saturday," he said.

## NEW CHIEF OF STAFF OF SALVATION ARMY.

London, Sept. 25.—Commissioner F. H. Howard of the Salvation Army, has been appointed chief of staff in succession to Bramwell Booth, who became general on the death of his father, the late Gen. William Booth.

Killed By Mexicans. Morenci, Ariz., Sept. 25.—Albert Munguia and Tom Campbell, deputy sheriffs of Greenlee county, were killed and Deputy Sheriff "Dutch" Keppell seriously wounded in a fight at Eagle Creek with a band of Mexicans who were stealing and killing cattle in that vicinity.

Helene Leaves Directorate. Portland, Me., Sept. 25.—F. Augustus Heinze was succeeded in the directorate of the Davis-Daly Copper company yesterday by William Bloom of Boston. The other directors were re-elected at the annual meeting of the stockholders.

Will Demand Death Penalty. Chicago, Sept. 25.—Assistant State Attorney Jeremiah Sullivan yesterday announced that he would demand the death penalty for Benito Madonky, 17 years old, Thomas Borman, 19, and Harry Jacoby, 20, who were put on trial for the murder of John Engel, a South side saloon keeper.

## SPECIAL EDITION OF MAGAZINE DEVOTED TO DULUTH HOMECROFTING

"Duluth—The Homecroft City," is the title of a special number of Maxwell's Tailor for September, which is published monthly by George H. Maxwell, executive director of the National Reclamation association with headquarters at New Orleans and Duluth.

The edition is given over to a comprehensive resume of homecrofting in Duluth, with special articles contributed by Mr. Maxwell, Dr. O. A. Oredson and others. Many clippings and extracts from the press of the city are contained in the magazine, which has been put out in attractive form.

"Ultimate Duluth, The Way to Build It," is the feature article of this number. In this, Mr. Maxwell, goes into the subject of homecrofting and its application to a city situated as Duluth is.

He emphasizes the importance of the slogan "Get An Acre and Live On It," and declares that it alone ought to bring to Duluth 200,000 thrifty workmen.

Dr. Oredson, who is styled as "the father of the home, garden campaign in the West end," contributed an article dealing on the garden movement. There are also a number of reprints from The Herald showing what was done in the recent garden contest in the West end.

In the special edition there are a number of photographs reproduced showing what is actually being done along the lines of homecrofting. On the front cover page is the following un-

der the caption of "The Duluth Idea": "Keep house by the year—Garden for the year around—Go to the garden in summer—Go to the larder in winter—Let sunshine and soil supply fruits, berries and vegetables for all home needs from the home garden and educate the children in the public schools to live this way."

Guthrie Adjudged Insane. Chicago, Sept. 25.—Jacob Foy Guthrie, the former Armour institute professor, who turned burglar and forger and whose daring in robbing homes of wealthy South side residents as founded the Chicago police, was adjudged insane by a jury in Judge William F. Cooper's division of the criminal court. Guthrie was ordered committed to the Chester asylum for the criminal insane.

Several alienists testified that Guthrie was insane. Guthrie, who is but 22 years old, has become violent at times recently.

# FUND TAKES A NEW SPURT

Wilson Campaign Fund Grows  
\$72 in One Day's  
Time.

A Dollar Now Is Worth  
Much Larger Sum  
Later On.

The Wilson campaign fund is well on its way toward the thousand dollar mark. Another spurt yesterday brought in \$72 and this swelled the total to \$735, the amount up to date. Those who sent in their contributions today were: E. R. Ribenack, Duluth, \$25; P. McDonnell, Duluth, \$25; an unknown man who signs himself "Cash", \$5; Edward Rudberg of Duluth, \$5; Henry Casimir of Duluth, \$1; and John Willette of Cloquet, \$1. A dollar right now is worth \$20 later on. The time before election day is growing shorter and all those interested in this "people's campaign fund" for a people's president, are urged to contribute their part, whether it be large or small, while it will do the most good. The fund was inactive for a time, but now that the primaries are over, it is going ahead each day. In other parts of the country huge sums of money are being subscribed by the people for the election of Governor Wilson. The money is all coming in small amounts. This is the kind of subscriptions that is especially wanted in Duluth. A great many small contributions, no matter how small, would be gladly received. Large sums are by no means spurned or tabooed, but the fund is a plain people's fund, and

## WEST END MEN SPEND VACATION WALKING TO MINNEAPOLIS AND BACK

THE THREE HIKERS.

Starting out from Duluth a week ago Sunday, Eric Johnson, Kurt Florman and Arthur Nelson, three members of the "Happy Western Hiking Club," walked to Minneapolis, arriving there last Friday and are now on their way back to this city. They are expected to arrive here Thursday noon. The young men were compelled to walk on the railroad tracks, according to correspondence received here, on account of the bad roads during the week-end as the guests of that institution. They left Monday for Duluth. The Happy Western Hiking club was organized a year ago and now has fifteen active members. The object of the club is to encourage hiking as a healthy means of exercise and also as the best way to spend a vacation. The members will hold their first annual banquet early next month. The above photograph shows the three young men en route to Minneapolis. They are wearing the club's official walking shirt, with the initials "W. H." on the side pocket.

## WANT PAVING ON TWENTIETH

Property Owners Signing  
Petition for Improving Much  
Traveled Avenue.

R. C. Sloan, property owner on Twentieth avenue west, is circulating a petition for the paving of that thoroughfare from the Northern Pacific station to Third street. Mr. Sloan is confident of securing sufficient signatures to the petition, which he expects to introduce to the council early in November. He wants the street paved early next spring. Most other property owners on the avenue are in favor of it and are assisting Mr. Sloan. Although there are four churches on the thoroughfare, Mr. Sloan expects to get the consent of at least three of them. The Catholic school, which is on Twentieth avenue and extends to the alley on Twentieth avenue, has already agreed. The other churches on the avenue are the St. John's German Evangelical Lutheran church, the First Methodist church, both on Third street and the Central Baptist, corner of First street. The paving of Twentieth avenue is urged because traffic is now heavy on this street. It is argued, Mr. Sloan believes, that the paving would be of great benefit to the West end business men. ## LINEMAN GETS FALL.

Comes in Contact With Power  
Wires But Escapes Serious Injury.

While working on Garfield avenue yesterday afternoon, Edward Amundsen, lineman for the Great Northern Power company, accidentally touched a live wire and was thrown to the ground. He escaped serious injury although his face was burned in several places and the third finger on the left hand was severely scorched. Amundsen is 35 years old and resides at 2322 West Fifth street. He has been living in this end of the city for several years and is well known among local residents. His burns were dressed by Dr. Rood Taylor, after which he was able to walk home. It was stated at the power station yesterday afternoon that the shock which Amundsen received was but 600 volts.

## Entertainers for Sister.

Miss Theresa Otterson of 2130 Piedmont avenue entertained last evening in honor of her sister, Miss Ellen Otterson, who will leave tomorrow for Portland, Ore., where she will make her home. The evening was spent in music and games, after which a luncheon was served. Covers were laid for twenty.

## Informal Reception.

Mr. and Mrs. A. Haines of 2711 West First street entertained at an informal reception yesterday afternoon in honor of their daughter, Alice Louise. The afternoon was spent in music and games, after which a luncheon was served to the following guests: Misses Anna Palmquist, Helen Pederson, Anna Aune, Sarah Hingham, Myrtle Volander, Edna White, Olive Skomars, Mildred Jones, Geneva Mooney, Evelyn Mooney, and the Messrs. Swaney Pederson and Hans Everson.

## Card Party for Guest.

Mrs. Gilbert Adout of 215 North Twenty-fourth avenue entertained at a card party yesterday afternoon in honor of her sister, Mrs. E. E. Monette of Houghton, Mich., who is visiting here. Five hundred was played and the prizes were won by Madame J. Chamberlain, L. LaMontagne and J. Roy. The guests were: Messdames Fred Bradford, Joseph Bradford, Joseph Gagnon, L. Ragli, Le May, D. Burnett, M. J. Fillard, F. Helander, J. T. Morin, L. H. Fillard, P. La Salle, J. Prok, L. McCarthy, Bordieu, J. Sarizan, Le Claire, A. Le Tournieu and Boisjoli.

## Dies After Long Illness.

Oscar Anderson, 32 years old, died yesterday afternoon at the county tuberculosis hospital after an illness of several years. He formerly resided at Clifton. The funeral will be held at the Olson & Crawford undertaking rooms, where the funeral arrangements will be made upon the arrival of relatives.

## Annual Festival.

The Ladies Aid Society of the First Swedish Baptist church, Twenty-second avenue west and Third street, will entertain this evening at its annual

## supper and festival in the church parlors.

Miss Eva Adams of 2314 West Second street entertained the members of the West End Sewing society at her home last evening. Those present were: Misses Winnifred Leonard, Ida Hennings, Helen Nelson, Hazel Butcher, Edith Coventry. The society will be entertained next week at the home of Miss Ida Leonard, 1923 West Second street.

## West End Briefs.

Mrs. C. E. Gilman of 1903 West First street returned from a short visit with relatives in the Twin Cities, Chicago and Toledo. Mrs. Charles Baxter of 2619 West Fourth street has returned from a month's visit with relatives at Minneapolis and Rochester, Minn. Mrs. E. Bakke of Gully, Minn., is a guest this week at the home of Mrs. Peterson, 1803 Piedmont avenue. Mrs. T. M. E. church at her home this afternoon. Gustafson, who has been assisting Rev. C. G. Olson for the past summer, left yesterday for Rock Island, Ill. to resume his studies at the Augustana Theological seminary. The Lutheran church of the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street, met in its regular service last evening. Mrs. John Beckman of 1828 East Third street entertained the Ladies Aid Society of the Swedish Mission church at her home this afternoon.

## SNOW FRIGHTENS THRASHERS AWAY

Uncut Grain in North Dakota  
Flattened By Wet  
Snow.

Fargo, N. D., Sept. 25.—(Special to The Herald.)—The snowstorm of yesterday and last night has frightened thousands of transient thrashers from the state with only about 10 or 15 percent of the work done. The situation is rather serious as a result. Much of the uncut corn and flax is off on the ground and is being ruined by the wet snow. The weather is clearing all over the state today.

## Amusement Notes.

There is little of the riproaring, dashing farcical brand of humor and comedy in the work of the Northland singer, Arthur Lawson, in his play "Ole Olson" but as a quiet, clever comedian of the Swedish dialect school, not only does he carry out his role as "Ole" but he has a voice of remarkable sweetness and clearness, which he uses to distinct advantage in the performance of "Ole Olson." Mr. Gray has surrounded him with a capable company. Mr. Lawson will sing six new songs during the play. Ole Olson will be at the Lyceum tonight.

LONG illness, overwork and nervous strain draw heavily upon the body's vital forces. The system is left in a weakened condition, the digestive organs are unable to extract sufficient nourishment from "solid" food, unable to supply the body with salts that build flesh and bone, the iron that makes rich red blood. Pharmaceutical science now supplies this nourishment in a liquid form easily assimilated by weak stomachs.

## WARRANTS FOR COMPANY'S MEN ON TRESPASS CHARGE

Employees Who Invaded Union Meeting May Be Arrested.

Strikers Prepare Formal Statement of Demands—Company Stands Pat.

Warrants for the arrest of Ralph Wellington, claim agent, and David Wright, line-foreman, of the Duluth Street Railway company, charging them with trespass, will be sworn out this afternoon and it is expected that the arrests will follow.

Complaint will be made by Axel Petersen, a striker and a member of the local street car men's union, that the defendants entered his house by force on Labor day night while a meeting of the union was in progress.

Petersen claims that when he opened the door of his house in response to a knock, the two men brushed him aside and entered the house, entering the room where the meeting of union men was in progress and going into the kitchen where Secretary Stevens was in the act of giving the oath of allegiance to two candidates for admission into the union.

"The company has been arresting our men on the smallest of pretenses," said a member of the union this morning, "and it is now our turn to become vindictive."

"We have been careful to do nothing up to this time that would throw salt into the wound and thereby widen the breach between the company and ourselves. We wanted to have a different feeling, but the company has made this impossible and we will take advantage of every point we can from this time on."

"For instance, a car was running on the streets yesterday without a fender. This is, I understand, a violation of a state law requiring fenders on street cars. The company must live up to the law and we are going to see that it does."

"There are a good many things we can and will take advantage of as the strike goes on and they will be sprung on the company at intervals frequent enough so that they will never for a minute overlook the fact that there is a strike on."

"We have been driven to this course. We didn't choose it ourselves. It was forced on us by the arrest of several of our men on the charge of trespass."

**Pay Day for Strikers.**  
Monday will be pay day for the strikers. The men will be paid their benefits of \$5 each a week by Treasurer Rosh Orr of the International mal-gamated Association of Street and

Electric Railway Employees of America. In a communication received by Mr. Orr this morning from President W. D. Mahon of Detroit, Mich., it was announced that the general executive board at a meeting Monday had sanctioned the payment of \$5 per week to Duluth strikers, beginning on Sept. 16. On Monday the men will have \$10 each coming.

There are 120 men who will receive the benefits. This means that the strike in Duluth is costing the International association \$600 weekly in addition to having an officer present to assist the men.

The men who have taken up other work for a time will not be paid benefits. Only those who are members of the union and who are on strike, will receive the \$5 weekly. This amount with what has been raised by dances and what will be raised Saturday, tag day, will put the local union in good financial shape to continue the strike indefinitely, claim the officers.

**For the wives and babies of the striking street car men** will be the inscription on the tags to be sold on the streets and in the office buildings Saturday by the Albert Jewelry company has offered a handsome ring to the woman who collects the largest sum of money on Saturday.

The Mars & Sampson Candy store will be headquarters for the workers.

**Men's Demands.**  
The strikers yesterday drew up a formal statement of the terms on which they are ready to settle the strike and return to work. The only change in their attitude was that they were willing to let the nine men discharged by the company remain out until their cases can be arbitrated. The company refused to consider the offer or to arbitrate with the men. The terms of the affair as announced by the men follow:

"That all the men now out of the company's employment on a strike be given their former positions without prejudice, except the nine men who were discharged."

"That the cases of these nine men be submitted to arbitration and that it is found that they were discharged for no sufficient reason, but because they had joined the organization, they then be reinstated, also without prejudice."

"That in the future any committee from the company's employees be given the right to present grievances or requests from the employees without risk of being discharged because of such action."

"That such committee need not be recognized in any way as coming from or representing the organization."

"That the company be not asked to recognize the organization."

"That the company be not asked to employ only men belonging to the organization, but that no employee shall be discharged because he does belong to the organization."

"That the so-called 'spread' of hours which now requires a man to be on duty from 12 to 15 hours to get a ten-hour service, be gradually reduced to a 12-hour spread for a 10-hour day, or as nearly this as practicable."

"That no increase of the wage scale be asked."

"That the present demerit system be

corrected to make it more equitable and just."

"That the rule requiring men to report ten minutes before going on duty for each shift without pay be modified."

The men will also accept and sign an agreement for arbitration of all differences of which a satisfactory settlement cannot be reached by the management and their committee, thus making impossible any further strike with its resultant inconvenience and loss to the public."

## LINE READY; NO SERVICE

Date of Opening of Canadian Northern Road Not Announced.

Duluth Officials of D. W. & P. Claim to Have No Information.

When will the Canadian Northern officials communicate to the local officials of the Duluth, Winnipeg & Pacific railroad some information regarding the turning over of the latter road to the operating department?

Apparently the local officials of the Duluth, Winnipeg & Pacific are just as much in the dark as the general public, which has patiently waited for something like a year for a delayed opening of service on the road that runs from Duluth to Virginia and is to give the Canadian Northern continuous line from Duluth to Winnipeg.

Inquiry today at the local office of the D. W. & P. brought out the statement that the officials here know nothing regarding the plans that might have been made at the Winnipeg or Toronto offices of the Canadian Northern, and that they were just as much in the dark as the people who have been making anxious inquiries.

"But the road is ready for traffic, is it not?" queried the reporter.

"Yes, practically," came back the answer. "But we can't say when it will be turned over to the operating department."

There are some rumors that the terminal agreement with the Northern Pacific, or the failure to reach a terminal agreement is the reason for the delay in starting the freight movement on the new line.

It is said that there is a large quantity of pulpwood and other local freight on the line, and that the local officials are waiting for the opening of the new railroad. There is plenty of business for the line when it is opened.

Coming into Duluth the D. W. & P. will have to run over the rails of the Northern Pacific. The Canadian Northern and the Northern Pacific have an agreement regarding the terminal running rights of the Northern Pacific in Winnipeg, and it seems strange that much delay should be required in coming to an agreement over the Duluth running rights of the D. W. & P.

The story of the sink holes has been denied by the local construction officials. A month ago the line was practically completed, according to the statements that came out of the local office. As the people of Duluth have been told for over a year that the new line was "about ready to start service," some of them are really curious as to when the service will really begin.

But the really curious can't find very much satisfaction in making inquiries at the local office of the company.

The famous New York orator will address a meeting in Duluth on Oct. 5 in the interest of the Roosevelt campaign. P. V. Collins, the Progressive candidate for governor, will also speak at the evening session.

The meeting place has not yet been selected, but will be either the Lyceum theater, the Armory or the Auditorium.

## CHINESE LOAN NOT ABANDONED

Efforts to Place Loan Through Six-Power Group Continue.

Washington, Sept. 25.—In an official statement today the state department denied that efforts to place an international loan in China through the six-power group had been abandoned. That a statement issued yesterday by the American group of bankers indicated a change in this government's attitude was emphatically denied.

It was indicated that this government regards the present difficulty as one feature of a long and complicated negotiation.

**BEH CULTUR A WOMAN'S FAD.**  
Many a country woman who has more spare time than cash and who has tried, by delusive home work, to add to her income has ever given a thought to the little busy bee as an aid to fortune, says the London Mail.

Millions of pounds of honey might be gathered every year if only women took up beekeeping in earnest. In America they have done so, on a scale in keeping with all the other big things of the resourceful land. School teachers, shop assistants and women of the fashion have been fascinated all for the fascination of the apiary, and now reckon their colonies by hundreds and their honey harvest in tons.

There is, of course, the one great drawback, first to be thought of by ninety-nine women of a hundred, and last to be overcome.

If bees were as defenseless as butterflies, it would be as common as poultry runs.

The woman who shudders at a spider and shrieks at a mouse had better not adventure her feeble nerves into bee-keeping.

But with the three, infallible "C's,"

# SULPHURRO CURES San Franciscans

## READ THIS:

San Francisco, April 20, 1912.

C. M. C. Stewart Sulphur Co., Seattle, Wash.

Dear Sirs:

It is with a feeling of great indebtedness that I write a few lines in praise of your wonderful Sulphurro.

I was three months in a hospital with inflammatory and muscular rheumatism and left to keep from starving and I was but a very little better in health.

I used everything known to doctors and druggists, but was never greatly benefited.

I saw your advertisement in the paper and decided to try it. After the first five days the swelling left me and the pains grew less painful. At the end of ten days they were all gone and I have not felt any more of them to this day.

My wife suffered from stomach trouble and I told her to try Sulphurro and is now nearly over all her trouble and I believe in another week she will be entirely cured.

We cannot say too much in praise of your wonderful medicine. We have told a good many friends of its powers, and they are also using it now.

We can truthfully recommend it to all sufferers of stomach trouble and rheumatism, and invite them to call on us personally to satisfy themselves as to our statement.

Wishing you success in the future as in the past, we beg to remain,

Yours indebtedly,

MR. AND MRS. S. L. THOMPSON,  
2282 Mission St.  
San Francisco.

## Only One of Many Thousands

The above is but one of thousands of similar letters on file in the offices of the C. M. C. Stewart Sulphur Co. at Seattle.

Hundreds of Californians and Minnesotans are included in the great list of permanent cures wrought by Sulphurro, Stewart's Liquid Compound of Sulphur.

As Sulphurro enters the field Rheumatism, Kidney, Bladder, Stomach and Bowel troubles, Eczema, Gout, Asthma, and all diseases due to impure and impoverished blood, disappear.

Sulphurro has brought back perfect health and happiness to thousands and still continues its marvelous work.

Sulphurro is nature's greatest purifier, Sulphur, in absolute solution in combination with other ingredients of a highly beneficial but harmless nature, all uniting in driving impurities and disease germs from the body.

Sulphurro contains no acids, potash, lye, alcohol, poisons nor opiates.

Sulphurro sells for 50 cents and \$1 in all drug stores, and a most interesting booklet on the "Why and How" of its cures can be obtained free from your druggist or by writing to the C. M. C. Stewart Sulphur Co., 71 Columbia street, Seattle.

Note: Every druggist in Minneapolis, St. Paul, Duluth, Superior and the more prominent cities and towns in the Northwest, is now selling Sulphurro. Other points will be supplied just as quickly as the jobbers can rush orders through.

Druggists can obtain their supply direct from the following wholesale houses: Leithhead Drug Co., Duluth; Minneapolis Drug Co., Minneapolis; Noyes Bros. & Cutler, St. Paul.

coolness, courage and confidence, the novice will get far slings and will be comforted by the knowledge that the formid is an excellent cure for rheumatism.

It is astonishing how soon the fear of stings is overcome after one or two practical lessons.

It is best to begin with one hive only. Sometimes a beginning is made with, driven bees obtained for a song in autumn and fed up to survive the winter, but some knowledge and skill are necessary to do this successfully.

Many women who do not need to make money by their bees would find intense pleasure in sending dainty sections or jars of pure honey to their friends, with considerable saving in the cost of Christmas gifts.

Besides the honey harvest there is the still greater gain of increased fruit crops wherever the bees have "footed it lightly" over the blossoms.

A prime advantage of bee-keeping is that it takes much less work and time than any other sort of "farming." When the bees are tucked up snug in late autumn till well on in spring nothing whatever need be done, if sufficient food is left.

**AN OLD JAPANESE SUPERSTITION.**  
Argonaut: Behind the temple sacred to the nameless dead, and close to the wrestling amphitheater in Tokio, there is to be found the grave of the celebrated robber Nezumi Kozo, who stole from the staves in the old Yedo days that he might relieve the sufferings of the poor.

There is a superstition connected with this grave which has made it a much frequented spot. If a piece of the headstone is carried away it acts as a lucky talisman, particularly to those who speculate or are otherwise engaged in games of chance. It is usual for a person breaking a piece from the stone to make a vow that in case he is successful he will buy a new house to replace the one he has mutilated.

Many prayers must have been answered for the stones are piled high on either side of the grave, and an en-

terprising individual nearby has the stones already for sale and only waiting the name of the donor to be engraved and then set up.

A shelter has been placed over the spot, and from the roof hang gay lanterns and pilgrims' banners. A large money box catches all the stray pennies which go to the upkeep of the grave. Gamblers and goists are often visitors; students before their examination feel more assured of success if they have a chip of Nezumi Kozo's

headstone in the sleeves of their kimono.

**Bradley Placed \$300.**  
Council Bluffs, Iowa, Sept. 25.—George A. Bradley, charged with complicity in the swindling operations for which J. C. Maybray and his associates were convicted two years ago in connection with fake sports, was found guilty and fined \$200 in the federal court by Judge Smith McPherson.

## CLEANS THE HAIR AND MAKES IT BEAUTIFUL—25 CENT "DANDERINE"

In a Few Moments Your Hair Looks Soft, Fluffy, Lustrous and Abundant—No Falling Hair or Dandruff—Delightful Dressing.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

## CANDIDATES GET TOGETHER

### Democrats Meet Under New Law and Choose County Committee.

### Republicans Meet and Adjourn Until Monday Without Action.

In accordance with the new election laws, the party candidates for county office, the candidates for the legislature, and the senators who held over were required to meet yesterday afternoon and choose county committees. The law calls for this meeting on the first Tuesday after the primary election.

The Republican candidates met in the courthouse and adjourned until next Monday without taking any action. The Democratic candidates voted to keep the same organization authorized by the county convention at Virginia early this summer. The registration of Charles Hoar, candidate for county commissioner in the Third district, and J. W. Murphy, candidate for sheriff, were accepted and Louis Levin of Duluth and John Costin of Virginia appointed in their place.

Marcus L. Fay of Duluth was added to the committee and the appointment of Alfred Jacques and John T. Pearson which was made after the convention, was approved. A finance committee was appointed, with Mr. Fay as chairman.

## SHOT HIMSELF DURING DREAM

### Thought He Was Captured By a Gang of Ruffians.

Milwaukee, Wis., Sept. 25.—(Special to The Herald.)—Sudden fear, caused by a nightmare, came near proving fatal to Michael Matthews, aged 22 years, 54 Tenth street, today when he shot himself in the right temple with a revolver.

When taken to a hospital Matthews related the story of a dream in which he was captured by a gang of ruffians who were making preparation to torture him.

## NO CANDIDATE AGAINST SCHMAHL

### Progressive Committee Decides Not to Take Any Action.

St. Paul, Minn., Sept. 25.—(Special to The Herald.)—The Progressive committee of fifty will make no effort to place a candidate in the field against Julius Schmah, secretary of state. Announcement was made by Hugh T. Halbert, chairman of the committee today, that so far as Mr. Schmah is concerned the fight made against him is a closed circle and will not be revived unless it be by individuals.

"It would be impossible to reconvene the committee this time and get a majority present to act upon the matter," Mr. Halbert said, and a minority of the committee will not take up and act upon a matter the majority has pinned.

Mr. Halbert added, that he understood some individuals were purposing to excite the fight against Mr. Schmah, but the committee is through.

## New Fall Sample Suits

IT IS customary for the suit manufacturers to secure sample pieces of woollens from the woolen mills in order to make up sample garments and to take orders, and thereby judging the demand of the best selling numbers and quantity orders. The suit manufacturer is often disappointed, and the very same quick selling numbers are sold out before any more materials can be had, consequently the sample suits and the balance of the materials are worked up into garments and offered at quick-selling prices.

## ELECTRICITY CURED HIM OF RHEUMATISM

### Mr. Ole Johnson of Duluth Talks Cheerfully of His Cure He Received in a Queer Way.

You have heard of the benefits of the stinging of a bee. If you have not, it may be of interest to you to know that a farmer, who was crippled from a long standing case of Rheumatism, got stung during a spell of bad weather he was showing the bees. At first he thought that he would have to die, but after the fever receded it proved that his Rheumatism got a death sting and that he gradually left him. The secret of this miracle was, that the poison of the bee's sting had neutralized the rheumatic poison, like diphtheria, anti-toxin neutralizes the poison of the diphtheria germs.

Medical scientists have tried to do what the bee did and did succeed but little. It was not until electricity was applied to their assistants that they could prove with certainty the cure of rheumatism. All doses and applications have proven to be only relatives which benumb the painful tissues, such as the plasters of belladonna, Salicylic acid, or the ointments of wintergreen.

In the treatments with electricity are not only similar to the nature remedy of a bee sting, but they are far superior, as there is no pain, no swelling nor fever, no chance of being stung to death. "Electricity cures rheumatism, the way the Electro Medical Doctors administer it is the most pleasant sensation I ever experienced in my life," said a patient who was overhauling the conversation of the reporter. "Last year," he continued, "I took the treatment of the 'Bakeoven fellows' then located in the Christie building. I paid them \$20. They barked and averted me half to death and it made me a little better, but after a few months I got it just as bad as ever. Those bakeoven fellows have not lasted long enough. They pulled out and could not make it so any longer. People found out that their treatments were no good. They were not air all right, which emptied our pockets but left us with our rheumatism. There is nothing to 'hot air.' Electro Medicine has bent it in every way. I have tried everything under the sun, even the mud baths and I never got cured till I took those Electro Medical treatments."

Testimonials like these one hears quite frequently in the waiting rooms of the Electro Medical Doctors at No. 32 West Superior street. The doctors receive letters to that effect from their cured patients all over the Middle West. However, they prefer to give for publication only those which are of local interest, like Mr. Johnson's, who is a well known and prosperous business man of Duluth. He says: "I suffered for four years with Rheumatism and chronic stomach trouble of which I could find no relief. The Rheumatism of the chest was most of which I could find no relief. I could find no relief till after I took the first treatment with the Electro Medical Doctors. After taking treatments with them for four months I got well and I am entirely healed. Their system of Electro Medicine is certainly good, and this I wish to say to the benefit of those who are suffering like I once did." Ole Johnson, 150 North Nineteenth avenue west, Duluth, Minn.

## McGOVERN TALKS ON INDORSEMENT

Progressive Action an Indorsement of Himself as Republican.

Madison, Wis., Sept. 25.—(Special to The Herald.)—Governor F. E. McGovern announced today that he considered the indorsement of his candidacy by the Progressive state central committee as an indorsement of himself as a Republican.

"The way I look at it the Progressive committee felt there was no need of putting up a candidate to oppose me," he said, "consider its action an indorsement of me as a Republican and equivalent to a declaration that it will not put up a ticket of its own."

"Not today. As for the future, I will it be necessary for your name to appear twice on the ballot?" he was asked.

"No, I don't think so," he replied. "I am the candidate of the Republican party. If the Progressive party chooses to indorse me, that is its own affair. I take it that the law does not require me to run as the candidate of that party."

"Will you have any statement as to your stand on national issues?"

"Not today. As for the future, I never make any promises in such matters. Suffice it to say the day is the evil thereof, you know."

## WEST DULUTH MERCHANTS ARE BEHIND FARMERS' DAY

P. H. MARTIN,  
Who Will Act as One of the Produce Judges.

EMIL ZAUFF  
Member of Farmers' Day Committee,  
Who Secured Donations From Merchants.

Not a single West Duluth merchant refused to donate a prize for the first annual Farmers' day to be celebrated Saturday at the public market, Ramsey street and Northern Pacific tracks. The canvass of the merchants was made last evening by Emil Zauff and J. J. Frey, members of the Farmers' day committee of the West Duluth Commercial club.

The prizes are to be given for the best produce brought to the market place Saturday by the farmers, all of whom are invited to bring a load of vegetables and fruits to be sold during the morning. Others are also invited to be present and to meet the residents of this end of the city. This is the aim of the celebration, say the members of the committee in charge of the preparations.

The business men, who donated the prizes for the best exhibits, are: Boston Dry Goods company, 320 Central avenue, pair of patent leather shoes; Bell Clothing company, 308 Central avenue, man's sweater; Feldman department store, 302 Central avenue, blanket; James Foubister, 5619 Raleigh, Thomas Foubister, 5627 Grand avenue, five pounds of coffee; Bilsey & Peterson, 603 Central avenue, five pounds of coffee; Krause & Oettinger, 406 Central avenue, corn, Johnson & Jernstad, 501 North Fifty-eighth avenue, sack of flour; Olson & Kaupplund, 501 North Sixty-third avenue, sack of flour; Northern Hardware company, 401 Central avenue, sack of flour; Mercantile company, 5202 Ramsey street, four

pounds of coffee; S. J. Nygren drug store, 322 Central avenue, watch; O. T. Strand, 326 Central avenue, flannel shirt; Goldberg's Furnishings at the market, 318 Central avenue, hat; A. Freymuth department store, brush and comb; Erickson drug store, 401 Central avenue, bottle of perfume; Spencer pharmacy, 402 Central avenue, bottle of medicine; 302 Central avenue, potato planter; Solberg & Berglund, furnishing store, 5701 Grand avenue, cap; J. Blaise, 5711 Grand avenue, umbrella; and Jaenelle & White grocery store, 419 Central avenue, box of starch.

The first prize of a pair of patent leather shoes will be given for the best general wagon load of produce. The other prizes will be given for the various vegetables. J. F. Brown, barber, 312 Central avenue, announced this morning that he will give haircuts during the day. A sandwich lunch will also be served by Mr. Frey, truckee free of charge. If the weather is disagreeable, the luncheon will be served at the West Duluth Commercial club.

The judges for the produce exhibit will be P. H. Martin, W. A. Pond, and Charles Petruschke.

Fifty-eighth avenue, west, and Miss Edna Ross, of 714 North Fifty-eighth avenue, west, are visiting relatives at Virginia this week.

## STILL LOOKING FOR CANDIDATE TO HEAD REPUBLICAN TICKET

Leaders at Saratoga All at Sea on Choice for Governor.

State Senator Hinman of Binghamton Now Appears in Lead.

Mayor F. M. Hugo of Watertown Urged for Lieutenant Governor.

Saratoga, N. Y., Sept. 26.—A candidate to head the Republican state ticket was expected to emerge today from the tangle of speculation that has beset the state convention ever since the delegates began to gather here last Monday. In their efforts to test sentiment the leaders have suggested one man after another without stirring up any convincing show of enthusiasm.

Unless the Republicans repeat the experience of the Progressives at Syracuse and find their leader in an unexpected outburst of harmonious approval, the nominee seems likely to be selected by carefully weighing the strength of the various men proposed and choosing the one who can make the most convincing show of strength.

For the moment State Senator Harvey Hinman of Binghamton is foremost among those whose availability is being discussed, and until the conclusion of the chairman's speech was adopted.

The subcommittee appointed to consider the planks suggested for the platform was in session until after 1 o'clock this morning and planned to meet again this morning.

## PLANNING FOR PARCELS POST

Postmasters of Five Largest Cities Meet Postmaster General.

Washington, Sept. 26.—Postmasters of the five largest cities of the United States came to Washington yesterday in response to a summons from Postmaster General Hitchcock, who desired them to confer with the special committee he has appointed to work out plans for the parcels post. The committee is composed of Postmasters Edward W. Morgan, New York; Daniel A. Campbell, Chicago; Edward G. Mansfield, Boston; Thomas E. Smith, Philadelphia; and Thomas J. Atkins of St. Louis, and the postoffice superintendents of each of these cities.

These officers will be in conference with the postmaster general and his committee for several days, giving advice on a number of subjects affecting the operation of the parcels post in large cities, such as warehouse and terminal facilities, vehicle delivery service, receipts and the utilization of the present carrier force in the parcels post.

## EXECUTED FOR MUTINY

Two Hundred Chinese Soldiers Are Killed By Loyal Troops.

Remainder of Mutineers Fled After an Attack on Wu Chang.

Wu Chang, China, Sept. 26.—More than 200 mutinous soldiers were summarily executed without the formality of a court-martial by the loyal troops commanded by Gen. Li Yun-Heng in consequence of the outbreak that occurred among the soldiers encamped outside the walls of this city on Tuesday.

The remainder of the mutineers fled into the open country, after they had attacked the town and been defeated by the loyal garrison.

The mutineers were all cavalrymen and numbered more than 2,000. They had arranged to meet the artillerymen quartered inside the walls to join in the movement, but the gunners failed to appear.

Gen. Chi Men was warned of the plot. He permitted city gates to be opened, as had been arranged by the conspirators, and fifty mutineers, who were to be the next president of the United States, but not without your assistance, for it will be necessary that event is to be celebrated. And I want to say very frankly that I don't want you to take part in it unless you actually believe in it.

## CONGRESS CRITICIZED

Roosevelt Condemns Failure to Provide Relief for Mississippi Floods.

Says Problem Is National One and Not for the State Alone.

Memphis, Tenn., Sept. 26.—Theodore Roosevelt declared in a speech here today before the Interstate Levee convention that development of proper control of the waters in the Mississippi problem was a national and not a state problem.

The former president, citing the disastrous floods last spring as "an awful lesson," asserted that prospects of relief were no brighter than they had been before. "This," he said, "is true in spite of the fact that congress was in session for five months after the beginning of the last flood disaster, that the house which originates appropriation bills, was in control of the situation, and that the senate, which is the body that passes the measure of permanent relief or lasting help was enacted in your behalf."

## GOVERNOR WILSON IN BAY STATE

Had Enthusiastic Receptions in His Invasion of Connecticut.

New Haven, Conn., Sept. 26.—Satisfied with the enthusiastic receptions the crowds had given him in his invasion of Connecticut, Governor Wilson turned toward Massachusetts today for a day of speechmaking.

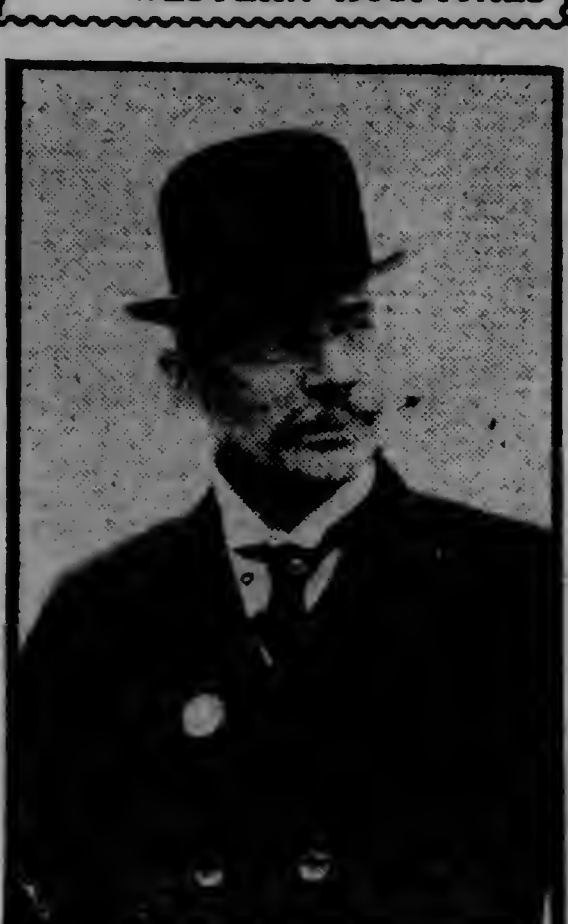

After leaving here at 10:40 o'clock he was to speak at Springfield early in the afternoon. At 3 o'clock the Democratic candidate was scheduled to be at the agricultural fair at Haverhill.

The last speech of the day was set for Fall River, where he was due to arrive at 6:15 p. m. He will spend the night at Boston, speaking there tomorrow and then swinging back to Bridgeport, Conn., for an evening speech on his way back to New York.

At Meriden, Conn., yesterday, Governor Wilson was greeted by a cheering throng. Congressman Thomas L. Reilly introduced him as "the next president."

"I am sure you believe everything Mr. Reilly says in this community, where you know him so well," said Governor Wilson. "Therefore, I will take his word for it that I am going to be the next president of the United States—but not without your assistance, for it will be necessary that event is to be celebrated. And I want to say very frankly that I don't want you to take part in it unless you actually believe in it."

From Rochester, Minn., before returning to New York.

## MICHIGAN DEMOCRATS

Convention Held at Grand Rapids to Select State Ticket.

Big Rally at Coliseum Addressed By Governor Thomas R. Marshall.

Grand Rapids, Mich., Sept. 26.—Enthusiasm marked the Michigan Democratic state convention which assembled at the Coliseum today to nominate candidates for secretary of state, state treasurer, auditor general, attorney general, state land commissioner and justice of the supreme court. (two to be named). There was a large number of seekers after each of these nominations than has been the case in years.

The majority of the delegates arrived in time to attend the big rally last night at the Coliseum, which was addressed by Governor Thomas R. Marshall of Indiana.

Criticizes Roosevelt.

Governor Marshall charged that Col. Roosevelt, when president, violated every precedent of the republic, in the matter of the consolidation of the Tennessee Coal & Iron company with the United States Steel corporation.

## REVOLUTION COLLAPSES

Gen. Mena, Rebel Leader in Nicaragua, Surrenders to Americans.

People in Granada Facing Famine Owing to Long Isolation.

Washington, Sept. 26.—Gen. Mena, leader of the Nicaraguan revolutionists, is to be sent to Panama under guard of American soldiers and Marines. American Minister Wetzel reported to the state department today that Rear Admiral Southerland had accepted the surrender of Mena and 700 followers at midnight Sept. 24. His capture is taken to indicate the collapse of the revolution, and his removal to Panama probably means exile.

Officials here believe Gen. Mena requested that he be permitted to surrender to Admiral Southerland from the hands of the Nicaraguan federalists, and the admiral doubtless thought it advisable to get the rebel leader out of the country as soon as possible.

People Face Famine.

Granada is now completely under control of United States forces. Conditions are reported pitiful in the extreme. The inhabitants face famine in consequence of their long isolation. Red Cross provisions have been distributed with the greatest haste.

It is not thought that Gen. Zaldon and his forces will attempt to hold out now that the head of the revolution has given up. Little importance is attached to the announcement by Juan Pias, a follower of Zaldon, of his intention to succeed Gen. Mena. Pias made known his ambition before leaving San Jose, Costa Rica, several days ago. Nothing since has been heard of his whereabouts.

## WATCHMAN MEETS DEATH IN FIRE

J. A. Brunnell Loses Life in Burning Stable Near Calumet.

Calumet, Mich., Sept. 26.—(Special to The Herald).—A young man, 30 years of age, was burned to death early this morning in a fire that destroyed Frank Lemire's stable and residence and the Catholic church at Point Mills on Portage lake, eight miles east of Calumet.

The fire, which was of unknown origin, started in the stable, where Brunnell was night watchman. The flames were so threatening that the fire departments of Hancock and Houghton had to be summoned and were brought here by boat and train.

## PEARSON IS BESIEGED

American Lumber Center in Mexico Attacked By 600 Rebels.

Federal Captain and Thirty-Two Men Killed in Fight.

Juarez, Mex., Sept. 26.—Railway and telegraph communication was cut early today with Pearson, the American lumber center on the Mexican Northwestern railway, 150 miles southwest of here and the town was believed to be besieged by a detachment of 600 rebels, who for many days have been threatening attack. Pearson is defended by about 450 federals. All bridges between Casas Grandes and Pearson have been burned.

Captured by Rebels.

Toluca, Mex., Sept. 26.—A band of rebels after fighting for ten hours yesterday overcame the small force of federals at Tlanguistengo, twelve miles from here, and captured the town. Reinforcements of 200 soldiers have been sent.

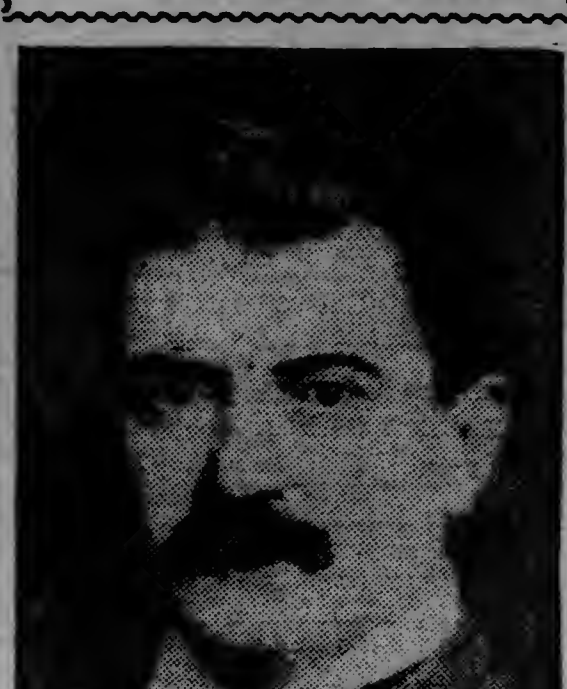

Reports here are vague as to the losses except that Capt. Miguel Izasurre, federal and thirty-two of his men, are said to have been killed. Haguirre, a young officer, angered by the taunts of the rebels, is said to have made a sortie with a small command and to have been shot down to death.

RECEIVED BIG VOTE FOR CHIEF JUSTICE

JUDGE C. W. STANTON.

St. Paul, Minn., Sept. 26.—(Special to The Herald).—The esteem in which the people of Minnesota are evidenced by the splendid vote he received at the primaries for chief justice. With 2,148 votes he defeated the late Governor Johnson, who is now Democratic candidate for secretary of state, came also. Senator S. D. Stanton, who is now Democratic candidate for governor, State Senator C. F. Cook and State Senator John J. Ahman met other of their colleagues.

Only the names of Daly and Pike were mentioned as possible candidates for state chairman, and the supporters of Daly appeared to be the majority. Some doubted whether the chairman would be selected today. They believed the central committee would be elected and it be left to choose its own chairman.

Militia in West Virginia Martial Law Zone Are Attacked.

Several of Assaulting Force Injured in Skirmish That Followed.

Charleston, W. Va., Sept. 26.—Discomfited by fifteen rifles was made yesterday by state troops in martial law zone, where it was supposed all firearms had been confiscated by the soldiers some time ago. This probably will lead to a second thorough search of the entire troubled region. The military authorities began the incursion of the soldiers with anti-typhoid toxin.

Report reached here late last night from the military headquarters at Faint Creek Junction that a large force had attacked the outposts of Company I, First Infantry, near Keokuk, Fayette county, which is within the martial law zone. It is also stated that several of the attacking force had been injured, but that the militia escaped harm.

## WEAR OVERCOATS IN THE OFFICES

Chicago People Shivering as Result of Sudden Cold Snap.

Chicago, Sept. 26.—Overcoats in offices threatened to become the rule among Chicago business men today. From 72 at noon yesterday the mercury fell at the rate of a degree and a half an hour and was rapidly approaching the freezing point this morning.

As leaves in skyscrapers and apartment houses fix Oct. 1 as the time for beginning steam heat, the cold affected people in thousands.

One family, which included three small children, removed temporarily from a flat in which there was no heat and passed the night in the waiting room of the La Salle street railroad station. Their landlord refused them Oct. 1.

Chicago, Sept. 26.—Benjamin Nadolski, 17 years old; Thomas Bromberg, 19 years old; and Harry Jacoby, 20 years old, were today found guilty of murdering John Eagle, a South side saloon keeper. The jury fixed punishment at 15 years in prison for Nadolski; 16 years for Bromberg, and 26 years for Jacoby. The state had demanded the death penalty.

## BELIEVE A WILL BE CARRIED BY WILSON

Chances Never Looked Better for Triumph of Whole Ticket.

Split of Republican Vote Will Elect Ringdal Governor.

Candidates Gather at St. Paul to Choose State Committee.

St. Paul, Minn., Sept. 26.—(Special to The Herald).—Optimism was written all over the Democratic leaders who assembled here today, when the candidates met to select a state central committee. Not one present failed to declare his belief that Woodrow Wilson will carry the state at the election this fall. Many believed, too, that the action of the Progressives in placing a third party ticket in the field would so split the Republican vote that P. M. Ringdal will be elected governor.

"Chances never looked better for a complete triumph of the ticket," said Harvey Grimmer.

"We ought to sweep the state from end to end," said Senator Works.

Reunion in Held.

Before the candidates met at noon, a reunion was held at the Merchants hotel. Frank A. Day was there early, P. D. Daly, the state chairman, appeared soon thereafter. Harvey W. Grimmer, who was executive clerk to the late Governor Johnson and who is now Democratic candidate for secretary of state, came also. Senator S. D. Stanton, who is now Democratic candidate for governor, State Senator C. F. Cook and State Senator John J. Ahman met other of their colleagues.

Only the names of Daly and Pike were mentioned as possible candidates for state chairman, and the supporters of Daly appeared to be the majority. ## DOZEN PEOPLE HELD BY POLICE

Supposed to Know About Canadian Bank Robbers in Chicago.

Chicago, Sept. 26.—A dozen men and women who are believed by the police to know something about the two Canadian bank robbers who escaped from police E. J. Evans in the Sidia saloon in South Wabash avenue were questioned by detectives from Capt. Halpin's office today.

The stories told by several were not satisfactory to the police, and they were ordered held pending further investigation.

All are said by the police to have been in the Sidia saloon Sept. 10, when Lieut. Burns tried, single handed, to capture the two cracksmen and nearly lost his life.

## BRIDE SHOT AND KILLED

Disappointed Snitor Shoots Wisconsin Girl at Railway Station.

Turns Revolver Upon Himself, But Inflicts Only Slight Wound.

La Crosse, Wis., Sept. 26.—(Special to The Herald).—Yesterday Ella Thompson, belle of the village of De Soto, Wis., became Mrs. Sever Yttri, in a wedding ceremony considered a notable one in the village. Today she lies a corpse at the Burlington passenger station at La Crosse, where she was shot down by John Peterson, a disappointed suitor, who later inflicted a slight wound upon himself.

The shooting occurred in the presence of a large crowd at the Burlington station at 11 o'clock a. m. Mr. and Mrs. Yttri were to take a train home, when Peterson approached and without warning began firing. The bride was shot through the back and fell dying at the foot of the stairs in four minutes.

Peterson then turned the revolver upon himself, inflicting a wound in the head which is not dangerous. He was arrested and taken to the hospital in custody of an officer of the bridgeport, Yttri, was not fired upon.

## IN DULUTH FOR A DINNER

Riccardo Martin, Famous Operatic Tenor, Comes Hungry for Whitefish.

Expresses Regret Over Recent Death of Horace W. Reyner.

Riccardo Martin, the famous tenor of the Metropolitan Opera company, is in Duluth today for no other purpose than a whitefish dinner.

Mr. Martin, with Mrs. Martin, Edouard, the pianist, and Mrs. Gans, arrived in the city this morning from Chicago. They are enroute to the coast, Mr. Martin is filling concert dates on the way.

When it was suggested yesterday that the party go to St. Paul direct from Chicago, Mr. Martin objected. He said he was hungry for a good old Duluth whitefish dinner and he was going to have it, if it cost a family row. He said the rest of the party could go by way of Chicago if they wanted to, but that he was going to Duluth for a feed. In the end he had his way and the party set out over the Soo Line this morning.

"Don't tell me there is a scarcity in whitefish," said Mr. Martin. "I've come several hundred miles for one." He was quite worried for a time over the fact that remarks made by a pessimistic one in regard to the present scarcity in whitefish.

Mr. Martin will end his tour of the Middle and Extreme West at San Francisco. From that point he goes back to New York, where he will begin his sixth straight season at the Metropolitan opera house. "Tales of Hoffman," in French and "Doris Godunoff," an Italian opera, never before produced in this country, will be his first efforts. Mr. Martin expressed regret over the recent death of Horace W. Reyner. "He

## PLEASED WITH HIS RECEPTION

Governor Johnson Is Convinced That New England Is Progressive.

Springfield, Mass., Sept. 26.—With three meetings today in New Hampshire, one each in Nashua, Concord and Manchester, Governor Hiram W. Johnson, the Progressive vice presidential candidate, planned to close his present New England tour. He left here early today to keep his engagement.

After perhaps the largest meeting of his Eastern tour in Hartford last night, the governor came here by automobile, arriving early this morning. He was greatly pleased with his reception in Connecticut and said: "I felt somewhat backward about coming to New England—staid, conservative New England, as we had come to call it—with our Progressive platform, but I find that there exists the same feeling that is prevalent in California, Illinois and Ohio and other states I have visited. New England is Progressive."

## GLEARED ALONG THE POLICE RUN

Some fair-sized jail sentences materialized from a small grist this morning.

William Kelly, who abhors labor as the proverbial tramp does a bath, was sent over the hill for fifteen days to jail as a guest at the Hotel de Meining. Kelly was up on a charge of trespass and admitted the allegation. Kelly was taken in charge down at the line kiln. Nobody would blame Kelly for going to the line kiln last night and the only person Kelly blames is Kelly—for being such a chump as to be caught. Last night is not so far away but it can be recalled as having been rather chilly and quite damp. Anybody who was outdoors last night would agree that "it's cool in Duluth."

Kelly didn't have any furs to protect himself from Duluth's coolness, accompanied as it was by rain and snow and wind. Nor did he have a steam-heated room in which to seek shelter. Kelly didn't even have a vest or an ordinary coat with which to cover his shirt. Not that the shirt wasn't well covered, but the covering was liable to a process of dissolution upon exposure to the elements which prevailed last night.

Kelly knew about the line kiln. A lot of other wanderers of the hand-to-mouth order know of it, too. The line kiln is warm, even in the coldest months. Kelly knows that he is a chump, which accounts for his presence at the line kiln. But the unfeeling policeman who came along couldn't sympathize with Kelly, even though it may be that the cop knew about the line kiln and didn't there just to look for Kelly. Anyway, he called the wagon and shipped Kelly to headquarters.

This morning the police reported that Kelly's bunking for hours in the inverse ratio to his industry. They said that he feasts on free lunches, washed down with as many drinks as he can sponge. When the court asked Kelly about it Kelly freely admitted that it is awful hard for him to refuse anything which may come his way in the shape of liquid refreshments where a cash expenditure is not required.

Pat Murray was up shortly before Kelly's name was called. Pat was in for vagrancy. In the past the demon run had always been responsible for his appearance. Pat admitted that he has been a gentleman of leisure for weeks past and the court decreed that fifteen days in durance vile would do him good. Pat said that he had been used as a tape line. But when he heard that he was in the line kiln, he broke into a loud guffaw. The joke was so good that he couldn't keep his face straight and he made him feel funny to see somebody else get the same dose which had been handed out to him.

When Victor Salo was brought before the bench he presented a wooden face and glassy eyes. He admitted that he had been drunk. From his appearance the court concluded that he must have been on a bender of several days' duration. Victor got ten days straight. The court was informed that he has a wife and several children and in imposing the jail sentence stated that he was doing the wife would get the ten-spot which he had up for bail. The judge said that when Victor gets the

whisky out of his system he will probably be ready to go to work.

When John Wesley Boardwell was given a suspended sentence yesterday morning he intended to get to work. He said he had a job on the range and would take the afternoon train to work. He was certain that he would not fall from the sprinkling cart before he got aboard. But he was up again this morning and admitted that he had not been out of bed for ten days in the county jail.

Jens Jensen, the strike-breaker who was arrested yesterday morning, was also up again today. He hadn't been able to hang onto himself long enough to get back on the job. When he left the court room he headed for the nearest saloon. He intended to take "just one short" for a bracer. Before night he was loaded to the eyebrows and was sent to jail on a charge of second offense drunkenness. He admitted the allegation and got 10 and costs or ten days in the county jail.

Pat Sheehan, arrested on complaint of Jennie Brown of 222 West Second street, was arrested on a charge of having assaulted her after a trial in police court yesterday afternoon. The woman said he had punched her and torn her dress. Fatsy explained that he may have done so in an attempt to leave the house when she tried to lock him in. The trouble grew out of the loss of a purse which Fatsy accused his landlady of having in her possession. It appeared that he intended to take no further trouble between them was liable to occur.

Harry Griffin, the strike-breaker who was arrested on a charge of having struck Stub Weston with a bill at West Duluth the first week of the strike, was bound over to the grand jury after an examination in police court yesterday afternoon. He is booked for second degree assault. The disorderly charge against him was dismissed. He was released on bonds furnished by the street car company.

Thomas Olson pleaded not guilty when he was arrested on a charge of non-support preferred by his wife. His trial was set for this afternoon.

G. H. Hanley, a strike-breaker working as a huforman, was arrested yesterday for malicious destruction of property on a warrant sworn out by Alderman Joseph Gibson. The city attorney said that the driver deliberately and with malice aforethought ran into his buggy as he was driving along Superior street in the West. He was knocking a wheel from the vehicle, and that he collided with the rig intentionally and will have a trial Tuesday morning.

The case against William Peterson, charged with attacking and slandering August Johnson, whose name Peterson's name was on a warrant sworn out by Alderman Johnson. It appears that James Rogan, another strike-breaker, after they had been lost by Johnson.

## RAILROADS

## TUNNEL IS NOT CONDEMNED

Canadian Northern Has State License to Operate Its Road.

Reports that the Canadian Northern tunnel had been condemned by the state engineers and warehouse commissioners as not having sufficient clearance, are untrue.

There has been a rumor current in Duluth that the reason why the road was not operated, was that the state board had refused to grant it a license because of the tunnel.

This report was emphatically denied today by the engineer of the state board, who was reached over the long distance telephone. He stated that the tunnel had ample clearance; that the board had inspected the road, and found the tracks and the tunnel safe and ready for operation; and that a license had been granted to the road. It is therefore ready for trains at any time the operating department is ready to take it over.

## RETURNS FROM WESTERN TRIP

J. B. Hanson Predicts a Busy Season for the Railroads.

J. B. Hanson, general passenger agent of the Duluth & Iron Range railroad, has returned from the trip with the general passenger agents of a number of Western railroads, Seattle, Tacoma, Spokane, Victoria and Vancouver being visited during the trip.

Conditions all through the West are fine," said Mr. Hanson. "The crops are really far above the average and conditions are likewise better than they have been for some years. The people are consequently in good mood."

"I should say that railroad business

for all of the Western roads will be very good during this winter. Every indication was found pointed to increased business for the roads. Good crops invariably mean greater business for the railroads, both passenger and freight, and the crops in the part of the country visited by us were simply great."

Mr. Hanson said that the railroad men enjoyed a very good time and that at this time of the year the climate of the West is at its best.

## See Road Busy.

Harry Lewis, assistant general passenger agent of the Soo Line is in the city today. He is extremely optimistic regarding the outlook for a very good passenger year for the railroads of the West.

"Business on all of the Western railroads is showing an increase," said Mr. Lewis. "One might say that the railroads are showing an increase in the business of the country. An increase of the business of the country likewise generally brings an increase of the business of the railroads. Two City line is doing a nice business, with the indications for an increase with the approach of the winter months."

## COLD WATER CANDIDATE WILL GIVE SOAP BOX ADDRESS

By long distance telephone from the state headquarters at Minneapolis this morning the local Prohibition committee received word that their nominee for governor, Hon. E. D. Lobeck of Alexandria, will be in Duluth tonight and would be available for one of more addresses.

The committee immediately "got busy" and plans have been made for Mr. Lobeck to speak at a street meeting at 7:15 p. m. on Fourth avenue west, between Superior and First streets. At 8:30 p. m. Mr. Lobeck will speak at an open meeting of the North Star Good Templar lodge at their hall in the Sloan block, West Superior street, near Twentieth avenue.

Mr. Lobeck will speak in English, but should there be many who desire, will also speak in Scandinavian.

The Prohibition candidate comes here on his way to Two Harbors, where he will speak tomorrow at the county fair. On his return, he will again stay over night in Duluth, and arrangements have been made for him to speak at a union meeting of the West and

## DISRUPTION IN HAMILTON CLUB

Rally Antagonized By Members Who Have Joined Progressives.

Chicago, Sept. 26.—On the eve of their first big rally of the national campaign, the members of the Hamilton club, Chicago's best known Republican social organization, today were aroused by the antagonism of certain of their number who have joined the new party.

Col. Chauncey Dewey, one of the Progressive leaders, has resigned from the club because of tonight's rally. He said that others would follow his example.

Representative Ira C. Copely of Aurora, Ill., it became known today, who has the support of the state Progressive organization, probably will be opposed by a known party member.

The backing of the Republican national committee and a regular staff organization in that district, tentatively the Republican organization has decided to support John C. Murray of Aurora against Copely.

Ohio Girl Also Admits Setting Fire to Stable and Hay.

Staubenville, Ohio, Sept. 26.—Lettie Ward, 15, a domestic at the home of Samuel Palmer, the Wheeling Junction farmer, who yesterday decided that two strange men acted her and forced poison down her throat, today admitted to Prosecutor that she had set the stable and haystacks on fire.

She took the poison herself. He says also that she confessed to setting fire to Palmer's stable and haystacks. The mystery of the destruction of which she set the same dose which had been handed out to her.

As she could give no reasons for her actions, Ramsey, believing her to be insane, sent her to the county seal, Wellsville, for sequestration.

## MARCONI PASSES RESTLESS NIGHT

Was Driving When His Car Collided With Another Automobile.

Spezia, Italy, Sept. 26.—William Marconi, the inventor of wireless telegraphy, passed a restless night as a result of injuries suffered by him in an automobile accident yesterday near Bergamo.

He complained of pains from a slight wound in the head while the injury of his right eye and many other bruises caused considerable irritation.

Marconi, who was not hurt in the collision, sat up nursing her husband through the night. He said that she sent letters to Palmer threatening to kill him.

As she could give no reasons for her actions, Ramsey, believing her to be insane, sent her to the county seal, Wellsville, for sequestration.

Further details of the accident show that Mr. Marconi was driving and that the automobile with which his car collided was practically wrecked by the impact. It belonged to a man named Beltrame, who for thirty years resided in the United States.

He was severely bruised about the breast while his son's teeth were broken. The other occupants of Beltrame's automobile, with the exception of the driver, were thrown out but not hurt. Mr. Marconi's secretary suffered a dislocation of the shoulder.

Mr. Marconi, in spite of his injuries, at once sent a telegram to the navy department here asking for assistance.

## BANQUET IN MORGUE.

Representative Nash of Minneapolis to Dine Defeated Candidates.

Minneapolis, Minn., Sept. 26.—(Special to The Herald.)—A banquet unique in political circles will be given to defeated candidates at the primaries by Representative John P. Nash, Minneapolis, who claims he is prompted by mixed sentiments of pity and a desire to prepare for future use a symposium of reasons for defeat.

Prairie chicken, duck and partridge will adorn the table as tempting bait for the defeated ones, who will gather to tell their woes. Mr. Nash says that if he can mix the necessary tragedy with the banquet he will give the county morgue, which he deems the most appropriate possible place.

### SMELTER IS NOT NEEDED

Shattuck Company Abandons  
Plans as Result of New  
Contract.

Mining Operations and Divi-  
dends Will Be Resumed  
at Once.

As a result of the contract between the Shattuck-Arizona Copper company and the Calumet & Arizona, for the smelting of the Shattuck ores at the other company's smelting plant at Douglas, Ariz., the plant which the Shattuck company has had under advisement to erect on its own mining property in the Bibee district, has been abandoned.

A site for this plant was obtained some time ago, plans were drawn and bids were obtained. The managers of the company, however, have abandoned the idea of building this plant, as it has been determined that under the contract with the Calumet & Arizona the ores of the Shattuck can be smelted as cheaply as they could at a plant owned by the Shattuck company itself.

The contract entered into between the two companies runs for a period of ten years. The Shattuck up to July 1, 1913, is to have the privilege of sending 200 tons of ore daily to the Calumet & Arizona smelter. After that date and for the remainder of the ten-year period, 500 tons may be sent daily. The Calumet & Arizona is remodeling and improving its smelter, and it is expected that by next July the improvements will be completed and the plant can be worked at a much enlarged capacity.

The contract will enable the Shattuck company to take advantage at once of the high price of copper. If the Shattuck had gone on with the building of its own plant, and depended on that for the smelting, it would probably have required at least a year to get things in such shape that the company could resume the placing of its product upon the market. As it is, the company with a good surplus of funds in its treasury, and being in a position to begin operating its mines and smelting and selling its ores without delay, will be able to declare a dividend in October, according to the statement made by the company's affairs. It is confidently predicted that a dividend will be declared at that time.

The last dividend declared by the company was a dividend of \$1 early in 1911. Two other quarterly dividends of \$1 each had been declared in 1910. The company had been shipping its ores to the Copper Queen smelter, but such shipments were discontinued in 1911. Since that time the company has been doing very little mining but a great deal of prospecting and development work on its properties.

### IS ARRESTED FOR MURDER OF THREE

Kansas Youth Charged With  
Killing Father, Mother  
and Sister.

Wellington, Kan., Sept. 26.—Otto McKnelly, aged 21, was arrested here early today charged with the murder of his father, Theodore McKnelly, his mother and sister, Gretta, whose bodies were found in a tent on the outskirts of Wellington yesterday.

Young McKnelly is a car repairer employed on a night shift. Blood spots, it is said, were found on clothes in McKnelly's locker at the shops. The son showed no signs of emotion when arrested. He refused to make any statement.

Mr. and Mrs. McKnelly each carried \$1,000 life insurance payable to the other. With the death of father, mother and sister, authorities say this insurance would revert to the son.

The victims were shot with a small caliber revolver and their skulls crushed with a baseball bat. There was every evidence of a fierce struggle. The father had crept under the bed before being killed. Mrs. McKnelly still was breathing when found, but lived only a few hours.

Young McKnelly was placed in jail here and a special guard stationed over him.

### OUTPOST IS FIRED UPON

post at Keefertop, succeeded in breaking through the lines and making good their escape.

Bloodhounds reached the scene of the skirmish early today, and finding a trail, followed it further into the mountains, but reports from military headquarters gave no encouragement that a capture would be effected.

Governor Glasscock continued his efforts to bring peace to the disturbed coal country today.

It was stated that attorneys for the mine guards, imprisoned at the order of the military commission, would, upon the governor's advice, withdraw the court proceedings instituted earlier in the week looking to the release of the guards. This action, it was stated, followed a conference in which the governor quoted decisions to show that his position was sustained by the courts when portions of Colorado and Idaho were under martial law.

Those who are assisting the governor expressed confidence that the end of the court proceedings would clear the atmosphere so the governor could withdraw the troops from the martial law zone and compel the civil authorities to maintain order and protect property.

### BULLET HOLE IN HIS HEAD

New York Man Is Found  
Dead in Wisconsin  
Town.

Janeville, Wis., Sept. 26.—E. L. Dwyer, aged 34, thought to be a stock speculator from New York, was found dead in a yard here early this morning under mysterious conditions.

Dwyer, according to acquaintances here, had served a term in an Eastern prison for an assault upon a Porto Rican who had been accompanying him on a previous trip to Wisconsin. Before

this he is said to have been known in Wall Street circles as a speculator.

Last night a shot was heard from the rear of a building near the railroad depot here, but investigation failed to reveal its cause until Dwyer's body was discovered today.

Twelve cents in money, a key to Room No. 107, Grand Pacific hotel, Chicago, a Chinese laundry ticket and a business card of G. Shaffer, 2323 Calumet avenue, Chicago, were found in the pockets.

Dwyer arrived here Wednesday and spent money freely in local saloons. Last night he said he was going to visit friends in Fulton, Wis., and he started toward the depot. The corpse showed a bullet hole in the head. It is not yet determined whether Dwyer was murdered or committed suicide.

### UNREST BENEATH OUTWARD CALM

Leaders of Miners' Union at  
Bingham Warning Against  
Disorder.

Bingham, Utah, Sept. 26.—Continued preparations by the sheriff's posse on the Utah Copper company's property is awakening a current of unrest beneath the outward calm at Bingham, where 4,600 copper miners are on strike for higher wages. Today more guards and rifles were brought in. Leaders of the union were diligently at work today warning all against possible demonstration in face of the notices posted yesterday against such action.

### TEN COUNTIES TO BE HEARD FROM

State Canvassing Board Still  
in Session at St.  
Paul.

St. Paul, Minn., Sept. 26.—(Special to The Herald.)—With ten counties yet to hear from the state canvassing board, which began its work Tuesday morning, will probably not finish before late today. Returns from Hennepin, St. Louis, Itasca, Koochiching, Marshall, Ottertail, Pope, Todd, Traverse and Winona counties had not reached the state capitol early this morning. They are expected today.

Candidates of each party are to meet today, as provided by the new election law, to select a party campaign manager, but will be unable to act officially until the returns have been announced by the canvassing board.

White Lost a Hand.  
Rock Island, Ill., Sept. 26.—Willie Grenier, picked at a dynamite cap with a pen in a German Lutheran parochial school room here today. The cap ex-

ploded and Willie's left hand was torn off. The fifty other pupils were thrown into a panic. Grenier is 12 years old.

### THREE MEN ARE KILLED AND SEVERAL INJURED.

Kansas City, Mo., Sept. 26.—Three men were killed and several injured in a head-on collision between a north bound Kansas City Southern passenger train and a switch engine on the eastern outskirts of Kansas City today. All the killed were of Kansas City. The engineer and fireman of the switch engine were slightly injured. The passenger train was an inbound suburban. No passenger was injured.

### THE LEAGUE OF IOWA MUNICIPALITIES MEETS.

Sioux City, Iowa, Sept. 26.—At the League of Iowa Municipalities convention today, E. F. Holst of Boone read a paper on "Fire and Fire Protection," and Mayor J. D. Glasgow of Washington read a paper on "Sanitation in Cities." J. B. Newman, city attorney of Cedar Rapids, returned the report of the committee on judicial opinions. The afternoon was devoted to election of officers and selection of the next meeting place.

### CHILDREN HATE CASTOR OIL, UGH!

Delicious "Syrup of Figs"  
Cleanses Their Little  
Clogged Bowels.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, hair sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatic simples cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package. By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.

## FIRST SNOW OF SEASON

Atmosphere Takes on Winter Chill in Late Night and Morning.

Snow Came With Cold Northwest Wind From Medicine Hat.

Real snow fell in Duluth last night and this morning.

It was the first fall of the beautiful in the Zenith City this season.

The snow came down in very fine flakes and there wasn't enough so that it showed at all upon the ground, but the weather man is authority for the statement that it was real snow.

Late last night it fell for a few minutes and early this morning there was another light fall.

There was also a heavy frost in Duluth last night. Mr. Richardson says that it was thick, white frost and he stated that he caught to know because he took a fall on it.

The temperature was at a freezing point the greater part of the night, according to the weather man.

The snow came from the Northwest—up Medicine Hat way—where they make weather to order for the entire Northwest country.

PROGRESSIVE OFFICERS SUED

Printers Demand Payment of Bills for Campaign Printing.

Grand Forks, N. D., Sept. 26.—(Special to The Herald.)—Officers of the North Dakota Progressive Republican league, sued by the Courtney Gazette for about \$500, which debt it is alleged was incurred by the league in conducting the campaign in this state for La Follette in the presidential primary, have submitted their arguments to the judge in the district court today.

The officials were sued by the printers on the ground that as directors of the league, they are responsible individually for bills incurred by their direction.

F. O. Thorson of this city is one of the officials. E. M. Follett, manager of the Courtney Gazette, is suing the league, while H. N. Tucker, secretary of the league, is also being sued.

N. D. Football Squad.—(Special to The Herald.)—Twenty-five men reported for practice to Coach Armstrong of the University of North Dakota yesterday and the squad will be increased to thirty-five men by Saturday. Many of the members of last year's team are out for work, and the prospects are bright for a good team. The first game of the season will be played Saturday afternoon.

## DULUTH DAY POSTPONED

Unfavorable Weather Responsible for Changing the Date at Barnum Fair.

Special Train Will Leave Union Depot Early Friday Morning.

Duluth day at the Carlton county fair at Barnum will be tomorrow instead of today.

This postponement was made on account of the inclement weather, as it is desired that this city be represented by a good delegation.

A special train for the representatives of this city will leave for Barnum at 9 o'clock tomorrow morning and it is hoped that it will be well filled.

The same train will leave at the Lake county fair at that exposition. A special train for the celebration of the day and the entertainment of the Duluth visitors has been prepared by the managers of the fair.

Similar preparations have been made to give a good time to the delegation from this office at the Lake county fair at Two Harbors on Saturday, which has been named as Duluth day at that exposition.

It is hoped that Duluth will send big delegations to both of these fairs.

BROKE PAROLE; IN PEN.

Former Salvation Army Man Sent to N. D. Prison.

Grand Forks, N. D., Sept. 26.—(Special to The Herald.)—Because he broke his parole, leaving North Dakota and going to Winnipeg, Man., William Todie, formerly of the Grand Forks Salvation Army, was placed in the North Dakota penitentiary.

Several months ago Todie was arrested in Grand Forks for forgery, being accused of stealing checks from the treasurer of the local army organization, and cashing them at several downtown stores.

On petitions presented by other members of the army, and friends in the city, he was paroled on condition that he remain in the state.

Dispute Over Wages Gets Man Beating and Another Arrest.

John Maravich in Custody, Charged With Assaulting Frank Bronich.

John Maravich is under arrest at headquarters on a charge of having beaten Frank Bronich to insensibility at the saloon and lodging house at 216 Lake avenue south.

Later he is said to have thrown Bronich down a flight of stairs into the alley.

It appears that Bronich is a section foreman at Knife River for the D. & I. R. railroad and that Maravich has been working under him.

It is said that Maravich claims Bronich defrauded him out of pay for one and one-half days' work.

They came to Duluth on the same train but did not see one another until they met in the Lake avenue resort.

Maravich said to have carried him to the saloon and beaten him down a flight of stairs leading to the alley.

Bronich was picked up as he lay on the ground and taken to headquarters, where his wounds were dressed by Dr. J. J. Murphy, police surgeon.

When he was able to walk he was taken to the scene of the trouble and the police Maravich out of a group of men who were loitering about the saloon.

Maravich was booked on a charge of assault and his trial is being held this afternoon.

At 8 o'clock, however, there being no prospect of a candidate, the subcommittee would complete its draft of resolutions until late in the day.

The name of Jacob Gould Schurman, president of Cornell university, was suggested as a possible candidate for governor.

Hugo for Second Place.—On the ground that Northern New York should have the same as the republican state ticket because of the water storage problem and canal possibilities, the Northern New York delegation will urge the convention to nominate Francis M. Hugo of Watertown for lieutenant-governor.

It is said tonight that the entire Northern New York is solid for Mayor Hugo.

Northern New York interests are demanding adequate wage as a means of protecting millers invested in manufacturing along rivers of this section. Then there is the proposal to raise many millions to meet the expense of the proposed Carthage-to-the-lake canal.

MICHIGAN DEMOCRATS

(Continued from page 1.)

"Thereby further fastening the power of the 'invisible government' upon the people." His address also contained a caustic criticism of former Senator Beveridge of Indiana and the Progressive party.

The brilliant, versatile and plausible Indianapolis, who acted as temporary chairman of the National Progressive convention, was the only speaker named by the new party as its candidate for governor in his state, range the changes in his speech.

It was evident that he had just discovered an existing condition of affairs which the Democrats in party had many years been charging to exist. The difficulty with the Progressive is that nothing exists until he discovers it and that he never discovers it until he can use it in his business. So long as it does not interfere with his political success, for him, it is as though it were not.

"The 'invisible government' is no new discovery for the Democrats. That is the government which has been fighting for more than three decades. He was fighting this menace to righteousness and good government during the years that Theodore Roosevelt and Albert J. Beveridge did not know of its existence.

Record of Beveridge.—The Democrat was powerless, during the years that Senator Beveridge was standing in the United States senate and by vote and voice fastening the power of this 'invisible government' upon the millions of America. The Democrat of Indiana knew that this 'invisible government' existed when Senator Beveridge found as his champion, two years ago, an alleged Democrat, who by the Payne-Aldrich tariff bill had procured a monopoly upon the glazed paper industry of the United States. The Democrat knew that the 'invisible government' existed when Theodore Roosevelt violated every precedent of the republic, struck the Constitution as though it were an enemy, and fastened the very force and power of his great office, aided and abetted in the consolidation of the Tennessee Iron Coal company with the United States Steel corporation, thereby further fastening the power of this 'invisible government' upon the people. The Democrat knew during all the time of the campaign oratory of both Theodore Roosevelt and Albert J. Beveridge that though the voice might be the voice of Jacob, the hand was the hand of Esau.

"It shall reveal an amazing lack of discrimination on the part of the American people, who chose as their agents to destroy this 'invisible government' gentlemen who never discovered its existence until after they had been retired from office. Conversation, but in no church that I know of, do they charge immediately into the pulpit, even so great and good a man as the Apostle Paul declared, 'I expected to wait three years after his conversion before he began to give advice to the people who knew all the time that heretofore he had been giving."

Transit of Allie.—The 'invisible government' in America has no greater allies than the Steel trust and the Harvester trust.

## CONGRESS CRITICIZED

(Continued from page 1.)

tion," Mr. Roosevelt declared, "but it passed a law which attempted to make it impossible to continue the work of commissions of this kind. The Republican and the Democratic parties alike were content to trifle with the vital needs of the people. The fundamental principle of government is to formulate an adequate, well considered and thoroughly complete plan for dealing with the situation, and then to carry it out with a firm hand."

"We have been spending large sums of money in the Mississippi valley, but we have not been able to get it to get the physical facts upon which the situation is based. Money has been spent in the furtherance of small and disconnected schemes which could measure up to a problem so large and so important."

Mr. Roosevelt, further discussing the "haphazard and piecemeal fashion" of treating the waterway problem, said that the nation in the past, predicted that such methods would "no longer command itself to the national judgment."

It was contended by Col. Roosevelt that it would be used to the matter of waterway development and improvement "unless we go into it on a broad scale and on a thoroughly sound basis."

National Problem.—"In dealing with the Mississippi," he continued, "we ought not to think of levee work alone. The lower course as our only end. The problem is much greater than keeping the water off the lands of any one of men. It really concerns changing the conditions under which the Mississippi flows, and turning our giant internal river system into one of the greatest of national assets. The problem is a national one, not for the state, because what threatens the state with ruin is often anything that can be made beneficial to that state. The Federal government should harmonize the waters of the Mississippi river drainage basin. No one state can do even a small part of the work in first-class fashion. Take Louisiana, for instance, although the great drainage ditch through Louisiana, the flows right through Louisiana, the Louisiana itself does not flow into this ditch, but into the Gulf. Louisiana spends millions to keep the drainage of other states on her territory and rice and vegetable plantations. She even maintains a great levee line within the state on the Arkansas as a necessary link in her protection. Yet I wonder if the states where the floods form. Only the Federal government has such control over the Federal government, not shirk its duty. I do not ask that building levees from Cairo to the Gulf. I ask that the Federal government should harmonize the waters of the program to harness the river and its agents of business in the program of agents of destruction."

SORE, ITCHING HANDS CURED

Pimples and Rash on Them. Very Painful.

Niula, Mich.—"I had long been suffering with sore itching hands. There were pimples and rash on them, and they were very painful. Water burnt them dreadfully. My hands looked very red and rough, and were unusable. I lost sleep, and would hang them up for relief. I washed my hands with Cuticura Soap and applied Cuticura Ointment. Every night before retiring I did likewise. My hands are entirely cured."

## SPIRIT LAKE DUCK IS DEAD

Duluth Sportsmen Bag Never Failing Target of River Hunters.

The Spirit lake duck is dead.

His young life was snuffed out about 6 o'clock this morning. Either Edward Harris or Arthur Squires is the guilty man. Each blames the other.

When the shot-squid body of the Spirit lake duck plumped into the waters of the river this morning, the never-failing target of the boat club hunters and many other sportsmen was destroyed.

For years the amateur sportsmen of Duluth have been banging away at the Spirit lake duck every fall, without success. He seemed to bear a charmed life, and provided sport and excitement without bloody slaughter, for many a tired business man.

But he is gone, and unless another duck takes up his residence at Spirit lake, the shooting on the river is ended.

Requiescat in pace! He was a dog-gone good duck while he lasted.

MINONG'S BIG FAIR.

Business People Take Hold and Success is Assured.

Minong, Wis., Sept. 26.—(Special to The Herald.)—Minong will hold what gives evidence of being the best fair in her history tomorrow and Saturday. For the past two years the fair has been held under auspices of a farmers' club, but this year the business people of the town have taken hold of the matter, and have arranged things on a much larger scale.

Judging from the exhibits offered, and with the prospects of a large crop this year, not only a very successful fair so far as displays are concerned, but a huge attendance seems assured. The fair will be held in Minong in a building recently erected for the purpose.

NEW JERSEY POLITICIAN CHARGED WITH ASSAULT

Newark, N. J., Sept. 26.—As an outgrowth of a wrangle at the polls here Tuesday a bench warrant was sworn out for James R. Nugent, chairman of the Democratic county committee and supporter of former United States Senator James Smith, Jr., who was defeated in the primaries. The warrant charged assault, carrying concealed weapons and rescuing prisoners from the custody of the law. Mr. Nugent was Democratic state chairman until ousted after a contest with Governor Wilson.

# Woman's Team

The following account of the state convention of the Woman's Christian Temperance union which has been held in St. Paul written by Mrs. Alfred Jacques of this city, will be of interest:

"The state convention of the W. C. T. U. is over, from the opening banquet with its speeches to the closing grand diamond medal contest held before a great audience, with its beautiful music and fine recitations. Miss Mabel Smith of St. Paul won the diamond.

"The convention has been the best ever, and the largest. Nearly 300 delegates and many visitors attended. From Duluth were: Mrs. H. Bevier, Mrs. Joseph Cochran, Mrs. J. T. Culbertson, Mrs. Alfred Jacques, Mrs. H. H. Smith, Mrs. Otto Carlson and Mrs. Frank Cashin, also Mrs. W. H. Bailey, Mrs. S. E. Hall and Mrs. G. H. Thompson who have moved here from Duluth.

"During the first morning session, Mrs. Thompson proposed to change the name of the state organization to 'Willard Christian Temperance Union' instead of 'Woman's'. The proposal was not received with favor and was withdrawn.

"One of the best things said at the banquet was a message from a woman who had been drinking tomatoes all day. She said 'Screw the lid on tight!' One of the chief matters under discussion was a resolution proposed by a new department (we have forty or so now), for the study of 'Political Prohibition'. The motion did not pass, although the sympathy of the meeting was decidedly with the political party which embodies our aims.

"Fine speeches were given, of which the best perhaps was the annual address of the president, Miss Hendrix, and the talk of the national superintendent of scientific temperance instruction, Mrs. Edith Smith Davis, on the effect of alcohol and narcotics in loss of self-control, health and character.

"There were greetings from the Women's Clubs and the suffrage society, with good papers by representative of these organizations.

"The present officers were re-elected except that Mrs. Bessie Layton Sevel (once of Duluth), declined the office of vice president as her work in colleges as general secretary of the young people's branch takes her much of the time out of the state. Mrs. Sevel conducted a beautiful memorial service for our promoted comrade in which the name of Mrs. Edna Getchell of West Duluth was read in the list of those who have been called up higher during the year.

"Throughout the convention a most enjoyable feature was the fine music. Since would be denied me, I should try to tell all of the excellent speeches made before the convention, but I must mention the ringing speech made by Mr. Loebeck on 'The Only Party That New Sidelights Great Political Issues'. The other parties, and have speeches framed to fit opinions in the East or West, the North or South, and were to the orator if he form of this party.

"The statement of democratic principles of government, and in the only the one dares face the great problem of the ages and advocate the reform that underlies all other reforms.

"Judge Orr of the juvenile court told how he manages to keep his boys out of trouble. Stanley Roberts gave a live talk on the relation of the church to the temperance question, and George Wells of the Northwestern Patriot spoke on the power and usefulness of the press in convincing us to make all possible use of this means of influencing public opinion.

"No matter if the editor does put a dog fight on the front page and your news in the second type, send him some more," he said.

"The president of the St. Paul district, Miss Edna Jones, spoke on the Capitol for Prohibition, Washington, St. Paul and Every Other Center of Influence." The large cities are helpless from their very size, and there Satan's seat is—they are centers of power for evil and organized opposition to good.

"The rural districts must be helped that in cities law enforcement of all kinds is weaker than in the country." The rural districts must somehow help the city to win for itself right administration.

"Miss Jones reminded me so forcibly of Miss Willard in looks, voice, manner and spirit, that it seemed to me our former leader was with us.

"The good people of St. Paul have been most hospitable, their homes and churches have been open to us, and on streets and corners cars and busses have brought courteous directions and answers to inquiries.

"Next year's convention will be held in Alexandria.

## This Week's Sunday School Lesson

WRITTEN FOR THE HERALD BY REV. J. S. KIRKLEY, D. D.

## SUNDAY SCHOOL LESSON, SEPT. 29.

Review of the Quarter.

By Rev. J. S. Kirkley, D. D.

## FOREWORD.

The lessons are taken here and there from the work and teachings of the Master during perhaps a whole year, from the spring of 28 to April, 29; in other words, a large part of what is known as the period of popularity.

## LESSONS.

1. Malignant Unbelief (Mark III, 20-35).

In this His enemies charged Him both with a demoniacal possession and with insanity. Those enemies were the officials down in Judea whom He had enraged at His first Passover when He drove them out of the temple for getting "a corner" on the business side of the temple worship. That exposure of their littleness, cruelty and sacrilegious self-righteousness won for Him their unrelenting hatred. He was "a dangerous man" to them. They followed Him to come and try to take Him. They stirred up His friends to try to take Him away, having instructed that He was insane, and that the things He had done except with the aid of the chief of the demons, His reply was to tell them that they tried it in another way by getting His mother and sisters and brothers to come and try to take Him home. This also was made the occasion of the speaking of the truth that the one who did His Father's will was in a spiritual relation as dear as all others combined, and that the sin of calling the Spirit through whom He did His mighty deeds, Beelzebub, was unforgivable.

2. Four Kinds of Soils (Mark IV, 1-20).

It was by the sower that the seed was sown. The seed is the same and so is the sower; only the soils are different. As he sowed in the prepared soil, some seeds ran over into the paths that had been beaten down by the feet of the people, and some fell on the hard, dry, baked soil, and some fell on the soil that was covered with a thin layer of soil on the projecting rocks and the soil was heated and the seed germinated quickly, only to wither in the hot sun for lack of moisture and depth; some fell where briars grew along the edges of the field and could make no headway in soil pre-empted by such stout foes; some fell where there was no such difficulties and were fruitful in degrees varying with the strength of the soil. The four kinds of hearers are the indifferent, the superficial, the prejudiced and the unyielding. To which class do you belong?

3. The Growth of the Kingdom (Mark

The kingdom of Christ is to grow and it is growing. There are three characteristics of its growth, shown in the parables. The field of the earth is adapted to be a kingdom; the growth is to be extensive from small beginnings, like the plant from the mustard seed; it is to be intensive like leaven penetrating all parts.

4. The Wheat and the Tares (Matt. XIII, 24-30).

He said there would be tares sown in the field of the world in which He was sowing the seed of the kingdom. Also that it is not God's purpose to kill off the sowers of evil and evil will because the lives of all are intertwined. That there is a time when the seed of the kingdom shall be very decided. The good seed from which all good will grow are the people who become His disciples. Evil men are the weeds that grow with the good. Let us be on the right side. Let us be in the place of honor and of safety. Men need to know that they are to be overthrown and destroyed in their wickedness. "A cherish evil is to nurse something that will grow. It gets worse."

5. Worth of the Kingdom (Matt. XIII,

Its worth is expressed in three figures. It is a treasure, in which a man should be delighted to give up all other things in the world for it. It is so attractive that it may come upon it any moment as a good about in life's journey. It is the most precious of all the precious things of earth, like a great pearl, the best in the world for which all others may be sacrificed. It has the power of a great drag-net to handle all kinds of fish with a view to separating the good from the bad. One who gets these truths in his complete possession is thoroughly equipped for the work of instructing others. There are un-dreamed of truths and powers in the teachings of the gospel.

6. A Troubled Sea and a Troubled

Soul (Mark IV, 35, v. 26).

That was the most strenuous day in His ministry, as far as we can tell. After uttering all those parables and working some miracles He went across the sea to rest and give the disciples relief from the strain. It was wrong for them to imagine any evil could befall them, while He was in the boat, even if He was asleep. "No water can swallow the ship where lies the Master of ocean and earth and skies. Here are sleep His divinity and His humanity. Weighed and sleeping He rises to stretch forth His hand and control the wind and the sea by His mere will. He need not have expressed that will by the outstretched hand or by a word. He is divine. He knew He was divine. He knew He had that power. It rested in Him."

The troubled soul of the demoniac presents many thoughtful questions. There were, and there are, many such cases. They are not rare. They used sometimes, and do now, take complete possession of human lives. Jesus came to destroy the works of the devil. We learn how demoniacs submit themselves to be cast out of evil, how they can continue to do evil, how the release from them brings the rarest peace and gratitude, how those who are cast out of evil must not spend their time in merely enjoying that release but must give their

time and their testimony to those "at home."

7. The Ruler's Daughter (Mark V,

We will let our thoughts rest on the way the Master was drawing all those who were in trouble to Himself and never disappointed them. The love of this father for his little girl of 12 years we can understand. His confidence in the power of Jesus was rational and right. The excitement of the crowd was natural. But two things focus our attention—the healing of the woman on the way and the distinction He made between death and sleep. They called it death. He reserved the term for that awful thing which befalls one when one is separated from God the source of his spirit's life. We note the easy confidence He had as to His power to control death. His vision in taking away the girl was that at that, into the death chamber, the way He prepared the father and mother for the return of the child and His care for her and His carefulness that this might not be made the occasion for unwholesome rumor and gossip.

8. The Visit to Nazareth (Luke IV,

We can sympathize with His wish, after teaching and doing many wonderful things in Judea and other parts of Galilee, to come back to His old home and bring the people to know His old friends and neighbors. We see how He would naturally be asked to read and expound the Scriptures that Sabbath day. But here comes our surprise—His discovery and assertion of the identity between the one of whom Isaiah spoke and Himself. It means that He was the Messiah. They were first fascinated by Him; then at the thought that He had slighted them in comparison with other cities and with jealousy that one of their own people should make such claims, they were suddenly swept by a murderous passion and He escaped by His majesty.

9. Death of John the Baptist (Mark

It was the murder of a young man of 26. But it was the death of the greatest work ever accomplished by a human being—had personally intro-

duced Christ, the Savior, to mankind, after getting the attention of the nation and fixing it on Him and gathering a choice set of men to welcome Him and be His followers. The murder was due to his faithfulness. How could God allow it? Let us face one fact—that John did almost as much by his death as in his life. Against his heroism we place the weak Herod and the savage Herodias and her degraded daughter. Rebuke evil, if it loses you your life. Immortality awaits you.

10. The Mission of the Twelve (Matt.

It was a means of multiplying Himself as to serve the multitudes who needed help and it was a means of training them to work and thereby getting them ready for the time when they would have to do in His place. That is why He sent them out, two by two, to preach and heal.

11. Judgment and Mercy (Matt. XI,

The cities which saw His works were judged more severely than those which had no such opportunity. Chorazin and Bethsaida were more guilty than Capernaum because they had seen His mighty works and His healing power and His love for the people. He had made that His home and it was the scene of His most wonderful works and His most wonderful words and His most wonderful love. Even the un-speakable cities of the plain were less guilty for they didn't sin against such light. Let us ask how much more guilty are we than they were.

12. Feeding of the Five Thousand

(Mark VI, 30-44).

It proved to be the dividing line between the era of popularity with its wide general work of teaching and preaching and the era of increasing opposition with its more restricted work with the twelve. It was at the height of His popularity after the death of John. The country was full of pilgrims, the feast of the passover. After He fed them they were sure He was the one to lead them against their Roman masters. When He would not, they turned against Him. The fiercest hatred is reversed love.

## FAVORS INITIATIVE AND REFERENDUM BUT NOT THE RECALL OF JUDGES

## Governor Wilson Defines His Ideas on Progressive Principles.

## Dwells Upon the Effectiveness of the Direct Primary.

## Pays High Tribute to Political Aggressiveness of La Follette.

New Haven, Conn., Sept. 26.—Governor Wilson, who was further toward defining his ideas on progressive principles than he has since he became the Democratic presidential nominee. In a speech that was received with enthusiasm at Hartford, and another at New Haven, the governor explained that he favored the initiative and the referendum as well as the recall of administrative officers.

The Democratic nominee illustrated some of the points of his speech, which included comment on the direct primary system and the direct election of senators, by reference to political conditions on the Pacific coast. He said later that these references to California did not contemplate the presence in Hartford and New Haven yesterday of Governor Johnson of California.

"If I did not believe that to be progressive was to preserve the essentials of our institutions, I could not be progressive," said Mr. Wilson in his Hartford speech.

After paying tribute to the character of the majority of the men in the United States, the governor said: "It would be painful to repeat to you some of the processes by which seats have been secured in the United States senate, and you know, as the whole people of the United States know, that a little group of senators holding the balance of power has again and again been able to defeat programs of reform upon which the whole people had set their hearts."

Direct Election of Senators.

The governor spoke of the effectiveness of the direct primary, especially in New Jersey, and turning again to the question of popular election of United States senators said: "And while it is true that American forces are aware that they can conduct American processes without serious departure from the ideals of the Constitution, it is nevertheless true

that we have had many shameful instances of practices which we can abhor. We have had the direct election of senators by the people themselves.

"Let's get another step deeper. I hope you won't any of you think that I am going too far in even mentioning in your presence these extreme doctrines of the initiative, the referendum and the recall. It is the last word that makes most men shrink. Let no man deceive himself by the fancy that anybody proposes to substitute direct legislation by the people or a direct referendum of laws in the legislature by the vote of the people for representative government."

"The initiative is a process of capturing the seal of legislative authority. The referendum is a means of seeing to it that unrepresentative measures are not put upon the statute book, but are checked by being submitted to the people. When you come to the recall the principle is that if an administrative officer is corrupt or so unwise as to be doing things that are likely to lead to all sorts of mischief, in the future, it will be possible by a vote of the people to remove him from office before the end of his term. I don't see how any man who is grounded in the traditions of American affairs, particularly as they derive their origin from New England, can be so stupid as to oppose the recall of administrative officers."

Recall of Judges.

"It is another matter when it comes to the judiciary. I myself have never been in favor of the recall of judges. Not that some judges haven't deserved to be recalled—that isn't the point. But because that is treating the symptoms instead of the disease. The disease lies deeper, and sometimes it is very subtle and very dangerous."

"Gentlemen, there have been courts in the United States that were controlled by private interests. There have been supreme courts in our states at which men without privilege could not get justice. There have been corrupt judges; there have been judges who acted as other men's servants and not as the servants of the people, and there can be no moral objection to removing such men from public service. There have been some shameful chapters in that story. Think of it. The reason you applauded just now in that you feel as I feel, that the judiciary process is the last ultimate safeguard of the things that we want to hold stable in this country. But suppose that that safeguard is corrupted, suppose that it does not guard my interests, and you know, as the whole people of the United States know, that a little group of senators holding the balance of power has again and again been able to defeat programs of reform upon which the whole people had set their hearts."

Conditions in California.

"The great process of equitable reform along the lines of the judiciary, they control every other instrument of government. But there are ways and ways of controlling it."

Conditions in California.

"If California had not owned the Southern Pacific railroad once the supreme court of California, what was the trouble; would you remedy it

by recalling the judges of the supreme court of California? Not so long as the Southern Pacific could substitute others for them. You wouldn't be cutting deep enough. Where you want to go is to the seat of authority. Where you want to go is to the process by which those judges were picked out, and when you get to the process by the moral of the whole of this discussion because the moral of it all is that the people of the United States have been justified by all sorts of substantial and unanswerable evidence that in place after place, at turning point after turning point, in the history of this country, we have been controlled by private undertakings and not by public interest, and that influences which were improper, if not corrupt, have determined everything from the making of laws to the administration of justice.

"They have suspected that the Southern Pacific owned the supreme court of that great and beautiful state that stretches her fair acres up and down the coast of the Pacific. Because of that they have said 'we are going to go to the heart of this matter and dislodge those men who have been controlling our affairs.' This thing that grows like a cancer in our vitals, must be cut out with the skill and the knowledge and the tenderness of the surgeon who will not disturb the vital tissues to which this ugly thing is attached."

Tribute to La Follette.

Continuing along the lines of progressive principles, Governor Wilson paid high tribute to the political aggressiveness of Senator La Follette and declared himself as closely akin to progressives of his type and those who arose in Iowa in opposition to the protective tariff.

The governor also referred to Col. Roosevelt during his speech. "Does anybody dream for a moment," said the governor, "that there can be a third party majority in either of the houses that are to be elected on the fifth of November? Does anybody think that it would be wise to go so far as to attempt to organize a gentleman who is now leading the third party, to come in Washington—an understudy of Providence?"

Tracing the growth of progressive ideas, Governor Wilson spoke of the new ideas Republicans in New Jersey and a group of men in Iowa, who began to shake the faith of the West in time-honored traditions of the Republican party with regard to that policy.

"Then there arose," continued the governor, "that sturdy little giant in Wisconsin, who is now such an indomitable, unconquerable champion of progressive ideas all along the line, I mean Senator La Follette. Men who seek expediency rather than pursue principle took him up for a little while and pretended to follow him, and then rejected him—not because he was the genuine champion of their principles, but they apparently saw their interest in another direction. I do not believe there are many chapters of personal history in the recollections of parties in this country more difficult to reconcile with principles of honor than that. I feel myself close akin to those men who have been fighting the battle of progressive Democracy, for no matter what label he bears, we are of one principle."

## FREIGHT RATES UNDER INQUIRY

## Shippers Said to Be Ready to Demand Lowering of Tariffs.

Pittsburg, Pa., Sept. 26.—What may be the first step towards the inauguration by the interstate commerce commission of a sweeping investigation into railroad freight rates between Pittsburg and Western cities, with a possible reduction, was a conference held a few days ago between some of the biggest shippers in Pittsburg and William Furst of Minneapolis, Minn., a prominent corporation lawyer. Mr. Furst was called to this city to take up before the commission the subject of the rates between Pittsburg and Minneapolis and points beyond, which for years have been branded as exorbitant.

Mr. Furst expressed the belief that the conference will be reconvened in New York in about two weeks. Mr. Furst declined to tell the names of the shippers at whose instance he came here.

## Eight Taft Men to Be Placed in Republican Column.

Topeka, Kan., Sept. 26.—A petition naming ten new Roosevelt electors to go on the independent ballot was filed yesterday by William Allen White, Kansas Progressive national committeeman. The petition bore 4,000 signatures.

The eight Roosevelt electors in the Republican column, Mr. White said, would withdraw formally within a few days. Their places will be filled by eight Taft men to be named by the Republican state committee.

## WILSON FUND NEARING THOUSAND DOLLAR MARK

Contributions of \$34 Received During Last Twenty-Four Hours.

"Wish I Could Give \$5,000," Writes J. D. Murphy of Tower.

The Wilson fund went up \$34 today. This makes \$762 received thus far. The fund continues to grow on its way toward the thousand dollar mark.

One contribution today was for \$25. These \$25 contributions make the fund creep up pretty rapidly.

While the larger contributions are welcome the committee still insists that a larger number of 50-cent and \$1 donations is desired.

Those who sent in contributions today are: William Gausewitz of Hill City, Minn.; J. D. Murphy, Tower, Minn.; Miss Mayne E. Murphy, Tower, Minn.; and Andrew Nelson, Duluth.

During the last few days the fund has been active. Several good-sized contributions have been received each day and the fund is constantly growing.

The time before election is growing short and donations of 50 cents to a dollar are much more effective just at present than larger sums will be later.

Some inspiration must be gained from some of the letters which are received with the contributions. Former State Senator Gausewitz of Hill City expresses the spirit in his letter. It follows:

"Gentlemen: Enclosed please find check for \$2 for Wilson campaign fund. Having organized a Wilson club in this county, I expect to be called on by them for assistance, otherwise I should have made my check larger.

Yours truly, "J. D. MURPHY," Tower, Minn., Sept. 24.

## OCT. 9 IS FIRE PREVENTION DAY

Fire Prevention day has been proclaimed by Governor Eberhart to fall on Oct. 9, which is the anniversary of the great Chicago fire in 1871. In so doing the governor has followed the action that is being taken by the chief executives of other Western states. The day is set aside for the study of the best methods of the prevention of fire waste. Commercial bodies are urged to take action to induce people to clean up their premises so as to lessen the danger of fire during the fall and winter, and public schools are expected to observe the day with appropriate exercises.

The day was observed last fall in thirteen Western states and the results were highly satisfactory. It is generally agreed by the fire officials of the nation, states and large cities that 75 per cent of the fire waste could be prevented by the exercise of care. The fire losses of the United States and Canada last year amounted to \$234,470,650.

## The Doctor's Answers on Health and Beauty Questions

By DR. LEWIS BAKER.

The questions answered below are general in character; the symptoms or diseases are given and the answers will apply to any case of similar nature. Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Elliott Sts., Dayton, Ohio, and enclose stamped envelope for reply. Full name and address must be given but only initials or fictitious name will be used in my answers. The questions to be filed at any well-stocked drug store. Any druggist can order of wholesaler.

"Anxious Wife"—Give 10 to 15 drops of the following: Compound fluid balmwort, 1 oz.; tincture cubeba, 1 dram; tincture rhubarb, 2 drams.

"La Rue" writes: "For many years I have suffered from stomach and bowels trouble which has been caused by a severe case of catarrh. My blood is also in poor condition. What can be done for me?"

Answer: If you follow the directions given below you will soon be well. Buy a strong again. Obtain the following from any well-stocked drug store and mix by shaking well, then take a teaspoonful four times daily: Syrup sarsaparilla comp., 1 oz.; comp. fluid balmwort, 1 oz.; fluid ext. Buchu, 1 oz. Use in connection with this the following local treatment: Get a 2-oz. package of antiseptic vilene powder and make a catarrh bath by mixing one ounce of lard or vaseline with a level teaspoonful of the powder and use in the nostrils daily. Also make a wash of one pint of warm water and one-half teaspoonful of vilene powder and use two or three times a day until the nostrils are thoroughly cleansed and your trouble will soon be gone.

"Bliss M." writes: "I have such short, stinky, straggling hair and my scalp is full of dandruff. Please advise what to do."

Answer: The best advice I can offer is simple. Get at a well-stocked drug store a 4-oz. jar of plain yellow minoy, directions accompanying, and use it regularly. It promotes a healthy, vigorous growth of hair and cures dandruff, itching scalp, lusterless hair and stops falling hair. If the hair is harsh and straggling it restores a soft, fluffy appearance and brings back the intense natural color.

"Havard" says: "I would certainly appreciate something that would increase my weight and take away that languid feeling which I am subject to most of the time. My blood is weak and watery and my appetite is poor."

Answer: Your condition is very easily overcome if you will follow the directions given below. Ask your druggist for three-cent hypno-nutrient tablets and take according to the directions and your weight will increase. These tablets promote assimilation, absorption and aid digestion, transform the complexion and figure. They are prescribed by physicians and are perfectly harmless. They should be taken regularly for several months you can depend upon gaining flesh and that languid feeling will vanish completely.

"D. E. G." writes: "My rheumatism is getting worse all the time. I am getting so stiff that it makes it very hard for me to get around."

Answer: Do not worry about your rheumatism as that can be very easily cured by using the ingredients named in the drug store and take a teaspoonful at meal time and again at bed time and you will soon be entirely cured of that disagreeable disease, rheumatism. Purchase 2 drams

## ROOSEVELT TO APPEAR

Before Committee Investigating Campaign Expenditures on Friday, Oct. 4.

Broad Character of Inquiry Shown By Character of Witnesses.

Washington, Sept. 25.—After a telephone conference with Oscar K. Davis of the New York Progressive headquarters, Senator Clapp announced that Friday, Oct. 4 would be set by the senate committee on campaign expenditures for the appearance of Col. Roosevelt. The hearings will begin next Monday.

Subpoenas have been sent by the senate sergeant-at-arms for service upon General Counsel Elliott and the secretary of the Standard Oil company in connection with the investigation of the D. A. Archibald case. The committee has called them in an effort to discover the receipt which Mr. Archibald said had been given him by Cornelius N. Bliss, then treasurer of the Republican national committee.

Senator Clapp made public the names of a majority of the witnesses who are to be heard by the committee. The list includes J. P. Morgan, H. C. Frick, Elliott H. Gary, George W. Perkins, William R. Hearst, Thomas F. Ryan, former Senator Chauncey M. Depew, William Leach, Jr., George B. Cortelyou, Alton B. Parker, George R. Sheldon, Cornelius N. Bliss, and C. C. Tegethoff, all of whom have been mentioned as probable witnesses.

**Tariff Legislation Involved.** The broad character of the investigation that is to be made to determine whether contributions have influenced tariff legislation, is indicated in the character of the witnesses. Among them are William Whitman and William M. Wood of Boston, two leading figures in the woolen industry; George F. Green, J. R. McCull, Charles H. Harding, John P. Wood and N. T. Folwell, all of Boston; Joseph R. Grundy, Bristol, Pa.; George B. Cortelyou, manufacturer of Pittsburgh; Henry L. Towsend, a Philadelphia lawyer; Mr. Dayton, Ohio, and Fred Schvedtman and D. P. Challenger of St. Louis. All are manufacturers or interested in important industries.

Although his name is not on the list, Daniel G. Reid, a leading figure in the tin plate and steel industry, is also to be asked to appear before the committee. Wayne MacVane, a former attorney general of the United States and brother of Secretary MacVane of the treasury department, has also been asked to appear.

It is understood the specific purpose of summoning J. P. Morgan and Mr. MacVane is to obtain information regarding the charges made by Charles Edwards Russell, a socialist candidate for governor of New York, that Mr. Morgan had been asked to contribute to his campaign fund in 1904. Both Mr. Morgan and Mr. MacVane have denied the report.

**Campaign Collections.** David E. Thompson of Lincoln, Neb., former minister to Mexico; Chancellor James R. Day of New York; Governor Eugene N. Poas of Massachusetts; Judge C. J. Hughes of New York; and E. T. Stotesbury, who was reported to have collected Republican campaign funds in Philadelphia, have been added to the committee's list.

Those who will be asked to explain the sources of campaign funds and the method of their expenditures include: Senator Charles McNary, McHarg and Treasurer E. H. Hooker of the National Progressive party for Col. Roosevelt; R. L. Nicholas, university lecturer, and Representative McKinley for Du Bois for Champ Clark; Senator Bankhead for Representative Underwood; and William F. McComb for Governor Wilson.

Members of the house of representatives thus far asked to testify are: Former Speaker Cannon, Representative McKim, Representative Smith, and Representative Weeks of Massachusetts and Representative Russell of Pennsylvania, but it is expected that others will appear before the committee concludes its hearings.

## BOYS PLANNING INDOOR CIRCUS

Will Include Clowns, Chariot Races, Animals and "Freaks."

Tonight the twenty clowns who are to perform at the boys' department indoor circus will take dinner together, and have their final practice for the big show, which will take place at the boys' building sixth avenue east and Third street, Friday and Saturday of this week at 8 p. m.

About 125 boys will take part in the circus and the boys' building has been a busy scene in preparation for the big event. The strong man has been busy getting strong, and all the other artists have been busy getting their parts ready.

The program will begin promptly at 8 o'clock when the ringmaster in full dress and silk hat will make the opening speech. This will be followed by the grand entry which will be participated in by the entire troupe. The grand entry will be led by the circus band of twenty pieces including every kind of an instrument.

Display No. 2 will be a thrilling number by the boys' department dancing derbies. They will display the native pranks of the inhabitants of the South seas.

Display No. 3 will be the Boy family in wonder working on the bar. Display No. 4 will be trained dogs, in most human performance.

Display No. 5 will be gyrations upon the German horse by the Squad family. Display No. 6 will be performance by trained animals, elephants, ostriches, alligators, and horses, all perfectly trained.

Display No. 7 will be by aerial artists, sensational flying hoop and circles in the air by the aerial family. Display No. 8 will be a wonderful feature.

Display No. 9 will be acrobatic, tumbling and high dive stunts. Display No. 10 will be a living Star Spangled Banner, by the Junior Zou-aves.

Display No. 11 will be by the Bar family. Display No. 12 will be somersaults and dives. The big elephant.

Display No. 13 will be former chariot races, and the great feature the Banquet, by the Junior Zou-aves.

## JURY IN MURDER CASE.

Trial on of Wisconsin Woman Charged With Killing Husband.

Whitehall, Wis., Sept. 25.—A jury composed of ten farmers, a superintendent of a state institution, and a merchant, has been secured in the trial here of Mrs. Charles Weideman, charged with murdering her aged husband last April.

The prosecution outlined its case last night, claiming that Mrs. Weideman lured her husband, who was 70 years old and feeble, into the cellar, and beat him to death, that she might collect the \$2,000 insurance carried on his life. The defense asserts that Weideman fell while going down the stairs and was accidentally killed.

## WHAT OTHER CITIES ARE DOING

Activities of Other Municipalities, Which Might or Might Not Be Copied in Duluth.

HR establishment of a municipal needs committee, similar to the organization that has been formed in New York, to assist the city in solving its sociological problems is favored by Councilman A. A. Bensch of Cleveland, Ohio. The work outlined for the New York committee embraces consideration of labor questions, the questions of the most cost of living, housing and rents, health, education, recreation, reform, and correction and city planning. ## Gossip and Comment on Sports and Pastimes of Arena, Field and Track.

By BRUCE

SOME of the young men of Texas, according to popular fiction and the customary reports, are slow, calm and deliberate, and yet they arrive at definite goals of accomplishment. The state of Georgia has produced some fine eaters and razz-dazzle boys, flinchless leapers and calcium collectors; but in the end they sometimes lack the definite design of the tolerating Texans.

All this is introductory to the claims of Cobb and Speaker. It is the custom to have introductions to most articles dealing with popular men, and for that reason the present one is inserted here.

Both for advertising purposes and for the pleasure of two baseball players, a certain automobile company each season, gives to the best player in each major a car for the greatest all-around efficiency. But, but, the same lines, this picking of the player—someone has to find the best player.

Ty Cobb, Tris Speaker and Walter Johnson have climbed to the top rung of the efficiency ladder in the American league, and sit calmly sizing each other up. Leaving Johnson out of the argument for the time being, let's stare at the other two, even though staring is considered vulgar in most places outside of a cabaret or a burlesque show.

George Stovall says Speaker is the greatest player of the two, when his value to his team is the standard of the verdict. The grounds upon which the automobile will be given, will be some American league park and the greatest value to one's team. If the judges hold this in mind Speaker is the one who may drive a car without his neighbors wondering enviously "how in the world he can afford to have an automobile."

Cobb is a glittering, scintillating, not to mention dazzling, sparkling, speedy and spoiled player. Standing alone he is the greatest of the age. But whether he is as valuable to his team as the nearly equally great Tris Speaker, is a matter that the committee selected to vote the car, will have need to consider deeply and gravely.

Now that the ban is generally being placed on the smoking of cigarettes by baseball players, maybe the bugaboo will draw the line taut and forbid the "bull" signs in the parks.

BECAUSE he licked Tyrus Raymond Cobb, a little limbed lad some twenty or thirty pounds lighter than himself, Charley Schmidt, the former catcher of the Tigers, has tramped along the road of yearning until he has caught up with and fallen in with the idea that he is a great fighter.

"Please don't make me laugh," This has quotation marks as someone we know is always saying it. Larry McLean, once the regular and now the suspended catcher of the Cincinnati Reds, has also permitted evil thoughts to creep into his system—like the Dutch Schmidt, he wants to do battle.

Someone has proposed that the two do fight in a regular ring and for a pleasing purpose during the playing of the world's series.

That might prove a drawing card, but if some persuasive promoter could get Charley Murphy and Barney Dreyfuss into the same ring with cant hooks, boxing gloves, manure pails or even for a talking fight with police restriction removed as to the vocabulary, they would hang them on the rafters.

thusehah. He is 42 and is going some yet. The once lithe limbs of other athletes may become stiff and unruly at the knee, and their orbs become about as good a judge of the pellet as a batchelor is of the real cost of living, but Honus, the prosperous owner of automobiles, chickens and bowling alleys and the hero of Carnegie, if not the Carnegie medal, goes on in earnest pursuit trying to come down the lead set by the little brook.

He isn't going to retire this season. When a young and freakish creature he used to get the idea that he was getting old and that he must leave the game. His very playing is an affront to the mature judgment of Doc Osler.

As Johnny Evers was recently passing under a suspension bridge, he remarked, "How natural this feels."

## ST. LOUIS TAKES TWO GAMES FROM CHICAGO.

St. Louis, Sept. 25.—St. Louis won two games from Chicago and moved into seventh place. The home team won the first game, 5 to 3, by bunching hits in the seventh inning. The second game, which was called in the seventh inning because of darkness, was held at the bases in brilliant fashion, scoring 12 runs to Chicago's hard and ran the bases in the seventh inning. ## FOURTEEN MEN ARE ELIGIBLE

Faculty Declares Candidates for Gopher Team Are Entitled to Play.

Minneapolis, Minn., Sept. 25.—Fourteen members of the first string of the University of Minnesota's football squad were declared eligible by the faculty committee on eligibility, not a question being raised in the case of any of them.

Of the fourteen practically the only old men are Tobin and McAlmon. The cases of Capt. Elmer Morrell and Elmer have not been decided, but will be taken up with President George E. Vincent.

Serimmago work in a driving rain was held on Northrop field, the varsity squad being on the defense and the scrubs falling to score. Preparation rapidly is being made for the game with South Dakota next Saturday.

While the coaches believe the game will be a close one, they consider it more as a practice match for the university.

## YOKEL READY FOR MILLER OR ADAMSON.

Tom Scanlon of Cleveland, Ohio, declined to fight the second round meeting between Walter Miller and Ed Adamson, that Mike Yokel of Salt Lake City will agree to meet the winner of the match at the middleweight limit.

As Yokel stands ready to take on either Miller or Cady, it begins to look as if the middleweight championship will be decided beyond dispute the present season.

## BILLY PAPKE WORKING UP THE FIGHT LADDER

Papke's Defeat of Denning Shows He Is Improving. He Has Matches in Sight With Klaus and Carpentier.

New York, Sept. 25.—The New York Giants, the National league's entrants for the world's series to be staged next month, have stolen more bases this year than any other team in the senior organization and their followers expect that when they get into their important battles with the Red Sox, they will be able to pilfer quite a few sacks on Carrigan and his assistants on the Boston catching staff. The adherents of the Red Sox just as naturally figure that Carrigan, Cady, et al., will be able to keep McGraw's band of speedy athletes from running wild on the paths.

Time will tell which set of fans is right. The figures show that when the Boston and New York clubs played a post season series in 1909, the New Yorkers fished eleven sacks in five games and the Boston catchers threw out four men. Carrigan caught three of these contests and it was he who flagged the four McGrawites, but Donohue not making a throw that stopped any one.

In the American league this year the speed boys' opponents have not been stealing with great frequency on Carrigan, Cady, Nunamaker and Thomas. In the first five months of the season the Boston catchers have fished 157 sacks. Chicago getting 20, Washington, 24, Philadelphia, 23, New York, 22, Detroit, 19, Cleveland, 17. While the speed boys' rivals were acquiring this fine record, Carrigan has had 88 bases stolen on him and his right arm has cut down 55 men. Young Cady, Joe Wood's battery mate, has done even better than Carrigan, who may or may not receive some votes for the Chalmers car this season. Carrigan has permitted 21 steals and has refused to stand for 21 thefts. Leslie Nunamaker has cut down 23

men who tried to steal bases and is charged with having allowed 37 steals. Young Thomas, who is not likely to be given a chance to play in the series, has fished four men and his throws have been beaten eight times.

From the subjoined list of players who have been thrown out by the Boston catchers this season, one may make up their own minds as to whether or not the Giants will be likely to run bases at will on Carrigan, Cady or Nunamaker.

**WESLEYAN SCORES ON VALE**  
Big Team Has to Extend Itself to Limit to Win.

New Haven, Conn., Sept. 25.—For the first time since 1893, Yale and Wesleyan scored on Saturday, when the annual contest between teams chosen by the president and vice president will be played.

The losing team by the terms of agreement of the match has agreed to provide the dinner for the victors. In addition to the dinner an impromptu program has been prepared, which will make the event a particularly pleasing one.

The players of both teams have been practicing zealously for the contest, which marks a policy of defeatism passed in any of the events of the season's play.

There are a number of events to be cleaned up before the cold weather brings the golf playing of the present year to an end.

**Capt. Day in London.**  
London, Sept. 25.—Capt. Thomas Fleming Day of New York, commander of the motor boat Detroit, which crossed the Atlantic and reached St. Petersburg, is back in London. He says he intends to organize an international motor boat race in 1913 from New York to Paris.

**CUT RATES GO INTO EFFECT**  
Logging Road Does Not Appeal From Commission's Order.

A reduction of rates on merchandise, timber products and farm produce hauled over the Minneapolis & Rainy River railroad went into effect yesterday. This reduction was ordered by the state railroad and warehouse commission and the effect was to reduce the rates from 15 to 50 per cent. The order of the commission was issued after a hearing in which the logging companies, which were opposed by the same interests that controlled the road, it was said that the road hauled supplies, horses, logging machinery and men practically without charge to these two companies, while the independent loggers had to pay truckage charges and twice the ordinary hauling rates to get their logs, poles, posts and ties to Deer River, where they were transferred to the Great Northern. It was further alleged that by such proceedings the farmers were compelled to sell their timber to the two favored companies at such prices as would not pay them for their land, thus preventing new settlers from coming into the country.

Three hearings of the case were held, one at Deer River and two at St. Paul, all being presided over by commissioner Charles E. Staples. In the course of the investigation, Spear & Stone, attorneys for the complainants, brought out the fact that the railroad company had failed to make report on gross earnings amounting to nearly \$500,000. The state then recovered gross earnings the amounting to nearly \$100,000. The company maintained that these gross earnings were on merchandise and timber that it was under contract to haul at cut rates for the Itasca and Deer River Lumber companies.

**Place Kick Wins Game.**  
Ithaca, N. Y., Sept. 25.—Captain Butler's team won the first game of the football season by the score of 10 to 0. In the last minute of play Butler kicked a difficult goal from place kicking without much gain during the four periods.

**Cubs Home Again.**  
Chicago, Sept. 25.—The Chicago Nationals returned to their home grounds,

where they will finish the season. The playing Cincinnati, when the regular schedule ends. The Cubs then will play American league in American league season series for the city championship.

**FAVORITES LOSE OUT AT COLUMBUS**  
Dave Halle, Owned in Tennessee, Wins Hoster-Columbus Stake.

Columbus, Ohio, Sept. 25.—Dave Halle, 4-year-old trotter, owned by A. Franks of Memphis, Tenn., and driven by T. W. Murphy, won the Hoster-Columbus stake, which has been the richest of the Columbus Grand Circuit meetings. Four heats, each being taken by the Dan Medium in 2:04, were required. The winner's best time was 2:04.

Baden, leading stake winner of the season, was beaten by Esther W. second choice. The gelding broke going away in the first heat, and was broke just as the finish line was reached in the second and fourth heats. He was in a pocket so long that he did not have time to rush ahead after going out.

Anna Axme was proclaimed the winner of the 3-year-old pacing horse review. Her victory was protested, it being charged that she is over 3 years old. The protest was filed by the owner of Impetuous Palm, second today and also at Detroit last week. The Axme mare was behind the flag in the first heat, but was placed when it was held that Virginia was the cause of the break made at the half.

Cheney, owned in Texas, was a favorite that won without a contest. She was superior to anything in the field. Capital City 2:18 trotting stake and Columbia Fire who hosted the favored Early Tacker in the 2:09 pace, had speed at all stages of the race.

Bessie Bee, first choice in the 2:15 pace that was begun on Tuesday, looked to be beaten in the first heat. Cerna G. came well down the stretch leading, but went to a break that left Bessie Bee in first. The Iowa mare then went on and won the two heats needed.

**Billiards.**  
San Francisco, Sept. 25.—John Horgan, champion three-cushion billiard player of the world, won his first game of a 150-point match with Joe Carney here. One hundred and twenty-two balls were played at the end of which the score stood, Horgan, 50; Carney, 40. Each made a run of five points.

**Place Kick Wins Game.**  
Ithaca, N. Y., Sept. 25.—Captain Butler's team won the first game of the football season by the score of 10 to 0. In the last minute of play Butler kicked a difficult goal from place kicking without much gain during the four periods.

**Cubs Home Again.**  
Chicago, Sept. 25.—The Chicago Nationals returned to their home grounds,

## BOSTON CATCHERS HAVE STRONG THROWING ARMS

Records Show That Carrigan and Cady Are Liable to Bother the Fleet Runners of the New York Team.

New York, Sept. 25.—The New York Giants, the National league's entrants for the world's series to be staged next month, have stolen more bases this year than any other team in the senior organization and their followers expect that when they get into their important battles with the Red Sox, they will be able to pilfer quite a few sacks on Carrigan and his assistants on the Boston catching staff. The adherents of the Red Sox just as naturally figure that Carrigan, Cady, et al., will be able to keep McGraw's band of speedy athletes from running wild on the paths.

Time will tell which set of fans is right. The figures show that when the Boston and New York clubs played a post season series in 1909, the New Yorkers fished eleven sacks in five games and the Boston catchers threw out four men. Carrigan caught three of these contests and it was he who flagged the four McGrawites, but Donohue not making a throw that stopped any one.

In the American league this year the speed boys' opponents have not been stealing with great frequency on Carrigan, Cady, Nunamaker and Thomas. In the first five months of the season the Boston catchers have fished 157 sacks. Chicago getting 20, Washington, 24, Philadelphia, 23, New York, 22, Detroit, 19, Cleveland, 17. While the speed boys' rivals were acquiring this fine record, Carrigan has had 88 bases stolen on him and his right arm has cut down 55 men. Young Cady, Joe Wood's battery mate, has done even better than Carrigan, who may or may not receive some votes for the Chalmers car this season. Carrigan has permitted 21 steals and has refused to stand for 21 thefts. Leslie Nunamaker has cut down 23

men who tried to steal bases and is charged with having allowed 37 steals. Young Thomas, who is not likely to be given a chance to play in the series, has fished four men and his throws have been beaten eight times.

From the subjoined list of players who have been thrown out by the Boston catchers this season, one may make up their own minds as to whether or not the Giants will be likely to run bases at will on Carrigan, Cady or Nunamaker.

**WESLEYAN SCORES ON VALE**  
Big Team Has to Extend Itself to Limit to Win.

New Haven, Conn., Sept. 25.—For the first time since 1893, Yale and Wesleyan scored on Saturday, when the annual contest between teams chosen by the president and vice president will be played.

The losing team by the terms of agreement of the match has agreed to provide the dinner for the victors. In addition to the dinner an impromptu program has been prepared, which will make the event a particularly pleasing one.

The players of both teams have been practicing zealously for the contest, which marks a policy of defeatism passed in any of the events of the season's play.

There are a number of events to be cleaned up before the cold weather brings the golf playing of the present year to an end.

**Capt. Day in London.**  
London, Sept. 25.—Capt. Thomas Fleming Day of New York, commander of the motor boat Detroit, which crossed the Atlantic and reached St. Petersburg, is back in London. He says he intends to organize an international motor boat race in 1913 from New York to Paris.

**CUT RATES GO INTO EFFECT**  
Logging Road Does Not Appeal From Commission's Order.

A reduction of rates on merchandise, timber products and farm produce hauled over the Minneapolis & Rainy River railroad went into effect yesterday. This reduction was ordered by the state railroad and warehouse commission and the effect was to reduce the rates from 15 to 50 per cent. The order of the commission was issued after a hearing in which the logging companies, which were opposed by the same interests that controlled the road, it was said that the road hauled supplies, horses, logging machinery and men practically without charge to these two companies, while the independent loggers had to pay truckage charges and twice the ordinary hauling rates to get their logs, poles, posts and ties to Deer River, where they were transferred to the Great Northern. It was further alleged that by such proceedings the farmers were compelled to sell their timber to the two favored companies at such prices as would not pay them for their land, thus preventing new settlers from coming into the country.

Three hearings of the case were held, one at Deer River and two at St. Paul, all being presided over by commissioner Charles E. Staples. In the course of the investigation, Spear & Stone, attorneys for the complainants, brought out the fact that the railroad company had failed to make report on gross earnings amounting to nearly \$500,000. The state then recovered gross earnings the amounting to nearly \$100,000. The company maintained that these gross earnings were on merchandise and timber that it was under contract to haul at cut rates for the Itasca and Deer River Lumber companies.

**Place Kick Wins Game.**  
Ithaca, N. Y., Sept. 25.—Captain Butler's team won the first game of the football season by the score of 10 to 0. In the last minute of play Butler kicked a difficult goal from place kicking without much gain during the four periods.

**Cubs Home Again.**  
Chicago, Sept. 25.—The Chicago Nationals returned to their home grounds,

**FAVORITES LOSE OUT AT COLUMBUS**  
Dave Halle, Owned in Tennessee, Wins Hoster-Columbus Stake.

Columbus, Ohio, Sept. 25.—Dave Halle, 4-year-old trotter, owned by A. Franks of Memphis, Tenn., and driven by T. W. Murphy, won the Hoster-Columbus stake, which has been the richest of the Columbus Grand Circuit meetings. Four heats, each being taken by the Dan Medium in 2:04, were required. The winner's best time was 2:04.

Baden, leading stake winner of the season, was beaten by Esther W. second choice. The gelding broke going away in the first heat, and was broke just as the finish line was reached in the second and fourth heats. He was in a pocket so long that he did not have time to rush ahead after going out.

Anna Axme was proclaimed the winner of the 3-year-old pacing horse review. Her victory was protested, it being charged that she is over 3 years old. The protest was filed by the owner of Impetuous Palm, second today and also at Detroit last week. The Axme mare was behind the flag in the first heat, but was placed when it was held that Virginia was the cause of the break made at the half.

Cheney, owned in Texas, was a favorite that won without a contest. She was superior to anything in the field. Capital City 2:18 trotting stake and Columbia Fire who hosted the favored Early Tacker in the 2:09 pace, had speed at all stages of the race.

Bessie Bee, first choice in the 2:15 pace that was begun on Tuesday, looked to be beaten in the first heat. Cerna G. came well down the stretch leading, but went to a break that left Bessie Bee in first. The Iowa mare then went on and won the two heats needed.

## REGATTA TO BE CLASSY

Saturday's Boat Races Promise to Furnish a Fine Sport Card.

Three Eight-Oared Crews Will Be Chosen From Squad.

Everything is in readiness for the fall regatta of the Duluth Boat Club.

With practically every veteran who has taken part in rowing for the past season and all of the new men who have been out working during the late summer and fall months, the prospects for some racing that will fall but little below the class of the regular annual regatta of the Northwestern International association are very bright.

The opportunity of the new men will come in the eight race for the junior championship and the Northern Hardware cup. In addition to the cup offered by the hardware company there will also be medals for the members of the winning crew.

The race for the club championship will be started at 1:30 and the eight race for the junior championship at 2 o'clock. The first race of the afternoon will be started at 1:30 and the various contests will occur at intervals of half an hour.

It is expected that the contests between the four will be one of the best races of the day. These crews have been training for the past month and are in the very best condition for the settling of the four-oared championship of the club.

The members of the three eights will be selected by the strokes from the members of the rowing squad. Cowan, Horak and Thurburn to be the strokes of the eights.

Following are the members and positions of the men in two of the eights:  
Bana ..... Coxswain ..... McKenzia  
St. Louis ..... Strokes ..... Cowan  
D. Moore ..... Schneider  
Stewart ..... Solheim  
Rosen ..... Fogarty  
Westbrook ..... Solie  
St. Flavia ..... Stevens

**Papke Beats Denning.**  
New York, Sept. 25.—Billy Papke outboxed Jack Denning of New York in a 10-round bout last night. Denning carried a lead on points during the first four rounds, but thereafter Papke slowly wore him down with effective blows. George Kirkwood of St. Louis was outboxed by Johnny Dunham of ten fast rounds.

**Attempt to Stop Gambling.**  
Chicago, Sept. 25.—State's Attorney John E. Wayman of Cook county announced that he would bring a suit of the power of his office into play to stop handbook gambling in Chicago.

There are the new race track near Midway, Ind., is opened Oct. 12. Mr. Springman said he would use the use passed by the Illinois legislature which was drawn to prohibit gambling from carrying people or running special trains to places where gambling was permitted.

## GOVERNOR MCGOVERN ANNOUNCES HE WILL SUPPORT ROOSEVELT

Says He Cannot Aid Taft  
Because Nomination  
Was Dishonest.

Opposed to Wilson, Because  
He Is Against Democratic  
Doctrines.

Will Stand for State, Con-  
gressional and Local Re-  
publican Tickets.

Madison, Wis., Sept. 27.—(Special to The Herald.)—Governor McGovern today issued a lengthy open statement in which he announces that he will vote for the Roosevelt and Johnson presidential electors on Nov. 5. Aside from this the governor says he will support the Republican state, congressional, legislative and local tickets. Following is the governor's statement:

"As the head of the Republican state ticket I feel that the people of Wisconsin are entitled to a plain statement concerning my attitude on national issues. The split in the Republican party which resulted in placing two national tickets in the field can no longer be ignored.

"The paramount duty of the people of Wisconsin is to promote their own welfare. The first business of those who believe in the high civic ideals of our state has been and will be to well begin. The Progressive movement must not be checked by the differences which may tend to divide them upon other matters. But it is no reason why they or those who represent them in public station should now dodge vital national issues. It is from this viewpoint that I shall approach the consideration of the national problem fully according to others the same freedom of choice and action for myself.

"I cannot support Taft.

"To begin with, I cannot advocate the re-election of Taft and Sherman. As

FRANCIS E. MCGOVERN,  
Governor of Wisconsin.

## LYNCHING PREVENTED

Wisconsin Villagers Aroused  
By Story of Heinous  
Crime.

Prepare to Lynch Tramp  
When Sheriff Arrives  
in Automobile.

Racine, Wis., Sept. 27.—Telephone and automobile played a conspicuous part in the rescue of George Morton, a tramp moulder, at Corliss, Wis., last night, when Morton charged with a heinous crime alleged to have been perpetrated on a youth of the village, was about to be lynched in approved Southern style. Hobart Maskey, 18, alarmed the villagers with a story of Morton's crime, alleging Morton had been brought to a nearby place, where he was being held in a cage. A crowd soon gathered and Morton, after being fearfully kicked and pounded, was being led to a nearby place, where he was being held in a cage. ## STILL FIGHTING KANSAS ELECTORS

Litigation Pressed in Supreme  
Court, Despite Reported  
Compromise.

Washington, Sept. 27.—Intention on the part of attorneys for the Kansas Taft electors to press the litigation over the right of Roosevelt men to remain on the Republican electoral ticket was indicated here today, despite reports that a compromise had been reached.

The attorneys have had printed in the supreme court a transcript of the record of the case brought to enjoin county clerks from printing the names of Roosevelt men on the Republican ticket at the recent Kansas primaries. The practice is not to print the transcript, unless the case is to be urged before the court for decision.

## GOVERNOR ASKS FOR CONFERENCE

Governor of West Virginia  
Will Meet With Busi-  
ness Men.

Charleston, W. Va., Sept. 27.—Governor Glasscock today invited business men of Montgomery and other mining towns in the region north of the Kanawha river to a conference with him here this afternoon.

This session was recently visited by Ad. Gen. Elliott and other military officers with a view to ascertaining the truth of reports that large quantities of arms and ammunition were stored in a number of mining communities. The result of their visit was never made public, but the report was current today that their fears had been realized and the governor wanted to enlist the aid of important persons in every community in an effort to save the arms and ammunition sent out of the state.

## BIG STRIKE ON AGAIN AT LAWRENCE

Twelve Thousand Operatives  
in Woolen Mills Have  
Quit Work.

Many on Strike and Others  
Forced Out By Mills  
Closing.

Action Is Protest Against Im-  
prisonment of Two Labor  
Organizers.

Lawrence, Mass., Sept. 27.—As a protest against the imprisonment of Joseph E. and Arturo Giovannitti, the Industrial Workers of the World organizers, 4,300 textile operatives struck here today. The Ayer, Washington and Wood mills of the American Woolen company were the first plants to be affected by the walkout.

No serious disorder was reported during the early hours of the strike, although there were a few minor clashes between strikers and operatives who refused to quit.

A general strike of the Industrial Workers of the World has been advocated by William D. Haywood and other leaders of the organization, as a protest against the imprisonment of E. and Giovannitti, whose trial on a charge of being accessories to murder is to begin at Salem next Monday. E. and Giovannitti, in a letter given out a few days ago, advised against such a strike.

E. and Giovannitti are charged by the commonwealth with being accessories before the fact to the death of a strike.

No serious disorder was reported during the early hours of the strike, although there were a few minor clashes between strikers and operatives who refused to quit.

## SPEECH-MAKING TELLS ON COLONEL

Roosevelt in New Orleans  
and Plans to Get  
Rest.

New Orleans, Sept. 27.—When Col. Roosevelt arrived here this forenoon he was met by a committee of local Progressive leaders, escorted to his hotel and thence taken on an automobile trip about the city. This afternoon the colonel will speak in the Winter Garden auditorium, his only scheduled public appearance while here. He will leave for Montgomery, Ala., tonight.

The long continued speech-making began to tell on Col. Roosevelt yesterday in Tennessee, with the raw weather as an aggravating factor, and it is planned for him to have some rest before the time of his address this afternoon and the departure of his train for Montgomery tonight.

## FIRST REVIEW OF AIRSHIPS HELD

Seventy-Two Flying Machines  
Reviewed By French  
War Minister.

Paris, Sept. 27.—The first review ever held of a complete aeroplane armada took place this morning at Villacoublay, near Paris. Seventy-two French army flying machines with their full complements of pilots and observers and the attached park of motor trucks, bearing supplies thereof, passed in review before the French minister of war, Alexandre Millerand.

The airmen and their craft had just returned from the great army maneuvers, at which they had achieved many triumphs, and made an imposing display when they lined up on the parade ground.

Thousands of people were present and there was great excitement as the airmen saluted the minister of war. At the close of the review, M. Millerand made a speech in which he dwelt on his and the nation's determination to keep France in the forefront of aviation. He urged the officers to refrain from seeking publicity and he said, could only be harmful to the service.

An extraordinary spectacle was presented at the conclusion of the review when twenty aeroplanes rose as in a flock, circled for a few moments over the parade ground and then sped off eastward to resume their stations on the German frontier. The remainder of the armada scattered in the course of the afternoon to various military posts.

## CANADIAN BANK THIEF CAPTURED

Robber of the New West-  
minster Bank Caught in  
St. Louis.

Adams, Alias Stacey, One  
of Men Who Attacked  
Lieut. Burns.

Arrest Effected After Detec-  
tives Had Trained His  
Supposed Wife.

St. Louis, Mo., Sept. 27.—A year's chase, following the \$20,000 bank robbery in New Westminster, B. C., ended in St. Louis in the arrest of J. C. Adams, who was declared today to be wanted as one of the robbers.

The arrest of his supposed wife, known to the police as Jeanette Little in Edwardsville, Ill., last night, completed the task of the local police and private detectives, who had been holding Adams since his arrest early Wednesday morning.

Adams, who is also known as Walter Stacey, was declared by the police to have been one of the two men who beat Police Lieut. Burns of Chicago, into insensibility in a saloon where he tried, singlehanded, to capture them on the night of Sept. 19.

When Adams was arrested by the St. Louis police he was entered on the books under the name of Stacey and a charge of murder placed against him. It was explained that he was a suspect in a local case.

Mystery was thrown about his arrest by the St. Louis police Wednesday and yesterday. In the meantime his photograph, taken a few hours after his arrest, was sent to Chicago. There it was identified as the picture of one of Burns' assailants.

## HEARING ON AT CAPITAL

Duluth Grain Rate Case Be-  
fore the Interstate Com-  
merce Commission.

Board of Trade Would Force  
Railroads to Grant Equi-  
table Rates.

Washington, Sept. 27.—The Duluth Board of Trade is again before the interstate commerce commission in an effort to force the railroads to grant equitable rates on grain from Southern Minnesota and South Dakota points. Commissioners Clark and McChord today began a hearing on the complaint of the Duluth organization that the railroads have not issued the freight tariffs in accordance with the commission's decision handed down early in the summer. Duluth is aided by the Milwaukee chamber of commerce and the Superior Commercial club, and is opposed by the milling interests of Minneapolis and the grain trade of Chicago.

Minnesota has filed an application for a rehearing, alleging that the order made by the commission is unfair to that city and, if it is enforced, it will compel Minneapolis to seek reduction of the rate from Minneapolis to Duluth, but that the commission denies his motion for a rehearing.

W. P. Trickett, who is representing Duluth, declares that the rates now want to make a fight for a reduction of the rate from Minneapolis to Duluth, but that the commission denies his motion for a rehearing.

The Duluth Board of Trade was represented at today's hearing by F. W. Sullivan, G. Roy Hall and Secretary C. F. Macdonald.

## POLICE HELD AT BAY ALL NIGHT

Drug-Crazed Negro's Bar-  
ricade Rushed and He  
Is Captured.

Louisville, Ky., Sept. 27.—After being held at bay all night, drug-crazed negro, Louisville police early today rushed the black's barricade and captured him before he could make further resistance.

The prisoner, Ed Jackson, was arrested last night on a trivial charge. He escaped, took refuge in a house in the negro quarter and began firing on pedestrians and street cars. One of the policemen sent to arrest him was dangerously shot. The riot call was sounded but, when police and citizens reached Jackson's retreat, he had barricaded himself so securely and directed such an effective rifle fire at his pursuers that they were obliged to fight at long range.

For two hours they exchanged shots with the black. Then firing ceased, and the police awaited the coming of daylight. The rush on his barricade took Jackson by surprise and he surrendered, although well supplied with ammunition.

When the police gained entrance to the house, they found two other negroes with Jackson. One of them who attempted to rush the police was shot down. He was badly wounded. It is believed the two men were in the house when Jackson took refuge there and that he compelled them to help him in his fight.

## COUNTY BOARDS OF EDUCATION

Recommended By Wisconsin  
State Board of Public  
Affairs.

Madison, Wis., Sept. 27.—(Special to The Herald.)—The election of unaffiliated county boards of education and the appointment by such boards of the county superintendent, is the substance of the announcement issued today by the state board of public affairs, following a very close examination of a report of the rural schools for the last six months by a competent force of experienced school men. Among the most important duties of this county board of education would be the appointment of the county superintendent from an approved list made up by the state civil service commission. Among its other powers would be to exercise a general control over the county school of agriculture and the county training school for teachers; to pass upon the centralization of school districts; to advise the superintendent to withhold state aid from small and inefficient schools whenever, in its judgment, the facts warrant it, and to appoint an assistant to the county superintendent whenever the number of teachers in the district exceeds 100.

It is recommended that state aid be given to these county boards of education, in order that sufficiently large inducement may be offered to attract properly qualified men and women to the county superintendency.

## DISCHARGED MEN HIRED

Strikers Claim Company Is Taking Back Former Employees.

Company Claims It Has Enough Cars to Handle Traffic.

"The company is taking back men who were discharged a year ago when a thumping of the ranks was made after an investigation into the alleged 'knocking down' of fares," said a striking street car man this morning. One man who is said to have been in the employ of the company a year ago and who is said to have been discharged a year ago, because it was found that he knocked down fares, went to work this morning, it is claimed. "So hard up is the company for men

that they will hire anyone at the present time," said one striker this morning. "They are advertising in all country papers, hoping to get men who will turn in fares collected." An unknown man was hit by a street car while crossing Superior street last night. Up until a late hour the company had not been able to find out the car number or the motorman's name. Every motorman who came into the barn denied having hit anyone. The man was cared for at the police station, but was not badly hurt. It was found after Dr. Murphy had made an examination.

The strikers claim that there are not as many street cars running today as there were several days ago. They claim that the strike-breakers are getting tired and a few of these are leaving the city on every train East. The company maintains that it is furnishing a fair service and that there are cars enough on all lines to handle the traffic. People who live in the suburbs are still complaining that the service is getting no better. E. G. Hall, president of the Minnesota State Federation is still in Duluth and he is still optimistic over the eventual outcome.

### BONE TRANSPLANTING FOR TUBERCULOSIS OF SPINE.

New York, Sept. 27.—Five children who were the first to undergo the new operation of bone transplantation for the cure of tuberculosis of the spine, commonly known as hunchback, are ready to be discharged from Sea Breeze hospital at Coney Island, which is run by the New York Association of the Poor. They will leave the institution as soon as the warm weather is over.

The first operation of this kind ever performed was at Sea Breeze hospital in June, 1911. Since that time seven children have been treated by this method. Each little patient is kept in bed from five to six weeks after the operation. During this time the live piece of bone heals into the spine and forms a strong, bony bridge. In this way it is believed that a recurrence of the deformity will not be possible.

Bone transplantation has attracted the attention of physicians throughout the United States. Recently the Johns Hopkins hospital decided to use this new method of treating Pott's disease.

## WANT LIST OF BORROWERS

Card Index-System for Banks Suggested By State Officers.

Plan Is Not Received With Approval By Duluth Banker.

Duluth Bankers do not apparently look with enthusiasm or even approval on the proposed establishment of a department of credit, which is one of the measures that may come up for consideration before the coming legislative session.

The dispatch from the Twin Cities says the state department of banks is behind the measure.

According to some of the provisions of the proposed plan, every borrower would be indexed and a card system maintained to keep tab on the various persons in the habit of borrowing money from the banks.

David Williams of the First National bank is of the opinion that the plan is altogether impractical. After being shown the dispatch he declared that the proposed method of keeping posted on the assets and liabilities of those borrowing money could not be made at all practical.

"Some time ago," said Mr. Williams, "a plan was proposed for registration of legal paper. But upon further investigation it was found that this was infinitely broader than a state measure and would have to become a national one to become effective."

"In other words, we found that if the method was followed only in this state, that it would be without practical effect. The plan proposed, however, would prove somewhat of a discrimination against borrowers just so long as it was not in force in other states."

The index plan is outlined in the following dispatch from St. Paul:

"The establishment of a department of credit will be asked of the legislature next winter by the state department of banks as a means of safeguarding depositors. The plan of Supt. Chase is to establish in the capital a card index system of reports on securities from all the banks in the state."

"Every borrower would be indexed, with his known liabilities and his assets. Then, if his borrowings became heavy, banks would be notified to restrict his credit," said Mr. Chase explaining the present law a man entitled to \$5,000 credit will borrow that amount from a half dozen banks and create a dangerous condition."

"To further the security of depositors the legislature will be asked to give an assistant examiner to do a routine work, while the examiner investigates the securities and assets of the banks. In this way only can an examination disclose whether the securities are genuine and the condition of the bank's finances sound and safe."

"With present equipment it is impossible," said Mr. Chase, "to make an investigation of a bank's assets. I am against the policy of bank inspection, but believe absolute protection can be given the depositors, however, should the department be given an adequate force thoroughly to inspect them and a system of state credit be established so a man's borrowing could be kept to that which he is capable of meeting."

"Such a system of credits would also be a safeguard against 'kiting' of checks and other practices which jeopardize the foundation of a bank. This department could be created with reasonable appropriation if the additional necessary help is given for inspection."

"Every borrower would be indexed, with his known liabilities and his assets. Then, if his borrowings became heavy, banks would be notified to restrict his credit," said Mr. Chase explaining the present law a man entitled to \$5,000 credit will borrow that amount from a half dozen banks and create a dangerous condition."

## FARMERS' DAY AT BEMIDJI

Governor Will Speak and Great Preparations Are Made.

Bemidji, Minn., Sept. 27.—(Special to The Herald.)—Everything is in readiness for Bemidji's picnic in honor of the farmers here tomorrow and the gathering will be held even though weather conditions may be unfavorable. If it is not possible to hold the outdoor exercises as planned, the big gymnasium in the basement of the high school building will be used. Speakers will speak there in the afternoon. Workmen are today building a speakers' stand at the high school farm and benches for 1,000 persons will be placed.

The board of education has appropriated \$10 in prizes for the students whose gardens excelled at the farm this year and these prizes will be awarded at the meeting tomorrow. There will be a meeting of the Beltrami County Development association at 11 a. m. either at the farm or the gymnasium. In the evening there will be a public reception in the Commercial club rooms in honor of Governor Eberhart.

### WED AT HURLEY.

Miss Mabel Davey Becomes Mrs. Henry Inch.

Hurley, Wis., Sept. 27.—(Special to The Herald.)—A quiet home wedding was solemnized at the home of Mr. and Mrs. William Davey Wednesday afternoon when their daughter, Miss Mabel Davey, became the bride of Henry Inch, Ironwood. Rev. James Austin, pastor of the Hurley M. E. church, performed the ceremony. In the presence of the relatives, and a limited number of invited guests, Miss Myrtle Duffy acted as bridesmaid and Harold Richards of Ironwood was best man. After the ceremony, wedding dinner was served and the happy couple left on the afternoon train for Duluth where they will spend their honeymoon.

The bride is well and favorably known in this circle, having lived here most of her life. For a number of years she has been stenographer and bookkeeper for the Hurley Lumber & Fuel company. The groom, while a resident of Ironwood, has a wide acquaintance here. He is employed as a steam shovel operator by the Oliver Iron Mining company in Ironwood, where he has lived all his life. Mr. and Mrs. Inch will be at home after Nov. 1 in Ironwood.

## Girls' Day Tomorrow

*Girls, why is it you'd rather be able to tell the other girls your coat came from Gidding's, than have to admit it came from another place?*

*We know why—It's because we realize that girls "a little bit under age" want just as much style as a full-fledged miss—It's because you know there's an extra "Snap" and "Ginger" to Gidding Styles, and you know that the Gidding Label always means Quality.*

*Everything is ready! The Girls' Shop is brimming over with all the new styles that Girls could possibly want and we like to have the girls come in to see them—Coats, Suits and Dresses galore! Pretty Furs and Headwear as well.*

The Girls' Coat Booths are chuck full of the jauntiest coats you could possibly imagine—great cozy styles, with or without belts, and tailored like a man's coat; of Melange, Frieze, Camels' Hair, Chinchilla, Scotch Honespuns and all the other stylish coat materials of the season—Also new Robespierre styles, London Norfolds and New Fancy Cut Models—Prices, \$12.50, \$15.00, \$19.50 to \$29.50.

"Correct Dress for Women and Girls"

Pretty chilly, isn't it?—Not long now before fur-wearing time and tomorrow is the last day for you to take advantage of that special 10% discount that we are offering during Display Week.

Furs, like jewelry, should be bought from a reliable house—they ought to be stamped with some kind of a quality mark, like 14k gold, or sterling silver—and you couldn't find a better merit mark for Furs than the Gidding label—you can put your faith in that label because the House of Gidding has always held rigidly to the rule that none but the "Best" deserves to bear its name.

All Kinds of Furs at All Prices—From \$5 to Several Hundred Dollars

### Custom Made Suits

At \$32.50, \$35, \$40 and \$45.

If any store in the country could offer a Suit more Genuinely Custom-made, than the Man-Tailored Suits we have at the prices above, you can better believe we would have it. But such a thing is impossible. We have "passed-up" the very garments that other stores harp as "Custom-Made"—for the ones we offer are a better embodiment of that intrinsic quality, which shows itself by its staying qualities, under the fire of constant service.

In the matter of materials, you have your pick of the Season's Best.

### Hundreds of "Warm" Topper Coats

At \$15, \$19.50, \$25, \$35 and up.

English in texture, French in Design, and American in make; the Topper combines the best attributes of Coats from various nations. No need to dwell on its popularity or how practical it is, for the Swagger Topper Coat is a generally accepted commodity, and has taken the world of Fashion by Storm. A Hundred different models, each more comfortable and swaggar than the other, and it would seem that the Weavers of Cloths had exhausted the possibilities of their trade, in producing the handsome textures that are hoarded here.

Here are hats exactly as smart as anything you could find in the most exclusive shops of Eastern cities. We do not follow the styles—we introduce them. Our own people bring our own models direct from Paris. We call the best ideas from the best sources—we adapt, originate, and finally produce hats that parallel the smartest styles found anywhere. Yet prices are modest, affording wonderful choice at \$7.50, \$8.50, \$10, \$12 and \$15.00.

### This Kind of Weather Forces the Subject of Warm Underwear

A new shipment just in—every kind you could wish to choose from—High Neck, Low Neck and Bishop Neck—Long Sleeves, Short Sleeves or No Sleeves at all—Knee Length or Ankle Length, in Cotton, Merino, Mercerized, Silk-and-Wool, All-Silk and All-Wool—sizes to fit women of every stature. The best makes on the market. The kinds that "Fit Best," and "Wear Best."

Union Suits, \$1.00 to \$10.00.

### The Tailored Linen Waist

A Perennial Favorite Unusual Values at \$2.50

## VOTED IN THE NEXT COUNTY

Nett Lake Polling Place Said to Have Been Over County Line.

Other Alleged Irregularities Will Bring Contest in Seventh District.

Rumored irregularities in connection with the holding of the last primary election in three precincts in the seventh congressional district, in which Ryan, Buchanan and O'Neill are in a three-cornered fight for the Republican nomination, undoubtedly point to an election contest in this district.

The canvassing board has found many confusing returns on second choice votes from several precincts in this district and has sent a letter to the county clerk at Nett Lake asking him to see to it that the returns shall be officially certified.

The claim has also been made that some electors of Koochiching county voted there.

County Auditor Hadden says that he has heard nothing to indicate that the election was not held at the regular polling place and in the precinct.

The auditor's office before election cautioned the town clerk at Nett Lake not to allow residents from Koochiching county to vote there.

It is also rumored that a contest will be started on the grounds that the election was not held at the regular polling place and in the precinct.

GEN. BROWN, The Republican Candidate for Governor of Ohio, Upon Whom the Roosevelt People Are Making a Lively Fight.

has been practically cut off from the rest of the country for days.

## NEW CHINESE LOAN IN DEMAND

Steady Stream of Applicants at Issuing Banks in London.

London, Sept. 23.—Applicants for the allotment of the bonds of the new Chinese loan appeared in a steady stream today at the issuing banks, and the banks also brought a large number of demands from country customers. There was, however, no rush such as was witnessed at the time of the issue of the Japanese war loans or on some previous occasions when China has asked the public for money.

In financial circles some nervousness is displayed on account of the foreign office's opposition to the loan and the controversy which the political nature of the transaction has woven around it.

Up to noon there were only a few dealers in the market.

Charles Birch Crisp declined to state the amount of the applications.

## AMERICAN SHOOT FOUR IN LONDON

Two Barmaids and Two Men Wounded, One Barmaid Dying.

London, Sept. 27.—A man giving his name as Titus, and claimed to be an American citizen, today shot and seriously wounded four persons with a revolver and for a time caused a semipanic in the West end.

Titus, who speaks English poorly, had a dispute with a barmaid of the hotel where he was staying in Tottenham Court road. He drew his revolver and shot her and a second barmaid and then rushed to the street. On the way out he shot down two men who tried to stop him and also fired at a third man. He was finally overcome by a passerby and arrested.

One of the barmaids, a Miss Tower, died later of her wound.

Titus had been staying at the hotel for two months. He did not register his first name or his home address and he is extremely uncommunicative.

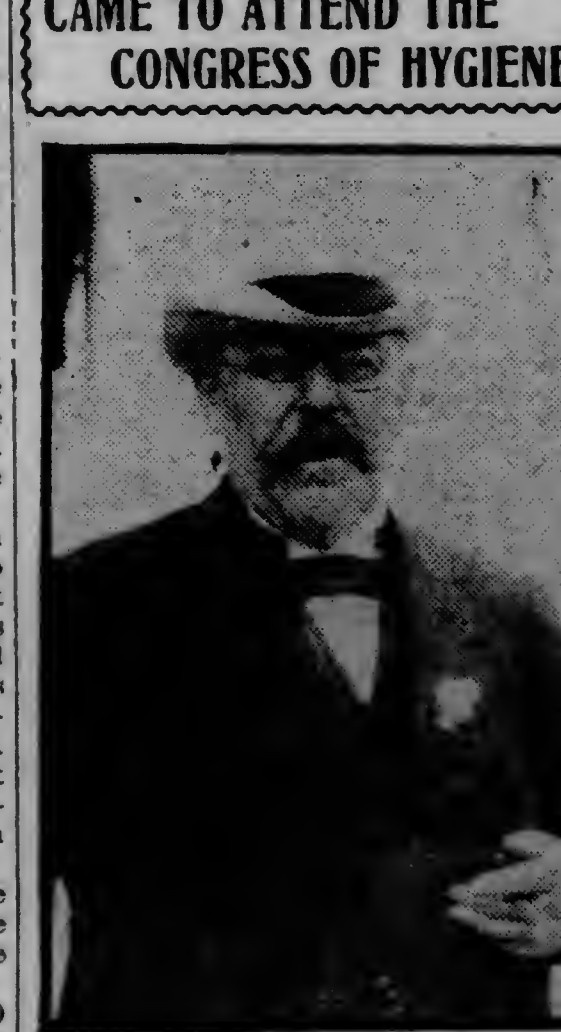

## MARCONI'S CONDITION IS MUCH IMPROVED.

Spezia, Italy, Sept. 27.—Such great improvement has taken place in the condition of William Marconi, the inventor of wireless telegraphy, that it is expected he will be sufficiently recovered from the injuries sustained in the automobile accident on Wednesday to leave the hospital within a week.

## Strong for Suffrage.

Madison, Wis., Sept. 27.—That he had never heard of a single objection to woman suffrage which in his opinion has substantial merit is the effect of a statement by R. P. Meyer, interstate commerce commissioner in an interview here today. Mr. Meyer was formerly chairman of the Wisconsin railroad rate commission and is well known in Wisconsin because of his long connection with the university.

## Autumn Millinery—Opening Days Paris Hats and Our Own

Opening days! Days of pleasant and leisurely inspection in our Millinery Salons. Days when women come from far and near to get close to the new and authentic in fashionable millinery. Days when the success of the planning and efforts of months is dependent on your decision—you, the discriminating and critical women of fashion! And what days of fruition these are for us! What a satisfaction to hear these exacting critics of dress enthuse over our Paris Hats; to hear them applaud our modified forms of Reboux's long, drooping feathers; to see them draw on one of the new, close toques that follow the contour of the head, and pronounce the lines excellent. Here is a hat dashingly a-tilt on one side, without taking a jot of grace or becomingness from the other.

## EGGS TO BE LUXURIES

Outlook Now Points to Higher Prices Next Winter Than Last.

Butter Also Exhibits an Upward Trend—Vegetables Are Higher.

A strong upward movement in the price of eggs is the principal development that has taken place on the Duluth produce market since a week ago. A week ago the wholesale price of eggs was 23 to 24 cents, but now it is 26 to 27 cents. The wholesale dealers declare that the eggs are very scarce. They say there is almost no surplus something of a scarcity at this time of the year, but this fall the shortage is extraordinary. It has been very hard indeed to get any eggs from the farmers or the country dealers, although liberal prices have been offered for them. The fact that the farmers are busy with their large crops of course has a great deal to do with this, but wholesale dealers are inclined to think that there is an actual shortage of eggs in the country. Roads around Duluth have been bad and farmers through the country tributary to Duluth have been handicapped by the condition of the roads in bringing their produce to the shipping points. But there seems to be something more to the shortage of eggs than this, for they are scarce at Chicago, in the East and many other parts of the country. A year ago eggs were rather high, but they were generally about 3 cents cheaper than they are this season. During the summer of this year the lowest wholesale price that eggs reached was 19 cents a dozen but last year they went as low as 16 cents. Eggs went very high last winter but prospects are good for still higher prices next winter.

The price of butter is also on the up-grade. The best creamery prints, which a week ago were selling at wholesale for 31 cents a pound, have gone up to 32 cents a pound. Butter markets are strong in the East and all through the country. The output of butter has been diminishing. There is a scarcity of milk and cream. It seems that the high price of butter can be traced directly to the condition of the beef market. Beef is so extraordinarily high that cattle raisers have been finding it more profitable to have their cows cut up into beef than to keep them for the milk that they would produce. Hence, the supply of milk has been rather short and butter has been going higher.

Cheese has not yet been affected by the higher price of milk, but it is likely that it soon will be. The cheese market is about the same as it was a week ago.

Meats generally are about as high as they were a week ago and they show no signs of cheapening. Pork is even scarcer than it was a week ago. Farmers are not bringing their hogs to the market in any great quantities. Duluth is still getting poultry by rail from Omaha and Sioux City, but in those cities where certain tradesmen make a specialty of buying up fowls for shipment, the poultry has been very scarce. The recent Jewish holidays have had a great deal to do with the producing this condition, as many of the people of those two cities who are in that business are orthodox Hebrews.

Some hope is held out that live stock of all kinds will cheapen gradually as a result of the magnificent grain harvest of this year, which will certainly make feed more plentiful and cheaper for a long time to come. Prairie hay, however, has gone up a little instead of cheapening during the past week. No. 1 selling at \$12 a ton, instead of \$12. This seems to be due to the fact that farmers are not handling much hay now, as they are closely occupied with their wheat and other grains.

With the coming of cold weather it is not surprising that vegetables have begun to advance in price. White potatoes, which a week ago sold at wholesale for 40 to 45 cents are now bringing 50 cents. One reason for the advance of these potatoes is that farmers living in the vicinity of Duluth have not been able to haul their tubers to market on account of the bad roads. Local wholesalers say they might have shipped large quantities of the potatoes from more distant points by rail, but they did not like to do this because that would spoil the market for the farmers of this section. They say they are anxious to give the home farmers a good chance to dispose of their produce.

Pears and dull cucumbers are no longer on the market. Other cucumbers, which a week ago brought \$1 to \$1.25 a bushel at wholesale, are now selling at \$1.75 a bushel. Fresh tomatoes will soon be a thing of the past by reason of the frosts. Fresh red tomatoes, which a week ago were bringing at wholesale \$1 to \$1.25 a bushel, are now selling at \$1.25 to \$1.50 a bushel.

The general trend of the prices of fruits has also been upward, but the increase in price has usually been accompanied by an improvement in the quality of the fruit handled.

Blue grapes, which a week ago were bringing 22 cents for a 10-pound basket, have given place to the real Concord grapes at 25 cents. These grapes are from New York and Michigan and are much superior to the early blue grapes.

New apples have been in price from \$1.50 to \$1.75 a barrel, but they are much improved in quality.

New York pears are now on the market. These are a very fine variety. They are bringing \$5.50 to \$6 a barrel. Cape Cod cranberries have also arrived and are selling at \$7.50 to \$8 a barrel. This is about an average for this time of the year. The crop seems to be fairly good this year.

It is expected that the more delicate fruits, such as blue grapes and peaches, will soon be gone. Grapefruit is being arriving soon from Florida, but it is too early for them. Apples are not well matured and at the same time there is no great demand for them, as there are so many other fruits on the market at present.

## Half the Regular Fuel Supply Required

**Cole's Original Hot Blast Heater**, on account of the patented air-tight and gas-tight construction and patented hot blast combustion, gives perfect control over the fire.

## Build Only One Fire a Winter

It is so perfect in construction that fire keeps all night—It saves the gases wasted with other stoves.

The cost of the stove is saved in fuel. \$5.00 worth of soft coal, hard coal or lignite, or a \$1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.

It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.

Examine Cole's Original Hot Blast before you buy—Avoid imitations which only look like the genuine.

## OIL FOR THE WARSHIPS

Oil Reserve Set Aside for Exclusive Use of the Navy.

Department Regards the Supply as Sufficient for All Time.

Washington, Sept. 27.—"Conservation for national defense" is the expression employed by Hutch L. Cone, chief of the bureau of steam engineering of the navy department, in describing the recent executive order setting aside nearly 37,000 acres of oil lands in the Bakersfield region of California as an oil reserve for the exclusive use of the navy.

The reserve will be the navy's insurance against any future shortages in the oil markets and against any future contingency which might send the price of oil to a prohibitive position. The government oil reserve is estimated by the statistics of the bureau of mines at approximately 250,000 barrels. It is the estimate of the naval engineers that the extreme annual need of the navy in fuel oil will not exceed 10,000,000 barrels of oil for the next twenty-five years.

The department regards the oil supply as sufficient for all time. Its interpretation of the reasons for the government setting aside these extensive fields exclusively for the navy's use should be accepted as a move in the direction of adequate conservation of a supply which shall be for the navy so long as Uncle Sam may need a warship afloat.

For several years the navy department has been working upon the problem of the eventual displacement of coal by oil throughout the naval establishment. The experiments with oil-burning engines in the torpedo-boats and torpedo-boat destroyers long ago convinced the naval engineers that oil for fuel possessed advantages over coal that were practically incalculable. They have hoped that some such provision as the recent accomplishment of the administration would be incorporated into an executive action.

**Oil Burners Battleships.** Upon the certainty of the navy being placed, by some such method as this, in the position to know that for a definite period of years its oil supply would be secure, the announcement now follows the action that heretofore even the biggest of the first-class battleships will be oil-burning. The Nevada and Oklahoma, the battleships authorized in appropriation for the fiscal year 1911-12, as well as the Pennsylvania, the one authorized in 1912-13, will burn oil exclusively.

The Arkansas and Wyoming were equipped with auxiliary oil burners under their boilers; so will be the New York and Texas. The Florida, Utah, North Dakota and Delaware have auxiliary oil supply and the Texas has a coal to oil fire at a moment's notice. These vessels all carry about 4,000 tons of fuel oil, which is less than one-fifth of their total fuel supply. The three newer ships above mentioned will have no coal bunkers whatsoever.

The advantage of getting rid of coal altogether is shown in the amount of labor necessary to keep the great fires going under the boilers of a modern battleship. In the biggest coal burning ships of the navy today the room complement is 232 men. With the oil burning Nevada the fire room will require the services of only 121 men, exactly cutting in half the number of firemen and saving to the cost of maintenance the ship not only the pay of one-half of the firemen, but also their subsistence and the valuable room which these men will take up in the sleeping and living quarters of the vessel.

**What the Saving Means.** The saving means that the oil ships of the future will require a ship's company of practically fifteen per cent less than the complement of a coal burner of equal size and power.

Regarding the advantages accruing to the navy through the exchange of coal for oil as ships' fuel, Hutch L. Cone, engineer-in-chief, said:

"Fuel can be taken aboard more readily and without manual labor and without interruption to the routine of the ship. The problem of fueling at sea is solved.

"Steam for full power can be maintained as readily as when there is no reduction in speed due to dirty fires or to difficulty in trimming coal from remote bunkers or to exhaustion of the fire room force.

"There are no chimneys and the amount of smoke can be controlled.

"The weight of space required for the boilers is reduced—first, by the reduction of heating surface required, and second, by the elimination of the ash pit. Consequently the reduction in heating surface is a decrease in the weight and cost of boilers.

"Coal and ash handling gear is eliminated. The rendering unnecessary the piercing of the hull for coal trunks and discharges from the ash propellers and ash ejectors.

"The stowage and handling of oil is much easier than that of coal, and the result in a much cleaner ship, with consequent increase in time available for drills.

"The mechanical supply of fuel to the boilers gives a prompt and delicate control of the steam supply, permitting more sudden changes in speed than with coal, which is a tactical advantage.

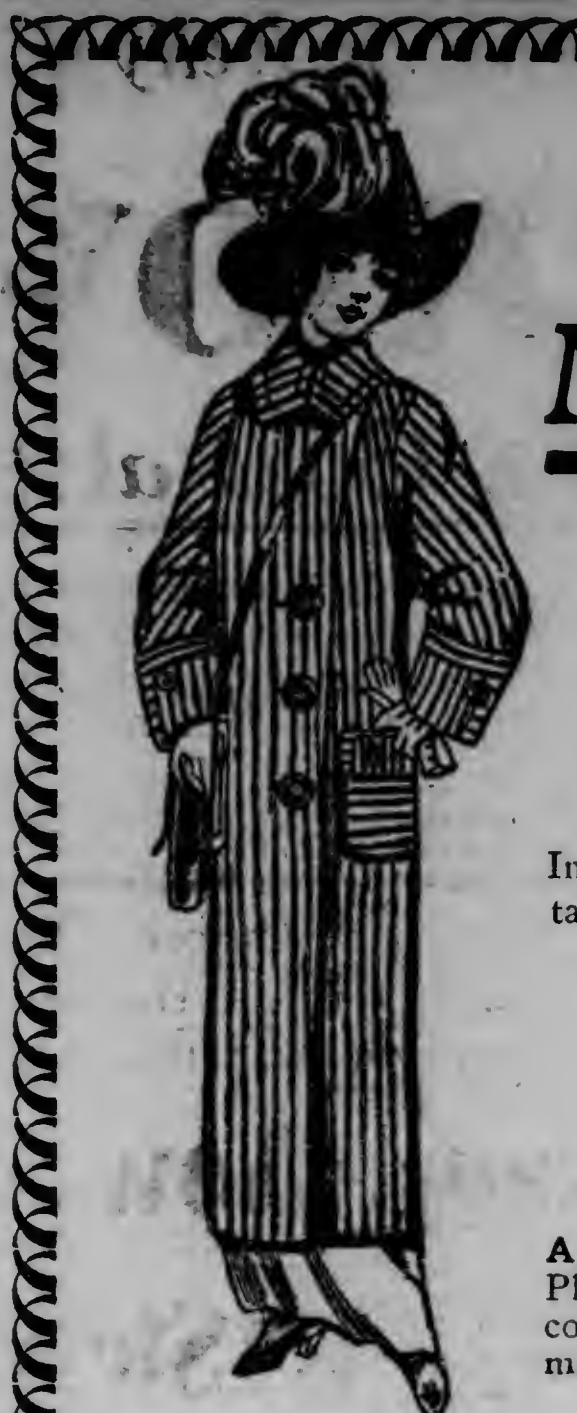

"The nature of fuel oil permits the utilization of remote portions of the ship and of constricted spaces for its stowage.

**Assured of a Supply.** "We are now assured, through the application of this conservation of national fuel supply to the uses of the navy, as to the supply. We are assured that there is sufficient oil on the public lands of the state of California alone to supply all probable naval demands for 100 years, should all be burned to the exclusion of coal, and, of course, there is considerable oil in other portions of United States territory.

"The question as to the distribution of oil among the ports from which fuel might be required for our vessels in time of war is one that is well within our power to solve, as from its nature the oil can be transported and stored more easily than can coal. Indeed, for the transport of oil in time of war we are already better prepared than for coal, there being a large number of tank steamers flying the American flag.

"Oil is, therefore, certain rapidly to replace coal as a fuel for naval purposes.

Public attention is called by the navy department to the fact that the United States will have but a single reserve in the enjoyment of the applied science of the development of oil as a steaming fuel will bring to the navy. The only other great power possessing oil supply undeveloped or partially developed which will in any way compare with Uncle Sam's private oil reserve is Russia.

## OLD FRIENDS WE MEET IN PLAYS

The Villain Still Makes His Century-Old Exit, the Courier Is Always Wounded in the Head, and the Deceived Girl Must Carry Out the Color Scheme Decried By the First Dramatist of Antiquity.

It is true, there have been some big improvements in lighting and costume-making stage effects since the days when we paid our two bits each to see a comedian in a drink of cold tea out of a champagne bottle, to rub his stomach with a slow circular motion, though the best authorities still insist that he shall wipe his mouth with a handkerchief, and that he shall not prolong, in order to gratification, satisfaction and other emotions natural under the circumstances, the time toward the end of the first act, a tall, sinister person came on, buried up to his hips in a mass of leather and petting himself with a riding crop, you knew him for a villain a mile off. Nowadays he is more likely to enter in a motor car or on a bicycle, and he is still addicted to the cigarette habit, thus proving the time-honored contention of our Sunday school teacher that persons who use cigarettes are bound to come to some bad end.

**Still the Same Old Exit.** And villains still exit just as they did back in the days of Booth and Barrett; and as they did before that, when somebody or other was playing the "Jibbenosey" in "Nick of the Woods"; there were numbers who could play that part but couldn't pronounce it; and as they did before that, when the players played before Moses; and from there straight on back to the earliest beginnings of the drama. Some time ago there was produced in New York an excellent play of the ultra-modern melodramatic type, which purported to show certain phases of underworld conditions. In this play the principal part was that of a Western gunfighter. The man selected to play the part was a capable actor. He looked the part and he acted it with understanding. He did carry his pistol where it would take a colorist to reach it and he didn't have many—if any—of the

riding forty miles on a pair of coconut shells across a marble top table—you can still hear the foot clatter of his exhausted coconut shells off stage—and he is on the point of utter collapse, he has dust on his shoulders and a blood stained bandage round his head, but otherwise his uniform is neatness itself, with not a button or buckle displaced, and it is evident that he stopped somewhere on route to have his boots shined.

I had thought, in my ignorance, that some day some dramatist would introduce a new motif into a war drama by having the wounded courier wear his blood-stained bandage elsewhere than round the head—say, round his arm or his leg, or even round his greatest circumference in a sort of hammock effect. I had thought that perhaps a note of novelty might come in the end of a New England play, to the end that the misunderstood daughter of the old squire, instead of being turned out into a fighting, bitter, driving snowstorm, might be turned out into the biting sunning of an apple orchard in May, with the pitiless apple blossoms beating down upon her shrinking form. Second thought, however, convinced me that it would never do to have the military courier wounded anywhere except in the head. That's the only place you could shoot that kind of an actor without crippling him; but I still think well of the apple blossoms.

## MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS "SYRUP OF FIGS"

Waste-clogged bowels, torpid liver and decaying food in stomach cause the sick headache, gas, backache, sallowness, biliousness and indigestion.

All women get bilious, headachy and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit, or green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delicious, fruity Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, sallowness, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this to-night—you'll feel splendid in the morning!

when the sour bile, clogged up waste and poisonous matter have been gently but thoroughly moved on and out of your system, without nausea, griping or weakness. Your head will be clear, complexion rosy, breath sweet, stomach regulated; no more constipation, gases, pains and aches.

### ARE AMERICAN GIRLS PRUDES

New York Herald: "Would that I were not a Puritan," cried Lord. "I have lived a good and eminently tireless life, and it never really occurred to me before that the streak of my Puritan ancestors in what has kept me priggish and miserable. "I believe it's the trouble with Americans. If only we had been started by a band of debauched young Frenchmen instead of those grim old parties—wouldn't we be a lot jollier, nation, though? You see, as it is now with this legacy of asceticism we just miss all the heights—the old Puritan grandfather jerks us back just as we reach the brink of Arcady. "It keeps us from beauty, it keeps us from art, and I really believe those old men are chiefly responsible for the greatest lack in the average American woman's clothes, and that is—the art of charm. We're so foolishly afraid to be charming! "We are past masters in the art of excusing our country on perfectly matter-of-fact grounds. If we wear a frock draped up over the ankle, it's because it's so easy to walk in. If we wear our furs hanging coyly off one shoulder, we say it's because one's throat should not be pampered. And we think we're being sincere—that's the lovely thing about it. "Now, if we were as consistent as the French woman I wouldn't complain

if, in our Puritan insistence on truth, we lived lives of asceticism and wore clothes of the convent, instead of putting on so hesitatingly a baby finger and making a timid jab at the game of allurements. "There's the secret of the French woman's superiority in dress—she's not afraid to openly dress for decoration. The American still shies about and tries to deceive herself and everyone else that she dresses for utility. Why not be sincere in our sincerity? "You may polish your finger nails until you're positively a menace in sunlight, but reddens your lips? Horrors, what scandal! Nice women don't do it, my dear. "You may wear a tight skirt, so tight that you are absurdly mincing, but carry your head with a knowing air? Shocking, my child, shocking! You must act as if you didn't know you couldn't take a step more than six inches long and to study how to take these six inches, quietly—why, it's not to be thought of at all! "We eagerly and secretly wonder just exactly what is real and what isn't in the French woman's makeup, and we feel sure that she's not quite nice because she looks so—well, you know, because she looks a little less knowing and a little less nice. I wonder if we are."

JAPAN'S WORK IN KOREA. David Starr Jordan in the American Review of Reviews: With proper laws

just government, and encouragement to industry and agriculture, the Japanese hope to see 25,000,000 people in Korea in a score of years. If the people have something to sell, they will have something to buy. They are by no means a barbarous or incompetent people. They taught the Japanese to make Satsuma ware, though they lost the art themselves when their forests were gone. "When I spoke not long ago in Seoul to 1,500 young men, all dressed in spotless white muslin, there were two on the stage who wore rhi Beta Kappa pins, one from Princeton and one from Yale. Their Japanese teachers say that they are very quick to learn languages, fair at mathematics, slow in the inductive sciences. "They have lost their nation and worst of all, it went down without saying its face. The hope of the people is reviving. The Japanese grant perfect religious toleration, and in the consolations of the Christian religion the people are beginning to find a channel in which they can turn their futile love of country. "Japan has undertaken to carry western civilization into this stronghold of the 'Unmitigated East.' It is in work of this kind that Japanese administration shows itself at its best—capable, patient, forgiving, and not the least of the lessons of science, always hopeful, always industrious, and considering the good of the nation rather than the wishes of the individual.

### OLD RACING DAYS.

Of all the innovations that have taken place of recent years on the turf, writes an English horseman in Baily's Magazine, not one strikes an old stager like myself so much as the style of riding now adopted by the jockeys. "Not only is the crouching seat most displeasing to the eye—one celebrated amateur horseman goes so far as to characterize it as positively indecent—it always is on a fine day it was never more so, in the view of the old turfman, than in its most primitive state before modern improvements set in. When a hack was a necessity, and if one wanted a glass of sherry you were dependent on a friend with a drag or a dog cart, as the case might be. "At that period there were many more picturesque figures on the turf than at the present time, when everybody dresses more or less alike, and nowhere did one see them to greater perfection than at Newmarket. The massive figure in dust colored frock coat and high jack boots, with an antiquated drab colored hat on his head, who jogs past in animated converse with his old friend, Peter Price, is easily recognizable as Edmund Tattersall. "Lady Astley, perfectly habited as usual, comes along just in time to pick up her 'Mate' as he mounts the old gray horse, his faithful comrade of the Crimea, who is in waiting for him outside the rooms. "On his old favorite's decease at an advanced age what more appropriate than that his epitaph should be written by his sorrowing master? According

to the following lines, which though perhaps not quite up to the standard expected from a poet laureate had the merit of emanating direct from the heart, were duly inscribed on the headstone. "Under this here sod Lies my poor old quod. He was very fond of me, And so was I of he, you see. "JOHN PAUL JONES. Wide World Magazine: In 1899 the Turks defeated the Serbians at Nish, and in memory of the victory built a tower of stone and Serbian skulls. At one time visitors and tourists used to carry away skulls as souvenirs, and not so many years ago the heads were still to be seen embedded in the walls. When Nish became Serbian, however, as many skulls as could be exhumed were given Christian burial. A few still remained, too firmly held by the plaster, and of these two, in a glass case, are shown at the memorial church close by. ## FOR LEVEE SYSTEM ON MISSISSIPPI

Congress Asked to Grant \$35,000,000 in Five Equal Installments.

Memphis, Tenn., Sept. 27.—An appropriation of \$35,000,000 in five equal installments is asked of congress for the completion of a levee system along the Mississippi river, in resolutions unanimously adopted by the Interstate Levee association, which concluded its annual convention here yesterday. The federal government is also asked to exercise a certain supervision over the entire system of levees, and each of the political parties congratulated for having recognized the national importance of the levee problem.

Col. Roosevelt's opinion that flood water conservation by reservoir and reforestation would strengthen the levee system and control the floods in the lower valley, was challenged by Col. Mc Townsend, president of the Mississippi river commission. He described Col. Roosevelt's ideas as theories and "speculations which have not been applied" and declared that levees were the only proved means of preventing floods.

## WEST END

HERALD BRANCH:  
Herman Olson, Manager, 1823 West Superior Street.

## MUCH PAYING LOBECK WILL IN WEST END BE SPEAKER

More New Pavements Planned Here Than in the Rest of City.

Council Soon to Receive Necessary Petitions for the Improvements.

There is more paving planned for the West end at the present time than any other part of the city.

With the recent paving of Twenty-first avenue west from the railroad tracks to Third street, the repairing of Superior street from Fourteenth to Twenty-fourth avenues and the award of the contract this week for the paving of Twenty-seventh avenue west from the tracks to Fifth street, the West end will have more new pavements by the latter part of next spring than all the other parts of Duluth combined.

Petitions are now being circulated among the property owners of Third and Fifth streets, Twentieth, Twenty-second and Thirtieth streets, and the small side street from Thirtieth avenue to Third street. These most of these petitions will be presented to the council some time this winter and the contracts awarded in time for the spring work, is the belief of the property owners in this end of the city.

A committee of the West End Commercial club reports that a large percentage of the property owners on First and Third streets are in favor of the proposed pavements. The paving of Fifth street is desired by the owners of the property on that street. The grading and improving of that thoroughfare from the railroad tracks to Fifth street. They propose to campaign for a pavement later.

R. C. Sloan, one of the property owners on Twentieth avenue, this week started in circulation a petition for the paving of that avenue from the So station to Third street. The West End Hillside Improvement club is behind the campaign to pave Twenty-third avenue above the railroad tracks. The paving of Thirtieth avenue and Vernon street is desired by the property owners on First and Third street pavements.

## WILL RESUME WORK IN CHINA

Missionaries Will Spend at Least Seven Years in Foreign Land.

Rev. and Mrs. J. H. Griffin of 1927 West Second street will leave a week from Monday for China, where they will spend the next seven years as missionaries of the Baptist church.

They will be accompanied by two children, a son, 5, and daughter, 3 years of age. The last of a series of farewell receptions, which have been given for the past three months in honor of Rev. and Mrs. Griffin, was given last evening by the Duluth Baptist church. The West end at the Central Baptist church, Twentieth avenue west and First street. All the organizations and societies of the Baptist churches in Duluth have entertained in this honor and Rev. and Mrs. Griffin will spend the next week preparing for their journey.

The church parlors last evening were decorated in the club's colors, red and yellow. A poem by Miss Evilla Glover to Rev. and Mrs. Griffin was read following the dinner. A program of musical numbers and games was featured, after which the members of the club presented Rev. and Mrs. Griffin with a large club banner.

Those present at the gathering last evening were: Rev. and Mrs. Milton Fish, Rev. and Mrs. G. H. Fisher, Mrs. George Jewell, Mesdames Irma Hutchinson, Jennie Leonard, Mrs. Baillie, Misses Jewell, who have Minnie, Ruth Glover, Charles Hanson, Clara Goodhand and the Messrs. Cecil Guillard, Ben Schweitzer, F. H. De Vohn, Holmquist and Wyman.

The church will leave San Francisco for the Orient on Saturday, Oct. 12 and are due to arrive there early in November. They returned to Duluth last Christmas, after spending a year in China. They were for the Baptist church and have been here ever since on a furlough.

They do not expect to return to Duluth until 1919.

**Leave for Seattle.**  
Mrs. J. Madsen of 1715 West First street left yesterday with her children for Seattle, Wash., where she will join her husband. Dr. Madsen was former chief of the most inspection bureau of Duluth and left here recently to take a more important station at Seattle.

**West End Briefs.**  
Miss Anna Flood of 1830 West First street is spending this week with relatives in the Twin Cities.

Miss S. Granger of 114 North Nineteenth avenue west is visiting relatives at St. Paul this week.

Rev. Edward Erickson of the First Norwegian-Danish M. E. church, twenty-fourth avenue west and Third street, conducted the regular weekly prayer meeting. Rev. Mr. Erickson returned Wednesday from Omaha, Neb.

John L. Miller has returned from a short business trip on the range.

Mrs. E. E. Halford of 102 North Twenty-eighth avenue west entertained the St. Luke's Guild of St. Peter's Episcopal church at her home yesterday afternoon.

The Young People's Society of St. Peter's church was entertained at the home of Mrs. Halford last evening.

The Dorcas Circle of the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street, met in the church parlors last evening.

The Sunday school teachers of the First Swedish Baptist church, Twenty-second avenue west and Third street, will hold their semi-regular conference in the church parlors this evening.

Prohibition Candidate to Address Meeting of West Enders.

Legislative and County Anti-Liquor Campaigns to Be Planned.

E. E. Lobeck of Alexandria, Prohibition candidate for governor, will be the principal speaker at a mass meeting of all the West End temperance societies and good government clubs to be held this evening at the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street.

Addresses will be made during the evening by prominent Duluth prohibitionists. Among the speakers will be Bert N. Wheeler, candidate for county commissioner in the Third district, and L. A. Simonson, candidate for the state legislature from the Forty-ninth district. Plans are to be made for the county campaign by the two following executive committees:

District committee—L. A. Simonson, chairman, Duluth; J. M. Tucker, secretary, Altkin; A. Bousfield, treasurer, Duluth; C. L. Johnson, Anoka; W. H. Elkensberry, Barnum; A. W. Piper, Pine City; R. Y. Morton, Princeton, and A. E. Brand, Two Harbors.

County committee—L. A. Simonson, chairman, Duluth; E. K. Wheeler, secretary, Duluth; A. Bousfield, treasurer, Duluth; Ray E. Hunt, Duluth; John Helmer, Duluth; C. E. Holt, Duluth; A. Thoren, Duluth; G. R. Forster, Virginia; Frank Matson, Eveleth; E. R. Stidd, City; Fred Johnson, Tower; Gust Apull, Iron; Gust Jari, Hibbing and C. T. Larson, Brookston.

Mr. Lobeck spoke last evening at Sloan's hall, Twentieth avenue west and Superior street, under the auspices of the North Star lodge, No. 11, I. O. G. T. He said in part:

"Although it is a fact that other national parties have adopted many of the planks embodied in our platform, still it is a fact that the prohibitionists were the first to agitate for the election of United States senators by direct vote; they were the first to advocate the election of the president of the United States by popular vote; they were the first to work in the interests of woman suffrage; and they were the first to institute the campaign against white slavery."

## LINCOLN PARK TO BE ENLARGED

Board of Public Works Considering Property Adjacent to Popular Grounds.

In compliance with the request of residents residing near Lincoln park, the board of public works is now considering property adjacent to the park for the purpose of enlarging the West end pleasure ground.

The proposed additions to the park will include several large pools to the north of the park and a large level tract of land west of the creek. In this way the board will be able to prepare a better grade to the boulevard from the park roads and to make the hillside accessible from this part of the West end.

One of the large additions proposed to the park will make an ideal playground for children, according to one of the members of the board. It is to furnish this section of the park with gymnasium poles and swings. The present action of the board in condemning the property was authorized by the city council last Monday evening.

**Svenson Funeral.**  
The funeral of Mary Alfrida Svenson, 20 years old, daughter of Mrs. Mary Svenson, 1817 West Fourth street, who died Wednesday of blood poisoning resulting from an ulcerated tooth, will be held at 2 o'clock tomorrow afternoon from the Olson & Crawford undertaking rooms. Rev. Swaney Nelson of the First Swedish Baptist church will officiate and interment will be at Park Hill cemetery.

**Carl Bergerson Dies.**  
Carl Bergerson, 27 years old, died of heart trouble yesterday at the St. Louis county sanitarium. Bergerson returned last Thursday from the North Dakota harvest fields and was immediately taken to the hospital. He formerly resided in this end of the city, having worked as a delivery boy for several years.

The funeral will be held at 2 o'clock tomorrow afternoon from the Olson & Crawford undertaking rooms. Rev. J. M. Nervig of the Zion Norwegian Lutheran church will officiate and interment will be at the Park Hill cemetery.

**MAN DECLARES PRAYER CURED HIS PARALYSIS.**  
Pottsville, Pa., Sept. 27.—John Rhein, an ironworker, at Auburn, who has been a hopeless paralytic for years, claims to have been miraculously cured by prayer and by anointing by the Rev. A. Lindemuth, pastor of the United Pentecost church of that place. "I had always been a rough sinner,"

and found it hard to believe that I could ever be healed by God," declares Rhein, "but when I began to pray with his family and a party of friends, snowbound at Dena lake, near the crest of the Big Horn mountains in Wyoming, that the blockade had been raised and he will be in Omaha next Monday."

**KINDNESS TO THE CONVICTS**  
Will Be Attitude at Jackson Prison, Says Governor Osborn.

Chicago, Sept. 27.—Convicts were characterized as the "dead fruit of an imperfect tree" by Governor Chase S. Osborn of Michigan, in a letter to the Chicago Law and Order League, regarding the recent riots at the Jackson, Mich., prison.

"No discipline can be had without obedience first," Governor Osborn wrote, "and after obedience should come as much mercy and kindness as will be understood and appreciated."

"I believe there is a spark of humanity in every man and woman, no matter how low they have fallen, and if the right steps are taken, they can be induced to conduct themselves in a better way. I can assure you that kindness and sympathy will be the attitude at the Jackson prison in the future."

**Blockade Raised.**  
Omaha, Neb., Sept. 27.—Word was received yesterday from General Manager George W. Holdredge of the Chicago, Burlington & Quincy railroad, who was with his family and a party of friends, snowbound at Dena lake, near the crest of the Big Horn mountains in Wyoming, that the blockade had been raised and he will be in Omaha next Monday.

**Terrible Picture of Suffering**  
Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. Three of the best doctors in the state said I was in a critical condition and going down hill. I lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success, in actual practice, is positive proof that Cardui can always be relied on, for relieving female weakness and disease. Why not test it for yourself? Sold by all druggists.

"Have used a great deal of Mellin's Food and find it beneficial to both baby and myself. Expect to feed baby on Mellin's Food for second year."  
Mrs. William C. Dart, Box 347, St. Johnsville, N.Y.

"Our baby is getting along fine. Your food has saved the child's life. When we first gave her Mellin's Food she was six weeks old and had not gained in weight from the time of her birth. Since we gave her Mellin's Food she has gained four pounds in six weeks. My wife and I thank you for the kind advice you gave us and will always feel that Mellin's Food was the means of saving our baby's life."

COD LIVER OIL CHOCOLATE  
CREAMS; SULPHUR TAFFY.

Chicago, Sept. 27.—Dr. Bernard Fantus of Chicago, who is known among his young patients as the candy doctor, has in the last issue of the Journal of the American Medical Association, in which he states he has discovered a method for making virtually all kinds of medicine—even quinine—palatable. The doctor simply makes candy of his medicine.

Lessons from a regular candy maker. Under the regular's instructions, he says, he made sulphur taffy, and cod liver oil chocolate creams. These, however, failed to prove as successful as he had expected. Then Dr. Fantus experimented with what the candy-making trade calls fondant and afterwards with finely powdered cane sugar. The last named proved the proper material for the kind he wanted to make. Dr. Fantus' formula makes so nice a candy that the children cry for it, instead of crying because they have to take it. It is so palatable, says the doctor, there is danger the child may

poison himself if given too free access to it. He avoids that by prescribing the candy only in safe doses.

PLAN TO CHECK  
MOTOR DRIVERS

Thank-e-Ma's on Each Side of Kansas Railroad Crossings.

Topeka, Kan., Sept. 27.—A pair of thank-e-ma's on each side of every railroad crossing in Kansas will greet the motorcar tourist in this state next spring. The Kansas railroads and the public utilities commission believe that this is the cheapest and most satisfactory way of preventing accidents at grade crossings.

Within the last two years seventeen deaths have been due to automobiles speeding over grade crossings without looking, and being run into by trains. Double this number of similar accidents have occurred where there were no deaths, but serious injury resulted. The

railroads have been seeking for years to eliminate these accidents.

The railroads have submitted their proposition to build the thank-e-ma's on each side of every grade crossing, to the public utilities commission, and it is probable that the commission will tell the roads to go ahead with them.

Kansas railroad rights of way are 80 to 100 feet on each side of the track. It is proposed to build a thank-e-ma's a few feet inside the outer edge of the right-of-way and a second one about twenty feet from the first, and twenty to thirty feet from the track. The thank-e-ma's will be about a foot high, simply a hump or pile of dirt, stretching across the roadway.

In the investigation of grade crossing accidents, in which automobiles were involved, it was found in nearly every instance that the driver failed to slow up in making the crossing. As the thank-e-ma's will hump about a foot high, few motorists will take chances on them. It is figured that most cars would be going so slow by the time they hit the second hump in the road that the drivers would be able to see or hear any train within a dangerous distance of the crossing, and have plenty of time to stop.

Horse drawn cars have been prohibited on the streets of Berlin.

The people your property would appeal to are, almost surely, readers of Herald real estate advertising.

TO CONNECT  
RAILROADS

Viaduct in Long Island City to Be Three Miles Long.

Cost of Erecting Link Will Be Close to \$25,000,000.

New York, Sept. 27.—One of the most important steps in transportation matters affecting local and through travel of this city was taken last week when the contract was let for the construction of the foundations for a viaduct which will be three miles in length, extending from Port Morris, across Randall's Island and Little Hell Gate, Hell Gate and through Long Island City.

This viaduct, when completed, will connect by rail the New Haven and the Pennsylvania railroads.

The abutments will be of granite and the towers of concrete, while more than 80,000 tons of steel will be used in the work.

The contract for the foundations and masonry work was awarded to Patrick Ryan, who built the Manhattan bridge.

The amount involved in this contract approximates \$25,000,000, but the cost of the entire work will be very close to \$25,000,000.

Some contracts for other portions of the work have been awarded, and there is not the slightest doubt that the work of connecting these two great railway systems by this rail line will be completed at the earliest possible moment.

The connecting line will be about nine miles in total length, and the fact that Samuel Rea, vice president of the Pennsylvania system, is president of the company that controls the link, gives assurance of its speedy construction.

Can Pass Through Tunnels. When this work is done, cars can pass through the tunnels and subways of the Pennsylvania from the West to the New England states, or vice versa, and thus avoid the ferry transfer as at present.

It is thought that later on the freight traffic between the New England states, Long Island and the West coast, the continuous rail transit through tunnels to be constructed between Bay Ridge, Long Island and Staten Island.

There seems to be forming a combination of circumstances exceedingly favorable to the development of Staten Island into a section of the city which will attain high rank as a shipping and industrial quarter, and through the consequent increase in population and demand for land areas, really values on that island will be greatly increased.

The shipping interests of the city are calling forth the energies of the members of the various civic boards which will be put in service next spring, approximately 300 feet in length, and there will be difficulty in finding piers of sufficient length to accommodate her.

The Germans have ordered the construction of two other steamships of even greater size than this ocean giant, which exceed 550 feet in length, so that it can sail in the ocean for long steamships will be in service before three years have gone by.

Sea mammals must have new piers, for the old ones will not provide the facilities that the new ships will require. Manhattan, Long Island and Staten Island water fronts are all being examined, surveyed, sounded and tested, looking to their utilization for shipping terminals under the advanced modern conditions.

The United States government has started dredging upon the Jamaica bay improvements, and, with the cooperation of the state and city governments, within the next five or ten years, that bay will become a safe, secure and spacious harbor for vessels. Ocean transportation needs even now are pressing for room, and after the opening of the Panama canal there will be a very rapid increase in the number of merchant vessels that will use this port. The Jamaica bay improvements will not then give the slightest relief, as they will not be far enough advanced to be utilized.

City May Take Over Docks. The board of estimates is considering the feasibility of the city taking over the Bush terminal docks as a part of the \$30,000,000 municipal docks and freight terminal project in South Brooklyn, and a special committee has made the recommendation that, if possible, the municipal docks and terminal plant be placed under the management of the organization which has so successfully developed and built up the Bush terminal business.

This is an open new departure in municipal affairs, as it contemplates the placing of the interests and the city's docks in South Brooklyn under the management and business control of private parties, but to be controlled for the city.

The committee's report is a splendid testimonial to the management of the company in the work done on the Bush terminal enterprise.

Instead of placing amateurs and inexperienced city officials in charge of such important affairs, such a vast and intricate detailed enterprise, the committee would secure the services of men trained in successful and systematic business management, men familiar with every detail that would be necessary to know, and masters of the work intrusted to them.

If the city authorities and the Bush Terminal organization can effect such an arrangement upon fair and reasonable terms, the business men of New York will be rejoiced in this method of placing control of city affairs in the hands of those fitted for the duties devolving upon them, rather than in the hands of mere political favorites, however popular these favorites may be.

Within the past month several circumstances have occurred that make for higher prices in copper metal.

The rebels raiding in Northern Mexico have demoralized copper mining and smelting in that region and the result is a large decrease in the tonnage of new copper from there and the poor prospect of peace in Mexico will render the operators on the mines loathe to renew their mining operations.

The riots in Utah, at Bingham, have stopped production at one of the heaviest sources of supply of copper, and the latest news is to the effect that it is impossible to tell when peace will be restored between the mine owners and the miners.

Alloying Copper and Steel. The announcement of successful experiments in alloying copper and steel in the manufacture of rails and other steel products has led to the belief that another very great field for the use of copper has been opened and that greater demands for the metal will result.

Foreign and domestic demand for the metal continues in tonnage beyond all records, and the next month's reports of stocks of metal on hand will undoubtedly show large declines in amounts.

The fine weather for the corn and the cotton crops which has prevailed for the past two weeks has confirmed the prediction of large yields, but the bulls in those products are dying very fast and by every means in their power are endeavoring to convince the

Beauty—real beauty—is more than skin deep. No cosmetic in the world can give the wholesome color, the bright eyes, the clear, transparent skin that is the natural result of pure blood, proper diet and hygienic habits of daily life.

It sounds easy and it is easy for a woman to have the beauty which health alone can give. A safe and efficient tonic if the blood is weak, thin, or impure (Dr. Williams' Pink Pills for Pale People are especially recommended), the avoidance of foods which will cause eruptions, and regular bathing of the skin. That is all and it is the only way. Most ladies will be interested in the following statement:

Mrs. Ella H. Polk, of No. 509 Holly street, Brainerd, Minn., says: "After the birth of my daughter, I was greatly run down. I could not eat my meals without severe pains or cramps in my stomach. In fact I could not eat much for I had no appetite. I was very pale and thin and my people thought I was going into consumption. I had terrible headaches and dizzy spells and could hardly drag myself around. The doctor helped me for a time but when I stopped taking his medicine I would be in as bad a condition as before. A neighbor told me about Dr. Williams' Pink Pills and I gave them a thorough trial. The pills put my blood in good condition and I have been in excellent health ever since."

Write to the Dr. Williams Medicine Co., Box 176, Schenectady, N. Y., for a free booklet, "Plain Talks to Women." It is an outspoken but perfectly proper little book and should be read by every woman and growing girl. A free sample of the new laxative, "Pinklets," will also be sent you. Should you be unable to obtain Dr. Williams' Pink Pills for Pale People in your locality they will be sent postpaid on receipt of price, fifty cents per box; six boxes, \$2.50.

trade and the public that the yields will be far less than estimated by the government and others.

Close examination of reports from the corn and cotton districts made by skilled and unbiased men are all to the effect that the yield in each crop will total higher than the government's expert estimates instead of lower.

A rumor last week of an estimate of 16,000,000 bales of cotton put the entire market in a flutter and the bulls were relieved when they found that the authority quoted had made no estimate as to total yields whatever, but that he had reported conditions very favorable for good yields.

Three more weeks of good weather in the cotton belt and next January a total of more than 16,000,000 bales

## THE EUROPEAN MINERAL & VAPOR BATHS

**ARE A CREDIT TO OUR CITY**  
A Herald reporter made a visit to the European Mineral and Vapor Bath Parlors at 17 and 19 East Superior street and was shown through the "House of Health" and was surprised to see what equipment and facilities the institution has for treating all kinds of diseases at a very small cost to the patient.

The baths and parlors, which are divided separately for ladies and gentlemen, are furnished elegantly and the patient, after taking the treatment, can enjoy the comforts of a real home-like place. Private rooms are reserved for those who live in or outside of the city, so that in case of illness, desiring to remain at the Sanitarium, can do so at very moderate rates.

The reporter was also shown hundreds of testimonials, which are not "faked up" ones but with the genuine signatures of those who have been cured of Rheumatism, Colds, Lumbago, Skin and Blood Diseases, Liver and Kidney Troubles, etc., and was informed by the Professional Masseuse in charge, that there is no necessity of any one suffering with the above ailments to leave the city and pay an enormous price, when they can be cured right here in Duluth. They have professional masseuses in attendance night and day, for both ladies and gentlemen, and the office is open all day to give free consultation.

## FAVOR LOAN ASSOCIATION

Associated Charities Workers  
Plan to Establish Agency  
in Duluth.

G. W. C. Ross Elected Pres-  
ident of Central Council  
for Coming Year.

The central council of the Associated Charities at its second annual meeting held yesterday afternoon at the Y. M. C. A. went on record as being heartily in favor of the establishment of a remedial loan association in this city, such as has been advocated by The Herald for some time past.

President G. W. C. Ross was instructed to appoint a committee which will be expected to enlist interest in this movement. The committee will confer with E. W. Faine, who is much interested in the remedial loan society idea and who believes it is the only effective way to strike a blow at the loan shark evil.

The remedial loan society which may be organized will not be operated in conjunction with any charity. It will be a business of itself, conducted with private capital and operated for private gain. At the same time it will be serving the general public in that it will provide a place where small loans can be secured at a legal rate of interest. The borrower, it is argued, would not have to patronize the loan shark, who invariably charges an exorbitant and usurious rate of interest.

Mr. Faine will work with the committee and an effort will be made to bring the proposition to focus within a comparatively short time. The remedial society will probably be organized along the lines of those now existing in other cities and which are affiliated with the National Federation of Remedial Loan Associations.

At yesterday's meeting, Mr. Ross was elected president. Other officers named were: Mrs. P. L. De Voist, vice president; Courtney Dinwiddie, secretary; and Ruth Merritt, treasurer. Besides taking up the matter of the proposed remedial loan association, the central council also discussed the scholarship fund.

President Ross will appoint a committee to take up the matter of a scholarship fund. It is proposed to pay poor families the amount their sons would earn if they were taken out of school, which would be necessary were not the family helped in a financial way. Just how the fund will be raised, whether by an appropriation from the council or by popular subscription, has not been worked out.

The central council also instructed its president to appoint a legislative committee. This committee will be one of the most important committees appointed during the year. It will make suggestions from time to time of the changes needed in the law, both the city and state and will outline a program to be followed by the central council in conferring with city council and the state legislature.

**FEW BRITISH  
GUM CHEWERS**  
**Attempt to Introduce Amer-  
ican Product Backed By  
English Money.**

London, Sept. 27.—London's cabmen, it seems, take kindly to American chewing gum, but the other inhabitants of this metropolis don't. Perhaps it's because the jehus here do so much chewing the rag that they welcome a change, but there it is. According to a man who is trying hard to sell it, the only folk in these islands who care a hang for gum as chewed in the United States are the drivers of taxis, hansom and four-wheelers.

This man was in the Strand yesterday—the first vendor of American chewing gum who has appeared there. He stood by the curb, along with the newspaper and flower sellers and the vendors of penny toys, and he had quite a trayful of a well-known brand of American gum, which he was crying lustily at a penny a packet. The man was asked how he found business.

"Trotten," he said. "This here American chewing gum ain't no go in this country. I've been here ever since 9 o'clock this morning (that was 1330), and I haven't sold a shilling's worth yet. It don't appeal to English people. Except cabmen. They seem to take to it. Don't know why, but I always can find a customer on a cab-rank."

"Thinking the gum in the streets is a new game, isn't it?" was asked. "Pretty new," replied the pessimist, "but they've had men trying to sell people in the theater-queues for several years. They're called 'Danderine' (the proprietors). Are advertising it on the drop-curtains in the theaters, too. Besides on the boardings and in the newspapers. But it won't go. They think it will, but it won't."

"We try it in the country," he added, confidentially, and with the air of a partner in the enterprise, "but the sale's very quiet. I go to all the race-meetings, but I don't make nothing worth speaking of. That's my bicycle."

safety leaning inside the gateway to Charing Cross, and carrying a sign in over their heads, indicating a 95-vintage car of the same, "but I'm fed up with this game after six months of it. No! I ain't no Britisher. I'm a German and I've been in the states and I wish I'd stayed there."

Later on in the day, the manager of a fair-sized confectionery shop in the suburbs which has big display ads of the same brand of chewing gum handled by the Strand grouch, was asked how it went, and gave much the same account as the man in the street. He said he had a few steady British customers, but thought, personally, it must be nasty. Perhaps, it would help some if the American people interested hired demonstrators, for it's reported that the Britons who sample the gum swallow instead of chew it.

Anyhow, it's early in the day yet to decide that the attempt, which has been backed by many thousands of British pounds as well as American dollars, to make gum chewers of the British is a failure, for the public here is the slowest in the world to take up a new thing. Particularly one like gum, against which they have an unexplained prejudice.

**Training School for Men  
Who Will Combat  
Socialism.**

Chicago, Sept. 27.—Plans to found a house of social study in Germany were discussed yesterday in connection with a movement which has been launched by the federation of German Catholic organizations of the United States. The new institution for which 130,000 members are making contributions is to be a training school for men who will combat socialism and civil evils by application of Christian principles.

Leaders in social study from Loyola university and St. Ignace college will have supervision of the studies and educational proposals for men who will be carried on at the new institution, which will have its own equipment of buildings.

**PLATFORM IS  
PROGRESSIVE**  
**Michigan Democrats Act Har-  
moniously and Choose  
State Ticket.**

Grand Rapids, Mich., Sept. 27.—The Democratic state convention here yesterday harmoniously adopted a progressive platform, endorsed the party's national, congressional and state candidates and defeated an effort to retire a majority of the old members of the state central committee. For the most part the convention was devoted to a speechmaking. Addresses by United States Senator Gore of Oklahoma, Woodbridge S. Ferriss, Democratic candidate for governor, and Alfred Luckin, the party's nominee for United States senator, occupied much of the afternoon. The speakers all predicted sweeping success for the national and state candidates at the fall election.

The state ticket chosen by the convention was as follows:  
Secretary of state—J. B. Balch of Kalamazoo.  
Auditor general—Peter Primeau of Marquette.  
State treasurer—John H. Robson of St. Johns.  
Attorney general—Loomis Pellett of Howell.  
Commissioner of state land office—Orlando F. Barnes of Roscommon.  
Justices of the supreme court—Long term, George L. Yule of Marquette; short term, H. H. Person of Lansing.

The resolutions adopted by the convention for the direct election of United States senators; the initiative and referendum; and the recall of all executive, legislative and administrative public officials; the reduction of state expenditures; the adoption of the real Australian ballot; and the enactment of laws limiting the issues of stocks and bonds of all foreign and public utility corporations to actual investment.

Nineteen of the twenty-four men of the retiring state central committee were reelected.

**MINE PROMOTERS

Out of Their Ven-  
tures.**

Cleveland, Ohio, Sept. 27.—Operations that netted James and R. R. McNicholas, brothers, nearly \$1,000,000, have resulted in the issuance of warrants against them, charging them with having used the mails to defraud the promotion of mines in Oregon and Idaho. Postoffice Inspector Edland Clement was expected to reach Portland, Or., today to serve the warrants, issued here a week ago by United States Commissioner Dast.

The McNicholas brothers, who until two years ago maintained a handsome suite of offices and did a large business, were interested in a number of ventures, but that specified in the affidavit was the old Channel Hydraulic Mines company near Galice, Or. M. B. Dewey of Connecticut is named as having received through the mails false information regarding the property.

will be after about two weeks' use, when you will see new hair—fine and downy but first of all—your hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair restorer. It cures dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries it.

## TAKES ISSUE WITH WILSON

**Chairman Hilles Fearful of  
Democratic Victory's Effect  
on Business.**

Dover, Mass., Sept. 27.—Chairman Hilles of the Republican national committee, after a day with President Taft and New England Republican leaders, issued a statement taking issue with Governor Woodrow Wilson and declaring that his views on free trade and protection were to be measured by the effect upon business conditions. Mr. Hilles said in part:

"I see it is intimated by Governor Wilson that the Republican party is trying to evade discussion of the tariff. It seems to me that in that respect the boot is on the other leg. I have yet to find in any of the Democratic speeches a clear definition of what they propose to do in regard to the tariff if they control the government."

"There have been a great many platitudes talked and pious expositions uttered of interest to the workman, but it has not yet been pointed out how they propose to reduce existing tariff duties to make those reductions without injury to labor and to American business enterprises."

"The opposition should answer the question clearly and definitely whether they propose to go far enough to reduce the tariff to make those reductions without injury to labor and to American business enterprises."

"I think it is becoming clear to the business community and the workingmen that wasting their votes upon the third party candidates is just as dangerous to the preservation of the protective principle as voting directly for the opposition candidates. It seems to be the purpose of the third party man-

agers to defeat, not only the Republican national ticket, but Republican candidates for congress, by skimming off just enough votes for their own candidates in every state and district to wipe out existing Republican pluralities. The effect of the policy would be appalling, if it should succeed. It

would result in the return of free trade Democrats to congress from districts after district now represented by Republicans. So far as the plan succeeds, there would not be left in congress a corporal's guard of members friendly even in a moderate degree to protection."

Mr. Hilles said in part:

"I see it is intimated by Governor Wilson that the Republican party is trying to evade discussion of the tariff. It seems to me that in that respect the boot is on the other leg. I have yet to find in any of the Democratic speeches a clear definition of what they propose to do in regard to the tariff if they control the government."

"There have been a great many platitudes talked and pious expositions uttered of interest to the workman, but it has not yet been pointed out how they propose to reduce existing tariff duties to make those reductions without injury to labor and to American business enterprises."

"The opposition should answer the question clearly and definitely whether they propose to go far enough to reduce the tariff to make those reductions without injury to labor and to American business enterprises."

Chairman Hilles of the Republican national committee, after a day with President Taft and New England Republican leaders, issued a statement taking issue with Governor Woodrow Wilson and declaring that his views on free trade and protection were to be measured by the effect upon business conditions. # GRAIN RATE IS WEAKER

### Efforts Made to Hammer Down Price Asked by Vessel Owners.

### Boats Which Came Up for Grain Shifted to Ore Docks.

The grain rate took a slight slump today.

Some chartering is being done at a rate less than 2 1/2c, the rate for some weeks past.

Brokers are trying to break down the rate and the indications are that they are succeeding to some extent. A boat was chartered today at a rate less than 2 1/2c, although in some instances vessel owners stood out for the rate which has been in vogue for some time.

The boat mentioned was obtained at 2 1/2c from Duluth to Buffalo. Several other boats will take grain at this figure, it was stated this morning.

One boat was chartered for a cargo of barley from Duluth to an Ohio port on the basis of 2 1/2c.

Brokers are trying to pound down the rate and the vessel owners are trying to keep it up. Two boats which were expected to take grain this morning were shifted to the ore docks for cargoes of ore.

The boats are recovering from the loss of time experienced last Sunday and Monday on account of fog at the docks. The schedules being again straightened out.

Capt. E. D. Peck of the local United States engineers has recommended for acceptance the bid of the Northern Dredge & Dock company to dredge at Grassy Point. The bid was \$14,300. The contract includes other items, which dredging is needed in the Duluth-Superior harbor.

### DYNAMITED HIS TRAIN.

### Cool-Headed Engineer Saves Three Children From Death.

Brainerd, Minn., Sept. 27.—(Special to The Herald.)—By doing some chained lightning thinking and handling of his engine, Engineer Thomas Russell, guiding passenger train No. 31 into Brainerd, qualified for the hero class. While swinging along at a fifteen-mile-an-hour clip, Russell saw three little children attempt to cross the tracks ahead of him shortly before the train got near the shop yards.

Instantly, without a moment's hesitation, he pulled the whistle, and the little toddlers, holding hands, stumbled on the track and fell between the rails directly in the path of the roaring train. Russell promptly "dynamited" his train, accomplished by throwing on

the emergency, throwing on full air and stopping the train.

The train came to a stop in a car length and a few feet from the grizzling children, who still lay panting on the ties where they would have been ground to pulp had the engine and train struck them.

## ADDITIONAL SPORTS

## REAL TEST FOR CENTRAL TEAM

## Game With Two Harbors Will Show High School's Strength.

The first real test for the Central high school football team will take place Saturday afternoon at Athletic park, when the eleven representing the gridiron representatives of the big institution on the hill is scheduled to clash with the Two Harbors city team.

The local team has been practicing hard in preparation for this game and the daily routine has included a long signat practice and a grueling scrimmage. The management of the team has secured a tackling dummy and the boys have gone after this with a vengeance.

Two Harbors has always been represented by a fast, heavy, experienced eleven and the team to be set down this year is no exception to the rule. A close, hard-fought game is assured and the gridiron representatives of the big pile of masonry on the hill will have to extend to their limit in order to secure a victory.

Although the Central line-up has not been officially announced, it is generally conceded that the personnel will be the same as last week, with one or two possible exceptions.

The ever reliable Art Osman, last year's center, will again hold down the pivotal position. Osman will be flanked by Denfeld at right guard and Wingo at left, with Anderson a possibility. The tackle positions will be filled by Dunn and Ender. Both of these youngsters are green, but are developing rapidly and should show signs of pulling down the Saturday. Dumoe, Wagsatt and Lawrence are fighting hard to pull down the Saturday. Dumoe and Lawrence are fighting hard to pull down the Saturday. Dumoe and Lawrence are fighting hard to pull down the Saturday.

The backfield will remain a close second. Capt. Matt Brown at fullback and Harris and Grassweller at the halves. The backs are all "D" men and can be depended upon to put forth their best. Stanley Coburn will probably officiate.

## CRICKET MATCH AT PHILADELPHIA.

Philadelphia, Sept. 27.—On a playing field heavy from a three-day rain, Australia met Philadelphia today in the first of a series of international cricket matches in this country. The match is being played on the grounds of the Germantown Cricket club. The weather is cloudy and threatens rain.

Although the Australians have only yesterday from Europe and have had no opportunity to get rid of their legs, they are expected to put up a strong game, as they have among them some of the best bowlers and batsmen in Australia.

The Philadelphia eleven, selected from several local clubs, also is a strong combination. It includes J. B. King, who has an international reputation as a bowler and batsman.

### Hearing not Completed.

The hearing of the demurrer filed by the Duluth Street Railway company in the mandamus action to force the operation of cars on the old schedule was not completed yesterday afternoon and the attorneys were allowed until Monday to file their briefs. W. R. Foley represented the company and H. V. Gard the city.

### Plan Pavilion Addition.

The park board is planning an addition to the present bathing pavilion at Billings Park and its estimate for next year's appropriation looks for \$100,000 to construct the proposed building. The total estimate filed yesterday with the city controller was \$14,750.

### Voting Machines.

Local legal authorities are again discussing the voting machine question, that of using the machine at the coming election. The machine is a new machine, but the special ballots this year, it is claimed, raises the question.

### Speech Elected Captain.

Eben Specht was yesterday afternoon elected captain of the 1912-13 football team of the Superior high school. The old members of last year's team met yesterday and decided to form an eleven this year, regardless of the rumor that there was to be no football at the local institution. A

## OBJECTIONS MADE TO CONFIRMATION OF SALE.

Chicago, Sept. 27.—Termination of the receivership of the Chicago & Milwaukee Electric railroad was halted when objections were filed before Federal Judge Landis to the confirmation of the sale of the Illinois section of the road. It was announced that similar objections would be filed next week as to the Wisconsin properties.

## HAS KILLED NEARLY FOUR MILLION FLIES.

Redlands, Cal., Sept. 27.—A. E. Chapman, the municipal fly catcher here, filed his first report today, showing that in the period between Sept. 1 and Sept. 24 he killed approximately 3,750,000 flies. He has emptied fifty gallons of flies from one hundred traps scattered through the business portion of Redlands. Chapman estimates that there are 75,000 flies to a gallon and on this basis the total mortality is estimated.

## THE STATE PLATFORMS.

The Minnesota Democratic candidates, in picking their state committee yesterday under the new primary law, adopted as their own the platform put forth by P. M. Ringdal when he entered the campaign for the governorship nomination.

They could not have done better. It is the platform of a man who trusts the people and whose conception of public office is that it is an opportunity to serve the people—only that; no more, no less. It is also the platform of a Northern Minnesota man, and in it, as there should be, there is a ringing demand for a just reapportionment law.

The platform of the Republicans seems to consist only of Mr. Eberhart, their candidate for governor, and ex-Senator Ed Smith, whom Mr. Eberhart picked again as his personal member of the committee and who is again to be its chairman.

Everybody will agree, we are sure, that to add a platform to this combination would be superfluous indeed.

## MAKE IT COMPULSORY.

We trust that somebody who is likely to be in the legislature from this section has already prepared a bill, to be introduced on the opening day of the session of the legislature that comes next winter, providing that arbitration shall be compulsory in all disputes between public service corporations and their employees.

And we hope it will be bulwarked good and strong by severe penalties for those who fail to submit their differences to arbitration, as the Duluth Street Railway company has done.

In such a case, where failure to arbitrate causes annoyance and loss to a community, the penalty can hardly be made too strong. Capital punishment—in other words, the forfeiture of the corporation's franchise—is none too severe.

The need of such legislation, pointed out by The Herald the second day of the strike, has been more strongly emphasized by the condition that has been created by the street-railway company's stubborn refusal to consider any proposition that might make it yield one jot or tittle of the despotic terms it seeks to impose upon the men it asks to lay their necks beneath its heel.

## RILEY'S BIRTHDAY.

A movement is on foot, nation-wide in scope, to give fitting observance to the birthday of James Whitcomb Riley, Oct. 7 and the week following. We are informed that this occasion will be observed by the schools, libraries and literary societies throughout the country, and that it is hoped to make it the greatest ovation ever tendered an American author.

It can't be too great an ovation to suit us. Far better an ovation while this poet, so dear to the hearts of the people whom he loves and understands, is living, than only nation-wide mourning when he dies. He will have that, but we hope it won't come for a long time. It is good to learn from his publishers that "today Mr. Riley is in excellent health, his intellect is keen and his heart is filled with a love for his fellow men." That last was hardly needed, for nobody who knows Riley's verses will doubt that that heart will be filled with love for humanity so long as it continues to beat.

It is a pleasure to give publicity to the news of this plan, and we hope that in Duluth, as elsewhere, the week of Oct. 7 will be used by the schools, the libraries and the literary clubs and societies to do honor to this people's poet whose boundless love for humanity is returned in unstinted measure.

## WHAT MORE FITTING?

Governor Eberhart named ex-Senator Ed Smith as his personal member of the Republican state central committee, and unquestionably the slate plan to make him chairman of that committee will be carried out.

This is fitting and proper. Mr. Eberhart has been and is Ed Smith's, so why shouldn't Ed Smith be Eberhart's?

Let the tail go with the hide.

## SLOWING UP.

There are signs that the country is taking warning from the shocking fruits of the speed mania.

According to the New York World, the Pennsylvania road has issued an order restricting the speed of all trains to seventy miles an hour. That isn't reacting very strongly, of course, because seventy miles an hour is fast going.

But the Pennsylvania also has agreed with the New York Central to lengthen the eighteen-hour Chicago-to-New-York schedule from eighteen to twenty hours; which is about as sensible a thing as any railroad has done in a long time.

"It is significant," says the World, "that the new policy is adopted at a time when in improved roadbeds, stronger bridges, steel equipment and in everything but tougher rails, the roads are in a better position to run fast trains with safety than when most of the 'limiteds' and 'flyers' were instituted."

It has been the defense of the railroads, when charged with exceeding the limit of safety in speed, as it is the defense of steamship companies when speed breeds tragedy, that the public insists upon speed. Practically the whole blame for the Titanic catastrophe would have been thrown upon the public if some people had had their way.

Some of the blame belongs to the public, but by no means all of it. Much of it belongs to the owners of transportation lines, and can be traced directly to com-

petition and to their eagerness for such advertising as the fastest trains brought the roads that operated them. The world is nothing ahead by such speed as that which too often hurls a mass of iron and wood and quivering human flesh into a ditch, or plunges a vessel and its precious human freight to the bottom of the Atlantic. Not one in a thousand of those who choose, the fastest train or the fastest boat really need such speed, or would be a penny worse off if they traveled at a more leisurely pace.

## PLEASE DON'T BE SILLY.

Duluth News Tribune: They (the other successful Republican candidates) were all on the same ticket, and Mr. Eberhart got a far larger vote than any of the others. The second choice feature gives him the majority and makes him the majority candidate.

Remind Pioneer: Governor Eberhart . . . is the choice of the majority of Republican voters in the state.

These Eberhart papers have a perfect right to make themselves ridiculous if they please, and obviously they are not finding the task difficult.

In the quotations above are three utterly untenable statements:

First, that Eberhart had more votes than any of the other successful Republican candidates; a statement that is to be credited to the News Tribune. Even Senator Nelson, whose Ballinger record and whose Old Guard affiliations enabled James A. Peterson to give him a close rub, got more votes than Eberhart, and J. A. A. Burnquist, the Republican nominee for lieutenant governor, probably got half again as many. To say nothing of the rest.

Second, that second choice votes added to the Eberhart strength—another News Tribune claim. The fact is that the second choice votes were overwhelmingly anti-Eberhart, and this in spite of the fact that those who voted for Eberhart cast fewer second choice votes than any others. It is the opposition that gains by adding second choice votes; not Eberhart.

Third, that Eberhart is the choice of the majority of Republican voters. The Republican vote in this state in the last presidential election was 195,843; and a majority of that figure is 97,922. When the figures are complete it will be found that Eberhart fell pitifully short of that number of votes. In point of fact, Eberhart was the choice of about thirty-five per cent of those who voted in the Republican primaries, including the Democrats who voted there, and about sixty-five per cent of those who voted were against him. His nomination was procured against the wishes of the people of this state, and solely by a division of the opposition—a division of which the forces behind Eberhart were not guilty.

## THE MACHINE TRIUMPHANT.

You have to convey it to the Smith-Eberhart machine in Minnesota. Unmercifully wallowed in the Taft-Roosevelt fight, with three-quarters of the party members against it, it triumphs in the nomination of Eberhart by a divided opposition and is now in complete command.

## A CRIME.

The New York World says: "Several letter-writers have lately urged an export tax on cattle and dressed meat. They note the extraordinary fact that while scarcity prices prevail for home consumers, and are making new high records every few days, the country is exporting a surplus production to be sold abroad at lower prices. They are right in thinking that if this surplus were forced back on the home market by export taxes it would force down the famine prices here. But they are wrong in supposing this remedy to be within reach. The Federal Constitution stands in the way, and this is well."

True; yet here is a problem, a real problem, that ought to be solved. If it is not criminal under the statute law, it is criminal under the moral law, for a beef trust to ship its products out of the country to be sold at low prices abroad so as to maintain at home prices that are a sore burden upon the consumer.

Why can't this be made a criminal offense? A code of laws for the protection of society seems strangely incomplete without a statute providing heavy criminal punishment for those who maintain scarcity prices at home by shipping their surplus meat abroad for cheap sale.

Suppose, in a lawless community, a thrifty and cunning monopolist in food were discovered shipping food stuffs away so he could create an appearance of scarcity at home to justify monopoly prices? What, in that lawless community, would happen to him? Would he be let off with tar and feathers and a ride on a sharp rail, or would he be strung to the nearest strong tree limb? It would depend entirely on how lawless and desperate the community happened to be. If it were fairly civilized and good humored, the punishment would be tar and feathers. If it were reckless, the punishment would be hanging.

And what shall be thought, in this connection, of a government which with conditions as they are keeps an IMPORT tax on meats?

## APPLIED SOCIALISM.

A frequent remark in the past two weeks has been that it is such things as the street railway's attitude toward its workers that breeds Socialists and encourages Socialism.

Good deal to it, too; but it's really a more interesting demonstration than that.

It has been an open secret that the imported strike-breakers keep the fares they collect. They and the public have made a joke of it, though whether the company has fully appreciated the humor of it is another question.

It is reported that one strike-breaker left for home day before yesterday carrying with him \$635 as the result of seventeen days' work.

So recent events in Duluth have not only been an incitation to Socialism, but a sort of travestied demonstration of applied Socialism.

Socialists believe, you know, that the worker should get the full product of his toil, and that he should not be compelled to surrender five-sixths of it, as he does now on the average, to capitalists, middlemen, etc.

Isn't that precisely the policy that the strike-breakers have been following?

## THE REMEDY OR THE DISEASE?

A man writes in to Doc Evans, the "how-to-keep-well" expert for the Chicago Tribune, to say that he has found great benefit in his indigestion in eating plenty of onions. And he wishes to know if there is any reason why he should not eat onions three times a day.

To which Doc Evans sagely replies: "None, if your family is willing."

That man must want to nurse his indigestion all by himself; which most people who have associated much with dyspeptics will heartily approve.

Which gives rise to an interesting question that ought to be submitted to the debating societies: Which is worse—a companion who has indigestion, or one who feasts on onions three daily?

# MINNESOTA OPINIONS

## Cleaning State Land.

Warroad, Minn.: Considerable headway has been made in getting support for the proposition of the state helping the needy finance the clearing of their land. Ever since the article in the Pioneer, some weeks ago, opening the subject for discussion, a great many pledges have been received from men who are likely to be members of the legislature. The bill will be presented for the consideration of the Northern Minnesota Development association in November and will likely go into the legislature with the backing of that organization.

Room and Wealth for All. Misapp Enterprise: The north country invites the farmer. Everything will be done to help a desirable settler get the required start and the man with little money but with willingness to work is even more welcome than the wealthy farmer. Koochiching county invites you to come and make your home here and there is not a single record of a man that ever regretted having done so or any that had cause to regret it.

A Safe Stand. Bemidji Sentinel: Our first vote is that if President Taft writes a Thank-you note to the News Tribune this year it will be before election day.

So Say We All. Kokomo Enterprise: "We stand at Armageddon's mouth. 'Al'm a-a-ged-din' thee of hearing it," say we.

Probably They'll Try. Virginia Enterprise: It is now up to the Virginia legislature. And if what some say is true the Democrats

road, and would be a benefit to every person who has occasion to use a team or auto and even those who use the street cars, by eliminating the danger of travel on a street with the horses of Duluth, for it would make it the winter road, not having the snow thrown on it or piled up on the sides as is done by street cars.

The humane society should boost for this on that ground. I would like to see the public of Duluth to look into this, especially the West Duluth and West End Commercial clubs and the Onetoa Improvement club, and see if this isn't the right thing to do.

Duluth, Sept. 23.

NOT COWARDS BUT BRAVE MEN.

To the Editor of The Herald:

While standing on the corner waiting for the street car, I noticed a group of men who were working when they quit, but still in their work clothes, and so I called them cowards. Some of those men were earning up to \$100 a month, and for the most part they were men of good character, and were doing their work, having worked their way from the bottom and up to where they were having a good run, and never having joined the union most of them didn't know of the strike. I called them cowards after the strike was declared.

I dare say the best, most of them could earn would be from \$50 to \$100 a month on an average, most of them have no trade. A good many of them are married and have families to support, so I think it is hard for any fair-minded person to blame them for not quitting. I am sure I don't.

I have no sympathy for the strike-breakers that come here from Chicago and outside points just merely for the sake of breaking the strike, and earning a few easy dollars, but I do sympathize with the men who are called cowards. I would say that it takes courage to stand on the cars all day and take all the abuse and names that are heaped upon them, and to be called cowards by the public, and to be called cowards by the men who are striking it through Mr. Editor, are not cowards, but men and women who are doing their duty.

FROM ONE WHO ADMIRES THEM. DULUTH, Sept. 23.

ARE TWO FARES NEEDED?

To the Editor of The Herald:

In regard to the street car strike and those men who are employed as strike-breakers, I would say that they are running things to suit themselves and not for the convenience of the public. Monday afternoon boarded a car on Fourth street and took a transfer to East Fourth. Other passengers also took transfers for East Fourth. At the intersection we got off and saw one car pass us up, but we did not think much of it as there was a car directly behind us. It turned the corner and kept going right on and a third car did the same thing. A car marked "Car" was turning at the corner and I asked the motorman if they did not stop it for any more cars at this point. He answered: "I do not know."

The conductor asked what the trouble was and we told him. He said: "If you people keep those transfers in sight you will get a car. Just put them transfers away and see how quick you get a car."

Isn't it come to the stage that we must pay two fares to ride in the city in order to get accommodations. Yours for better service, A. CITIZEN, Duluth, Sept. 24.

HELPS DIG GRAVES.

To the Editor of The Herald:

Ally, a young man who makes no reply to "A Conductor's Wife" writing in the Open Court, Sept. 23. "You say that the majority of the class do not find it necessary to give value for their money, and put in other words means the majority of workers do not earn their wages; a bare-faced lie, which I feel sure of a workman ought to be ashamed to utter. The strike is made to doubt the veracity of the signature."

You never felt sorry for the man who has to work, of course not. You wouldn't be expected to, considering your stand. No one feels sorry for treatment is fair, which includes the length of his working hours per day. A mind which will condescend to say that eighteen hours a day work at your letter, is good for a normal man, must have the mind slightly unbalanced. Yes, it keeps them out of mischief, and besides keeps them away from home and digs them into an early grave. "A Conductor's Wife" must delight in the prospect.

Talking about backbone. From your letter it would appear that Webster's definition of a "backbone" is the stubbornness, or perhaps the power to resist, by sneering your fellow men. Those last paragraphs taste like greed. I would like to see a young man has taken notice and he hopes others will do. Fortunately there are not of this caliber or it would be a sad world for the men. It says that the opinions of the attorneys establish the fact that the city has the right to build the bridge under the act of 1889. This requires a new drawbridge with a span of the full width of the canal, and it could cost \$400,000. The board therefore withdrew its recommendation in favor of a bridge and recommends that a tunnel be constructed at a cost of \$200,000 for \$600,000; that two-thirds of the expense

be charged to the property especially benefited, and one-third paid from the general fund, for which the legislature be asked to authorize a bond issue."

Roosevelt, have no substantial basis for that hope. Those Wilson men who are convinced that a large number of the old-line Republicans will vote for Wilson in order to make the protest against Roosevelt most effective are right. Those people who contend that this is a fight between Roosevelt and Wilson, with Taft out of it, at this time have an adequate conception of the circumstances.

Those who, however, basing his conclusions on figures, tabulations, comparisons, canvasses, straw polls or past experience, pretend to be able to say with any degree of certainty what the outcome of the election will be, are pretending and nothing more."

Wilson On The Stump. New York Sun: "How are you, Woody?" yelled a fellow at Michigan City, Ind., who looked as if he had just come out of a boiler factory. Governor Wilson, the dignified official, smiled and said: "You bet, I'm in the big chip and called: 'Fine, how are you?'"

One stout fellow, with a good-natured smile, said: "I've seen you, you shake hands with a Bull Moose." The governor took the proffered hand and said: "Think it over and repeat it."

The crowd laughed and cheered, and a braken hanging on the edge of the platform cried: "Ain't he quick on the trigger?"

Governor Wilson was eating luncheon as his train drew up to the station at Battle Creek, and the crowd collected around the train. He had been here before. He had appeared. There were cries of "Let's look at him!"

When the governor appeared and after the first cheering had subsided, he said: "Well, here I am. Now, I'm not much to look at, am I?"

A storm of denials came. "You bet you're not looking good to me," said another such good-natured exclamation floated up to him.

"I want to shake hands with the next President of the United States. I'm a Republican, but I'm going to vote for you this time."

"I want to shake hands with you anyway, whether or not I'm to be the next president," replied the governor.

Why have you come to bring Longer without your wing? Shall I, then, never, never see Over the mountains high? Rocky walls, will ye always be Prisons, until ye are loosed by me? Until I lie at your feet Wrapped in my winding sheet?

Awake! I will away, afar away, Over the mountains high. Here I am sinking lower each day, Though my spirit has chosen the light. Let her in freedom fly, Not beat on the walls and die!

## The Point of Peril

J. G. Holland: As manhood dawns, the young man catches in its first light the picnics of realized dreams, the golden days of high possibilities, and the purpling hills of great delights, and then looks down upon the narrow, winding, long and dusty path by which others have reached them, he is apt to be disgusted with the passage, and to seek for success through broader channels, by quicker means. Beginning at the very foot of the hill, and working slowly to the top, seems a very discouraging process; and precisely at this point have thousands of young men made shipwreck of their lives.

Time is growing short between now and the time of the national election and all who have the election of Woodrow Wilson at heart should make haste to do something to bring it about.

While his election seems to be generally conceded, it is not well for his following to rest content with the apparent strength of the famous states-

man and colleague, but every man who is sincerely for Wilson should do something more than vote for him.

The Herald campaign fund for the New Jersey governor is steadily growing, but it would gain much faster if those who are able to give only a little would come forward with their contributions.

Those who cannot afford to give \$1 might give 50 cents, and they need not be at all ashamed of the smallness of the gift.

Two men giving 50 cents apiece will do just as much to swell the fund as one man giving \$1, and these two should not hang back, and refrain from contributing at all, merely because neither of them feels that he can afford to contribute the \$1.

Those who contemplate donating to the fund should take note of the fact that the sooner their contributions are made the more effective is the work that can be done with them. A dollar that works for a month can accomplish far more than a dollar that works only for a week.

The fund is now in sight of the \$1,000 mark. If the small donors would come forward in good numbers that goal would soon be reached.

Following the good advance made Thursday today was an off day. No contributions have been received during the last twenty-four hours. But the fund is only \$233 short of the \$1,000 mark, and a few \$25 contributions would put it beyond that figure.

It is a people's fund for a people's president.

Woodrow Wilson is not the man who will go to the large corporation and demand \$100,000 or \$50,000 for his campaign fund. On the contrary his committee goes to the people and asks \$1 apiece from 1,000,000 of them.

The source from which the campaign funds are raised is supposed to be the power "behind" the president. In this case it will be the people of the United States who will be "behind" President Wilson when he is elected.

But it takes money, and Duluth must do its share.

the alleged trap. All of the men in question had testified that the plan was carried out in an effort to determine the integrity of the council, or as Mayor Thompson said in court Wednesday, to "separate the sheep from the goats."

## CLASSES ARE WELL ATTENDED

Y. M. C. A. Work Has Auspicious Beginning—Three Mock Conventions.

The fall activities of the Young Men's Christian association have had an auspicious opening. No department of the Y. M. C. A. work, however, has attracted greater attention than the night school class in mechanics. The quarters set aside for the use of the class have been filled to overflowing and it has been necessary to assign this department of the night school a larger hall. The interest manifested in mechanical drawing has been so great as to surprise the instructors.

Business men are giving much attention to the noon and late afternoon work at the gymnasium and the outlook is for large classes and an enthusiastic effort on the part of the members, resulting in gratifying progress.

The class in public speaking and oratory at its meeting next Wednesday evening will re-enact the three great national political conventions.

The first of these mock conventions will be the nomination of President Taft, the second of the Roosevelt followers, the long balloting at the more ending in the nomination of Wilson, and the Bull Moose convention at Chicago will all be reproduced on that evening. The convention, or rather conventions, will be open to any who care to attend. The program of speakers has not yet been completed.

Woodrow Wilson is not the man who will go to the large corporation and demand \$100,000 or \$50,000 for his campaign fund. On the contrary his committee goes to the people and asks \$1 apiece from 1,000,000 of them.

The source from which the campaign funds are raised is supposed to be the power "behind" the president. In this case it will be the people of the United States who will be "behind" President Wilson when he is elected.

But it takes money, and Duluth must do its share.

## SMITH NAMED BY EBERHART

Republican Boss Represents Governor on State Executive Committee.

Fred B. Myers of Biwabik Selected By State Treasurer Smith.

St. Paul, Minn., Sept. 27.—(Special to The Herald.)—Governor Eberhart named Edward E. Smith as his representative on the executive committee of nine which was selected just previous to the adjournment of the Republican nominees by the candidates on the state ticket. There is not an anti-Roosevelt man among the nine, it is said. The other members and their sponsors are:

J. A. O. Preis, state insurance commissioner, by senator Nelson.

George S. Loftus, Minneapolis, by James Mahanah, nominee for congressman-at-large.

Arthur Christopherson, St. Paul, by J. A. Burquist, nominee for lieutenant governor.

Fred B. Myers, Biwabik, by Walter J. Smith, nominee for state treasurer.

Ellas Jacobson, Montevideo, by Lyndon Smith, nominee for attorney general.

L. A. Hunt, Moorhead, by J. R. Mills, nominee for railroad commissioner.

George F. Die, St. Paul, by Charles Elmquist, nominee for railroad commissioner.

Mal. M. E. Powell, Redwood Falls, by Julius Schmahl, secretary of state.

From this list the next Republican state chairman will be selected. The chairman will be selected at a meeting of the full committee composed of the executive committee named above, and one member from each county of the state, to be held at the state capitol Tuesday noon.

Opponents of Smith lose. This method of selecting the state chairman was agreed upon yesterday afternoon at the meeting of Republican candidates for state, congressional and legislative offices, held at the capitol under the provisions of the new primary law. The candidates who favored the selection of Smith as chairman by the general meeting of candidates with the hope of thus defeating the re-election of E. E. Smith as chairman, were defeated.

Senator Frank Claue of Redwood Falls was chosen permanent chairman of the convention, with Representative G. W. Brown as secretary.

Following the appointment of a committee of seven to draw up a plan for the election of a state central committee, the chairman of the committee, J. A. Burquist, announced that the committee should contain everything passed off harmoniously and quickly. The committee's decision that the state central committee be composed of one member from each county and that an executive committee of nine should be named as material for the committee's officers and for directing the state campaign, brought no opposition.

The committee was taken up at once by calling the roll of counties. A number of counties failed to name their committee men. Some of the candidates declined to take up the roll of counties. A state committee man with their followers at home before naming the men. This privilege was granted in a number of cases, which produced vacancies on the committee.

Following the election of the central committee, the naming of the congressional committees was taken up in similar fashion. There was no suggestion for the promulgation of a state platform.

The Eberhart men, while favoring Smith for chairman, are said not to look with disfavor on Preis, Preis' following is chiefly among the younger Republicans, the old guard being back of Smith.

## ROOSEVELT SCORES GOVERNOR HOOPER

Expounds Progressive Doctrines to Large Crowd in Tennessee.

Jackson, Tenn., Sept. 27.—To a large crowd of Tennesseans gathered here from several counties, Col. Roosevelt expounded Progressive doctrines. He said he wished to emphasize the fact that the Progressive party was making its fight alone and had no affiliations with any other party.

Governor Hooper, a Republican executive of Tennessee and a candidate for re-election, was scored by Col. Roosevelt.

"I wish to comment," said Col. Roosevelt, "on the fact that the Republican nominee for governor, Hooper, has announced that some people think that Mr. Taft's nomination was stolen and others do not. He said

he was one of the latter. Now I wish to say, with all the emphasis in my power, that every intelligent man who chooses to look into facts, knows that Mr. Taft's nomination was stolen. If Mr. Hooper does not, it is because he doesn't take the trouble to think.

"In Tennessee as elsewhere," the colonel said, he wished his supporters to stand by the state ticket as firmly as by the national ticket.

"I feel that we have the right to appeal to ex-Democrats and ex-Republicans alike," he continued, "and to both the men who wore the gray and the men who wore the blue. Ours is not a sectional party."

He said that both Union and Confederate veterans were working for the Progressive party and were making common cause in the fight as loyally as they had stood by Lee or Grant.

## PARENTS FROWN UPON VOCATIONAL STUDIES.

Chicago, Sept. 27.—Disinclination of parent to allow public school students to devote serious attention to vocational studies, was given as a reason for backwardness in that department of the public schools by Carroll G. Pearse, superintendent of public schools of Milwaukee and former president of the National Educational Association, at the twelfth annual national vocational art and industrial congress.

## Not An Experiment

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble! I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years, it has been found to relieve headache, backache and similar womanly troubles. Composed of gentle-acting, herb ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles today.

## PIPER WILL BE GUEST OF HONOR

Supreme Scribe of Royal League Will Visit Duluth Council's.

Charles E. Piper of Chicago, supreme scribe of the Royal League, will be the guest of honor at a banquet and entertainment to be given Wednesday evening, Oct. 9, by the West Duluth council, No. 201, of the West Duluth Commercial club.

The annual fall festival and banquet of the order was to have been held last week, but it was decided to postpone the affair until the arrival of Mr. Piper, who was unable to get here at that time. The committee in charge of the affair met last evening and announced the various features of the evening.

Those who will speak during the evening will be Mr. Piper, Charles E. Palmer, George L. Hargrave, H. H. Stone, state organizer, and O. S. Kemp, national organizer.

Officers of the other lodges will all be invited to attend the banquet which is to be held at the auxiliary lodge. The committee in charge consists of George L. Hargrave, L. Davidson and Dr. W. E. Judson.

Mr. Piper is president of the National Fraternal congress, an association of fraternal societies throughout the United States, which have for its aim the establishment of uniform insurance rates among the organizations. Mr. Piper is an expert on insurance rates and will speak on the subject during the evening.

## SINK HOLES ON NEW RAILROAD

Crew of Men at Work on Canadian Northern Near Munger.

The Canadian Northern railroad has a crew of men now at work on several sink holes in the vicinity of Munger. The delay in opening the line is believed to be caused by the large number of sink holes which have troubled the building contractors from the time work on the road bed was started.

Just when these sink holes will be properly filled and the tracks on a secure foundation is not known, as the trouble seems to have broken out in several unsuspected places during the past summer.

## NO INTEREST IN FOOTBALL

Industrial High School Not Likely to Have a Team.

In all probability West Duluth will have to go without a high school football team this year. The boys at the Duluth industrial high school are rather slow in coming out and it is doubtful whether a team will be organized.

The boys at the school received an offer this week to play two games with the Two Harbors eleven, but the proposition was dropped for the present at least, say several of the boys, there will be no team for the season. The reason for the lack of interest this year is the scarcity of football players. Most of the boys who played last year have graduated and there is not much good material in the school this year for an eleven.

## CHANCELLOR IS GUEST OF HONOR.

Frederic S. Atwood of Minneapolis, grand chancellor of the Minnesota Knights of Pythias, was the guest of

honor last evening at a luncheon and smoker given by the Kitchi Gammi lodge, No. 123, at the Dormer hall, Central avenue and Ramsey street.

Following the luncheon a program of addresses was given. Those who spoke were: Frederick Atwood of Minneapolis; E. H. Milhan of Minneapolis, past grand chancellor; Frank L. Young of Duluth, past grand master; F. S. Williamson, past first chancellor of Kitchi Gammi lodge; M. J. Murray, Sanford W. Hill and A. Freimuth.

## WEEKLY MEETING OF WEST DULUTH CLUB.

At the regular meeting of the West Duluth Commercial club this evening, the plans for the Farmers' day tomorrow will be gone over and discussed. A report will be made by the committee in charge of the preparations, through the chairman, W. A. Pond.

Very little other club business will be taken up this evening with the possible exception of a report from the railroad committee regarding the proposed Northern Pacific and Soo railroad stations in this end of the city. J. J. Frey, chairman of the committee, has been communicating with the proper authorities during the past week.

## CHILDREN WILL COOK DINNERS FOR PARENTS.

Another step in the encouragement of social center work is being taken by Miss Irene Walker, head of the cooking department at the Duluth industrial high school, who is arranging for weekly dinners to be given by the pupils of her classes for their parents and friends.

The freshmen and junior girls are now completing their canning of vegetables for home use and after that work is finished arrangements will be made for the weekly dinners. The girls will prepare their own lunches and will act as hosts to their parents and friends, who care to visit the school during the afternoon.

"This new step said Miss Walker this morning, 'will do much to encourage social center work among the residents of West Duluth. When the parents can see just what their children do and make at school the social center idea is progressing. I hope to arrange for different lunches every week, and to have every mother come here and see for herself just what her daughter is doing. The two classes will take turns at preparing and serving the meals.'

## Infant Boy Dies.

Howard Vincent, the 7-month-old son of Mr. and Mrs. L. E. Stewart of Proctor, died yesterday afternoon following a short illness. The funeral was held at 3 o'clock this afternoon from the residence, Rev. Charles Ramshaw of Proctor read the service and interment was at Oneta cemetery.

## Improving Building.

May Contest Election. Brainerd, Minn., Sept. 27.—(Special to The Herald.)—B. C. McNamara, who polled 855 votes as coroner on the Republican ticket at the recent primaries, may contest the nomination of his opponent, Dr. C. A. Nelson, the winner, with 856 votes. It is said one of the grounds of McNamara's proposed contest is based on the primary ballots which designated Nelson by the prefix "doctor." The case, if carried to the courts, will be watched with interest.

MOVE CANADAWARD IS COUNTERACTED

Agricultural Prosperity of United States Serves as Check.

St. Paul, Minn., Sept. 27.—(Special to The Herald.)—That the agricultural prosperity of the Northwest and the general commercial advance coincident with the bumper crops, has placed an effective check on the movement of the American homeseeker into Canada, is the belief of immigration and traffic officials of Northwestern railroads.

According to the general officers of the Northern Pacific road, the offers of the Canadian government have been born of many of their emigrants, materialized in the unusual yields of Northwestern farms. Many Americans who answered the publicity call of the Dominion government, have returned to the states, say the railroad authorities.

The movement, which in 1910-11 is said to have reached almost alarming proportions, has been counteracted by the country-wide attention demanded by the Northwest's present prosperity and call for labor in the harvest fields.

CLAIM FOR DAMAGES FOR KILLING OF AMERICAN.

Panama, Sept. 27.—A claim in connection with the fatal fight between Panamanian police and United States soldiers and marines on July 4 was presented to the government here yesterday by William K. ## DIES IN HIS OFFICE CHAIR

Capt. H. H. Hawkins Succumbs to an Attack of Heart Failure.

Was G. A. R. Veteran and Former Candidate for Lieutenant Governor.

Capt. Harry H. Hawkins, 73 years of age, one of the city's prominent pioneer residents, died some time between 8 and 10 o'clock last night as he was seated in his chair in his law office at 605 Manhattan building.

CAPT. H. H. HAWKINS.

Coroner McComb was notified and stated that indications were that heart failure, with the complications of advanced years, caused his death. The body was found in the chair where he had expired, the discovery being made by the caretaker when he let himself into the office to put it in shape for the coming day.

Capt. Hawkins was a veteran of the Civil war. He served with distinction as captain of a company of cavalry of the regular army. At the close of the conflict he removed with his family to Cloquet, where he took up the practice of law.

For many years he was county attorney of Carlton county. In 1892 he ran for lieutenant governor of the state on the Democratic ticket. From Cloquet he came to Duluth and has resided here steadily since. During his residence in this city he made a host of friends and acquaintances who will be grieved to learn of his unexpected end.

Capt. Hawkins is survived by his widow and one son, Val H. Hawkins, who recently removed to Minneapolis. Mrs. Hawkins left only yesterday to visit with her son at Minneapolis. Capt. Hawkins made his home at 418 North Fifteenth avenue east.

Mrs. E. M. Smith, a sister, resides at Prior Lake, Minn., where the body will be removed for interment. Another sister, Mrs. Ida Pierce, is in Seattle, and a brother, R. S. Hawkins, is in Tacoma. Mrs. A. V. Hawkins, 18 East First street, is also a sister. He was a member of the Woodmen and a leader of the local G. A. R.

W. E. McEwen, whose office adjoins that of Capt. Hawkins, was probably the last person to see him alive. He said he thought he would rest in the office a while before going to his hotel.

The body was removed to Crawford's morgue, where it is being held pending funeral arrangements.

## ARRESTED ON TRESPASS CHARGE

Street Railway Employees Who Invaded Union Meeting Held.

R. H. Wellington and D. H. Wright, employees of the street railway company, were arrested yesterday afternoon on warrants sworn out by Axel Peterson, a strike leader, charging them with trespassing on the premises of the union.

The two company men are said to have invaded the home of Peterson of the Fourth district. The Fourth district will not report its congressional committee until next Tuesday when the new Democratic state central committee will meet again to elect its state chairman. No congressional committee was named for the Seventh and Ninth districts, because there are no Democratic congressional candidates in those districts.

Who Will Be Chairman? With the appointment of next Tuesday for the organization of the new central committee, the decision of the committee in the election of a chairman is waited by Democrats of different party beliefs with interest. D. D. Daly and F. A. Pike are both favored for the chairmanship.

The party platform adopted is the same as the one P. M. Kungl drafted for his own use in the campaign. A few changes were made, but, in the main, the platform was allowed to stand. The preamble of the platform indorses the national Democratic candidates as well as means for reducing the cost of living. The platform subcommittee added to the platform a section indorsing additional aid to state institutions, and placed the party on record for health conservation.

CHANDLER BANK THIEF CAPTURED (Continued from page 1.)

detectives could have seized his woman companion, who was walking on the street ahead of him. They hoped that by leaving her at liberty longer they would catch another of the gang, so she was merely kept under surveillance until she left the city last night on an interurban car.

A man met her at Gillespie, Ill., and the two got off at Edwardsville and went to a hotel. The two were arrested at 11 p. m. Thursday, but, according to the detectives, the man was found to be the one wanted and Jeannette Little, or Mrs. Stacey, as she gave her name at a rooming house, told her landlady that she was a

night of Sept. 2, Labor day, when a union meeting was in progress. Peterson claims that he tried to prevent them from going further than the door, but that they shoved him to one side and went through the house, into the kitchen and out the rear entrance. There they saw nine union men holding a meeting. The next morning the nine men who attended the gathering were notified that the company no longer required their services. Their discharge precipitated the present strike.

Wellington and Wright pleaded not guilty when arraigned in police court. Their trials were set for Oct. 3. In the meantime they are at liberty on their own recognizance.

## DULUTH DAY AT BARNUM FAIR

Boosters Attend Carlton County Exhibition—To Two Harbors Saturday.

A delegation of Duluthians left this morning over the Northern Pacific for Barnum, Minn., to attend the annual Carlton county fair.

The Northern Pacific limited at 1:55 p. m. also stopped at Barnum and about a dozen of the Duluth "Boosters" went down there.

Duluth day was postponed from yesterday, the weather not being considered favorable.

The Zenith city people will spend the day at the fair and return on an evening train.

Tomorrow is Duluth day at the Lake county fair at Two Harbors and it is thought that a large number will make the trip. Many are planning to go by automobile.

Woman's Arrest the Key. Detectives said the arrest of the woman was the key to the situation. She was located by Assistant Chief Schuetter of Chicago and a private detective in Elkhart, Ind., where she disguised herself as a member of a religious order and pretended to be lame. When she left Elkhart four men trailed her to St. Louis and then, when she was where a man met her, it was when the man and woman left the house that the man was arrested and the woman was allowed to depart, only to be arrested last night.

The man arrested as Adams or Stacey is believed by the local Bertillon officials to be George West, reputed leader in the Canadian bank robbery. All requests for interviews with the prisoners were denied.

What Schuetter Says. Chicago, Sept. 27.—Assistant Chief of Police Schuetter, who has had charge of the local search for the bank robbers, said today: "Our information is that the man arrested last night is James W. Stacey, alias J. C. Adams. We have not connected him with the bank robbery as yet, but we believe he is one of the men who attacked Lieut. Burns in Sidus' saloon. Burns has partly identified a photograph of the prisoner."

"RUM DUM" BARRED. Popular Game Banned on Great Northern Trains.

Devils Lake, N. D., Sept. 27.—(Special to The Herald.)—"Rum dum," the great American pastime, almost as popular as baseball and on equal footing with the gridiron sport, was sort of given a solar plexus blow on Train No. 5 of the Great Northern railway out of Grand Forks, when a special agent stopped all contests which were in progress.

There were twenty or more games in operation when the special agent passed through the train. Had it been played on a society basis it might have been allowed.

beaten O. K., but others who were not in the game stood in the aisles and watched the discards. "Rum dum, the colonel's game," for course no arrests for the special agent watching the boys count the points and then turn over the cards to the next player.

Of the twenty games in operation, several hundred dollars changed pockets from Grand Forks to Ojeda, and this caused the special agent to bring back on his train.

From this time forth "Rum dum" on trains will be strictly prohibited and any sufficient warning will not give more than one notice to cease playing, and save for one or two instances, the first notice was enough.

FROM VAGRANCY TO INDEPENDENCE. From vagrancy to prosperity. This is the experience of a former Duluth man who has written to the Associated Charities, thanking the organization for its part in his transformation.

The man, whose name is withheld for his part in the request, is now a well-to-do citizen, living in a fine home, and is a member of the city.

Two years ago he depended on the city for support. He was a family of six. The Associated Charities took him in hand and helped him to work on his family would be taken away from him.

He has been able to take up a piece of land in the country and plant it to trees, and he has been able to pay for his family with him and is making a good crop.

AMUSEMENTS. TONIGHT'S ATTRACTIONS. ORPHEUM—Vaudeville.

Amusement Notes. Only three more performances of this week's bill at the Duluth Orpheum will be given. One this evening, one tomorrow afternoon and one tomorrow night. It has proven one of the most popular bills of the season to date.

The big feature act, "California," has been well received at every performance and the wonderful little marionette show has been causing considerable comment among the Orpheum patrons.

Mrs. Grace Emmett, the well known impersonator of Irish types, will headline next week's bill, opening Sunday afternoon. With the aid of a supporting company she is presenting a little farce called "The Irishman's Boy."

The other acts on the bill are as follows: Kaufman brothers, blackface comedians; Watson's Farmyard Circus, a comedy trained animal act; the Ombras Trio in a burlesque; George Simondet, the French tenor; Edwin George, comedian and juggler; and the Dore brothers in an athletic act.

The restoration of street car service, in part at least, the attendance at the Orpheum has been steadily growing and it is proving much more popular than last season.

# FALL OPENING

## Little Columbia

A touch of Winter makes all men look to the Clothing Store—and the Coal Bin. This feels like Fall—the thermometer has taken an awful fall to be sure—and we hasten to announce our "Fall Opening."

## Good Clothes for Men and Young Men

In our Clothing Windows there is a display of new arrivals from the STEIN-BLOCH TAILOR SHOPS. These Suits are worth looking at and worth a try-on. ## OBJECT IS FOR MUTUAL HELP

Municipal League of North Dakota Aims at General Assistance.

Grand Forks, N. D., Sept. 27.—(Special to The Herald.)—Cities of North Dakota will work together for mutual benefit in the North Dakota Municipal League, launched at the meeting held in this city this week. One of the biggest undertakings of the new organization will be the establishment of an information bureau, the principal duty of the bureau being to supply all data concerning city government that may be, from time to time requested by the various municipalities, towns or villages.

Another experience of a city in handling its sewerage, waterworks, lighting or paving question can be used by another city in pointing the way to more successful work, and assist other cities in avoiding such features as may have proved unsatisfactory. The league is the brainchild of officials who perfected the league organization, and who are backing the information bureau plan.

The first annual meeting of the new league will be held in Grand Forks, Jan. 15, next year, and the following are the officers: President, M. F. Murphy, Grand Forks; vice president, C. A. Bowers, Fargo; secretary, Charles E. Evans, Great Forks; executive committee, S. L. Wineman of Devils Lake, Pierce Blewett of Jamestown, Karl Jacobson of Fordville, H. L. Halvorsen of Minot, Gilman Johnson of Northwood, William Snyder of Minot, and E. A. Williams of Bismarck.

President Murphy, who was responsible for calling the league meeting, will name several committees that were authorized, and the most important of these is the legislative.

## STREET CARS IN COLLISION

A collision occurred between two street cars on Lake avenue last evening, and the vestibule of one of them was badly smashed, most of the window panes being broken.

No one was injured. The accident happened about 9:30 o'clock. There were three cars on that part of Lake avenue at the time. One was on the "Y" in the act of turning, another was approaching the bridge from north of the "Y," and the other was south of the "Y," standing still near the bridge. The motorman on the car north of the "Y" saw only the car that was on the main track, and did not notice the one on the "Y." He attempted to run his car past the "Y." At the same moment the car on the "Y" started to leave it on the curve turning to the north. The result was that the vestibule of the car on the "Y" struck the side of the car approaching from the north. Both cars, however, happened to be moving slowly, and the accident was far from being as serious as it might have been.

Another evidence of lack of skill on the part of operators that are now being employed was noticed a few days ago when a Woodland car was seen on Superior street making its return trip backwards. It was surmised that the motorman was unable to turn the car around at the end of the line and was therefore making the return by backing the car over the entire route.

WOMAN IS TERRORIZED. Mrs. Prause of Minneapolis Asks Aid of Police.

Minneapolis, Minn., Sept. 27.—After having been frightened by a man who, she says, has dogged her footsteps for more than a month, finally forcing her to remain within her home for the last two weeks, Mrs. A. P. Prause, wife of an electrician here, last night asked aid of the police, claiming that a 15-year-old boy had come to her flat and demanded the payment of \$500, in a way which would be shown later, The

## EPIDEMIC IN KANSAS KILLS 25,000 HORSES.

Topeka, Kan., Sept. 27.—The horse epidemic which has been prevalent in Kansas for the past two months is rapidly subsiding, due to the vaccine treatment provided by the state agricultural college and preventive measures put in force by the farmers at the recommendation of state and Federal authorities, according to J. H. Mercer, state livestock commissioner.

The disease caused the death of 25,000 horses in Kansas, an actual property loss of over \$2,500,000, Mr. Mercer said. Veterinarians do not expect the malady to reappear.

### WIFE SHOTS; MAN MAY DIE

**Crookston Colored Woman Puts Four Bullets in Husband's Chest.**

**Says She Defended Herself From Razor Attack and Beating.**

Crookston, Minn., Sept. 25.—(Special to The Herald.)—Mrs. Samuel Tandy, colored, shot her husband at their home four times in the chest. He was immediately taken to St. John's hospital, where he is reported as resting easily. It is believed he has a good chance for recovery.

It is asserted by the woman that she has been grossly mistreated by her husband for some time. That at times he has been violent toward her and she was not able to defend herself. She said only a few days ago and returned home bent on trouble. On her complaint recently he was arrested by the police department on the charge of carrying concealed weapons and was sentenced to a term in the county jail.

At the time of the shooting she declared he attacked her with a razor and struck her on the mouth. She then shot him. This morning she was visited in the city jail by a neighbor who brought her something to eat. The woman seemed much affected by the shooting. The friend told her not to worry about her trouble, but to rest and she left undisturbed in her room. It is not known if she received any treatment she had received at his hands.

### RAILROAD PROMOTIONS.

**Copper Range Road Announces Some Changes.**

Houghton, Mich., Sept. 27.—(Special to The Herald.)—Announcement was made yesterday by Manager Bolles of the Copper Range railroad of the appointment of C. L. Roche of Lake Linden as agent at Houghton, succeeding E. A. Livingston. The new agent will take effect at once, as Mr. Livingston leaves within a short time for the West to enter the real estate business and wants to be relieved as soon as possible.

Mr. Roche is one of the most popular and efficient employees of the Copper Range. He has been agent at Lake Linden for the past ten years and is now getting a well deserved promotion.

### U. S. S. YANTIC IS TO UNDERGO IMPROVEMENTS.

Houghton, Mich., Sept. 27.—(Special to The Herald.)—Orders have been received here directing that the U. S. Yantic leave by Oct. 15 for Sturgeon Bay, Wis., where the ship will undergo repairs. Congress in a recent session appropriated \$35,000 for improvements to the local training ship and unless the repairs are made this fall the money will revert to a fund for other purposes.

When the ship returns to the Copper country next spring it will present a much changed appearance. Among the changes planned is a new gun deck, a new system of wiring and ventilation, the air to be driven through perforated pipes, and a refrigerator plant, included in the minor repairs will be a water heater in the engine room to heat the water before it en-

### CONGRESS ON BETTER FARMING

**Will Be Held at Bismarck Industrial Exposition on Oct. 10.**

Bismarck, N. D., Sept. 27.—(Special to The Herald.)—During the second annual North Dakota industrial exposition there will be held at Bismarck a congress of the better farming association, which time President Elliott of the Northern Pacific and a large number of prominent Twin City bankers and business men will visit the mammoth exposition.

The congress will be held at the Bismarck Hotel, where the men who helped finance the North Dakota better farming association have made throughout the state during the summer months. Prominent among the speakers at the congress will be P. C. Holden of Ames, Iowa, president of the Iowa State Agricultural association, Dean J. H. Smith of the North Dakota Agricultural college and O. D. Center, district supervisor of the Northern Pacific better farming association. Many of the distinguished guests from the Twin Cities will also be on the program for informal addresses.

The better farming congress has been called by Thomas Cooper of Fargo, secretary of the association in North Dakota. The industrial exposition will be full of events of interest from the very first moment the doors are thrown open to the public Oct. 1. Every day will be a busy day and there will be something of importance and interest every moment.

### EDUCATIONAL RECOMMENDATIONS

**Wisconsin State Board of Public Affairs Presents Views.**

Madison, Wis., Sept. 27.—(Special to The Herald.)—The election of unsalaried county boards of education and the appointment by such boards of the county superintendent, is the substance of the announcement issued today by the state board of public affairs. After a very close examination of the rural schools, the board of public affairs has recommended a series of measures, which it believes will result in a more efficient system of education.

County boards of education should be elected by the direct vote of the men and women at the spring election. The term of office would be six years. To provide for the election of the board, it is suggested that one member be elected every two years. The board would choose by lot five of its members should serve for two, four and six years, respectively. This board would serve without salary.

Among the most important duties of this county board of education would be the appointment of the county superintendent from an approved list made up by the state civil service commission. Among its other powers would be one to exercise a general control over the county schools of agriculture and the county training schools for teachers; to pass upon the centralization of school districts; to advise the superintendent to withhold state aid from small and inefficient schools; whenever in its judgment the facts warrant it and to appoint an assistant to the county superintendent, whenever the number of teachers in the district exceeds 100.

It is recommended that state aid be given to these county boards of education in order that sufficiently large inducement may be offered to attract properly qualified men and women to the position of county superintendent and the provision of sufficient clerical and supervisory assistance.

### CARELESS SHOOTING.

**Two Rifle Bullets Hit Steamer in Houghton Harbor.**

Houghton, Mich., Sept. 27.—(Special to The Herald.)—Capt. Gunderson, master of the steamer Henry Strenner, unloading a cargo of coal at the Portage Coal & Dock company's storage, yesterday morning was surprised to find two rifle bullets in the coal. The bullets were found in the coal by the company's collector and Sheriff Byers that the Houghton people were indulging in the use of firearms carelessly. The master of the boat says that on Sunday evening a bullet from a .22 caliber target rifle went through the door of the structure and struck the ship's license, which was hanging on the wall, the bullet smashing the glass in the frame into small bits. A second bullet a few minutes later struck

### THRASHING TO RESUME SOON

**Drying Weather Favorable, But Supply of Men Is Short.**

Grand Forks, N. D., Sept. 27.—(Special to The Herald.)—O. D. Center, better farming expert for Grand Forks county, believes that by tomorrow farmers in this section will be able to resume thrashing, the splendid drying weather of the past three days being much to their advantage.

Thrashing has already been resumed by thrashers and their men. The supply of men is short, however, and the farmers are having to make do with the men they have. The state as a whole, not offering \$3.25 and \$3.50 a day for thrashers.

### NORTH DAKOTA LIBRARIANS MEET

**Annual Session at Mayville Two Days Next Week.**

Mayville, N. D., Sept. 27.—(Special to The Herald.)—Librarians of North Dakota will hold their annual meeting in this city beginning next Tuesday afternoon and continuing until Wednesday evening. Dr. Arthur E. Hostwick of the St. Louis library will be the principal speaker.

Madison, Minn., Sept. 27.—(Special to The Herald.)—One of the most peculiar cases that has ever been tried in an Indian court came before Judge West, John Karhu, a trapper, employed in the Cleveland-Cliffs Iron company's Cliffs shaft mine, charged Isaac Risku, a miner, near whom he had been working, with assault and battery.

Risku and his partner were working on the top of a pile of loose ore, preparing to set up their machine to drill. Karhu and his partner were loading ore from the loose pile below them. Risku told the trappers they were in danger of being hurt and possibly killed, if they remained where they were working while he and his partner were drilling. Karhu refused to leave and Risku got down off the pile and pushed him away, returning to his work.

### Stop scratching!

ARE you tormented by some itching, unsightly skin humor that keeps you digging and scratching, won't let you sleep, and makes your life miserable? You can stop that itching instantly with Resinol Ointment and Resinol Soap, and get rid of even the stubbornest eruption quickly and at little cost.

### Resinol heals itching skin

Baltimore, Md., June 7, 1912.—"My eczema began with an itching and burning, and little red pimples on my face, which itched so it seemed sometimes as though I could dig the skin off. I could not sleep at night. Then it went into my hands. They were red and raw, so painful that I could not wash my hands. I tried different salves for about three months, but they did me no good. For the eczema spread up the arm to the elbow, and got so bad on the face that I was ashamed to go on the street. I got a jar of Resinol Ointment and Resinol Soap, and used them for a few days. The itching stopped. Before I had finished the second jar, I was entirely cured." (Signed) Mrs. Annie Myers, 701 E. Chase St.

### Stop scratching!

ARE you tormented by some itching, unsightly skin humor that keeps you digging and scratching, won't let you sleep, and makes your life miserable? You can stop that itching instantly with Resinol Ointment and Resinol Soap, and get rid of even the stubbornest eruption quickly and at little cost.

### Resinol heals itching skin

Baltimore, Md., June 7, 1912.—"My eczema began with an itching and burning, and little red pimples on my face, which itched so it seemed sometimes as though I could dig the skin off. I could not sleep at night. Then it went into my hands. They were red and raw, so painful that I could not wash my hands. I tried different salves for about three months, but they did me no good. For the eczema spread up the arm to the elbow, and got so bad on the face that I was ashamed to go on the street. I got a jar of Resinol Ointment and Resinol Soap, and used them for a few days. The itching stopped. Before I had finished the second jar, I was entirely cured." (Signed) Mrs. Annie Myers, 701 E. Chase St.

## GIVEN HIGH OFFICE BY GRAND EXALTED RULER OF THE ELKS

William S. McCormick of this city has been appointed esquire of the Benevolent and Protective Order of the Elks of the United States.

The appointment is made by Grand Exalted Ruler Thomas B. Mills of Superior and announcement is made through the first circular which has been issued from his office.

The grand esquire is one of the foremost positions in the order and is a signal honor to the home lodge of the appointee as well as to the appointee himself. He acts as personal representative of the grand esquire, ruler, opens and closes the sessions of the grand lodge and is grand marshal of the big parade at the annual reunion. As the next national convention will be held at Rochester, N. Y., next July Mr. McCormick will be marshal at that time.

For years past Mr. McCormick has been a leading member of Duluth lodge No. 122. He is a past exalted ruler, the highest honor within the gift of the local lodge.

John H. Mitchell of St. Paul has been appointed a member of the judiciary committee. Emil Ferrant of Minneapolis has been named as district deputy of Northern Minnesota and Fred Schaffer of Winona as district deputy of Southern Minnesota.

The Duluth lodge will resume its regular weekly meetings Wednesday, Oct. 2. The winter dances will start Oct. 19.

W. S. McCORMICK.

## WHAT OTHER CITIES ARE DOING

Activities of Other Municipalities, Which Might or Might Not Be Copied in Duluth.

**B**ASSED on reports of the United States bureau of census, it is noted that the death rate from tuberculosis in the country has been reduced from 196.9 to 160.3 per 100,000 persons living during the last ten years. The decrease, it will be noted, is 18.7 per cent. Figures given out by the National Association for the Study and Prevention of Tuberculosis show that the general death rate has only declined 2.7 per cent, the tuberculosis death rate falling twice as fast.

This decline in the death rate, it is estimated, means that 27,000 lives have been saved. There are certain states in the Union where the rate has been more rapid, as for example, Connecticut, Massachusetts and Rhode Island, and also in certain of our large cities, as New York, Chicago, Boston and Cleveland. This decline in death rate has been more rapid than in the country at large. The question naturally arises as to the cause of this marked decline of 18.7 per cent and this saving of 27,000 lives. The answer is clear.

It is due to the general campaign of public health and sanitation which has been waged over the country. People are learning how to live rightly, there are better housing facilities and better sanitary surroundings at hand, and in the particular case of tuberculosis there has been a nation-wide educational movement carried on by the National Association for the Study and Prevention of Tuberculosis which has resulted in wonderful progress.—Bul-  
letin, Ohio State Board of Health.

Duluth has been conducting an active campaign against tuberculosis for several years past. The pioneer work was done by the Duluth Anti-tuberculosis society with one nurse. The handling of it has now been taken over by the health department with two trained, visiting nurses. Duluth had 140 deaths from the dread plague last year. Complete records are kept of all cases or suspected cases. The county has also recently completed a modern sanitarium at Nopeming.

## DEPUTIES NOT NEEDED

Sheriff Will Discharge Special Officers Within Few Days.

No Disorder Since He Took Charge on Sept. 13.

Special deputies sworn in by Sheriff John R. Meinung and detailed to guard against any infraction of the law in connection with the street railway strike will probably be withdrawn within the next two or three days.

Sheriff Meinung declares that things have quieted down now so that he considers it safe to turn the situation over to the city authorities and save the county any further expenditure for special police protection to the street railway company's property, its employees and the traveling public in general.

The sheriff took charge of the situation on Friday, Sept. 13, and since that time there has been no disorder of any consequence. A large force of deputies was sworn in and they have had no trouble in keeping order and quiet at the car barns and along the lines of the street railway.

On Oct. 1 Sheriff Meinung expects to pay his special men off and discharge them from further service. "I will then turn the situation over to Mayor McCuen," said Mr. Meinung this morning. "I have no doubt but what he can handle it all right with his city police force."

## HOLD MEETINGS IN THE SCHOOLS

Mayor Harrison Would Open Buildings to All Political Parties.

Chicago, Sept. 27.—Mayor Carter H. Harrison has come out openly in favor of opening public school buildings for political meetings of all the parties. The mayor made his declaration in this matter in reply to a letter from Medill McCormick, one of the Progressive party leaders.

"I am in favor of throwing open public schools to political meetings if for no other reason than to get at the present day evil of campaign expenses," said the mayor.

The keynote of the mayor's declaration was that public school buildings are public institutions and campaigns are carried on for the public good, so it is illogical not to use them for political meetings.

**BRYAN VERY CONFIDENT.**  
Predicts Wilson and Marshall Will Carry Every State.

Reno, Nev., Sept. 27.—William J. Bryan entered Nevada yesterday for three speeches. "I don't concede a single state to either Taft or Roosevelt," said Mr. Bryan here. "Wilson and Marshall will make a clean sweep and will carry every state in the Union."

**Guarding Public Buildings.**  
Dublin, Sept. 27.—To guard against surrogates attacks police have been posted at the principal government buildings in the hands of a local constable for service this morning. In the meantime Peterson had been terrorizing the members of his family with threats of vengeance upon them. The plans for his re-arrest coming to his ears, through threats and pleadings he endeavored to make his youthful accuser admit that she lied and to promise not to testify against him again, but she refused to do so.

## HOVLAND MAN IS SUICIDE

Jacob Peterson Evades Rearrest By Blowing Out Brains.

Accused of Terrible Crime—Acquitted Once—New Warrant.

Hovland, Minn., Sept. 27.—(Special to The Herald.)—Jacob Peterson, a well known settler of this place, committed suicide last night by shooting himself in the head with a rifle.

Peterson was arrested several weeks ago on an ugly charge preferred against him by his 13-year-old daughter. His preliminary examination was held at this place last Monday before Justice August J. Johnson of Grand Marais, at which the little girl told a terrible story of wrong to which she had been subjected during several months past; but upon the testimony of medical experts, which was in contradiction of her evidence, the accused was discharged.

As the result of information subsequently obtained a new warrant was issued by a local justice last night and placed in the hands of a local constable for service this morning. In the meantime Peterson had been terrorizing the members of his family with threats of vengeance upon them. The plans for his re-arrest coming to his ears, through threats and pleadings he endeavored to make his youthful accuser admit that she lied and to promise not to testify against him again, but she refused to do so.

During all of the afternoon and evening he labored in a frenzy of apparent fear and at about 8 o'clock he retired to a bedroom ostensibly to dress to be in readiness to go with the officers. He was there but a few moments when a shot was heard from the room. A neighbor who was at the house at the time hurried into the room and found the man alone dead. He had taken off his shoes and stockings and was sitting on the floor when he fired the shot. Death was instantaneous.

Belief in the man's guilt was general throughout the community and there is a feeling of relief over the end of the whole terrible affair. A coroner's inquest will be held tomorrow morning.

**Taft and Wilson Meet.**  
Boston, Mass., Sept. 27.—President Taft and Governor Woodrow Wilson met for the first time since the cam-

paign started at a hotel here last night. They greeted each other heartily and talked for several minutes.

**CONFLICTING OPINIONS.**  
Three Theories as to Cause of Death of Aged Whitehall Man.

Whitehall, Wis., Sept. 27.—The state has rested in the murder trial of Mrs. Charles Weideman, the aged widow charged with killing her 70-year-old husband at their home at Independence, Wis., last April. Evidence was introduced to show that Weideman's head was battered as if it had been struck by a blunt instrument, and expert medical witnesses gave their opinion that the blow upon the head caused death.

Two of the children of the couple testified that their father had long been subject to epileptic fits, and frequently fell and was very feeble. Two physicians for the defense leave it as their opinion that death was caused by strangulation, following a fall, when a part of his false teeth lodged in his throat. It is expected the case will go to the jury Saturday afternoon.

**DOES NOT INTEND TO RETIRE IN NEAR FUTURE**  
Chicago, Ill., Sept. 27.—United States Judge William H. Seamon, who, according to reports, intended to resign

from the federal court of appeals, declares that he does not expect to retire from the bench in the immediate future, but says he has not decided how long he will continue his service.

On Nov. 15 Judge Seamon will be 70 years old and has served nearly twenty years in the federal court. He continues to make his home at Sheboygan, Wis., where he has resided most of his life.

**Suicide of Insane Patient.**  
St. Peter, Minn., Sept. 27.—(Special to The Herald.)—Taking advantage of the brief pre-occupation of the nurse on duty in the ward, Mrs. Alice Brown, of St. Paul, a patient in the detention ward at the hospital for the insane, hanged herself.

## COVENANT IS SIGNED AGAINST HOME RULE BY THE MEN OF ULSTER

Sir Edward Carson Is the First to Write His Name.

Followed By Thousands of Rank and File of Orangemen.

Refuse to Recognize the Authority of an Irish Parliament.

Belfast, Ireland, Sept. 28.—Sir Edward Carson today wrote his name as the first to sign the solemn covenant of the Ulster men which binds them to use all the means that may be found necessary to defeat the present conspiracy to set up home rule in Ireland, and also to refuse to recognize the authority of an Irish parliament. He was followed by many men who have become noted leaders in the campaign against home rule, and these were succeeded by thousands of the rank and file of the Orangemen and Unionists in the northern provinces of Ireland.

Religious Services First. Belfast, Ireland, Sept. 28.—Ulster Day, the Orangemen's culminating day of protest against home rule, opened with a religious service at the Ulster Hall, where the men of Ulster are gathered to sign the covenant.

The people of Ireland, even those responsible for today's signature of the covenant, had long been looking forward to the day's happenings with misgiving. Early the weather was doubtful, but before the Ulster men had begun to gather for the religious services which preceded the signing of the covenant, sunshine flooded the streets. The town was decorated, the Union Jack being everywhere, and the one huge national flag enveloping the facade of Ulster hall, the center of the proceedings.

Most of the shops and all the big industrial works were closed, so that every man desiring to do so might participate in the manifestation.

Unity of Protest.

The spirit of unity prevailing among

## WIDOW CAN GO TO PICTURE SHOWS

And Can Apply Powder to Her Face, Decides Judge.

Kansas City, Mo., Sept. 28.—Attending motion picture shows and using face powder is no reason why a widow with eight children should not have a widow's pension, decided Judge E. E. Porterfield of the county court here today. Mrs. John Jacobs, whose husband died and left her with eight children, recently applied to the court for an allowance under the Missouri widows' pension law. Protest was made by neighbors that Mrs. Jacobs frequented nickel shows and that she applied powder to her face.

"If any one has a right to go to a picture show for recreation, I should say it was the widowed mother of eight children," said Judge Porterfield, as he ordered \$15 a month paid to the woman. The judge said the powder-using charge was trivial.

## OSAGE SQUAWS USING GO-CARTS

Abandon Old Custom of Carrying Infants on Their Backs.

Tulsa, Okla., Sept. 28.—Blanket Osage Indians who have a liking for modern cars and other features of modern civilization have taken another step forward.

The Osage women are abandoning the aboriginal custom of carrying their infants strapped to a board on their backs.

Recently a great many of them have purchased the fanciest go-carts they could buy, and now it is no uncommon sight in Tulsa or other towns frequented by the Osages to see an Osage mother, garbed in a gaudy blanket herself, pushing an expensive baby buggy.

## STIMSON AND WOOD TO VISIT PORT SNELLING.

St. Paul, Minn., Sept. 28.—(Special to The Herald.)—Secretary of War Stimson and Maj.-Gen. Leonard Wood will arrive in St. Paul tonight, coming from the West, where they have inspected a number of army posts. Although the representatives of the war department will not reach St. Paul until 11 o'clock, they will be met at the train by members of the local association of commerce and tendered a reception at a hotel.

Sunday morning they will visit Port Snelling, where an official inspection of the fort and troops will be made. Sunday afternoon, they are guests at a luncheon at the Minneapolis Commercial club. In the evening they will be guests of the St. Paul committee at dinner, leaving at 8:30 p. m. for Chicago.

## MARTIAL LAW IN AUGUSTA

Two Citizens Killed and Two Wounded By State Militia.

Were in Ignorance of Order Due to Street Car Strike.

Augusta, Ga., Sept. 28.—Martial law ruled in Augusta today as a result of last night's disorders in which two citizens were killed and one wounded by state militiamen guarding property of the local street railway company whose employees are on strike.

The fifth company arrived from Washington today and was placed on duty around the railway power plant. It was in this territory that a "dead line" was established by militia last night and in which the shooting occurred.

Col. W. L. O'Leary of the state guard arrived from Savannah. Acting with Adj. Gen. William G. O'Leary, he assumed charge of the situation.

The dispatch of these officers and additional guardsmen was ordered by Governor Brown late last night after he was notified that the situation here was critical. He issued a proclamation declaring the city to be in a state of insurrection and ordering martial law.

Alfred Dorn and Robert Christie, who were killed, were Augusta business men, as is Ben Baker, who was wounded. Christie was driving an automobile and the other two were in a carriage when they crossed the "dead line" near the power house. It is said they were in ignorance of the order against traffic in the territory.

Baker and Dorn whipped up their horse when a guard ordered them to stop. It is not known whether Christie heard the command.

Not until the early hours of today was quiet restored. Strikers and their sympathizers asserted their intention of trying to rush the guard line and dynamite the power plant. Strike leaders pleaded with the men to go to their homes and finally the crowds dispersed.

The immediate cause of the strike is the objection to certain rules of the company. Strike leaders say the company seeks to destroy the union.

## BUTLER ASKS FULL PARDON

Wilson's Attorney Has Been on Parole for Several Months.

Washington, Sept. 28.—F. X. Butler, convicted with the late Christopher Wilson and others of using the mails to defraud in the exploitation of United Wireless, has been on parole from Atlanta federal penitentiary several months and now has applied for a full pardon. No action has been taken.

Butler was convicted in New York in May, 1911, though he did not actually begin serving his term until several months later. According to the provisions of the parole law he was released after having served one-third of his sentence. His parole did not become known at the time of his release, as the Federal board observes strict secrecy as to its proceedings.

## ONE KILLED, FOUR HURT IN AUTOMOBILE MISHAP.

Salina, Kan., Sept. 28.—Mrs. W. E. Pierce was killed, her husband, pastor of a Methodist church at Ada, Kan., probably fatally injured, and three children seriously hurt when an automobile driven by Mr. Pierce ran off a bridge on a country road near here today.

## INTERVENE IN MEXICO

Its Necessity Will Be Pointed Out By Senate Committee.

Evidence That Madero Rebellion Was Financed By American Funds.

Los Angeles, Cal., Sept. 28.—The United States senate sub-committee appointed to investigate relations with Mexico completed its work in this city yesterday and while its members are non-committal, it is said the report which it will submit to the senate committee on foreign relations will hold that the evidence adduced points to the necessity for the United States to intervene in Mexico in order that Americans and American interests may receive proper protection.

Speaking of the testimony, Senator William Alden Smith, chairman of the sub-committee said: "The testimony of every Mexican whom we interrogated agreed upon this one point: 'That if arms, ammunition and supplies needed in warfare were permitted to enter the country during the Orozco rebellion the same as they were during the Madero revolution, Orozco would have been in Mexico City long ago. The rigid enforcement of the law against the admission into Mexico of firearms and ammunition has been Orozco's greatest handicap.'

It is said the evidence proves that no American money was used in financing the Orozco rebellion but tends to establish the claim that American funds were used to finance the Madero rebellion.

## ACCOUNTING AND RECEIVER ASKED

Bankers Life Association of Iowa Attacked at Indianapolis.

Indianapolis, Ind., Sept. 28.—Suit for an accounting, judgment and the appointment of a receiver for the Bankers' Life Association of Iowa and for the total of \$100,000,000 assets was filed here yesterday in the superior court. The action was begun by Charles McLaughlin of Portland, Ind., who said he was one of 15,000 members of the association which does business in more than half the United States.

McLaughlin charges conspiracy on the part of the officers and directors of the defendant corporation to get control of the \$100,000,000 assets of the association, to divert the funds from their proper use and trust character and to deprive the beneficiaries of their interest therein without compensation. The suit involves a question of the right to change from an assessment to a straight life plan.

The association was organized in July, 1878, on the mutual assessment basis, with the members constituting the corporation and with no capital stock.

COL. HENRY WATTERSON IS GREATLY IMPROVED. New York, Sept. 28.—Col. Henry Watterson, editor of the Louisville Courier Journal, was still confined to his bed today at his hotel here, but his condition, considered serious until a few days ago, has greatly improved. His physician is now calling it one day and it is thought he will be well enough to return to Louisville next week. Mrs. Watterson and their son, Harvey Watterson, are with him. Col. Watterson was taken ill last Saturday. He is 72 years old.

## PUTTING UP THE HEATING STOVE.

## REPUBLICAN PARTY DEAD

Roosevelt Says Barnes, Penrose & Co. Acted as the Pallbearers.

Asks That His Promises Be Judged By His Past Deeds.

Montgomery, Ala., Sept. 28.—Col. Roosevelt in Alabama today renewed his appeal to the South to support the Progressive party. The colonel reached Montgomery at 6 o'clock. He still was asleep when a local committee appeared to meet him. After a breakfast he stood on the balcony of a hotel with the rain beating down upon him and spoke to a crowd in the street below.

"If you are against me," he said, "I've nothing to say. The man whom I am trying to reach is the man who is for me but votes against me because his grandfather voted that way. The way for you to honor your forefathers is to vote for me."

## ALL EXPECT HIS VICTORY

Governor Wilson Finds People Everywhere Look for Democratic Success.

Will Speak at Banquet in Honor of Chairman McComb.

New York, Sept. 28.—Governor Wilson declared today that he felt greatly encouraged by his reception in New England in the last few days. "I was especially impressed," he said, "by the fact that everywhere great crowds with whom I came in contact and the people whom I met personally seemed to take it for granted that the Democratic ticket would be elected."

The nominee planned to spend the day here, attending to personal business. He had no engagements until tonight when he will speak at a banquet to be given in honor of National Chairman William F. McComb by the College Men's Union and Morris Hall league. He will return to Sea Girt late tonight.

Mr. McComb, who had been suffering from a nervous breakdown and stomach trouble, has not yet resumed work at headquarters, but is expected there at an early day. The Woodrow Wilson College Men's league arranged the dinner and Mr. McComb has his physician's permission to attend, but it may be a week before he is able to take up active work. Announcement is made at Democratic headquarters that Governor Wilson will speak at a German-American mass meeting here

## WHERE DOES MILLER STAND AS REGARDS PROGRESSIVE PARTY?

Does He Support Taft or Roosevelt, Eberhart or Collins?

John Jenswold Fires Some Pointed Questions at His Opponent.

Sandstone, Minn., Sept. 28.—(Special to The Herald.)—John Jenswold, Jr., the Democratic candidate for congress from the Eighth district, opened his campaign here last night, aided by Alfred Jaques, the candidate two years ago, and both speakers also urged the claims of Woodrow Wilson for president and P. M. Ringdal for governor. Mr. Jenswold made a splendid impression on the audience, which was large, attentive and enthusiastic. He carefully defined the position of all the parties and candidates and then upon his opponent, Clarence B. Miller, to state where he stands as between the Republican party and the Roosevelt party, whether he is for Taft or the Bull Moose leader. Mr. Jenswold discussed the tariff question fully and showed by the records where Miller voted for the trusts and not for the interests of the people. This portion of his speech was heartily appreciated by his hearers, who were impressed with the facts which he presented.

Mr. Jaques, who was heartily received, gave a general summary of political conditions in the state and nation and warmly endorsed Mr. Jenswold as a splendid representative of the cause of the people as opposed to the Big Interests.

J. G. Givver, president of the village, was the chairman of the meeting and introduced the speakers with well chosen remarks. Music furnished by the Mandolin orchestra. Previous to the meeting, Messrs. Jenswold and Jaques and guests from the surrounding towns were entertained at a prairie chicken dinner.

No Personal Ambition. Mr. Jenswold said, in part: "The candidacy of any person for the office of representative in congress should not be produced by any personal ambition nor by the love of position or power. The duties of this high office involve a sacred responsibility."

## VERDICT OF BIG DAMAGES

Prominent Churchmen and Sisters Assessed \$25,000 for Kidnaping.

Defense Was Woman Would Place Daughter in Improper Environments.

Tacoma, Wash., Sept. 28.—A suit against prominent churchmen and sisters of the Academy of Visitation, in which Mrs. Lizzie Magnusson asked \$40,000 damages for the alleged kidnaping and alienation of the affections of her daughter, Marjorie Rieman, was brought to a close last night when the jury awarded Mrs. Magnusson damages in the sum of \$25,000.

The charges were against Bishop F. J. O'Dea of the Negulecto diocese, Father Van Goetham, Mother Camillus and Sister Aloysius of the Academy of Visitation and Louis L. Lefebre, an attorney.

Marjorie Rieman, aged 17, disappeared in February, 1911, following her removal from the academy by her mother, who intended to take her to Alaska. Evidence was produced to show that the girl had gone to the home of Father Goetham and that he had concealed her. Father Goetham testified he had kept her whereabouts secret because she told him her mother would place her in improper environments in Alaska.

Counsel for the defense said an appeal would be taken, as the verdict placed stigma on the church and sons devoting themselves to holy work that must be removed.

## REVOLUTION IS NOT ENDED

Calls for Help for Women and Children in Nicaragua.

Washington, Sept. 28.—Calls for help for women and children, still detained in Leon as part of the policy of the Liberals, indicate that the revolution in Nicaragua has not been put down with the surrender of Mena and his forces at Granada.

Minister Wetzel, in reporting the situation at Leon, says in a dispatch to the state department today that relief has been extended to a few Americans and other foreigners.

The methods of warfare employed Gen. Mena and the Zelazists is indicated in Minister Wetzel's statement that, during the bombardment of Managua, 132 women and children were struck by projectiles, while not one man was injured.

## VOLCANO STROMBOLI AGAIN IN ERUPTION.

Messina, Sept. 28.—The volcano Stromboli is again in eruption. Clouds, ashes and incandescent sand are being ejected from nine craters and dust is falling in quantities over the surrounding country and outlying islands. Vineyards and crops generally are suffering heavily. The ejected lava at night from passing steamers is a magnificent one.

Royal Ball Cancelled. London, Sept. 28.—A ball which was to have been given last night at Balmoral castle by King George, was cancelled. The general opinion is that his majesty was too busy consulting with Sir Edward Grey, secretary of foreign affairs, on the present situation in Ireland, to give his attention to a social function.

## WEST WILL HAVE FUND OF \$10,000

Alleged Bank Robber Will Not Lack Money for Defense.

St. Louis, Sept. 28.—Frank West, the alleged bank robber with two aliases who is being held here in connection with the Canadian robbery, will have a fund of \$10,000 within the next two days, according to his attorney, who was employed today. The attorney said he had been instructed to employ every legal recourse.

West is being held on a charge of attempted murder, but if he makes an attempt to obtain freedom by legal procedure, a warrant charging him with the alleged bank robbery will be asked.

The St. Louis police are eager to send the prisoner direct to Canada, and if West is identified as one of the bank robbers he will be sent to Canada. Regardless of the Chicago police, who have had warrants issued against him.

## STRIKE LIKELY TO BE SETTLED

Trouble at Lawrence, Mass., Textile Mills May End Soon.

Lawrence, Mass., Sept. 28.—The question of continuing or settling the strike in the Lawrence textile mills, called Thursday as a protest against the imprisonment of Ettore and Giovanniotti, the Industrial Workers of the World organizers, was expected to be settled at a mass meeting on Lawrence common this afternoon. The strike continued today, despite the vote of operatives at meetings last night to return to their machines. It was estimated that \$3,000 hands were idle.

There was no trouble of any kind when the mill gates opened and the strikers did not post any pickets. Leaders of the organization claimed that the strike has been sufficient protest against the imprisonment of Ettore and Giovanniotti.

Mill officials have expressed the intention of opening on Monday morning as usual.

## JULIUS SCHMAHL WILL DINE THE CANDIDATES.

St. Paul, Minn., Sept. 28.—(Special to The Herald.)—Julius A. Schmah, secretary of state, is issuing invitations to an informal dinner to be given by him to the Republican state central committee and Republican candidates at the Cafe Mandarlin, St. Paul, Tuesday evening, Oct. 2.

The dinner will be served at 8 o'clock and gathering will be a sort of "get-together" meeting for the new committee.

## TAG DAYS A SUCCESS

Duluthians Contribute Freely  
to Fund for the  
Strikers.

Trades Assembly Will Ask  
for Steps to Annul  
Franchise.

Today is tag day. Many women are working in the business district and collecting money for the striking street car men. Bright and early this morning the women assembled at Mrs. Sampson's candy store on West Superior street and each received a bunch of tags and a tin box in which to put the money collected.

Most of it is coming in nickels and dimes, but it is coming up.

Nearly every one is wearing one of the tags which the inscription: "Tag day for the wives and babies of the street car men."

The tags are sold for any amount the purchaser desires to give. Some of the workers have contributed more substantial and have asked where to send checks.

The workers have been for the most part recruited from the families and friends of the strikers. Many of the men's wives are on the street working. Some of the men are holding the principal business corners.

Among those who went out early this morning were: Miss E. Ryan, Miss A. Staher, C. Staher, Mrs. Magnusson, Mrs. Carl Johnson, Mrs. Larsson, Miss Norling, Miss Cohen, Miss Fauschman, Mrs. Rys, Margaret Rutherford, Helen Heustrom and Isabel Rutherford.

**Will Work Late.**

Later this afternoon it was thought by those in charge that the amount collected would run over \$200. There is no way of knowing for the time being in which the money is contained will not be opened until after the stores close tonight.

The biggest rush will come after the dinner hour when the crowds are out on the street, said one of the committee in charge of the collection. "I would be surprised to see the total amount run over \$500."

About noon the number of workers was increased. Later this afternoon there were nearly 100 girls on the streets planning tags on pedestrians and in return they heard the merry jingle of silver coins in the tins.

The strike situation was about the same today as it has been for several days past. Continued on page 1.

**Action in Council.**

The Trades and Labor assembly at its regular meeting last night authorized a committee of ten members to attend the meeting of the city council Monday night and try to have resolutions adopted by the council which would require the city to restore regular service on all lines without delay.

If nothing can be done to force the company to put on its old schedule and maintain it, the committee will ask that the council take additional steps to make the company forfeit its franchise.

The members of the assembly assured the strikers of their financial support. The strike was gone over in detail and it was the opinion of the members of the assembly expressed in short speeches, that the strikers have an excellent chance to win.

E. G. Hall, president of the Minnesota State Federation of Labor is still in the city, but he will go to International Falls some time next week on business connected with the state organization.

Organizer John Chubbuck of the American Federation of Labor may be brought here next.

Treasurer O. C. of the International Association of Street Car Employees will remain in Duluth until the strike is settled. He expects money from Detroit Monday. The only thing the strikers' their benefits. Each man will get \$5 per week as long as the strike lasts.

**Reports Denied.**

Berne, Switzerland, Sept. 28.—Despite reports to the contrary in circulation in the United States, no attack was made upon the American legation here by a mob which was demonstrated in sympathy with Etor and Giovanni leaders of the industrial Workers of the World, who are under arrest in Massachusetts.

## O'NEILL IS NOMINATED

Canvassing Board Gives Him  
Lead of Six Votes Over  
Ryan.

Contest May Be Begun  
By the Defeated  
Candidate.

R. S. O'Neill was officially declared nominated as the Republican candidate for county commissioner from the seventh commissioners' district by the county board of canvassers yesterday.

Under a second choice elimination as provided in the new primary election law, Mr. O'Neill, according to the canvassing board, has a plurality of six votes over the second man in the race, P. J. Ryan, the present commissioner from the seventh district.

The final count was: O'Neill, 323; Ryan, 317.

The first choice totals gave Ryan a lead of ten votes. The figures were: Butchart, 695; O'Neill, 736; Ryan, 746; Walker, 259; and Wahl, 154.

As a result of the second choice elimination, 97 undisputed second choice votes were added to O'Neill's figure and 91 to Ryan's first choice total.

Wall was the first of the candidates to be eliminated. Twenty of his second choice votes went to O'Neill and 24 to Ryan. Voters who preferred the candidate Walker on first choice gave O'Neill sixteen and Ryan eighteen second choice votes. In the elimination of Butchart, O'Neill secured 107 second choice votes and Ryan 77.

There is talk among friends of Commissioner Ryan at Hibbing that a contest will be instituted and a recount of the votes had. Under the statute, Ryan has only five days after the filing of the report of the canvassing board in which to file an affidavit of contest with the clerk of the district court.

Under the new primary law, there was much confusion encountered by the canvassing board in making an official tally of the returns. In the seventh district, particularly, a large number of second choice votes were rejected as uncertain on the face of the returns and not able to be cleared up by reference to the tally sheets.

**DULUTH LAGS IN  
GARBAGE COLLECTION**

Thief River Falls, Minn., Sept. 28.—(Special to The Herald.)—Few cities in the Northwest can boast of prosperity as strongly as can this city, for during the summer there have been erected here four large brick business blocks and approximately 150 residences. These buildings are all substantial structures of which the citizens have every reason to be proud. It has been estimated that the total cost of new buildings in this city so far in 1912 is close to the \$500,000 mark. The new Lyceum theater, which was opened to the public about three weeks ago, cost \$12,000, complete with chairs and stage scenery. It is 25 feet wide by 140 feet long and has a seating capacity of 500. The latest conveniences for heating, lighting and ventilation have been installed. Roy Morgan is the owner of the building, which is claimed to be one of the finest of the kind in the state, as far as interior appointments are concerned.

The Kiewit building is being erected by the Kiewit Bros. company of Crookston and when completed will cost in the neighborhood of \$200,000 and will be the second building to be erected in one of the main business blocks of the city, and indications are that it will be followed by several more in the very near future. The new Union block is 75 by 100, two stories high, and is being erected at a cost of \$100,000 by the company organized this summer by prominent farmers and leading business men of this city and vicinity. The ground floor will be occupied by the Thief River Falls Mercantile Store company. The front is of mottled white brick and the interior lighting scheme will be of the prismatic style. The second floor of the building will be converted.

The new Evelyn hotel is one of the best buildings of its kind in the Northwest. The owner, Julius Provencher, spent several weeks early this spring inspecting the leading hotels of Minnesota and North and South Dakota and he has incorporated the best points of each into the new building. The hotel is constructed of red brick.

**HOME FOR AGED

The institution to receive \$200,000 outright and \$500,000 upon the death of the testator's husband, who is to be paid the income from the latter sum during his life. The McGregor home, which was founded by Mrs. Terry's first husband, the late A. M. McGregor, also is to receive the residuary of the estate. The total value of the estate is estimated at \$2,000,000.

Mrs. Terry left \$10,000 to St. Johns church, Cleveland, legacies of \$10,000 to various relatives, and \$2,000 each to her mother and maid.

The writer realizes that you are not particularly interested in the ordinary player piano. Yet this letter is about a player piano. And it is written advisedly.

The Apollo will interest you.

It represents the embodiment of your musical desires. It touches down on the keys—it accents the melody or omits it altogether—it transposes into different keys. It does everything that a human pianist does and in exactly the same way.

You have never heard better music than it renders.

The same love of music that prompts you to attend a recital by one of the piano masters should bring you in to hear the Apollo Player Piano.

You won't be disappointed.

Don't feel that you are going to be "sold something." Not a bit. We want you to hear and appreciate the Apollo whether you buy or not.

Any time you're down this way drop in.

Very truly yours,

## IN DISTRICT COURT

A verdict for \$1,449 in favor of the L. R. Martin Timber company and against the Great Northern railroad was returned yesterday by a jury in district court before Judge Dibel. The lumber company sued the railroad for damages, claiming that 3,010 ties left on the right-of-way had been destroyed by a fire. The blaze, it was claimed, was due to the negligence of the railroad in not providing spark arresters for its locomotives and in allowing combustible material to accumulate on its right-of-way.

In Judge Cant's court, the taking of testimony will be resumed Monday in the case of Max Bros. against the Onamia Lumber & Mercantile company and Harry Shockley. The plaintiffs claim that the defendant lumber company took from them 175,000 feet of timber, 1,000 saved ties and 100 cords of slashwood, in all worth \$3,500. They ask for a judgment of \$200 and a return of the timber or its equivalent in money. It is claimed that Shockley acted as an agent of the lumber company.

The personal injury action brought by Edward W. Russell against Dr. E. T. Burns, in which the plaintiff asks \$7,500 for the wrongful death of his 10-year-old son who was killed under the wheels of the physician's automobile at Lester Park on June 22 last, was not finished yesterday. It will probably go to the jury Monday, when the trial will be resumed before Judge Ensign.

Judge Cant, who has charge of the September calendar of the district court, yesterday set definite dates for the trying of twenty-eight actions. If the cases are not brought to trial when they are called on the calendar they will be stricken or continued. The balance of the calendar will probably be arranged in definite order today.

Today, the regular Saturday special term calendar is being disposed of. Three of the judges are entertaining motions on various cases which are before the court.

## FOR BENEFIT OF ORPHANAGE

The Schubert Symphony club and ladies' quartet will be heard at the cathedral auditorium Monday evening, Sept. 30, under the auspices of the Knights of Columbus and for the benefit of St. James' orphanage.

The program will be of a most varied type, consisting of ladies' quartet music, and guitar club, string, violin and vocal solos, amusing readings and other features.

Although the program is essentially musical, it is by no means devoid of much bright merriment.

It is seldom that such an entertainment is given at the auditorium and the program being rendered for such a very laudable purpose, it is to be hoped standing room will be at a premium on this occasion.

New York, Sept. 28.—The reported mysterious poisoning of Mrs. Dora Gilbert, former wife of the gambler, Herman Rosenthal, received official confirmation yesterday in a letter addressed to Mayor Gaynor by Dr. L. He gives no details of her illness, but avers that he was denied admittance to Bellevue hospital after she had been taken there, and demands an immediate investigation. She has recovered.

Heretofore Snead had listened unmoved to the arguments.

## WHEN HEALTH RUNS LOW

It Is Time to Wake Up and Do Something For It, Says Celebrated Scientist.

Have you ever felt your vitality to be weak, your health give way as if there is almost no life nor ambition left in you? That is what one of Duluth's celebrated doctors calls a "physiological bankruptcy." He is looking upon as one of the greatest authorities and was honored as such in Vienna, Austria, and St. Petersburg, Russia, but is now the examining doctor of the Electro Medical center of No. 26 W. Superior St., Duluth. "Believe me," he said, in a somewhat enthusiastic manner, which was bearing the conviction as if he knew what he was talking about, "the healthy human body is like a prosperous bank with a safe and satisfactory capital and surplus. As long as the capital remains large enough to meet the demands of the day, but also the drafts that are bound to present themselves from time to time, suddenly and unexpectedly, the bank is solvent and all is well. But let the capital prove insufficient to meet the plus decline as a result either of over-drafts, or the outgo exceeding the income, and trouble arises at once. So also with the healthy body. As long as the various organs and tissues are able to meet the requirements imposed by our daily activities, and the surplus energy or reserve vitality which Nature gives to every healthy body can respond to the occasional emergency demands without being overtaxed or exhausted, the body is physiologically solvent and in a healthy condition. But let the functions falter and the reserve vitality be overdrawn—exhausted—and disaster in the form of disease immediately develops. Thus it is, that disease as we often meet it, is nothing but physiological insolvency."

The truth and aptness of the foregoing must be apparent to every clinician. No one can study a patient who has "run down" and reached a point where the vital resistance seems entirely lost, without realizing that the great majority of the functional diseases of the body are the result of "physiological bankruptcy."

From this a valuable clue to treatment is obtained. Just as acquiring new capital and building up a new surplus will place a bank back into the ranks of solvent institutions, so increasing functional activity and building up the vital resistance will restore "physiological solvency"—or bodily health and vigor.

The doctor certainly knows what he is talking about, for he has behind him records of patients he cured, many of whom had been given up as incurable, and it is next to a miracle that they recovered perfect health again under the treatment of Electro Medicine. His patients certainly stand by him and say that Electro Medicine is the greatest wonder, but they little realize that they also are under the care of one of the greatest Diagnosticians of today.

"Electro Medicine," he said, "is the greatest of all remedies. Medecines have certainly been given to the world, and Christian Science is right when it says that 'People get well in spite of medicine.' In vain have medical men tried to make use of drugs in diseases of the body. The body has come down to the use of only one dozen drugs, and what comes of it? A few, even those have proven to be a disappointment in cases where you want to get relief quickly. Electro Medicine works different, we don't have to depend on a high potential current of 50,000 volts or more carries the remedies into the diseased parts and gives instant relief to the poor sufferer. It fills the man and woman who is fagged out with new vitality, and the broken down with new life. It fills the bank of human life, which has run down low with new currency and saves the poor sufferer from bankruptcy of life. There are more than 500 patients who are willing to testify to the doctor's statement, most of whom have given their testimonials to the Duluth press. Those who have given up hope of ever getting well again, will certainly do well to consult the Electro Medical Doctors at No. 26 W. Superior St."

## Why Wait Over Wasted Opportunities

How many men you meet today who tell you for how little they could have bought some prominent corner a few years ago.

## MINNESOTA UNIVERSITY

Registration Will Be Smaller Than That of Last Year.

Faculty Council Has Decided to Abolish the Cane Rush.

Minneapolis, Minn., Sept. 28.—(Special to The Herald).—That the registration at the university will be somewhat below that of last year seems apparent from the size of the registration to date. The latest figures computed by Registrar E. B. Pierce show a net loss of 303 in the registration for the year 1911-1912. Last year 3,400 students were enrolled at the university on Oct. 4, 1911, but on Sept. 18 of this year, only 3,097 students had entered. Of course, this does not mean that the registration of this year will be that small. With the opening of the farm school in October and the late registration, the above figure will be augmented by 2,000 or more.

The academic college shows a large decrease, with a loss of 109, but this is accounted for by the registrar in the stiffer entrance requirements now in force. The only substantial gain was in the agricultural college, where 400 students were enrolled, being 82 more than last year.

The decrease was especially noticeable in the law college where it dropped from 305 for last year to 196 for this year. This falling off is due to the increased entrance requirements and the abolishment of the night law classes. The courses have been changed and made so much harder that the "passenger" seeking a snap course have been compelled to go elsewhere.

The enlarged field and varied courses offered by the extension department in academic, economic, law and engineering work have also contributed to the lower enrollment.

Cane Rush to End.

This year marks the passing of one of Minnesota's oldest traditions, the cane rush. In the minds of the students of the year. To the upper-class men it is one of the greatest spectacles of the year, but to the freshmen it is the biggest day on the calendar. Many of the freshmen have been told that the cane rush is a thing of the past, and that the end of the rush is the end of the year.

Minnesota is the last of the larger universities to abandon the cane rush. For many years it has been a tradition, and it is next to a miracle that they recovered perfect health again under the treatment of Electro Medicine. His patients certainly stand by him and say that Electro Medicine is the greatest wonder, but they little realize that they also are under the care of one of the greatest Diagnosticians of today.

## WHAT OTHER CITIES ARE DOING

Activities of Other Municipalities, Which Might or Might Not Be Copied in Duluth.

The city authorities of Schenectady, N. Y., are completing plans for opening a municipal co-operative grocery store for the benefit of city employees. It is expected that the store will be ready for business shortly. In addition to groceries, ice will be sold in summer and coal in winter, at saving of about 25 per cent. The store is to be operated on a cash basis, without profit to the city.

## WIDENING OF BUSINESS ACTIVITY IN ALL LINES

New York, Sept. 28.—R. C. Dun & Co.'s Weekly Review of Trade says: Proof accumulates on every hand of a developing national prosperity, broad, wholesome and quite independent of controversial issues that usually breed uncertainty and hesitation. Many years have passed since there has been such unanimity of testimony as to the widening of business activity. Even some of the lines which have been regarded as stagnant, and which for some time have existed in the iron and steel industry and in making that trade break all the previous records. Consumption has not only overtaken production, but is rapidly pressing ahead of it, and in some important points scarcity of facilities, scarcity of labor and scarcity of transportation appear as the inevitable accompaniment of an accumulating demand.

In the iron and steel trade, the pressure is in making that trade break all the previous records. "PAPA WON'T WAKE UP" Former Duluthian Found Dead in Bed By Little Daughter.

Guy C. Landis, a former well known resident of Duluth, but recently of Minneapolis, was found dead in bed by his little daughter, Margaret, yesterday afternoon.

Heart failure was the cause of death, it was determined by a physician called in by the daughter. He had been dead some time previous to the discovery of his body.

In apparent good health he had retired last night before in the sleeping porch of his home on James avenue. He was Margaret's father.

A physician was called in by the daughter. He had been dead some time previous to the discovery of his body.

Mr. Landis was formerly secretary of the Barthe-Martin company of this city. Later he became cashier of the Security Bank of Minnesota.

He is survived by his wife and two children, Margaret and Guy. His parents, Mr. and Mrs. W. H. Landis, of Minneapolis, two brothers, R. P. and V. E. Landis, both of Duluth, and a sister, Mrs. E. J. Landis, of Minneapolis.

The funeral will be held from the family residence at Minneapolis today.

ADVISES STUDENTS TO BE TEMPERATE. Madison, Wis., Sept. 28.—In his annual address to the freshmen at the University of Wisconsin, President Charles H. Van Hise told the freshmen that the aim of the university was to create efficiency. He advised that they be temperate in all habits, always to be punctual, accurate and reliable. He said that smoking is injurious to the immature.

Wilson Gets 36 Votes Out of 90 on Missabe Train.

Reports of straw ballots continue to come in, and almost without exception the name of Wilson is leading in such contests.

Yesterday afternoon on the Duluth, Missabe & Northern train, the men on the train held an informal election. The judges were C. G. Miller and S. R. Kirby, and the tally was as follows: Wilson, 36; Taft, 23; Roosevelt, 23; Debs, 8; Total, 90.

The vote stood as follows: Wilson, 36; Taft, 23; Roosevelt, 23; Debs, 8; Total, 90.

"PAPA WON'T WAKE UP" Former Duluthian Found Dead in Bed By Little Daughter.

Guy C. Landis, a former well known resident of Duluth, but recently of Minneapolis, was found dead in bed by his little daughter, Margaret, yesterday afternoon.

Heart failure was the cause of death, it was determined by a physician called in by the daughter. He had been dead some time previous to the discovery of his body.

In apparent good health he had retired last night before in the sleeping porch of his home on James avenue. He was Margaret's father.

A physician was called in by the daughter. He had been dead some time previous to the discovery of his body.

Mr. Landis was formerly secretary of the Barthe-Martin company of this city. Later he became cashier of the Security Bank of Minnesota.

He is survived by his wife and two children, Margaret and Guy. His parents, Mr. and Mrs. W. H. Landis, of Minneapolis, two brothers, R. P. and V. E. Landis, both of Duluth, and a sister, Mrs. E. J. Landis, of Minneapolis.

The funeral will be held from the family residence at Minneapolis today.

COMMITTEES FOR EIGHTH DISTRICT

St. Paul, Minn., Sept. 28.—(Special to The Herald).—Following is the Eighth district congressional committee chosen at the meeting of Democratic candidates:

## STATE DEMOCRATIC PLATFORM

**Initiative and Referendum Declared Foremost Issue of the State Campaign—Reapportionment in Obedience to the Constitution Promised—Public Utilities Commission Favored.**

The platform adopted by the candidates of the Democratic party, who met at the state capital on Thursday in convention for the election of a state central committee, is as follows:

As candidates of the Democratic party of Minnesota, we endorse the national Democratic platform adopted at Baltimore, and pledge our support to the candidates there nominated.

Representative government without direct popular control of its policies is a relic of an age that is gone.

Under its operation the resources of a continent, the richest on earth, have been taken from us, partly with and partly without the consent of the Minnesota people, and have been used to the benefit of a few.

The few who profit by this injustice hold us at their mercy. This power is an American, and it is time that it should be put in the hands of the people.

Through excessive prices, rooted in monopoly, tribute is taken from us by lawless combinations of men and money.

The cost of living has been doubled, so that the few who control our resources and public utilities may gorge themselves on the substance drawn from the earnings of the people.

**Land Belongs to the Living.**

Jefferson said: "The land belongs in usufruct to the living." This can only mean that nature's resources are the inalienable property of the people. We fail to enforce this principle, those who come after us will be the victims of a despotism.

Industrial democracy is the only foundation broad enough to support free institutions and form the ground-work for the development of a strong, virile people.

Political liberty cannot long survive economic freedom. The farmer and the workman whose industry gives life and food to the nation should not be penalized for the benefit of speculation and the few who control the land.

As a defensive measure against oppression by public service corporations, the Constitution should provide means whereby, if the majority so decides, any public utility may become the property of the people, and the payment of a fair price.

During fifty years we have made many attempts to reduce the tariff to fair and reasonable levels. The net result has been an increase of its burdens.

**Called to Regulate Railroads.**

We have tried to regulate transportation companies by the enactment of their monopoly-creating power. We have won many victories on paper, but the march of conquest has gone on until railroad combinations and trusts have become the masters of the nation's resources without count millions of dollars.

home rule, of the flag carried by King William at the battle of the Boyne.

The flag was greeted with frenzied cheering and applause.

No new pronouncement of Unionist policy was made at the meeting.

Later watchword is "We will not have home rule," but none of the various speakers nor letters of their leaders which were read, attempted to reveal the plan of procedure, if such a plan exists, about King George's home rule measure.

In comparison with the demonstrations held elsewhere during the last week, the absence of talk of armed resistance was noticeable.

Also there was less display of the military spirit in Belfast. The day, however, gave a remarkable indication of Ulster's determination not to accept home rule, expressed in an orderly and enthusiastic manner, which can hardly fail to provide the government with food for serious reflection.

**Officers Would Resign.**

The weekly Outlook makes the announcement that one-third of the officers in the British army are Irishmen, that over 50 per cent of them are Union Protestants, and that they are now considering resigning.

Commissions in order to lead Ulster in arms against home rule.

How long the time set for last night's meeting, a vast crowd had congregated outside the hall.

The crowd was broken open, there was a wild rush of ticketholders who speedily filled the hall.

The great spiritual choir, conspicuous among the decorations was a device stretched across the platform.

Read "We will not have home rule." In the absence of the Duke of Abercorn, who was expected to attend, Lord Londonderry presided.

Among those who were present were Sir Edward Carson, the Duke of Devonshire, Lord Willoughby de Broke, Lord Charles Dufferin, and others.

More, Ian Williams, Ernie and Lettice, and Frederick E. Smith.

The remedy may be crude, the reformers unorthodox, their language not altogether correct, but the result is a new era in the history of the Unionist movement.

Those who sign the petition will not be asked to do so at all hazards.

**"Ulster Not Bluffing."**

"Prominent Assent and John Redmond (loud shouting) will learn from the fact that the Unionist movement is not bluffing. The covenant will be something they cannot ignore."

Many letters from prominent Unionist leaders were read expressing sympathy with the Unionist movement.

The Lord mayor of Belfast moved a resolution denouncing the Unionist movement.

As a dramatic scene when Sir Edward Carson arose to speak.

The entire audience listened to him for several seconds and then burst into the refrain.

Good fellow, the public served thereby the Orange men, addressed the audience.

Col. Wallace, representing the Orange men, addressed the audience.

Col. Wallace said: "This flag will be borne before Carson at the signing of the covenant."

The audience broke into a storm of cheering.

Sir Edward replied to Col. Wallace: "I accept this flag as a symbol of victory and religious liberty."

I hand it back to you and ask you to do so in making the presentation.

bringing back to the people the government which even then was slowly but surely slipping out of their hands and into that of special interests and big bosses.

In the past, the people have been misled by the false promises of the politicians, who have been able to keep the people in the wilderness on top of Mount Sinai.

That political and social system which has been the result of the selfishness of the few, the courts, unequal division of the resources of the state, the result of the selfishness of the few.

## SENSATION AT CEDAR FALLS

Well Known Citizen Charged With Robbing Implement Dealer's Safe.

Cedar Falls, Iowa, Sept. 28.—Reputed to be worth \$50,000 and one of the best known citizens of Cedar Falls, C. J. H. Murphy was arrested yesterday after a spectacular pursuit and is being held pending an investigation of his actions when he was found in the of-

fices of an implement dealer who asserts that the safe was robbed. Employees, returning unexpectedly to the office, found the door barred, but through the windows saw Murphy run toward the store leading to the second story. He reached the roof and jumped to an adjoining building and descended to the ground, where he was caught.

Murphy's integrity has heretofore never been questioned.  
**Three People Killed.**  
Norway, Mo., Sept. 28.—Three members of an automobile party were killed and two seriously injured yesterday when their car was hit by a passenger train on the Norway branch of the Grand Trunk railroad.  
**W. C. T. U. Convention.**  
Portland, Me., Sept. 28.—The world's convention of the Women's Christian Temperance union in 1913 will be held in Brooklyn, N. Y. This announcement was made by Mrs. Lillian M. Stevens, national president.

## ROYAL BAKING POWDER

Adds Healthful Qualities to the Food

Prof. Prescott, of the University of Michigan, explains why Royal Baking Powder adds healthful qualities to the food.

Testifying before the Pure Food Committee of Congress, the Professor stated that fruit acids were excellent articles of food and that of these cream of tartar, the acid of grapes, held rank with the highest both in itself and its effect in the process of leavening and baking. He regarded the results from cream of tartar baking powder as favorable to health. Scientists and hygienists are in accord with this opinion.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar.

## PRINCIPAL OF ADAMS SCHOOL RESIGNS AFTER LONG SERVICE

Miss Anna M. Hicken, for the past twenty years principal of the Adams school, Seventeenth avenue west and Superior street, has resigned, her resignation going into effect yesterday afternoon. Miss Hicken will leave shortly for Central Point, Or.

Miss Hicken took charge of the Adams school when the institution was one of the smallest in the city. During her incumbency the institution became one of the largest in Duluth and today has the strongest alumni organization in the city. The Adams Athletic association membership is taken from the alumni of that school, as are the members of the Adams Club.

MISS ANNA HICKEN.

## COLD WATER MAN TALKS

Prohibition Candidate Gives Address at West End Meeting.

Owing to the lengthy address made last evening by E. E. Lobeck, prohibition candidate for governor, at the general mass meeting of West end temperance societies and church congregations held at the Bethany Swedish Lutheran church, Twenty-third

avenue west and Third street, the proposed county organization was postponed until next week. A similar meeting will probably be held next Friday evening when the address will again address local prohibitionists and preside at the organization of the county candidates and committees.

Mr. Lobeck spoke on the saloon evils now existing in the large cities and that are in control of state officials and departments.  
Bert N. Wheeler, candidate for county commissioner in the Third district, who was present for a short talk, was unable to be present on account of an illness in his family. W. C. Dean, state organizer, presided at the meeting and gave a short talk on the evils of the saloon.  
Mr. Lobeck and Mr. Dean both left at 10 o'clock and will continue their speaking tour. They expect to be here again the latter part of next week.

## ALDERMAN IN RUNAWAY

J. B. Gibson's Buggy Demolished But He Escapes Uninjured.

Frightened by a westbound Aerial Bridge and West Duluth car, the horses belonging to the Elliott Packing company made a dash down Superior street shortly after 7 o'clock last evening and stopped only after smashing the rig belonging to J. B. Gibson, alderman of the seventh ward. The horses struck the rig in the rear and tore off both hind wheels, throwing Mr. Gibson and a companion to the ground, although neither was hurt. Mr. Gibson had just stopped at the corner of Twentieth avenue to make a delivery and was about to get out of the buggy when the accident occurred.

The driver of the Elliott wagon was able to get his horses under control following the accident and succeeded in driving them down town.

The members of the club appointed the following committee to take charge of the affair and complete the arrangements for the evening: Fred G. Hanson, N. E. Nelson and J. Zuger. President Hanson reported that photographs of the various industries and features of the West end are now being taken and are to be prepared for the stereopticon exhibit next week.

The committee was instructed to arrange a program of addresses and musical numbers for the evening. The meeting is to be open to the public and an effort is to be made to have in representative gathering of West end residents present. The prizes for the recent garden contest will be awarded during the evening. Dr. O. A. Oredson, chairman of the garden committee of the club.

**MUCH INTEREST IN LODGE DEBATE.**  
So many requests have been received by Vasa Order, No. 176, United Sons of Sweden, to allow outsiders in their meeting next Thursday evening, that a debate is to be held on the question of dropping the lodge membership in this country, that the officials may allow a certain number to attend. The matter is now being decided on by the committee in charge of the arrangements and the officers of the lodge. The interest in the debate to be held by two teams selected by the order, has manifested itself among all the Swedish residents of the city, who are waiting for the outcome. They believe the discussion will be interesting. The subject to be debated is "Resolved: That We Swedish-Americans Should Not Keep Our Nationality in This Country."

## MAYOR WILL OPEN CHURCH FAIR

Mayor J. A. McCuen will open the annual fair of St. Jean Baptiste Catholic church, Twenty-fifth avenue west and Third street, next Wednesday evening. The fair will be held in the church hall and will last eight days ending the following Wednesday evening, Oct. 2.

## MANY PRESENTS GIVEN PRESIDENT

Guest of Malden to Help Celebrate Home-Coming Week.

Beverly, Mass., Sept. 28.—President Taft motored to Malden yesterday to become the guest of the city and to help celebrate home-coming week. He returned to Beverly a richer and happier man. He brought back with him one sweater, one pair of rubber boots, one pair of golf shoes, one pair of suspenders, one silver loving cup, several jars of honey, many bunches of roses, and a big box of candy for Mrs. Taft.

He brought back, also, a conviction that not in many months has he appeared so happy and so contented. He made three short speeches. A band on an automobile truck led the parade that escorted the presidential party through the streets of Malden.

It was at the Malden industrial exposition that the city played Santa Claus to the president. Mr. Taft, Senator C. W. Townsend and other guests spent more than a half hour examining the exhibits and watching the demonstrations at work.

## BOYS' INDOOR CIRCUS DELIGHTS BIG AUDIENCE

No professionals could have given a more enjoyable entertainment than was rendered by the Boys' department of the Young Men's Christian association at the Boys' department building last evening. The assembly hall was packed and the laughter and applause were almost continuous.

Perhaps the greatest hit of all consisted in the menagerie and the performing animals. The beasts were made up so well that even the verbal farmer who exclaimed "There ain't no such durned animal" when he first beheld a giraffe in a circus tent, would probably refrain from such remarks, if he saw the elephants, ostriches, alligators and other representatives of darkest Africa that were on display last evening. The most striking feature of these animals was their intelligence. Although they were an abundance of that.

Another remarkable part of the program was the presentation of the Little Star Spangled Banner by the Junior Zouaves.

The acrobatic and tumbling feats and the high dive artists were vigorously applauded. The human pyramid and the flying leaps were thoroughly enjoyed. Specimens of a new race of human beings from the islands of the South sea were on display.

Between the acts the audience was kept thoroughly amused by the clever antics of the clown. The performance will be repeated this evening. The funds raised by the circus are to go towards the purchase of a piano for the gymnasium. The success of the entertainment is largely due to John R. Batchelor, physical director of the department, under whose management the preparations were made and the performances are being rendered.

## FARM IS THE SOLUTION

Rabbi Lefkowitz Urges Jewish People to Return to the Land.

Fund Being Collected to Assist Poorer Families to Migrate.

Jewish residents of Duluth have started a fund to help worthy families, who are anxious to leave the city for the farm. The fund started last evening following the sermon on "Back to the Farm," by Rabbi Lefkowitz of the Temple Emanuel.

Picturing the life of the ghetto and the Jew in large cities throughout the country, and then painting in glowing terms the life of the man and his family on the farm, Rabbi Lefkowitz gave a most eloquent talk on "Back to the Farm," in which he advocated the movement from the cities. He described the poverty-stricken families of the congested districts of the East and urged the people who are unable to make a living in the city, to move to the farm.

To keep a home intact and to hold the children from evil is for a poor man possible only on the farm, he said. At the city the parents are never able to watch their children, while in the country they are constantly under the eye of the mother. The healthy conditions of the farm life, the pure air and water, and the proper living surroundings, concluded Dr. Lefkowitz, will all aid in making a better and cleaner Jewish race.

Interesting statistics of the agricultural societies throughout the country were cited by Dr. Lefkowitz as examples of the proper move to the farm. He pointed out that the Jew is not new to the farm, as is shown by the rabbi, who quoted many statistics to prove his claim. He urged the rabbi to start a fund to encourage movement to the farm, which was begun immediately after the services.

Success will be celebrated by the children of Temple Emanuel tomorrow afternoon. Rabbi Lefkowitz will have charge of the service. In the evening tomorrow a reunion of the congregation will be held and a program of addresses and musical numbers rendered. Louis Loeb, president of Temple Emanuel, will speak on "The Co-operation Between the Jew and the Farmer." Others who will speak are: Louis Zalk, on "The Co-operation Between the Jew and the Farmer," Dr. Samuel Gross, "The Menorah Societies in the Colleges," and R. Gelel, "The Jew as a Farmer."

## HUGO NAMED FOR STATE SECRETARY

Brother of Duluth Men Honored By New York Republicans.

Saratoga, N. Y., Sept. 28.—With the selection of Job E. Hedges, a New York attorney to head the ticket, and James W. Wadsworth, Jr., former speaker of the assembly, Hedges leading opponent for the gubernatorial nomination, as the candidate for lieutenant governor as well as a full state ticket, the Republican state convention wound up yesterday afternoon. Both the chief nominees, who are noted as public speakers, pledged

themselves to make a stirring campaign—as Mr. Hedges expressed it, "without money." Other candidates selected were: Secretary of state, Francis M. Hugo, Watertown.

Comptroller, William D. Cunningham, Mount Vernon.

State treasurer, William Archer, Brooklyn.

Attorney general, Meier Steinbrun, Brooklyn.

State engineer, Frank H. Williams, Orange.

## MODERN WOODMEN CASE IN IOWA CONCLUDED.

Des Moines, Iowa, Sept. 28.—The Modern woodmen hearing, which has been in progress in the Iowa county district court for three weeks, was concluded and the jury returned a verdict in favor of the Modern woodmen. The case under advisement to determine whether an injunction should be issued restraining the head camp from effecting the increased rates. His decision probably will not be announced for several days.

**Artist Rescued By Police.**  
Chicago, Sept. 28.—Lying unconscious in the bottom of a waterlogged rowboat fifteen miles from shore on Lake Michigan, Edward Wendel, Jr., an artist, 23 years old, was rescued from death yesterday by Patrolmen James Dempsey and Charles McCurdy. He said he had gone out on the lake to fish early in the morning and when several miles from shore one of his oarlocks broke and left him at the mercy of the wind and waves.

## BABY IN GREAT MISERY WITH RASH

On Face, Spread Until Nearly All Over Body, Crust on Head. Hair Fell Out, Itch Terrible. Cuticura Soap and Ointment Cured.

Monroe, Wis.—"When my baby was six weeks old there came a rash on his face which finally spread until it got nearly all over his body. It formed a crust on his head, hair fell out and the itch was terrible. When he would scratch the crust the water would come out big drops. On face and body it was in a dry form and would scale off. He was in great misery and at nights I would lay awake holding his hands so that he could not scratch and disfigure himself. I tried simple remedies at first, then got medicine, but it did no good. Finally a friend suggested Cuticura Remedies, so I sent for a sample to see what they would do, when to my surprise after a few applications I could see an improvement, and he would rest better. I bought a box of Cuticura Ointment and a cake of Cuticura Soap and before I had them half used my baby was cured. His head is now covered with a luxuriant growth of hair and his complexion is admired by everybody and has no disfigurements. I hope other mothers will profit by my experience and not be worn out with poor babies who are tortured with skin and scalp affections." (Signed) Mrs. Anna Saunders, Sept. 29, 1911.

Cuticura Soap and Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little that it is almost sure to get used to use soon. Sold by dealers throughout the world. Liberal sample of each mailed free, with 32-p. book on the skin and scalp. Address Postcard "Cuticura," Dept. T, Boston.

## THIRTY FARMERS BRING FAMILIES TO WEST DULUTH FOR FIRST ANNUAL FARMERS' DAY

SOME OF THE FAIR SALESWOMEN AND THE PRIZE EXHIBITS.

With the weather favorable and everything in smooth running order, the first annual farmers' day celebration at the West Duluth public market today was a great success.

More than 2,000 people visited the stands during the morning alone, the thirty farmers who took part in the festivities being compelled to erect temporary stands and stalls about the main market place. The farmers came with their families and they enjoyed the day. While the fathers and sons were selling their produce, the mothers and the girls were being entertained by the members of the West Duluth Commercial Club. Luncheon was served during the morning by Charles Peterson.

The festivities for the day started at 9 o'clock with an address of welcome by C. E. Roe, secretary of the Duluth Homecroft society. Following this, the judges, J. B. Martin, J. P. Pond and Charles Peterson, assisted by Mr. Roe, inspected all the exhibits and awarded the prizes for the best produce on display. After the prizes were awarded the sale started and kept up until shortly after noon, when nearly every farmer had disposed of his stock.

**Prize Winners.**—The sweetstake prize was won by Oliver Hicks, who having received five firsts and one second, was awarded a pair of patent leather shoes donated by the Boston Dry Goods company, 320 Central avenue. He was also given a half cut and shave free of charge by J. E. Brown, barber, 212 Central avenue. Mr. Hicks received the first prize for best corn, second prize for potatoes, tomato, butter, cabbage and second prize for the best rutabagas.

Mr. Hendrickson stated that the judges, who did not expect to have more apples could be raised in this vicinity if the farmers would only take the trouble. He has twelve trees about ten years old. His family has just made 200 quarts of apple butter from both the crab apple and larger apples raised on his farm.

Oscar Erickson was awarded a prize for having the largest family on the grounds. He has seven children, and his wife has just had a baby. The flowers were later sold to anxious buyers.

Other prize winners were: Ole Anderson, first onions and second, first parsnips, second cauliflower, and first carrots; David Johnson, first pumpkins and second endives; Frances Anderson, first early Ohio potatoes, first squash, and second rutabagas; Mrs. J. E. Peterson, first prize for corn, second prize for potatoes, and first prize for butter; Oscar M. Lackie, first rice, second butter, and first oats; Clarence Siddell, second squash; Henry Nelson, first prize for potatoes; J. E. Pelletier, first prize for potatoes; Alfred Johnson, first celery, first cauliflower, and first beets.

The following prizes, which are worth about \$100, were donated to the West Duluth market and were awarded the above prize winners by the West Duluth Commercial Club committee.

Boston Dry Goods company, 320 Central avenue, pair of patent leather shoes; Dell Clothing company, 308 Central avenue, pair of patent leather shoes; 302 Central avenue, blanket; James Foulister, 3419 Raleigh street, case of canned corn; Thomas Foulister, 527 Grand avenue, five pounds of coffee; B. J. Peterson, 212 Central avenue, five pounds of coffee; Krause & Gettner, 408 Central avenue, case of canned corn; Johnson & Jernstad, 501 North Fifty-eighth avenue west, sack of sugar; Olson & Kauppi, 15 South Sixty-third avenue west, sack of flour; Northern Hardware company, 408 Central avenue, Duluth Mercantile company, 520 Ramsey street, four pounds of coffee; S. J. Nygren drug store, 232 Central avenue, watch; O. T. Strand, 228 Central avenue, shawl; Goldberg Furnishing store, 318 Central avenue, hat; A. Fredmuth department store, brush and comb; Erickson drug store, 401 Central avenue, bottle of perfume; Spencer pharmacy, 102 Central avenue, bottle of medicine; Zenith City grocery store, 551 Grand avenue, sack of flour; Nelson hardware store, 552 Grand avenue, pocketknife; Lindor grocery, 5106 Ramsey street, sack of flour; Wieland & Wade, 321 Central avenue, potato blander; Solberg & Berglund, 1141 Grand avenue, 3701 Grand avenue, cap; J. M. Bialke, 3711 Grand avenue, umbrella; and Jaquette & White grocery store, 410 Central avenue, box of starch.

The members of the committee in charge of the entire day were: A. Pond, chairman; J. E. Brown, J. B. Martin, and W. A. Peterson. The orders for the prizes were given out by Mr. Zauft and Mr. Eroy and the farmers were able to take their home with them. Blue ribbons were awarded by the judges following the inspection of the produce. According to the members of the committee the affair will be repeated again next year.

### MILLS WILL CLOSE DURING WINTER MONTHS.

Although the planing mills in this end of the city will work through the winter, the sawing, planing and shingle mills will close down possible exceptions, will close down

within the next month until spring. The Scott-Graff sawmill closed down this week and will reopen early in January. The cause for the early close is given as a shortage in logs and the inability to secure enough logs to run the shop for the remainder of the year. The officials of the company expect to have enough logs on hand by January to reopen for the remainder of the season. The other sawmills of the city are expected to close down in January to reopen for the remainder of the season. The planing mills of the city are expected to close down in January to reopen for the remainder of the season. The sawmills of the city are expected to close down in January to reopen for the remainder of the season.

The Virginia & Rainy Lake mill and the Alger-Smith sawmill at West Duluth both closed down last winter and will not be expected to keep open during the winter months this year. The scarcity in logs saw several of the local officials in doubt as to whether they will open in January. The Alger-Smith mill at Grandview avenue ran all of last winter and is expected to keep open again this year, if enough logs are on hand.

### LAST RACES OF THE SEASON

Three motor boat races tomorrow will close the season for the Western Boat club.

The first race will begin at 2:30 o'clock and the start will be made at the foot of the main street. The race will be for 100 yards. The second race will be for 200 yards. The third race will be for 400 yards. The races will be held at the foot of the main street. The races will be held at the foot of the main street.

Frank H. Wade, commodore of the club, stated this morning that eighteen boats have so far entered the race. The club is expecting to have a large attendance at the races. The races will be held at the foot of the main street.

A meeting of the boat club will be held next week, when the season's work will be finished up. A campaign for members will be planned and the various committees instructed to work on a site for a club building to be erected next spring.

### SATISFIED WITH LIBRARY BOARD'S EXPLANATION.

The recent trouble that arose over the removal of Miss Lydia J. Marble as librarian of the new West Duluth library was settled last evening, when a communication from the library board was read to the members of the West Duluth Commercial club at their regular weekly meeting.

The reason for appointing Miss Margaret Ryan as librarian in place of Miss Marble is that the board is looking forward to the future enlargement of the institution and the opening of a reference department. In making the appointment, Miss Ryan's training as an expert librarian was fully explained in the communication. The members of the club decided to drop the agitation following the reading of the letter.

### GEARWHEELS ALONG THE POLICE CURT

of the local police court to deal leniently with the offenders.

Oscar Swanson, a bartender, was arrested in a West end saloon yesterday afternoon on charges of grand larceny. He is accused of stealing \$65.50 from E. J. Johnson, his employer, at which it appears that Johnson left Swanson in charge of the saloon a couple of days ago and when he returned yesterday he found that Swanson had flown, taking the receipts with him. When he was picked up he was making a good fellow of himself "settling up" for the house in rapid succession. He still had over \$100 when brought to headquarters. He waived examination when arraigned in police court and was bound over to the grand jury. His bail was fixed at \$500.

John McDonald was a mute but living forceful temperance lecturer when he was brought into the police court this morning.

"Isn't that man in awful shape?" shuddered a spectator who was present when the grist filed into the room. McDonald is a hopeless wreck. So weak and shattered was his constitution that he couldn't make his way unaided. A prisoner was on either side of him, holding him so that he would not fall to the floor. He shuddered like one afflicted with the ague. Incessant drinking has sapped almost the last spark of his vitality and intelligence. He was so far gone that his voice was scarcely audible when he pleaded guilty to drunkenness.

The court could not turn him loose on the street in his condition and gave him a sentence of thirty days in the county jail. He will get out at the end of the month, but at best it was apparent that his stay on earth is of limited duration. He is 52 years old.

Stones haven't flown in such flocks since the first days of the street circuit as they did near Eighth avenue west and Second street yesterday afternoon. Two gangs of boys, one of whom were the chief weapons of offense. A resident sent a riotous crowd to headquarters and a squad of police hurried to the scene of the commotion in the morning. The boys were not afraid of each other, but they weren't afraid of the police either. They were guarded by the guardians of the peace. Somebody caught sight of a boy who was running away from them and called out to him and he came back. He was a common cause for the purpose of escape. The boys were not afraid of the police either. They were guarded by the guardians of the peace.

City Erects a Day Nursery on School Grounds—Domestic Science Taught in a Model Cottage—Some Humanitarian Experiments.

The Utah street public school of Los Angeles, Cal., is the center of one of the largest and most needy sections of the city inhabited by the poor. It is a block of ten small buildings, each with a small area, as well as a playground, a kitchen, a dining room, a bedroom and a bathroom. The school is a model of domestic science, and the children are taught to cook, sew, and do other household work. ## NEXT LORD MAYOR OF LONDON

Sir David Burnett Has Expressed Willingness to Accept the Office and Will Probably Be Chosen—Growing of Medicinal Plants Hard Hit By Recent Storms.

London, Sept. 28.—Alderman Sir David Burnett will probably be the next lord mayor of London, in succession to Sir Thomas B. Crosby, who retires in November. He has expressed a willingness to assume the office, and as he is in line for the honor, he will probably be chosen. Sir David was sheriff in 1907-1908, and in the latter year he was knighted. At present he is one of the king's lieutenants for the city.

The growing of peppermint, lavender, camomile and other medicinal plants, a little known but valuable industry in England, has been hard hit by the recent storms and floods which have devastated the low-lying counties of the south.

The dry weather in the late spring was unfavorable for the plants, and the cold summer with its heavy rainfall ruined the harvest. The plants are now being replanted, but the loss is considerable.

The resolution adopted at the trades union congress calling upon parliament to reform the jury system has again revived a complaint that is shared equally by the Labor and Liberal parties. Recently Liberal newspaper compared the libel damages assessed during the past year against various publications, and the comparisons showed that almost invariably the Liberator and Liberal were mulcted for heavy damages while Conservatives were either released from damages or compelled to pay small penalties.

It is claimed that this inequality is due to the fact that judges and court officials are members of the Conservative party, and that they are bitter enemies of the Liberal party.

The Liberator, a weekly paper, has been the target of many attacks. At any rate there will be a determined fight made during the coming session of parliament for the reform of the present system of choosing juries.

The resolution adopted by the labor congress not only asks for the abolition of the distinction between common and special juries, but demands adequate payment for all jury service.

The innumerable pro and anti organizations which have their headquarters in London are looking forward with considerable apprehension to the coming winter, for the annual subscription to their coffers has fallen off alarmingly.

Just at present there is a distinct tendency on the part of the general public to reduce its outlay for the winter. The public is not so generous as it was in the habit of making annual subscriptions to the various charities and societies are contenting themselves with an occasional small gift.

It is, however, not the hospitals and actively benevolent institutions that are at present feeling the pinch so severely as those propagandist societies devoted to the furtherance of various "isms." These in particular are suffering from steadily diminishing incomes. Practically all of these depend wholly for support upon the generosity of the public, and it is becoming increasingly difficult to coax money from their supporters.

Yet, some of them maintain elaborately furnished offices and well paid

## WHISKERS ARE COMING BACK INTO STYLE! SOME HORRIBLE EXAMPLES OF WHAT TO EXPECT.

A. E. McMANUS, As He Might Appear in Court Some Day.

Shades of the third dynasty! Whiskers, all lengths, all styles and all colors are back in style. At least, George A. McManus, the famous cartoonist, has announced that he is going to grow a full beard.

Here are a few Duluthians in whiskers—or would it be better to say with whiskers.

If A. E. McManus neglected to use his Gillette now and then, the above likeness gives an impartial idea as to how he might look to the public.

This style is considered very rare. The sprouts from the side date back to the time Anthony grew some for Fulvia and later duplied them off for Cleo. The latter never liked anything that Billy did.

Wouldn't Judge Dibel have a lot of fun with this? The sprouts from the side date back to the time Anthony grew some for Fulvia and later duplied them off for Cleo.

The long gone-to-seed variety noted on "Billy" McManus, is sometimes referred to by kidding persons as "alfalfa." It is necessary to wear a collar or tie with them. It saves a lot in laundry bills. The good old high cost of living would come down if they were common. Whiskers like these were common in the good old populist days but they went out with the trousers some years ago. Can you imagine a dory labor day speech being emitted from behind that abundant, but rather ill-trimmed, growth?

The artist, Walter Dacey, chairman of the Dem-

ocratic county committee, would be a first-class imitation of Max Rogers if he allowed his chin to become enveloped behind the creepy looking growth. What do you suppose the folks would say if he ever took them on a trip to Boston? It was rather hard to determine what "Walt" would look best in. It called forth a long-winded dispute between a reporter and the artist before the Dutchland idea was compromised upon.

Walter Dacey would never be allowed near a meeting of the Clan Stewart if he tried to make a controversial effect out of his upper lip growth. We were kind as possible to Mr. McKnight. The artist wanted to put a long weeping beard on in addition but he was stopped.

The variety worn by "Billy" North, prominent debater or because of his he has all other nationalities and religions lined up for election day, and is learning to talk French. He might get a leading part in "Faust" if he disguised himself in this way and made proper application.

Can you imagine a handsome man named "Billy" McCormick with the bushy beard and mustache appearing in a public place?

He'd make a striking appearance when called out or town inspire audiences with the gems of oratory which have a habit of oozing from his lips.

McDonnell looks as though he had just landed from Cork. Pretty good job on P. M. C. A. what? The sprouts affect around the cheeks was original with the artist, but he became so excited that he dropped a blot of ink on Walter Dacey's chin. That accounts for the fifth in-lane appearance.

If whiskers "come back" and it's possible they will, even though others

W. J. NORTH Might Go After the French Vote.

Up, Superior street will look like a homecoming's backyard. The above is an advance notice on what the men will look like should the present vogue be adopted.

It is time to sound the note of alarm; the clarion call to rise behind the barbers' banner. Let the coat of arms be a razor rampant on a field of lather. Avant the brush! Down with the alfa! A has the lace curtains! Clean chins or bust!

Membership Committee. The membership committee is one of the most important committees of the club. They will secure lists of every boy in the city 12 years of age and over and give them a card of membership.

The club will have a large number of boys who will register and they have arranged to give every new member on that night a beautiful Y. M. C. A. scarf pin. Six hundred members by October 1st.

Good musical programs are also provided. Richard Cullum is the president of the club. Irving Moore is secretary. The other members are Edwin Hornegrim, Charles Hedges, George Hedges, Harold Cook, George Jensen, Edward Cameron, Clyde Bell, Carl Olson, Fred Johnson, Louis Wade, Henry Haller, Beck, Jerome Norrell, Helmer Wahlgren and Ray Bergstrom.

The Bible study clubs provide social groups, and interesting courses that appeal to all. The high school clubs will meet for dinner every Tuesday at 6:15, and close at 7:20 promptly. Once a month the club will have a social gathering. The club will be a place where boys can get together and talk over their problems and different lines of business will be presented during the social.

High school students are eligible to these clubs which will open about the middle of October. The committee in charge is George Martin, chairman; Douglas Walker, William Nesbitt, Deane Davis, Harold Cook, Reginald Reed, Conrad Johnson, Seymour Sherwood, Jack Shields, Edward Taylor, John Weiss, Dwight McCabe, Ben McCabe, John Guthrie, Robert Kerr.

The outing committee will arrange for some kind of an outdoor trip Saturday afternoon. The committee in charge is George Martin, chairman; Douglas Walker, William Nesbitt, Deane Davis, Harold Cook, Reginald Reed, Conrad Johnson, Seymour Sherwood, Jack Shields, Edward Taylor, John Weiss, Dwight McCabe, Ben McCabe, John Guthrie, Robert Kerr.

The committee will be in charge of Warren Draper, Stephen McGuffey, Harry Haines, Harold Taylor, John Weiss, Charles Fraker, William McIntyre, Robert Paine, Alfred Melrose, Mack

and Elmer Nixon.

A Social Center. The boys' department is a social center and a good live committee keeps things going there. ## BIGGEST BOY'S CLUB IN MINNESOTA OPENS ITS TENTH YEAR OF WORK

The biggest boy's club in Minnesota, the Y. M. C. A. Boys' Club, opened its tenth year of work today. The club has a membership of over 1,000 boys and is the largest of its kind in the state.

The club has a large number of boys who will register and they have arranged to give every new member on that night a beautiful Y. M. C. A. scarf pin. Six hundred members by October 1st.

Good musical programs are also provided. Richard Cullum is the president of the club. Irving Moore is secretary. The other members are Edwin Hornegrim, Charles Hedges, George Hedges, Harold Cook, George Jensen, Edward Cameron, Clyde Bell, Carl Olson, Fred Johnson, Louis Wade, Henry Haller, Beck, Jerome Norrell, Helmer Wahlgren and Ray Bergstrom.

The Bible study clubs provide social groups, and interesting courses that appeal to all. The high school clubs will meet for dinner every Tuesday at 6:15, and close at 7:20 promptly. Once a month the club will have a social gathering. The club will be a place where boys can get together and talk over their problems and different lines of business will be presented during the social.

High school students are eligible to these clubs which will open about the middle of October. The committee in charge is George Martin, chairman; Douglas Walker, William Nesbitt, Deane Davis, Harold Cook, Reginald Reed, Conrad Johnson, Seymour Sherwood, Jack Shields, Edward Taylor, John Weiss, Dwight McCabe, Ben McCabe, John Guthrie, Robert Kerr.

The outing committee will arrange for some kind of an outdoor trip Saturday afternoon. The committee in charge is George Martin, chairman; Douglas Walker, William Nesbitt, Deane Davis, Harold Cook, Reginald Reed, Conrad Johnson, Seymour Sherwood, Jack Shields, Edward Taylor, John Weiss, Dwight McCabe, Ben McCabe, John Guthrie, Robert Kerr.

The committee will be in charge of Warren Draper, Stephen McGuffey, Harry Haines, Harold Taylor, John Weiss, Charles Fraker, William McIntyre, Robert Paine, Alfred Melrose, Mack and Elmer Nixon.

## CONSTIPATED, HEADACHY, BILIOUS, TONGUE COATED?—CASCARETS SURE

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from torpid liver and clogged, constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—foul gases, bad breath, yellow sallow skin, mental depression, and a host of other ailments. A Cascaret tonight will straighten you out by morning—a 10-cent box from your druggist will keep your liver active, bowels clean and regular. Stomach sweet, head clear, and make you feel bully for months. Don't forget the children.

The resolution adopted at the trades union congress calling upon parliament to reform the jury system has again revived a complaint that is shared equally by the Labor and Liberal parties. Recently Liberal newspaper compared the libel damages assessed during the past year against various publications, and the comparisons showed that almost invariably the Liberator and Liberal were mulcted for heavy damages while Conservatives were either released from damages or compelled to pay small penalties.

It is claimed that this inequality is due to the fact that judges and court officials are members of the Conservative party, and that they are bitter enemies of the Liberal party.

The Liberator, a weekly paper, has been the target of many attacks. At any rate there will be a determined fight made during the coming session of parliament for the reform of the present system of choosing juries.

The resolution adopted by the labor congress not only asks for the abolition of the distinction between common and special juries, but demands adequate payment for all jury service.

The innumerable pro and anti organizations which have their headquarters in London are looking forward with considerable apprehension to the coming winter, for the annual subscription to their coffers has fallen off alarmingly.

Just at present there is a distinct tendency on the part of the general public to reduce its outlay for the winter. The public is not so generous as it was in the habit of making annual subscriptions to the various charities and societies are contenting themselves with an occasional small gift.

It is, however, not the hospitals and actively benevolent institutions that are at present feeling the pinch so severely as those propagandist societies devoted to the furtherance of various "isms." These in particular are suffering from steadily diminishing incomes. Practically all of these depend wholly for support upon the generosity of the public, and it is becoming increasingly difficult to coax money from their supporters.

Yet, some of them maintain elaborately furnished offices and well paid

## SOCIALIZING THE PUBLIC SCHOOL IN LOS ANGELES

City Erects a Day Nursery on School Grounds—Domestic Science Taught in a Model Cottage—Some Humanitarian Experiments.

By W. H. SLINGERLAND,  
Department of Child Helping, Russell Sage Foundation.

(Exclusive Service the Survey Press Bureau)

The Utah street public school of Los Angeles, Cal., is the center of one of the largest and most modern sections of the city inhabited by the poor. It is a large one, on which much work is done. The school is a model of a day nursery, and the average family might have a better idea of the value of a day nursery than it has at present.

The board of education, recognizing this, has provided not only a good school building on ample grounds, but has erected auxiliary buildings for a kindergarten, a day nursery, and a model cottage. The kindergarten is a regular cottage so as to imitate ordinary family conditions. These three are on the school grounds. There is also one block away a maternity cottage, serving the same purpose, but not directly connected with the school.

The Utah school is in the fifth grade from the kindergarten to the fifth. It is a big bungalow, 24 by 36 feet, is a model of a day nursery. It is all in one room, save a small hall in one corner, and a toilet room at the end of the house. In front is a porch, and behind is an inclosed yard equipped with sand-box, swings, etc., for a playground. In the back hall are facilities for heating, milk, sterilizing bottles, nappies and other like necessities. The Fellowship society and other interested philanthropists furnish the equipment of this plant and provide a trained worker.

Many of the women in this part of the city must go out to work for their family's support. There were several children the older ones stayed at home to care for the little ones. Primarily, this day nursery is to aid these older children to attend school by caring for the younger ones. Every morning before 9 o'clock, these children bring their mothers and sisters, ranging from babies to 4-year-olds, to the day nursery; at noon they take charge of them again for an hour, after which they put them in the nursery for the afternoon. This is not an institution for profit. Nearly everything is done by volunteer labor and at least a part of the cost is borne by the parents.

It was then found possible to do a little more general day nursery work, and so almost any mother in that section was helped in the care of her children during the day. If needed it. Thus the building is now used to its full capacity nearly all the time. The average number cared for daily is thirty, including from three to six babies from babies to 1 year old, the others are between 1 and 4 years, at which age they are eligible for the kindergarten.

In the day nursery, as in all this work, the thing actually done for the children are, while good in themselves, only a means to bring the mother in touch with the people and the homes, and to bring to bear the uplifting influence of Christian personality. This day nursery seems unique. The claim is made by the board of education that it is the only one in the country so ordered and maintained.

Directed by the board of education, the school grounds, is also the modern cottage, or home. It is a small, comfortable home, and is furnished with comfortable homes are furnished and

kept. The bungalow is purposely small. It has three rooms and a pantry for the storage of dishes, food and appliances. In front is a living room, which serves also for a dining room, a bedroom and a well-equipped kitchen. In front of the house is a small porch; behind a large one, on which much work is done. The furnishings are plain but good, such as the average family might have, and show no touches of taste and culture give to even the plainest home. Here, to make the experiment real, two of the teachers live.

Three groups of ten girls each are assigned to the cottage each day. The first begins at 9 o'clock, and does the morning's work. Five sweep, dust, make the bed, place the furniture, etc., and the other five wash the breakfast dishes, and arrange the room. The second group of ten comes on duty, and while five prepare lunch, the others are taking a sewing lesson, hemming napkins, or mending. The third group of ten comes on duty, and while five serve lunch, the others are taking a lesson in the French language. The teachers pay for their lunches and aid in the special instruction. It has not been difficult so far to find those who come with the proper spirit. So there is a mingling of ordinary school duties and of the new effort to reach the homes of the poor by training the children in better ways. The furnishings of the model bungalow are the same as those of the ordinary school. The work is new. Yet it has already produced favorable results.

The model cottage plan of teaching domestic science is regarded also as something unique. It seems to be a success, and the parents and teachers are enthusiastic about it. I believe the Utah street day nursery and the model cottage are well worthy of trial as essential parts of public school work in the slum districts of every city.

One of the best and most useful branches of the Utah street day nursery is the Women's Alliance Maternity cottage. This is a two-story cottage of very large size, with a small bungalow in the rear as a sleeping place for the mother. This is not an institution for profit. Nearly everything is done by volunteer labor and at least a part of the cost is borne by the parents.

It was then found possible to do a little more general day nursery work, and so almost any mother in that section was helped in the care of her children during the day. If needed it. ## WHISKERS ARE COMING BACK INTO STYLE! SOME HORRIBLE EXAMPLES OF WHAT TO EXPECT.

A. E. McMANUS,  
As He Might Appear in Court Some Would Have to Adopt the Populist Style.

W. E. McEWEN  
Style.

Shades of the third dynasty! Whiskers, all lengths, all styles and all colors are back in style.

At least, George Ade or Chauncey Depew or some one else—it doesn't matter much—who so announced after a trip abroad.

Here are a few Duluthians in whiskers—or would it be better to say with whiskers.

If A. E. McManus neglected to use his Gillette now and then, the above likeness gives an impartial idea as to how he might look to the public.

The sprouts from the side date back to the time Anthony grew some for Paul and later duplicated them off for Cleo. The latter never liked anything that did.

Wouldn't Judge Dibel have a lot of fun with "A. E." if he should appear referred to by kidding persons as "alfalfa." It isn't necessary to wear a beard or the like when it saves a lot in laundry bills. The good old high cost of living would come down if they were common.

Whiskers like these were common in the good old Populist days but they were not so common as they are now. Can you imagine a very labor day speech being delivered behind that abundant, but rather drizzling crop? The answer is, "No, it couldn't be done."

Walter Dacey, chairman of the Dem-

ocratic county committee, would be a first-class imitation of Max Rogers if he allowed his chin to become enveloped behind the crepe looking growth. What do you suppose the folks would say if he ever took them on a trip to Boston? It was rather hard to determine what "Walt" would look best in. It called forth a long-winded dispute between a reporter and the artist before the Dutchland idea was compromised upon. Walter wouldn't look badly at that.

Alex McKnight would never be allowed near a meeting of the Klan Stewart if he tried to make a censorious effect out of his upper lip growth. We are as kind as possible to Mr. McKnight. The artist wanted to put a long weeping beard on in addition but he was stopped.

The variety worn by "Billy" North would help line up the French vote in the Fifty-first district. "Billy" says he has all other nationalities and religions lined up for election day, and is learning to talk French. He might get a leading part in "Faust" if he disguised himself in this way and made proper application.

Can you imagine a handsome man than "Billy" McCormick with the bush effect. The artist is mighty proud of his effort. He'd make a striking appearance when called out to town to inspire audiences with the gems of oratory which have a habit of oozing from his lips.

P. McDonnell looks as though he had just landed from Cork. Pretty good job on P. McDonnell. The sprouts of the beard around the cheeks was original with the artist and he became excited that he dropped a bit of ink on Walter Dacey's chin. That accounts for the whiskers coming back and it's possible they will, even though others

fall. Superior street will look like a homecoming's backyard.

The above is an advance notice on the men will look like, should the present vogue be adopted.

It is time to take the note of the barbers' banner. Let the cost of a razor be a razor rampant on a field of art. Avant the brush down with the alfalfa! A ban the lace curtains! Clean chins or bust!

Membership Committee.

The membership committee is one of the most important committees of the club. They will secure lists of every boy in the city 2 years and over and see that he knows something about the club and is given an opportunity to identify himself with the biggest boys' organization in Minnesota.

At a meeting of the club held last night, a large number of boys will register as members. It is a beautiful Y. M. C. A. card pin. Six hundred members by Jan. 1 is the committee's slogan. Howard Suckewald, the chairman, Howard Lewis, John Miller, Leon Older, John Griffith, Howard Parsons, Harold Stevenson, Harry Stacey, John Simmonson, Stut Thompson, Skeptic Hulstford, Leslie McEwan and Norman Spearin are the other members.

All these committees will meet during the coming week of preparation for the coming year. On Friday, Oct. 11, all the committees will meet at the club. The membership committee will be formally appointed by the president. The Y. M. C. A. and the key of the building turned over to their care. At a meeting of the cabinet taking place at the club, the Y. M. C. A. will be elected president of the club. The boys' work at West Duluth will open next week. The cabinet will meet the early part of the week and select the committees for the work at West Duluth.

## NEXT LORD MAYOR OF LONDON

Sir David Burnett Has Expressed Willingness to Accept the Office and Will Probably Be Chosen—Growing of Medicinal Plants Hard Hit by Recent Storms.

London, Sept. 28.—Alderman Sir David Burnett will probably be the next lord mayor of London. In succession to Sir Thomas B. Crosby, who resigns in November. He is expressed a willingness to assume the office, and as he is in line for the honor, he will probably be chosen. Sir David was sheriff in 1907-1908, and in the latter year was knighted. He is one of the king's lieutenants for the city.

The growing of peppermint, lavender, camomile and other medicinal plants, a little known, but valuable English industry has been hard hit by the recent severe frost and floods which have devastated the low lying counties of England. The English oils of peppermint and lavender are exported to all parts of the world where they bring larger prices than other varieties because of the peculiar delicacy of their flavors and the quality of the oils.

The resolution adopted at the trades union congress calling upon parliament to reform the jury system has again revived a complaint that is shared equally by the Labor and Liberal parties. It is claimed that this inequality is due to the fact that judges and court officials are mainly members of the Conservative party and that they are inclined to favor the Conservatives in their verdicts. The Liberal party on the other hand is inclined to favor the Laborites and Socialists in their verdicts.

The resolution adopted by the labor congress not only asks for the abolition of the distinction between common and special juries, but demands adequate payment for all jury service.

## Don't Save Your Hair in a Casket

### KEEP IT WITH HERPICIDE

To be sure, you can have the combings converted into switches, puffs, etc., but why have any combings?

False hair never looks as good as one's own growing solidly on the head it adorns.

False hair, no matter how carefully arranged can never possess the life, luster and luxuriance of natural hair receiving proper, intelligent care.

Throw away your hair receiver and make up your mind to keep your hair on your head. Make it so beautiful by the use of Newbro's Herpicide that it will increase your personal charm and attractiveness and cease to be a source of anxiety and a very doubtful asset.

Herpicide kills the dandruff germ which is the cause of most hair troubles and prevents the hair from falling and coming out. It makes the hair soft and fluffy and gives it a sheen and shimmer indicative of a clean and healthy scalp.

The delightful and exquisite odor of Herpicide, the Original Dandruff Germ Destroyer, appeals to persons of refinement and discrimination. As a hair dressing, Herpicide has no equal. It stops itching almost instantly.

**TWO SIZES, FIFTY CENTS AND ONE DOLLAR.**
